PART 4 BC HYDRO-LED PUBLIC CONSULTATION ACTIVITIES AND MATERIALS

This part summarizes the Project's consultation activities between 2007 and 2012, including:

- Participation in each round of BC Hydro-led public consultation
- Consultation meetings undertaken as part of BC Hydro-led public consultation
- Consultation materials produced for BC Hydro-led consultation

In total, BC Hydro conducted 283 consultation meetings with stakeholders, the public, property owners, and local and regional governments, up to December 31, 2012. These are in addition to community relations presentations and meetings, which are summarized in Part 7 Community Outreach Activities.

Additional consultation materials include consultation briefs, discussion guides and feedback forms, consultation summary reports, meeting notes, completed feedback forms, submissions, and consideration memos.

Following each round of consultation, a Consultation Summary Report was written by a professional facilitator and a survey research firm that independently tabulated the results of consultation. The Consultation Summary Reports included:

- Participation numbers
- Public notification prior to consultation
- Quantifiable results from feedback forms
- Qualitative results from the stakeholder meetings and open houses, including the key themes from each meeting
- Detailed meeting notes from each stakeholder meeting and open house where a question-and-answer session took place
- A copy of all feedback forms submitted, emails, public inquiries, and written submissions during the consultation period

The documents listed in this part are posted at the Project website in the Site C Reports section at www.bchydro.com/sitec, and are available at the Community Consultation Offices.

PART 4 BC HYDRO-LED PUBLIC CONSULTATION ACTIVITIES AND MATERIALS

Pre-Consultation December 2007 – February 2008	Project Definition Consultation May – June 2008	Project Definition Consultation October – December 2008	Highway 29 Realignment Options Consultation November 2008 – February 2009	Hudson's Hope Shoreline Protection Consultation October – November 2011	Project Definition Consultation Spring 2012	Project Definition Consultation Fall 2012
992 total participant interactions	1,160 total participant interactions	1,254 total participant interactions	53 total participant interactions	53 total participant interactions	926 total participant interactions	495 total participant interactions
• 400 participants attended 48 stakeholder meetings	• 284 participants attended 29 stakeholder meetings	• 358 participants attended 26 stakeholder meetings		• Three meetings with the District of Hudson's Hope	• 302 participants attended 18 stakeholder meetings	• 231 participants attended 15 stakeholder meetings
• 56 people attended a public meeting/ open house in Hudson's Hope	• 380 people attended 10 open houses	• 326 people attended seven open houses		• 27 people attended two open houses	• 278 people attended five open houses	• 118 people attended four open houses
• 305 Feedback Forms returned (67 online, 238 hard copy)	• 224 Feedback Forms returned (76 online, 148 hard copy)	• 345 Feedback Forms returned (177 online, 168 hard copy)		• 11 Feedback Forms returned	• 85 Feedback Forms returned (50 online, 35 hard copy)	• 42 Feedback Forms returned (28 online, 14 hard copy)
• 31 submissions (fax, email, phone, and mail)	• 22 submissions (fax, email, phone, and mail)	• 72 submissions (fax, email, phone, and mail)	• Two property owners returned comments		• 39 submissions (email, mail, and phone)	• 12 submissions (email, mail, and phone)
