Draft Environmental Assessment Screening Report – Refurbishment and Continued Operation of the Darlington Nuclear Generating Station

As part of the environmental assessment (EA) process, the Canadian Nuclear Safety Commission (CNSC) and Fisheries and Oceans Canada invite public comment on the Draft EA Screening Report for the proposal by Ontario Power Generation (OPG) for the Refurbishment and Continued Operation of the Darlington Nuclear Generating Station located in the Municipality of Clarington, Ontario. The EA is being conducted pursuant to the requirements of the *Canadian Environmental Assessment Act*.

The public comment period ends on **July 18, 2012**.

The EA Screening Report is based on supporting Technical Documents prepared by OPG; the report is in response to EA Scoping Information Document approved by the CNSC. Technical supporting documents prepared by OPG can be viewed at:
