

7.0 ASSESSMENT OF POTENTIAL SOCIAL EFFECTS

The assessment of potential Proposed Project-related effects has been identified for each social VC. The effects assessment includes all phases of the Proposed Project lifecycle (including the construction, operational, reclamation and closure phases of the Proposed Project) within the identified spatial and temporal assessment boundaries. The social VCs listed in Section 4.2 will be assessed under the following disciplines:

- Social Conditions; and
- Marine Transportation.

The technical discipline specific methodology and assessment criteria to assess each potential effect are outlined in the following sections of this document.
