Attention: Ian Mackenzie, Director, External Affairs - Energy

**Teck Resources Limited  
Statement of Concern regarding Shell Pierre River Mine Project**

Dear Mr. Mackenzie:

This will acknowledge receipt of your letter dated June 10, 2013, in which you advise that Teck Resources Limited (Teck) was withdrawing the statement of concern it previously filed in relation to Shell's Pierre River Mine Project. In the normal course your letter would be filed on the public registry for the project, however, I note that your letter provides information about the lease exchange agreement between Teck and Shell. Before the AER proceeds to file your letter could you please confirm that Teck and Shell both understand that the information in it will be filed on the public record of Shell's project application?
