## **Appendix 3.1.3C**

# **Summary of Consultation Key Contact Summary**

**BLACKWATER GOLD PROJECT**

APPLICATION FOR AN  
 ENVIRONMENTAL ASSESSMENT CERTIFICATE /  
 ENVIRONMENTAL IMPACT STATEMENT  
 ASSESSMENT PROCESS

As part of the outline of consultations undertaken in the pre-Application stage, covering both the preparation of the AIR and the Application, this table provides the summary of consultations with federal agencies (Table 3.1.3C-1), provincial agencies (Table 3.1.3C-2), local government (Table 3.1.3C-3), tenure Holders and Landowners and the public (Table 3.1.3C-4). The summary of consultations with Aboriginal Groups is in Appendix 17A.

**Table 3.1.3C-1: Summary of the Proponent's Communications with Federal Agencies until April 30, 2014**

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
1	E-mail	12/04/04	Environment Canada, AMEC Environment & Infrastructure	Discussed the CABIN database.
2	E-mail	12/04/10	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, the Proponent	The Proponent requested a conference call to discuss the Project Description submission, Aboriginal engagement and the EA process.
3	Meeting	12/04/27	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	Presentation on Project relating to First Nations consultation, development of the Capoose site, camp, TK studies, recreational activities and the EA process.
4	E-mail	12/05/30	Transport Canada, the Proponent	The Proponent provided a brief description of the Project.
5	Phone Call	12/05/30	Transport Canada, the Proponent	The Proponent introduced the Project.
6	E-mail	12/07/09	Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure	AMEC requested information on relevant environmental studies.
7	Phone Call	12/07/24	Transport Canada, AMEC Environment & Infrastructure	Discussed Navigable Waters assessments.
8	E-mail	12/08/23	Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	The Proponent requested a meeting to review the Project with the new CEAA Project Manager.
9	E-mail	12/09/04	Natural Resources Canada, the Proponent	Meeting to introduce the Project set for 12/09/21.
10	E-mail	12/09/04	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, the Proponent	The Proponent requested a meeting to discuss formal submission of the Project Description.
11	Meeting	12/09/11	Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	Discussed the Project Description.
12	E-mail	12/10/18	Natural Resources Canada, the Proponent	MPMO-CEAA early engagement meeting confirmed for 12/10/26.
13	Meeting	12/10/26	Natural Resources Canada, the Proponent	Project introduction.

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
14	E-mail	12/10/29	Canadian Environmental Assessment Agency, the Proponent	Project video link provided to CEAA.
15	E-mail	12/10/29	Natural Resources Canada, the Proponent	The Proponent provided the presentation from the 12/10/26 meeting and requested it be distributed to federal regulators.
16	E-mail	12/11/05	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	CEAA provided copies of letters sent to Aboriginal groups potentially affected by the Project on 12/11/05. Letters went to LDN, MNBC, NWFN, NFN, SFN, STN, StFN, TNG, UFN.
17	E-mail	12/11/06	Canadian Environmental Assessment Agency, the Proponent	Request from NFN to CEAA for shapefiles for their project review.
18	E-mail	12/11/08	Canadian Environmental Assessment Agency, the Proponent	Blackwater Project video uploaded to the CEAA website.
19	E-mail	12/11/13	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	CEAA provided requested shapefiles to NFN.
20	Letter	12/11/15	Canadian Environmental Assessment Agency, Nechako Retreat, the Proponent	Comments on the Project Description via the CEAA public comment period; cc: the Proponent.
21	E-mail	12/11/20	Individual, Canadian Environmental Assessment Agency, the Proponent	Comments on the Project Description via the CEAA public comment period; cc: the Proponent.
22	E-mail	12/12/21	Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	CEAA announcement of the public comment period for the Draft EIS Guidelines, starting 12/12/21.
23	E-mail	13/01/15	BC Ministry of Environment (BC MOE), Canadian Environmental Assessment Agency, the Proponent	Comments on the Draft EIS Guidelines via the CEAA public comment period; cc: the Proponent.
24	Letter	13/01/19	Canadian Environmental Assessment Agency, Pitka Mountain Outfitters Ltd.	Comments on the Draft EIS Guidelines via the CEAA public comment period.
25	Meeting	13/01/23	Canadian Environmental Assessment Agency (CEAA), BC Environmental Assessment Office, BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Fisheries and Oceans Canada (DFO), AMEC Environment & Infrastructure, the Proponent	The Proponent discussed the Fish Habitat Mitigation and Compensation Plan for the Project with regulators.

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
26	Meeting	13/01/31	BC Environmental Assessment Office, BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), BC Ministry of Environment (BC MOE), Canadian Environmental Assessment Agency, Knight Piésold Consulting, AMEC Environment & Infrastructure, the Proponent	Project introduction and discussion of geochemical and geotechnical aspects of the Project.
27	E-mail	13/02/08	Environment Canada, AMEC Environment & Infrastructure	AMEC requested information on classification of test sites.
28	Phone Call	13/03/13	Transport Canada, the Proponent	Transport Canada provided information on the new Navigable Protection Act. Meeting to be arranged for April.
29	E-mail	13/03/13	Transport Canada, the Proponent	The Proponent asked questions regarding the NPA vs. the NWPA.
30	E-mail	13/05/23	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Health Canada, the Proponent	Health Canada submitted comments on the dAIR Version C to the BC EAO via CEAA; cc: the Proponent.
31	E-mail	13/05/24	BC Environmental Assessment Office, Transport Canada, the Proponent	Transport Canada submitted comments on the dAIR Version C to the BC EAO; cc: the Proponent.
32	E-mail	13/05/30	BC Environmental Assessment Office, Health Canada, the Proponent	Health Canada submitted further comments on the dAIR Version C to the BC EAO on country foods; cc: the Proponent.
33	E-mail	13/06/03	Transport Canada, the Proponent	The Proponent requested a call to discuss Transport Canada's dAIR Version C comments.
34	Letter	13/06/03	BC Environmental Assessment Office, Environment Canada, the Proponent	Environment Canada submitted comments on the dAIR Version C to the BC EAO; cc: the Proponent.
35	E-mail	13/06/06	Environment Canada, AMEC Environment & Infrastructure	AMEC requested meeting with Environment Canada to discuss their dAIR Version C comments.
36	E-mail	13/06/06	Health Canada, AMEC Environment & Infrastructure, the Proponent	AMEC requested a call with Health Canada on 13/06/20 to discuss their dAIR Version C comments; cc: the Proponent.
37	Meeting	13/06/13	Canadian Environmental Assessment Agency, Environment Canada, the Proponent	Discussed Environment Canada's dAIR Version C comments relating to water.

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
38	Conference Call	13/06/13	Transport Canada, AMEC Environment & Infrastructure, the Proponent	Discussed Transport Canada's dAIR Version C comments.
39	Conference Call	13/06/14	Canadian Environmental Assessment Agency, Health Canada, AMEC Environment & Infrastructure, the Proponent	Discussed Health Canada's dAIR Version C comments.
40	E-mail	13/06/18	Transport Canada, the Proponent	Transport Canada advised of policy and regulatory process related to Minor Water Orders; they will conduct an internal navigability assessment during the regulatory phase.
41	E-mail	13/06/18	Canadian Environmental Assessment Agency, Environment Canada, the Proponent	The Proponent provided notes from the 13/06/13 meeting, and requested a meeting with Canadian Wildlife Services to discuss their dAIR Version C comments.
42	E-mail	13/06/18	Environment Canada, the Proponent	Further to the 13/06/12 meeting on dAIR comments, Environment Canada provided information on water use according to MMR 6.0.
43	E-mail	13/06/26	Environment Canada, the Proponent	The Proponent provided date options for EC and CWS to attend a Blackwater project site visit.
44	E-mail	13/06/26	Transport Canada, AMEC Environment & Infrastructure, the Proponent	Meeting to discuss Transport Canada's dAIR Version C comments set for 13/07/18; cc: the Proponent.
45	E-mail	13/06/27	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Fisheries and Oceans Canada (DFO), the Proponent	The Proponent offered a site tour to BC MOE, BC FLNRO and DFO in July.
46	E-mail	13/06/28	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Fisheries and Oceans Canada (DFO), the Proponent	The Proponent provided tentative dates for a site visit for DFO, BC MOE and BC FLNRO in September.
47	E-mail	13/07/08	Environment Canada, the Proponent	The Proponent offered a site visit to Environment Canada on 13/07/24 or 25.
48	E-mail	13/07/09	Environment Canada, the Proponent	Environment Canada is not available for a site visit until August.

APPLICATION FOR AN  
 ENVIRONMENTAL ASSESSMENT CERTIFICATE /  
 ENVIRONMENTAL IMPACT STATEMENT  
 ASSESSMENT PROCESS

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
49	Meeting	13/07/16	Transport Canada, AMEC Environment & Infrastructure, the Proponent	Discussed information gathered about surface waterbodies and navigation in the project area during 2011-2013.
50	E-mail	13/07/24	BC Environmental Assessment Office, Health Canada, the Proponent	Health Canada submitted comments on the dAIR Version D to the BC EAO; cc: the Proponent.
51	Conference Call	13/08/14	Fisheries and Oceans Canada (DFO), the Proponent	Discussed permitting and the fisheries mitigation and offsetting plan.
52	Meeting	13/08/14	BC Environmental Assessment Office (BC EAO), BC Environmental Assessment Office, BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Fisheries and Oceans Canada (DFO), AMEC Environment & Infrastructure, the Proponent	The Proponent discussed the fish habitat mitigation and compensation planning with the regulatory agencies. The meeting included topics such as: Baseline programs 2011-2013, Off-site compensation options, and compensation and mitigation concepts.
53	E-mail	13/08/20	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, the Proponent	CEAA submitted comments on the dAIR Version D to the BC EAO; cc: the Proponent.
54	Site Visit	13/09/11	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Fisheries and Oceans Canada (DFO), the Proponent	Site tour by helicopter for BC MOE, BC FLNRO and DFO. Discussed the transmission line route, priorities for water and water quality, lake mitigation and habitat protection.
55	E-mail	13/10/25	Ulkatcho First Nation (UFN), BC Environmental Assessment (BC EAO), Canadian Environmental Assessment Agency (CEAA), the Proponent.	The Proponent sent the updated Aboriginal Groups Consultation Plan and Report to UFN (cc: BC EAO and CEAA).
56	E-mail	13/10/25	Lhoosk'uz Dene Nation (LDN), BC Environmental Assessment (BC EAO), Canadian Environmental Assessment Agency (CEAA), the Proponent.	The Proponent sent the updated Aboriginal Groups Consultation Plan and Report to LDN (cc: BC EAO and CEAA).
57	Meeting	13/10/31	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Health Canada, BC Ministry of Energy, Mines	The Proponent and its consultants delivered a presentation on preliminary water quality modeling results for the Project.

## BLACKWATER GOLD PROJECT

APPLICATION FOR AN  
ENVIRONMENTAL ASSESSMENT CERTIFICATE /  
ENVIRONMENTAL IMPACT STATEMENT  
ASSESSMENT PROCESS

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
			& Natural Gas (BC MEMNG), Environment Canada, BC Environmental Assessment Office, Lhoosk'uz Dene Nation (LDN), AMEC Environment & Infrastructure, the Proponent	
58	E-mail	13/10/08	Canadian Environmental Assessment Agency, Natural Resources Canada, the Proponent	The Proponent followed up with MPMO and set up two meetings regarding Schedule 2 Amendment (MMER), Navigation Protection Act (NPA), and a general update with CEAA, MPMO, Environment Canada, Transport Canada, and DFO. The Proponent also shared meeting materials in advance for attendees to be prepared to discuss.
59	E-mail	13/11/14	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Lhoosk'uz Dene Nation (LDN), the Proponent	The Proponent emailed Lhoosk'uz Dene Nation a follow up letter regarding the consultation plan.
60	E-mail	13/11/14	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Ulkatcho First Nation (UFN), the Proponent	The Proponent emailed Ulkatcho First Nation a follow up letter regarding the consultation plan.
61	Meeting	13/11/19	BC Environmental Assessment Office, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Canadian Environmental Assessment Agency, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Proponent met with BC FLNRO, Environment Canada, CEAA, and the BC EAO to review wetlands compensation and approach to wildlife effects assessments. Actions resulting from the meeting include (a) Confirming the water bird count from baselines, (b) Incorporate meeting comments into the wetlands compensation plan, (c) Complete effects assessment of indirect effects associated with hydrology and hydrogeology, (d) Include consideration for waterfowl and listed wetlands in the compensation plan. The proponent was encouraged to consult with First Nations when assessing compensation options.
62	Meeting	13/11/22	Fisheries and Oceans Canada (DFO), Mining Association Committee (MAC), the Proponent.	The Proponent met with DFO to discuss the 2012 Fisheries Act, Policy and Guidance with regards to the Project.
63	E-mail	13/11/25	BC Environmental Assessment Office, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Canadian Environmental Assessment Agency,	The Proponent provided government stakeholders draft meeting minutes regarding the wetland compensation plan and wildlife effects assessment approach and welcomed comments back on

			Environment Canada, AMEC Environment & Infrastructure, the Proponent	the draft provided. The BC Environmental Assessment Office provided additional questions and comments to the Proponent.
64	Meeting	13/12/06	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Canadian Environmental Assessment Agency, Lhoosk'uz Dene Nation (LDN), Ulkatcho First Nation (UFN), the Proponent	The Proponent set up a meeting of the Project Sub-Working Group on Caribou.
65	E-mail	13/12/12	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Canadian Environmental Assessment Agency, Lhoosk'uz Dene Nation (LDN), Ulkatcho First Nation (UFN), the Proponent	Canadian Environmental Assessment Agency sends Caribou sub Working Group Meeting Minutes to the participants. Lhoosk'uz Dene Nation and Ulkatcho First Nation are the participating Aboriginal Groups in this Meeting. Canadian Environmental Assessment Agency is requesting feedback on the documents provided on the meeting minutes attached in the e-mail.
66	Meeting	13/12/12	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Canadian Environmental Assessment Agency, Fisheries and Oceans Canada (DFO), Saik'uz First Nation (SFN), Lhoosk'uz Dene Nation (LDN), AMEC Environment & Infrastructure, the Proponent	The Proponent held a meeting with First Nations and regulatory agencies regarding the Project and issues related to fish habitat evaluation and instream flow.
67	E-mail	13/12/23	BC Environmental Assessment Office, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Canadian Environmental Assessment Agency, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Proponent sent updated minutes of the November 19, 2013 Wetland Compensation and Wildlife effects assessment meeting to attendees.
68	Meeting	14/01/31	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife Service, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Proponent met with government agencies to discuss the Proposed Recovery Strategy for Woodland Caribou. Mapping updated, public comment process, work completed to date and action items were discussed. The Proponent agreed to provide Environmental Assessment and Baseline reports when they were complete.

APPLICATION FOR AN  
 ENVIRONMENTAL ASSESSMENT CERTIFICATE /  
 ENVIRONMENTAL IMPACT STATEMENT  
 ASSESSMENT PROCESS

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
69	E-mail	14/02/10	Canadian Environmental Assessment Agency, Natural Resources Canada, the Proponent	The Proponent distributed the draft Wetlands Compensation Plan to CEAA and MPMO as a result of the outcome of the presentation conducted to CEAA on 13/11/19.
70	Meeting	14/02/14	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife Service, Environment Canada, Ulkatcho First Nation (UFN), AMEC Environment & Infrastructure, the Proponent	The Proponent met with government stakeholders and the Ulkatcho First Nation to discuss the caribou recovery strategy. A strategy overview, current caribou count data, habitat mapping, work concluded to date and future plans were discussed. Several action items were noted and tasked to specific stakeholders. This included a determination of the information that would be required for Environmental Assessment.
71	E-mail	14/02/20	BC Environmental Assessment Office, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	The BC Environmental Assessment Office followed up on the Proponent's e-mail sent on 14/02/10 and provided comments BC Ministry of Forests, Lands & Natural Resource Operations' comments on the draft Wetlands Compensation Plan.
72	E-mail	14/02/25	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife Service, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Canadian Environmental Assessment Agency sent the Proponent a preliminary review by the Canadian Wildlife Service of the "Draft, Appendix to Section 5.3.7, Wetlands Compensation Plan". The Agency also noted that the full reference for Hanson et al., 2008 is missing from the Reference section. Canadian Environmental Assessment Agency mentioned that this is a preliminary review, and the Environment Canada and Canadian Environmental Assessment Agency are likely to have further comments during a formal examination of the final environmental effects assessment when submitted.
73	E-mail	14/02/27	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife Service, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Proponent thanked Environment Canada for providing comment on 14/02/25 and their recent discussion. The Proponent also mentioned interest in getting information with regards to establishing certainty for the proposed compensation sites.
74	E-mail	14/02/28	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife	Environment Canada responded to Proponent's questions proposed on 14/02/27 regarding establishing certainty for the proposed compensation sites. The Canadian wildlife Service

			Service, Environment Canada, AMEC Environment & Infrastructure, the Proponent	stated that they would be pleased to meet with the Proponent to discuss and provide additional guidance on this matter. The Proponent responded and thanked the Canadian Wildlife Service and stated that the next step will be for the Proponent to consider some of these options proposed and then to meet to discuss how the Proponent may ensure that there is certainty in protection for areas identified in the Wetlands Compensation Plan.
75	E-mail	14/03/04	Canadian Environmental Assessment Agency, Environment Canada, Transport Canada, AMEC Environment & Infrastructure, the Proponent	The Canadian Environmental Assessment Agency notified the Proponent that Transport Canada has provided feedback on the Navigation Assessment Report and redirected the Proponent to the related contacts in Transport Canada.
76	Meeting	14/03/04	Canadian Environmental Assessment Agency, BC Ministry of Environment (BC MOE), BC Environmental Assessment Office, Environment Canada, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Lhoosk'uz Dene Nation (LDN), Natural Resources Canada, AMEC Environment & Infrastructure (E&I), the Proponent	The Proponent met with government stakeholders and the LDN to discuss the Groundwater Modeling and effects assessment. Site characterization, groundwater quality, groundwater flow, and effects predictions were discussed.
77	E-mail	14/03/07	Canadian Environmental Assessment Agency, Transport Canada, AMEC Environment & Infrastructure, the Proponent	Transport Canada Representative followed up on the Canadian Environmental Assessment Agency's notification sent to the Proponent on 14/03/03 regarding feedback on the Navigation Assessment Report and stated that Transport Canada has reviewed the "Navigable Waters Baseline Report and Technical Assessment 2014" and found it fulsome in terms of the required technical information. Transport Canada further mentioned that they will follow closely Environment Canada comments regarding water balance. The Proponent thanked Transport Canada and committed to contact them.

ASSESSMENT PROCESS

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
107	E-mail	12/06/07	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	BC MOE provided a summary of environmental context to a water development proposal for Davidson Creek.
108	Meeting	12/06/20	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed conflict with landowner regarding grazing rights and water licenses.
109	E-mail	12/06/20	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided a map of the mineral claims in the project area relating to a range tenure holder.
110	E-mail	12/06/20	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent to send a map showing their mineral claims in relation to area range tenure holders.
111	E-mail	12/06/26	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	Discussed metals analysis for the baseline studies.
112	Meeting	12/06/27	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Matthew Creek Ranch	BC FLNRO and landowner met to discuss his concerns.
113	Phone Call	12/06/28	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Tatelkuz Lake Ranch Resort (also referred to as the Mills Ranch in this Application), the Proponent	Range tenure holders informed BC FLNRO they have water concerns about the Project and requested contact to discuss.
114	E-mail	12/07/03	BC Wildlife Federation, the Proponent	The Proponent requested a meeting to discuss the Project.
115	E-mail	12/07/05	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent confirmed they had met with the landowner and are taking steps to address his perceived concerns.
116	Drop-in Visit/Casual Meeting	12/07/10	BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), the Proponent	BC MEMNG requested a project map showing roads and waterbodies in the area.
117	E-mail	12/07/12	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	BC MOE requested information regarding the fish collection permit application.
118	E-mail	12/07/16	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO requested a tour of the Blackwater site; the Proponent to arrange.
119	Phone Call	12/07/23	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	Discussed Clarification on HSI validation requirements for Instream Flow Assessment.

 ENVIRONMENTAL IMPACT STATEMENT  
 ASSESSMENT PROCESS

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
120	Meeting	12/07/31	BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure, the Proponent	The Proponent provided a project overview, and updates on the schedule, geochemistry, water and waste management.
121	Phone Call	12/08/09	BC Environmental Assessment Office, the Proponent	BC EAO will set up a meeting to discuss the Project.
122	Meeting	12/08/10	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Range tenure discussions.
123	E-mail	12/08/10	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO confirmed agreement boundaries for landowner.
124	E-mail	12/08/17	BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussion on reclamation seed mixes.
125	E-mail	12/08/20	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Further discussion on seed mix.
126	Phone Call	12/08/23	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	BC MOE requested results from the proposed DNA study.
127	E-mail	12/08/24	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	BC MOE provided information on kokanee spawning in Francois Lake.
128	Phone Call	12/08/24	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed status of consultation for the Notice of Work (NOW) applications.
129	E-mail	12/08/27	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO confirmed that consultation is considered complete for the NOW application.
130	E-mail	12/09/04	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, the Proponent	The Proponent requested a meeting to discuss formal submission of the Project Description.
131	Site Visit	12/09/06	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), AMEC Environment & Infrastructure, the Proponent	Site visit by helicopter and truck to familiarize regulators with the site.
132	Phone Call	12/09/10	BC Cattlemen's Association, the Proponent	Offered to do a project presentation.
133	Phone Call	12/09/11	BC Cattlemen's Association, the Proponent	Meeting set for 13/01/08.

 ASSESSMENT PROCESS

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
134	Site Visit	12/09/12	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Two-day site tour and discussion for BC FLNRO.
135	E-mail	12/09/17	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided a map of their mineral tenures in relation to roads in the area.
136	Phone Call	12/09/17	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed traffic complaints from landowner.
137	E-mail	12/09/19	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	Request for information on fish in the Nechako Reservoir.
138	Phone Call	12/10/12	BC Ministry of Jobs, Tourism and Skills Training, the Proponent	General project discussion.
139	E-mail	12/10/12	BC Ministry of Jobs, Tourism and Skills Training, the Proponent	The Proponent provided the PEA study technical report.
140	E-mail	12/10/15	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided a summary of the 12/09/06-07 site visit.
141	Workshop	12/10/16	BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Rio Tinto Alcan, Spectra Energy, Woodmere Nursery Ltd., the Proponent	The Participants attended the RDBN business forum, which discussed current and future business practices.
142	Letter	12/10/19	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Response to monitoring information requests from BC MEM and BC MOE.
143	E-mail	12/10/23	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Integrated Cadastral Information Society, AMEC Environment & Infrastructure	Clarification of the ICF layer for the project area.
144	Meeting	12/10/24	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed land use in the area of the Blackwater site as well as the BC FLNRO Access Management Plan.

APPLICATION FOR AN  
 ENVIRONMENTAL ASSESSMENT CERTIFICATE /  
 ENVIRONMENTAL IMPACT STATEMENT  
 ASSESSMENT PROCESS

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
145	Phone Call	12/10/30	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Request for contact information on potentially affected trappers.
146	Phone Call	12/10/31	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	Discussed bull trout in the Nechako reservoir.
147	E-mail	12/10/31	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed potential for bull trout near the mine site.
148	E-mail	12/10/31	BC Environmental Assessment Office, AMEC Environment & Infrastructure, the Proponent	Clarification for communities in the Project Description and on the Community Liaison Committee.
149	E-mail	12/11/01	BC Environmental Assessment Office, the Proponent	Clarification of organizations on the Community Liaison Committee and in the Project Description.
150	E-mail	12/11/02	District of Vanderhoof, the Proponent	Board of Directors meeting cancelled. Will reschedule meeting with the Mayor in the spring.
151	E-mail	12/11/05	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	CEAA provided copies of letters sent to Aboriginal groups potentially affected by the Project on 12/11/05. Letters went to LDN, MNBC, NWFN, NFN, SFN, STN, StFN, TNG, UFN.
152	E-mail	12/11/13	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, AMEC Environment & Infrastructure, the Proponent	CEAA provided requested shapefiles to NFN.
153	Meeting	12/11/15	BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Allnorth, the Proponent	Discussed the 2012 and 2013 exploration programs for all the Proponent's projects.
154	E-mail	12/11/16	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided the 2012 Blackwater Environmental Work Plan.
155	E-mail	12/11/23	BC Wildlife Federation, the Proponent	The Proponent thanked the BCWF for attending the CLC meeting. Provided links to the Project Description and noted that the public comment period is over on 12/11/25.
156	Meeting	12/12/05	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed the transmission line route.

## BLACKWATER GOLD PROJECT

APPLICATION FOR AN  
ENVIRONMENTAL ASSESSMENT CERTIFICATE /  
ENVIRONMENTAL IMPACT STATEMENT  
ASSESSMENT PROCESS

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
157	E-mail	12/12/05	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided the current transmission line alignment.
158	E-mail	12/12/05	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided the current transmission line alignment.
159	Letter	12/12/10	BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), the Proponent	In follow-up to the 12/11/15 meeting, the Proponent provided information on disturbance areas outside the MYAB Permits.
160	E-mail	12/12/11	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed proposed transmission line route and potential effects on range tenure holders.
161	E-mail	12/12/13	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO provided contact information for potentially affected range tenure holders.
162	E-mail	12/12/13	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO provided comments on the proposed transmission line route.
163	Meeting	12/12/19	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Project introduction and discussion of stakeholder's operating area.
164	E-mail	12/12/19	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Per request, BC Timber Sales provided shape files of their operating area.
165	Phone Call	12/12/19	BC Cattlemen's Association, the Proponent	13/01/08 meeting postponed.
166	E-mail	12/12/20	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided the winter low flow summary.
167	E-mail	13/01/15	BC Ministry of Environment (BC MOE), Canadian Environmental Assessment Agency, the Proponent	Comments on the Draft EIS Guidelines via the CEAA public comment period; cc: the Proponent.
168	Phone Call	13/01/17	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed a nearby forest tenure.
169	E-mail	13/01/22	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Date for caribou flyover is 13/02/13.
170	Meeting	13/01/23	Canadian Environmental Assessment Agency (CEAA), BC Environmental Assessment Office, BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC	The Proponent discussed the Fish Habitat Mitigation and Compensation Plan for the Project with regulators.

180	E-mail	13/02/08	BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure, the Proponent	BC MOE sent feedback to AMEC regarding the detailed air quality modelling plan for the Project. BC MOE further provided guidance on necessary changes to be done to the air quality modeling plan.
181				
182	Site Visit	13/02/13	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Ulkatcho First Nation (UFN), Ecofor	Helicopter overflight of areas proposed for 2013 exploration program in relation to the caribou management plan.
183	E-mail	13/02/14	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided an update on the proposed transmission line.
184	E-mail	13/02/14	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO provided maps for the Blackwater Caribou Management Plan.
185	E-mail	13/02/19	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO requested further details on the Blackwater hydrogeology program.
186	E-mail	13/02/20	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent noted that further hydrogeology information will be available in a couple of weeks.
187	E-mail	13/02/26	BC Ministry of Transportation & Infrastructure (BC MOTI), AMEC Environment & Infrastructure	Request for socio-economic data relating to traffic on Highway 16.
188	E-mail	13/02/28	BC Ministry of Transportation & Infrastructure (BC MOTI), AMEC Environment & Infrastructure	Socio-economic data collection relating to traffic on Highway 16.
189	E-mail	13/03/04	BC Ministry of Transportation & Infrastructure (BC MOTI), AMEC Environment & Infrastructure	Further socio-economic data collection relating to traffic on Highway 16.
190	Phone Call	13/03/07	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Invitation to a site tour on 13/03/08.
191	E-mail	13/03/07	BC Ministry of Transportation & Infrastructure (BC MOTI), AMEC Environment & Infrastructure	Request for further socio-economic data relating to traffic on Highway 16.
192	Letter	13/03/14	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent notified the stakeholder of the 2013 exploration program.
193	E-mail	13/03/14	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO provided comments on the 2013 Exploration Program relating to northern caribou as well as fisheries. Noted

ASSESSMENT PROCESS

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
				potential effects on northern caribou winter range, as well as a need for site-specific management plans for river crossings to mitigate effects on fish.
194	E-mail	13/03/21	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BCTS provided information on how the Proponent's exploration in the Auro area may impact their operations.
195	E-mail	13/03/26	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided a copy of the hydrometeorology report discussed in February. The hydrogeology baseline report will be available in April.
196	E-mail	13/04/02	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent requested a meeting to discuss revisions to the proposed transmission line route.
197	E-mail	13/04/02	BC Wildlife Federation, AMEC Environment & Infrastructure	Land & resource use data collection (use of local navigable waters).
198	E-mail	13/04/03	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Meeting postponed until the transmission line route is finalized.
199	E-mail	13/04/04	BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), the Proponent	The Proponent provided the Caribou Management Plan for the 2013 Exploration Program, as well as an updated version of the ERP/EMP tracking table.
200	Letter	13/04/05	BC Environmental Assessment Office, Saik'uz First Nation (SFN), the Proponent	BC EAO offered funding to SFN to participate in the EA process; cc: the Proponent.
201	Letter	13/04/05	BC Environmental Assessment Office, Lhoosk'uz Dene Nation (LDN), the Proponent	BC EAO offered LDN funding to participate in the EA process; cc: the Proponent.
202	Letter	13/04/05	BC Environmental Assessment Office, Nadleh Whut'en First Nation (NWFN), the Proponent	BC EAO offered funding to NWFN to participate in the EA process; cc: the Proponent.
203	Letter	13/04/05	BC Environmental Assessment Office, Ulkatcho First Nation (UFN), the Proponent	BC EAO offered funding to UFN to participate in the EA process; cc: the Proponent.
204	Letter	13/04/05	BC Environmental Assessment Office, Stelat'en First Nation (StFN), the Proponent	BC EAO offered funding to StFN to participate in the EA process; cc: the Proponent.
205	E-mail	13/04/09	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided an update on the status of meetings with range tenure holders regarding the latest proposed transmission line route.

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
240	Phone Call	13/06/14	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Landowner raised concerns regarding effect of traffic on cattle.
241	Phone Call	13/06/14	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), AMEC Environment & Infrastructure	Discussed BC FLNRO's dAIR Version C comments.
242	Conference Call	13/06/18	BC Environmental Assessment Office, BC Ministry of Environment (BC MOE), AMEC Environment & Infrastructure	Discussed BC MOE's dAIR Version C comments.
243	E-mail	13/06/19	BC Ambulance Service, the Proponent	The Proponent requested a meeting to discuss the Blackwater Emergency Preparedness and Response Plan.
244	E-mail	13/06/20	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	Discussed potential need for a fence on the main access road, as well as a workshop to discuss an access management plan for the road.
245	Conference Call	13/06/21	BC Environmental Assessment Office, BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), AMEC Environment & Infrastructure, the Proponent	Discussed BC MEMNG's dAIR Version C comments.
246	E-mail	13/06/24	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC FLNRO provided information back to the Proponent about messaging regarding Quesnel Road access. Noted a potential concern of a road from Quesnel increasing motorized access for recreation sites and trails.
247	E-mail	13/06/24	BC Wildlife Federation, the Proponent	Discussed ways that the baseline data collected for the Project can be made public so that others can benefit from the research done by the Proponent.
248	E-mail	13/06/24	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), AMEC Environment & Infrastructure	Requested land & resource use data relating to forest fires in the Vanderhoof area.
249	E-mail	13/06/24	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), AMEC Environment & Infrastructure	Requested land & resource use data relating to forest fires in the Vanderhoof area.

 ENVIRONMENTAL IMPACT STATEMENT  
 ASSESSMENT PROCESS

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
283	Presentation	13/10/01	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent presentation to MFLNRO to address dAIR comments regarding the transmission line.
284	Meeting	13/10/01	BC Environmental Assessment Office, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent provided meeting notes from a presentation to the Ministry of Forests, Lands and Natural Resources Operations and the BC Environmental Assessment Office regarding the Blackwater Gold Project transmission line alignment. The Proponent describes the criteria for the current route selection, which included avoiding impacts to private land, it follows existing roads and disturbance areas to extent possible (~70%), it has a simpler tie in to BC Hydro grid, and is technically feasible. Refinement of this option was based on consultation with trappers, guide outfitters, First Nations, private land holders, ranchers/range tenure holders, FLNRO, and input from biologists doing baseline studies for EA.
285	E-mail	13/10/03	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	E-mail between the Proponent and Stewardship, Tenures & First Nations Forester for BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO) regarding Access to the Proponent ranch property - Laidman Lake/Matthews Creek Area.
286	E-mail	13/10/03	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent thanked BC Ministry of Forests, Lands and Natural Resource Operations for taking the time to talk. The Proponent provided permission for them to access the Proponent's property around Matthews Creek.
287	Phone Call	13/10/04	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	MFLNRO Request to Access the Proponent Property in the Laidman Lake Area.
288	Phone Call	13/10/04	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC Ministry of Forests, Lands and Natural Resource Operations - Resource Management in Vanderhoof requested access to the Proponent's property in Laidman Lake area.
289	E-mail	13/10/09	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent sent draft notes of the October 1, 2013 transmission line meeting to Ministry of Forests, Lands and Natural Resources Operations.

 ASSESSMENT PROCESS

<b>ID#</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
290	E-mail	13/10/25	Ulkatcho First Nation (UFN), BC Environmental Assessment (BC EAO), Canadian Environmental Assessment Agency (CEAA), the Proponent.	The Proponent sent the updated Aboriginal Groups Consultation Plan and Report to UFN (cc: BC EAO and CEAA).
291	E-mail	13/10/25	Lhoosk'uz Dene Nation (LDN), BC Environmental Assessment (BC EAO), Canadian Environmental Assessment Agency (CEAA), the Proponent.	The Proponent sent the updated Aboriginal Groups Consultation Plan and Report to LDN (cc: BC EAO and CEAA).
292	Letter	13/10/31	BC Environmental Assessment Office, BC Wildlife Federation, Nadleh Whut'en First Nation (NWFN), Nature Trust (PID 015135233), Nechako Retreat, Rim Rock Ranch, Saik'uz First Nation (SFN), Trapline TR0712T014, the Proponent	Nechako Retreat sent a letter to the British Columbia Environmental Assessment Office regarding their concerns about the proposed location of the power line between the B.C. Hydro Provincial grid south of Endako and the proposed project site. They stated that some portions of the proposed route are entirely unacceptable and they will attempt to explain why and offer a solution.
293	Meeting	13/10/31	BC Ministry of Environment (BC MOE), BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Health Canada, BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), Environment Canada, BC Environmental Assessment Office, Lhoosk'uz Dene Nation (LDN), AMEC Environment & Infrastructure, the Proponent	The Proponent and its consultants delivered a presentation on preliminary water quality modeling results for the Project.
294	E-mail	13/11/13	BC Environmental Assessment Office, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	BC Ministry of Forests, Lands and Natural Resource Operations sent suggested edits and corrections to the previously distributed meeting notes, of the October 1, 2013 transmission line meeting, to the Proponent and other meeting attendees. They also noted action items from the meeting that require follow up.
295	E-mail	13/11/14	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Lhoosk'uz Dene Nation (LDN), the Proponent	The Proponent emailed Lhoosk'uz Dene Nation a follow up letter regarding the consultation plan.

296	E-mail	13/11/14	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Ulkatcho First Nation (UFN), the Proponent	The Proponent emailed Ulkatcho First Nation a follow up letter regarding the consultation plan.
297	Meeting	13/11/19	BC Environmental Assessment Office, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), Canadian Environmental Assessment Agency, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Proponent met with BC FLNRO, Environment Canada, CEAA, and the BC EAO to review wetlands compensation and approach to wildlife effects assessments. Actions resulting from the meeting include (a) Confirming the water bird count from baselines, (b) Incorporate meeting comments into the wetlands compensation plan, (c) Complete effects assessment of indirect effects associated with hydrology and hydrogeology, (d) Include consideration for waterfowl and listed wetlands in the compensation plan. The proponent was encouraged to consult with First Nations when assessing compensation options.
298	Meeting	13/11/20	BC Hydro, the Proponent	The Proponent had a meeting with BC Hydro regarding the letter received from the Nechako Retreat related to the dAIR. BC Hydro thanked the Proponent for the discussion and stated that the power supply to the Proponent would be provided under BCH Tariff Schedule 1823 – Transmission Service – Stepped Rate. (see pages 131 to 133 of the linked pdf). BC Hydro also stated that they are waiting to receive the Proponent's draft response to the Woods' letter for review by BCH.
299	Presentation	13/11/21	BC Ministry of Energy, Mines & Natural Gas (BC MEMNG), the Proponent	The Proponent delivered a presentation at the invitation of the Northern BC Mining group at the Coast Hotel 13/11/21. Also presenting was Minister of Aboriginal Engagement and Reconciliation and Mines Inspector. The Proponent answered questions from the audience of about 60: What is the best approach to partner with First Nations; When is the next Business Workshop; How does business engage with First Nations to hire their members; When will the Proponent know if the project is a go; When is the application for EA going in; Will the Proponent be a part of the Northern Development Business Directory.

				2014. The Proponent further attached table that lists the comments raised with the Proponent's response.
311	Letter	14/01/20	BC Environmental Assessment Office, the Proponent	The Proponent provided the updated consultation Reports with First Nations to BC EAO and stated that Despite efforts to obtain feedback from NWFN on the Aboriginal Groups Consultation Plan, no comments were received at the time of writing this letter.
312	Letter	14/01/20	BC Environmental Assessment Office, the Proponent	The Proponent provided the updated consultation Reports with First Nations to BC EAO and provided a table attached to the letter including the comments that were provided back to the Proponent via e-mail on 13/11/25. On 13/12/20 a Capacity Agreement was signed with StFN. This agreement addresses the concerns stated by the First Nation.
313	Meeting	14/01/31	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife Service, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Proponent met with government agencies to discuss the Proposed Recovery Strategy for Woodland Caribou. Mapping updated, public comment process, work completed to date and action items were discussed. The Proponent agreed to provide Environmental Assessment and Baseline reports when they were complete.
314	E-mail	14/02/13	BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), the Proponent	The Proponent sent the Visual Resources Presentation to the representative of BC Ministry of Forests, Lands & Natural Resource Operations and requested a visual management plan BC Ministry of Forests, Lands & Natural Resource Operations is working on for linear corridors. The Proponent requested a guidance document can be made available to the Proponent.
315	Presentation	14/02/13	BC Environmental Assessment Office, BC Ministry of Forests, Lands & Natural Resource Operations (BC FLNRO), AMEC Environment & Infrastructure, the Proponent	The Proponent and its consultant provided a presentation on visual resources to BC Ministry of Forests, Lands & Natural Resource Operations and BC Environmental Assessment Office. Methodologies, EA results and mitigation measures seemed reasonable to the group, given the impact of current land uses and small number of permanent residents and visitors.

ASSESSMENT PROCESS

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
321	E-mail	14/02/25	BC Environmental Assessment Office, AMEC Environment & Infrastructure, the Proponent	BC EAO sent the Proponent copy of letter (dated 14/02/21) from SFN to BC EAO regarding the Aboriginal consultation Plan.
322	E-mail	14/02/25	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife Service, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Canadian Environmental Assessment Agency sent the Proponent a preliminary review by the Canadian Wildlife Service of the "Draft, Appendix to Section 5.3.7, Wetlands Compensation Plan". The Agency also noted that the full reference for Hanson et al., 2008 is missing from the Reference section. Canadian Environmental Assessment Agency mentioned that this is a preliminary review, and the Environment Canada and Canadian Environmental Assessment Agency are likely to have further comments during a formal examination of the final environmental effects assessment when submitted.
323	E-mail	14/02/27	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife Service, Environment Canada, AMEC Environment & Infrastructure, the Proponent	The Proponent thanked Environment Canada for providing comment on 14/02/25 and their recent discussion. The Proponent also mentioned interest in getting information with regards to establishing certainty for the proposed compensation sites.
324	E-mail	14/02/28	BC Environmental Assessment Office, Canadian Environmental Assessment Agency, Canadian Wildlife Service, Environment Canada, AMEC Environment & Infrastructure, the Proponent	Environment Canada responded to Proponent's questions proposed on 14/02/27 regarding establishing certainty for the proposed compensation sites. The Canadian wildlife Service stated that they would be pleased to meet with the Proponent to discuss and provide additional guidance on this matter. The Proponent responded and thanked the Canadian Wildlife Service and stated that the next step will be for the Proponent to consider some of these options proposed and then to meet to discuss how the Proponent may ensure that there is certainty in protection for areas identified in the wetlands compensation plan.
325	Meeting	14/03/04	Canadian Environmental Assessment Agency, BC Ministry of Environment (BC MOE), BC Environmental	The Proponent met with government stakeholders and the LDN to discuss the Groundwater Modeling and effects assessment.

429	E-mail	13/11/01	Cariboo Regional District, District of Fort St. James, District of Vanderhoof, Regional District of Bulkley-Nechako (RDBN), Village of Burns Lake, Village of Fraser Lake, the Proponent	The Proponent provided meeting notes from the 13/10/21 Community Leaders Forum to the District of Vanderhoof, District of Fort St. James, Village of Fraser Lake, Village of Burns Lake, Cariboo Regional District, and the Regional District of Bulkley-Nechako.
430	E-mail	13/11/18	Village of Fraser Lake, the Proponent	An Invitation of the "Turning Ideas Into Action" forum was forwarded to a Village of Fraser Lake representative.
431	E-mail	13/11/21	Village of Fraser Lake, the Proponent	The Proponent sent a meeting request to the Village of Fraser Lake regarding a position paper on Advanced Education and Skills Training. The Village of Fraser Lake declined the invitation and provided their reason not to attend. The Proponent also stated that Village of Fraser Lake's Community Liaison Committee meeting reimbursement claim had been received and processed.
432	E-mail	13/12/06	Village of Fraser Lake, the Proponent	Village of Fraser Lake stated that they are interested in discussing with the Proponent the possibility of synergies or opportunities for cooperation during the upgrade to the transmission line south of Fraser Lake. Village of Fraser Lake also stated that their community airport is currently without power and they are interested in an economical plan to get power to their airport. The Proponent indicated that they will discuss this with them once the construction timeline has been determined.
433	E-mail	13/12/09	District of Vanderhoof, the Proponent	The Proponent sent an overview of the Regional Health Forum as a follow up to the District of Vanderhoof's request.
434	Drop-in Visit/Casual Meeting	13/12/19	District of Vanderhoof, the Proponent	The Proponent sent an e-mail to the Mayor of the District of Vanderhoof to introduce the new community manager. The Mayor requested a casual meeting before his Christmas Break.

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
435	Drop-in Visit/Casual Meeting	13/12/23	District of Vanderhoof, the Proponent	In response to an e-mail introducing the New Community Manager and volunteering to sit on the Minerals North organizing committee, a District of Vanderhoof councillor stopped by to introduce himself.
436	Presentation	14/01/20	District of Vanderhoof, Fort St. James Secondary School, Hub International, Nechako Lakes (School District No. 91) (Vanderhoof), the Proponent	The Proponent provided the District of Vanderhoof Council and the gallery a thirty minute update presentation on the proposed Project including information on the recent feasibility study and the decision to defer the commissioning of the Project tentatively until 2019 were discussed.
437	Web Conference	14/01/20	College of New Caledonia (CNC), District of Fort St. James, Nechako Lakes (School District No. 91) (Vanderhoof), Village of Fraser Lake, Context Research, the Proponent	The Community Liaison Committee met to finalize language related to the draft Position Paper on Advanced Education and Skills Training for North Central BC. Minor revisions were made to reflect the history of how the group came together to discuss the topic and to include language related to economic development professionals.
438	Meeting	14/01/29	District of Vanderhoof, the Proponent	Representatives from District of Vanderhoof stopped by the meet and greet with the Proponent's new community manager. The Proponent committed to add anyone interested to a list of people to tour the site should they decide to host site tours again this year.
439	Meeting	14/02/04	Village of Burns Lake, the Proponent	The Proponent's Community Manager's visited the Village of Burns Lake to meet with community and local government stakeholders. The Proponent was introduced to the new Economic Development Officer and confirmed with Mayor his attendance at the upcoming Community Liaison Committee meeting on 14/02/11. The Mayor accepted the nomination for the Community Liaison Committee sub-committee to serve as the main contact for the Central interior Position paper on Advanced Education, Skills, Training and Development.
440	Meeting	14/02/04	Regional District of Bulkley-Nechako (RDBN), the Proponent	The Proponent's Community Manager's visited Burns Lake to meet with community and local government stakeholders. The Proponent met with Regional Economic Development Assistant and discussed the work of the Project Management Committee for the Regional Skills Gap Analysis and the recent report generated by Miller Dickinson Blaise consultants.

ASSESSMENT PROCESS

ID#	Event Type	Date (YY/MM/DD)	Participating Organizations	Summary
441	E-mail	14/02/05	District of Vanderhoof, the Proponent	The Proponent sent an e-mail to the Mayor of District of Vanderhoof informing him about Dr. Janis Shandro being in Vanderhoof on 14/02/11 to present her pre-report information to Blackwater Project Community Liaison Committee members. The Proponent also mentioned that they expect her report to be released in April 2014 and promised to send a copy. The Proponent also offered to arrange a meeting between the Mayor and Dr. Janis Shandro.
442	Meeting	14/02/05	District of Fort St. James, the Proponent	The Proponent's Community Manager visited to Fort St James to meet with local government stakeholders. The Proponent provided a project status update and the Mayor and Council provided a community overview and introduction touching on several topics including education, local contracting, and community plans for housing and revenue sharing.
443	Meeting	14/02/06	Village of Fraser Lake, the Proponent	The Proponent's Community Manager visited Fraser Lake to meet with local government stakeholders. The Proponent received a warm welcome from the Village office. Discussions centered on the development of Fraser Lake as a Community and the challenges and opportunities that presented. Director of Business & Economic Development believes that Fraser Lake has an opportunity to take advantage of highway 16 drive through traffic to attract tourism and possible residents to the community and could provide a good option for the Proponent's workers who wish to reside in the area and work at the mine.
444	Presentation	14/02/11	Cariboo Regional District, College of New Caledonia (CNC), District of Fort St. James, District of Vanderhoof, Nechako Environment and Watershed Stewardship Society, Nechako Valley Community Services Society, Quesnel Community and Economic Development Corporation, Regional District of Bulkley-Nechako (RDBN), Nechako Lakes (School District	The Proponent hosted the Community Liaison Committee meeting to discuss: 1) An overview and introduction, 2) Organic Pipeline of Growth Projects, 3) Project Development Considerations, 4) Recent Developments, and 5) The Project's Goals for 2014.

556	E-mail	12/11/22	Trapline TR0601T006, the Proponent	The Proponent provided the requested information regarding potential effects of the transmission line on furbearers.
557	Meeting	12/11/26	Batnuni Lake Guides & Outfitters Ltd., the Proponent	Project introduction and discussion about guide-outfitter's tenure.
558	E-mail	12/11/27	Batnuni Lake Guides & Outfitters Ltd., the Proponent	The Proponent provided a link to the Project Description as well as the map requested at their meeting.
559	Other	12/11/27	Trapline TR0712T036, the Proponent	Registered letter sent to trapper on 12/10/26 returned (unknown/moved).
560	Other	12/11/27	Trapline TR0712T035, the Proponent	Registered letter sent to trapline tenure holder on 12/10/26 returned (unknown/moved).
561	Other	12/11/29	Trapline TR0711T006, the Proponent	Registered letter sent to trapline tenure holder on 12/11/20 returned (no such address).
562	Phone Call	12/11/29	Trapline TR0712T036, the Proponent	Discussed Trapline TR0712T036 contact and use.
563	E-mail	12/11/30	Trapline TR0601T003, the Proponent	The Proponent provided a link to the Project Description and the project website.
564	Meeting	12/11/30	Trapline TR0601T003, the Proponent	Project introduction and discussion about trapline.
565	E-mail	12/12/03	Crystal Lake Resort, Trapline TR0712T043, the Proponent	The Proponent has altered the transmission line route to address the stakeholder's concerns.
566	Phone Call	12/12/03	Uncha Mountain Outfitters, the Proponent	Three attempts over a week to request a meeting; no answer, no answering machine.
567	Meeting	12/12/04	L&M Lumber & Nechako Lumber, the Proponent	Project introduction and discussion on stakeholder's land use in the area.
568	E-mail	12/12/06	L&M Lumber & Nechako Lumber, the Proponent	The Proponent provided a map of the 2012 exploration activity.
569	E-mail	12/12/06	L&M Lumber & Nechako Lumber, the Proponent	The Proponent provided a map of the proposed 2013 exploration activity.

665	Phone Call	13/04/11	Trapline TR0712T039, the Proponent	Meeting with the trapline owner's father to discuss the revised proposed transmission line route set for 13/04/16.
666	Phone Call	13/04/11	Trapline TR0601T006, the Proponent	Meeting with the trapline tenure holder to discuss the revised proposed transmission line route set for 13/04/17.
667	Drop-in Visit/Casual Meeting	13/04/12	Range Tenure Holder, Trapline TR0604T053, the Proponent	The Proponent informed the stakeholder that his trapline and range tenure are no longer affected by the revised proposed transmission line route.
668	Phone Call	13/04/12	Landowner, the Proponent	Landowner is fine with the revised proposed transmission line route.
669	Meeting	13/04/15	Crystal Lake Resort, Trapline TR0712T043, the Proponent	The Proponent provided an update on the proposed transmission line route. Guide-outfitter/trapper is happy with the changes.

**BLACKWATER GOLD PROJECT**

APPLICATION FOR AN  
ENVIRONMENTAL ASSESSMENT CERTIFICATE /  
ENVIRONMENTAL IMPACT STATEMENT  
ASSESSMENT PROCESS

<b>ID #</b>	<b>Event Type</b>	<b>Date (YY/MM/D)</b>	<b>Participating Organizations</b>	<b>Summary</b>
670	Meeting	13/04/15	Rim Rock Ranch, the Proponent	The Proponent provided an update on the proposed transmission line route. Range tenure holders are happy with the changes.
671	Meeting	13/04/15	Hallett Lake Outfitters Ltd., Trapline TR0712T029, the Proponent	The Proponent provided an update on the proposed transmission line route. Guide-outfitters/trapper noted some concerns with the route.
672	Meeting	13/04/16	Pitka Mountain Outfitters Ltd., the Proponent	The Proponent provided an update on the proposed transmission line route. Guide-outfitter is happy with the route, but expressed concern about effects of construction on hunting.
673	Meeting	13/04/16	Tatelkuz Lake Ranch Resort, the Proponent	Discussion topics included the proposed water pipeline route to Tatelkuz Lake, fencing along the road access, proposed transmission line route and potential effects on their airstrip.
674	Meeting	13/04/16	CTN Ranching Ltd., the Proponent	The Proponent provided an update on the proposed transmission line route. Concerns have been addressed with the revised route.
675	Meeting	13/04/16	Dykam Ranch and Woodlot Ltd., the Proponent	Discussed the revised proposed transmission line route and potential impacts to the range holder's tenure.
676	Meeting	13/04/16	Range Tenure Holder, the Proponent	Discussed the revised proposed transmission line route and potential impacts to the range holder's tenure.
677	Meeting	13/04/17	Trapline TR0601T003, the Proponent	Discussed the revised proposed transmission line route. Trapline/range tenure holder has no concerns with the first route option, but has concerns with the second option.
678	Meeting	13/04/17	Trapline TR0601T006, the Proponent	Discussed the revised proposed transmission line route. Trapline tenure holder is fine with the revised route, but noted that any crossing of his tenure will have negative impacts on his trapping.
679	Meeting	13/04/17	Nechako Retreat, the Proponent	Discussed the revised proposed transmission line route. Landowners noted that the changes are better, but are still concerned about increased access to the area for hunters and recreational users.

<b>ID #</b>	<b>Event Type</b>	<b>Date (YY/MM/D)</b>	<b>Participating Organizations</b>	<b>Summary</b>
705	E-mail	13/05/22	RJK Exploration, the Proponent	Further to the stakeholder's office visit, the Proponent provided a copy of the project map and a link to the project description.
706	Letter	13/05/22	Mountain Boy Minerals, the Proponent	Mineral tenure holder (#846788, 846794, 846797, and 846798) has no objections to the proposed site investigation program for the transmission line.
707	Phone Call	13/05/22	Batnuni Lake Guides & Outfitters Ltd., the Proponent	Discussed the 2013 exploration program. Guide-outfitter has no specific concerns regarding the program.
708	Drop-in Visit/Casual Meeting	13/05/22	RJK Exploration, the Proponent	Stakeholder stopped by the office to get further information on the Project and proposed transmission line after receiving the 13/05/17 letter regarding crossing the RJK mineral tenure.
709	E-mail	13/05/23	Batnuni Lake Guides & Outfitters Ltd., the Proponent	Guide-outfitter confirmed receipt of the letter on the 2013 exploration program. He does not have concerns about the program in specific, but does have concerns with overall impacts in the area from the Project.
710	E-mail	13/05/28	Crystal Lake Resort, Trapline TR0712T043, the Proponent	The Proponent provided an updated proposed transmission line route map, which includes changes to the route in the stakeholder's trapline tenure and guide-outfitter area.
711	Letter	13/05/28	Trapline TR0712T036, the Proponent	The Proponent provided information on the project by registered letter and requested a meeting to discuss. NOTE: Registered letter returned (undeliverable).
712	Phone Call	13/05/30	Batnuni Lake Guides & Outfitters Ltd., the Proponent	Discussed the guide-outfitters' concerns about general potential project impacts on his guide-outfitter territory.
713	Letter	13/06/03	Trapline TR0712T014, the Proponent	The Proponent notified the trapline tenure holders of the Project and proposed transmission line by registered letter, and requested a meeting to discuss any potential concerns.
714	E-mail	13/06/04	Pitka Mountain Outfitters Ltd., the Proponent	The Proponent provided information on the proposed geotechnical program for the transmission line.
715	E-mail	13/06/04	Batnuni Lake Guides & Outfitters Ltd., the Proponent	The Proponent provided information on the proposed geotechnical program for the transmission line.

<b>ID #</b>	<b>Event Type</b>	<b>Date (YY/MM/DD)</b>	<b>Participating Organizations</b>	<b>Summary</b>
755	Phone Call	13/10/25	Tatelkuz Lake Ranch Resort, the Proponent	Tatelkuz Lake Ranch left a message to discuss the replacement of a falling bridge deck that the Proponent also utilizes for transportation.
756	Letter	13/10/31	BC Environmental Assessment Office, BC Wildlife Federation, Nadleh Whut'en First Nation (NWFN), Nature Trust, Nechako Retreat, Rim Rock Ranch, Saik'uz First Nation (SFN), Trapline TR0712T014, the Proponent	Nechako Retreat sent a letter to the British Columbia Environmental Assessment Office regarding their concerns about the proposed location of the power line between the B.C. Hydro Provincial grid south of Endako and the proposed project site. They stated that some portions of the proposed route are entirely unacceptable and they will attempt to explain why and offer a solution.
757	E-mail	13/11/01	Tatelkuz Lake Ranch Resort, the Proponent	Email from the Proponent confirming two week loan of D6/D7 Cat to Tatelkuz Lake Ranch.
758	E-mail	13/11/01	Tatelkuz Lake Ranch Resort, the Proponent	The Proponent lent Tatelkuz Lake Ranch the use of the D6/ D7 for approximately 2 weeks. The proponent committed to make arrangements to get this task done. The Proponent also proposed to discuss fencing, power and bridges in December 2013.
759	E-mail	13/11/01	Nechako Retreat, the Proponent	The Proponent provided Nechako Retreat with the Nature's Trust's contact information as per their request.
760	Phone Call	13/11/14	Tatelkuz Lake Ranch Resort, the Proponent	Tatelkuz Lake Ranch contacted the Proponent regarding the bridge and was advised that New Gold was working on assessing the bridge, however a decision would not be made until late 2013. The Tatelkuz Lake Ranch indicated the bridge was currently unsafe. Plans for further discussion were made at the time.
761	E-mail	13/11/15	Laidman Lake EcoLodge BC (PID 015493032), the Proponent	Laidman Lake sent an e-mail providing information on their activity in the area and requested project information. The Proponent proposed a meeting at the convenience of the Laidman Lake Lodge owner.
762	E-mail	13/11/18	Laidman Lake EcoLodge BC, the Proponent	The Laidman Lake Lodge notified the Proponent the lodge is closed for the season and expressed interest in discussing the Project in more detail. They requested to be included in the environmental impact and assessment studies. The Proponent suggested a phone call meeting with Laidman Lake Lodge to discuss their requests.
