

Brucejack Gold Mine Project: Application for an Environmental Assessment  
Certificate/Environmental Impact Statement

Document Structure

VOLUME 1

*Part A. Introduction and Background*

Table of Concordance  
Preface to the Application/EIS (including Purpose of the Application)  
Executive Summary  
Acknowledgements  
Table of Contents  
Acronyms and Abbreviations  
Glossary

Chapter 1 - Project Overview  
Chapter 2 - Assessment Process  
Chapter 3 - Information Distribution and Consultation  
Chapter 4 - Project Design and Alternatives Assessment  
Chapter 5 - Project Description  
Chapter 6 - Assessment Methodology

VOLUME 2

*Part B. Predictive Studies*

Chapter 7 - Air Quality Predictive Study  
Chapter 8 - Noise Predictive Study  
Chapter 9 - Hydrogeology Predictive Study  
Chapter 10 - Surface Water Hydrology Predictive Study  
Chapter 11 - Terrain and Soils Predictive Study

*Part C. Assessment of Potential Effects, Mitigation, and Significance of Residual Effects – Biophysical Environment*

Chapter 12 - Assessment of Potential Climate Effects  
Chapter 13 - Assessment of Potential Surface Water Quality Effects  
Chapter 14 - Assessment of Potential Aquatic Resources Effects  
Chapter 15 - Assessment of Potential Fish and Fish Habitat Effects

VOLUME 3

*Part C. (continued)*

Chapter 16 - Assessment of Potential Terrestrial Ecology Effects  
Chapter 17 - Assessment of Potential Wetlands Effects  
Chapter 18 - Assessment of Potential Wildlife Effects

VOLUME 4

*Part D. Assessment of Potential Effects, Mitigation, and Significance of Residual Effects – Human Environment*

Chapter 19 - Assessment of Potential Economic Effects  
Chapter 20 - Assessment of Potential Social Effects  
Chapter 21 - Assessment of Potential Health Effects  
Chapter 22 - Assessment of Potential Heritage Effects  
Chapter 23 - Assessment of Potential Navigation Effects  
Chapter 24 - Assessment of Potential Commercial and Non-commercial Land Use Effects  
Chapter 25 - Assessment of Potential Effects to Current Use of Lands and Resources for Traditional Purposes

VOLUME 5

*Part E. Aboriginal Groups and Nisga'a Nation*

Chapter 26 - Assessment of Effects on Asserted or Established Aboriginal Rights and Interests  
Chapter 27 - Assessment of Nisga'a Nation Treaty Rights, Interests, and Information Requirements

*Part F. Environmental Management Plans and Reporting*

Chapter 28 - Environmental Management System  
Chapter 29 - Environmental Management and Monitoring Plans  
Chapter 30 - Closure and Reclamation

*Part G. Other Requirements*

Chapter 31 - Accidents and Malfunctions  
Chapter 32 - Effects of the Environment on the Project  
Chapter 33 - Federal Summaries  
Chapter 34 - Federal Cumulative Effects Assessment

*Part H. Summary and Conclusions*

Chapter 35 - Summary and Conclusions

## List of Appendices

|   |  |   |
|---|--|---|
| Part A  | <ul style="list-style-type: none"> <li>• Appendix 3-A Notice of Open Houses and Invitation to Comment</li> <li>• Appendix 3-B Project Information Booklet</li> <li>• Appendix 3-C Project Posters and Maps Displayed at DAIR Open Houses (November 2013)</li> <li>• Appendix 3-D Summary of Communications with Aboriginal Groups</li> <li>• Appendix 3-E Aboriginal Issues Tracking Tables</li> <li>• Appendix 3-F Notice of Open Houses (Pretlvm)</li> <li>• Appendix 3-G Summary of Communications with Government Agencies</li> <li>• Appendix 3-H Government Agencies Issues Tracking Table</li> <li>• Appendix 3-I Summary of Communications with the Public (until May 16, 2014)</li> <li>• Appendix 3-J Public Issues Tracking Table</li> <li>• Appendix 3-K Brucejack Gold Mine Project: Aboriginal Consultation Plan</li> <li>• Appendix 3-L Pre-Application Aboriginal Consultation Report</li> <li>• Appendix 3-M Brucejack Gold Mine Project: Public Consultation Plan</li> <li>• Appendix 3-N Pre-Application Public Consultation Report</li> </ul>                          | Vol 6   |
|   | <ul style="list-style-type: none"> <li>• Appendix 4-A Brucejack Underground Preliminary Assessment - Leach Tailings Facility Site Selection</li> <li>• Appendix 4-B Brucejack Project – Tailings Alternatives Assessment</li> </ul>  |   |
|   | <ul style="list-style-type: none"> <li>• Appendix 5-A Feasibility Study and Technical Report Update on the Brucejack Project, Stewart, BC</li> <li>• Appendix 5-B Brucejack Environmental Assessment: ML/ARD Baseline Report</li> <li>• Appendix 5-C Brucejack Project Environmental Assessment – Water Management Plan</li> <li>• Appendix 5-D Brucejack Project: Geotechnical Stability Assessment of Waste Rock Deposition in Brucejack Lake</li> <li>• Appendix 5-E Brucejack Gold Mine Project: Brucejack Lake Tailings System Design</li> <li>• Appendix 5-F Brucejack Project: Geohazard and Risk Assessment</li> <li>• Appendix 5-G Brucejack Access Road: Upgrade Prescription</li> <li>• Appendix 5-H Brucejack Project: Preliminary Avalanche Hazard Management Plan for Mine Construction and Operations</li> <li>• Appendix 5-I Brucejack Project Ground Control Management Plan – Outline</li> <li>• Appendix 5-J Brucejack Lake Outlet Stability</li> </ul>   | Vol 7   |
|   | <ul style="list-style-type: none"> <li>• Appendix 5-A Brucejack Gold Mine Project: 2012 Meteorology Baseline Report</li> <li>• Appendix 7-B Brucejack Gold Mine Project: 2012 Air Quality Baseline Report</li> <li>• Appendix 7-C Brucejack Gold Mine Project: Conceptual Model Plan</li> </ul>  | Vol 8   |
|   | <ul style="list-style-type: none"> <li>• Appendix 8-A Brucejack Gold Mine Project: 2012 Noise Baseline Report</li> <li>• Appendix 8-B Brucejack Gold Mine Project: Environmental Noise Modelling Study</li> </ul>  | Vol 9   |
|   | <ul style="list-style-type: none"> <li>• Appendix 9-A Brucejack Project Environmental Assessment: Hydrogeology Baseline Report</li> <li>• Appendix 9-B Brucejack Project Environmental Assessment: Numerical Hydrogeologic Model</li> </ul>  | Vol 10  |
|   | <ul style="list-style-type: none"> <li>• Appendix 10-A Brucejack Gold Mine Project: 2012 Surface Water Hydrology Baseline Report</li> <li>• Appendix 10-B Potential Interactions between the Brucejack Gold Mine Project and Channel Morphology: Preliminary Results</li> <li>• Appendix 10-C Potential Interactions between the Glacier Section of Brucejack Access Road and Knipple Glacier Ablation</li> </ul>  | Vol 11  |
|   | <ul style="list-style-type: none"> <li>• Appendix 11-A Brucejack Project – Preliminary Identification of Geohazards for the Proposed Transmission Line</li> <li>• Appendix 11-B Preliminary Assessment of Subsidence Potential for the Brucejack Project</li> <li>• Appendix 11-C Brucejack Project Feasibility Study: Underground Rock Mechanics Assessment</li> <li>• Appendix 11-D Brucejack Soil Mapping Units – Rationale for Ecological Function Ratings</li> </ul>  | Vol 12  |
