APPENDIX A Compliance Status of Federal Decision Statement Conditions

APPENDIX B Records of Engagement (2020 Reporting Period)

Appendix B1 Indigenous Records of Engagement (2020 Reporting Period)

Appendix B2 Public and Stakeholder Records of Engagement (2020 Reporting Period)

Appendix B3 Government Records of Engagement (2020 Reporting Period)

DEFINITIONS, ACRONYMS AND ABBREVIATIONS

ARD / ML	Acid Rock Drainage / Metal Leaching
CEAA, 2012	*Canadian Environmental Assessment Act, 2012*
DFO	Fisheries and Oceans Canada
EA	Environmental Assessment
EAA	*Environmental Assessment Act*
ECA	Environmental Compliance Approval
ECCC	Environment and Climate Change Canada
EER	Environmental Effects Review
EPCM	Engineering, Procurement and Construction Management
IAAC	Impact Assessment Agency of Canada, previously the Canadian Environmental Assessment Agency
IAMGOLD	IAMGOLD Corporation
IBA	Impact and Benefit Agreement
km	Kilometers
LRIA	*Lakes and Rivers Improvement Act*
MDMER	Metal and Diamond Mining Effluent Regulations
MECP	Ministry of the Environment, Conservation and Parks
MNRF	Ministry of Natural Resources and Forestry
MOECC	Ministry of Environment and Climate Change, now the Ministry of the Environment, Conservation and Parks
PPE	Personal Protective Equipment
Project	The Côté Gold Project
Registry	IAMGOLD Electronic Commitments Registry System
Reporting Period	Activities Undertaken by IAMGOLD During the Period from January 1, 2020 Through December 31, 2020
SEMMP	Socio-Economic Management and Monitoring Plan
SIIMS	Stakeholder Issues and Information Management System
the EA	Amended Environmental Impact Statement / Final Environmental Assessment Report (AMEC, January 2015)

EXECUTIVE SUMMARY – ENGLISH

IAMGOLD Corporation (IAMGOLD) commenced construction of the Côté Gold Project (Project) in August 2020. The Project is a new open pit gold mine in the Chester and Yeo Townships, within the District of Sudbury, in northeastern Ontario. The Project area is located approximately 20 kilometres (km) southwest of Gogama, 40 km southwest of Mattagami First Nation, 130 km southwest of Timmins, and 200 km northwest of Sudbury.

An Environmental Assessment (EA) was completed for the Project under the *Canadian Environmental Assessment Act*, 2012 (CEAA, 2012) and the Ontario *Environmental Assessment Act* (EAA, 1990). The Amended Environmental Impact Statement / Final Environmental Assessment Report is hereafter referred to as the EA (AMEC, January 2015). A Decision Statement was issued by the Federal Minister of Environment and Climate Change Canada (ECCC) on April 13, 2016.

Following receipt of the EA approvals, IAMGOLD identified various opportunities to optimize the Project and undertook an Environmental Effects Review (EER) to evaluate the potential effects of changes resulting from the optimization of the Project compared to that presented in the EA. The EER concluded that predicted environmental effects of the Project are similar or reduced compared to the EA, and the conclusions of the EA remain valid. The EER also included an updated summary of mitigation and monitoring commitments. The EER was accepted by the Canadian Environmental Assessment Agency (now the Impact Assessment Agency of Canada (IAAC)) and Ontario Ministry of Environment, Conservation and Parks (MECP, previously the MOECC). A revised Decision Statement for the Project was issued by the Federal Minister of Environment and Climate Change on February 25, 2019.

IAMGOLD continued to advance permitting activities throughout 2020 to support anticipated construction activities. In July 2020, IAMGOLD announced the decision to proceed with construction with a submission of a Notice of Intention to Proceed with Construction to MECP on July 21, 2020, with copies provided to other Provincial agencies as well as the IAAC, Indigenous communities and various stakeholders. The Notice was submitted 30 days prior to the commencement of the Construction phase, which was initiated on August 20, 2020. Early Construction phase activities in 2020 included fish salvage, fish habitat compensation activities, on-site camp preparation, overburden stripping and road updates and access development.

IAMGOLD tracked compliance with Federal EA requirements throughout 2020 using various compliance management tools including an electronic commitment registry, and progressed in developing and implementing a suite of management and monitoring plans designed to support implementation of Project commitments.

IAMGOLD continues to maintain engagement with Indigenous communities which includes the review of Project documentation, such as permits, management and monitoring plans, and follow-up programs. Following the construction announcement, IAMGOLD and its Impact and Benefit Agreement (IBA) partners, Mattagami First Nation and Flying Post First Nation, began to fully implement the various provisions contained within the IBA. IAMGOLD also continued to advance negotiations with the Métis Nation of Ontario related to the development of a Project agreement and continued to communicate and engage with other Indigenous communities as identified by the Federal and Provincial governments.

This report has been prepared to fulfill Annual Reporting requirements as outlined under Condition 2.6 of the revised Decision Statement (February 25, 2019). The report describes activities undertaken by IAMGOLD to comply with each of the conditions of the revised Decision Statement during the reporting period of January 1, 2020, through December 31, 2020.

EXECUTIVE SUMMARY – FRENCH

IAMGOLD Corporation (« IAMGOLD ») a commencé la construction du projet Côté (le « projet ») en août 2020. Le projet consiste en une nouvelle mine d'or à ciel ouvert dans les cantons de Chester et de Yeo, qui sont situés dans le district de Sudbury, dans le nord-est de l'Ontario. Le projet se trouve à quelque 20 km au sud-ouest de Gogama, 40 km au sud-ouest de la Première Nation de Mattagami, à 130 km au sud-ouest de Timmins et à 200 km au nord-ouest de Sudbury.

Une évaluation environnementale a été réalisée pour le projet en vertu de la Loi canadienne sur l'évaluation environnementale (2012), LC 2012 et de la Loi sur les évaluations environnementales (LRO 1990) de l'Ontario. L'étude d'impact environnemental modifiée / rapport d'évaluation environnementale final est ci-après appelée l'EIE (AMEC, janvier 2015). Une déclaration de décision a été délivrée par le ministre fédéral d'Environnement et Changement climatique Canada (ECCC) le 13 avril 2016.

Après avoir reçu les approbations de l'EIE, IAMGOLD a décelé diverses occasions pour optimiser le projet et a entrepris un examen des effets sur l'environnement (EEE) pour évaluer les effets potentiels des changements découlant de l'optimisation du projet par rapport à ce qui a été présenté dans l'EIE. L'EEE a conclu que les effets prévus du projet sur l'environnement sont similaires ou réduits par rapport à l'EIE, et que les conclusions de l'EIE demeurent valables. L'EEE présentait également un résumé actualisé des engagements en matière d'atténuation et de surveillance. L'EEE a été accepté par l'Agence d'évaluation d'impact du Canada (AEIC) (auparavant, l'Agence canadienne d'évaluation environnementale) et le ministère de l'Environnement, de la Protection de la nature et des Parcs de l'Ontario (MECP) (auparavant, le ministère de l'Environnement et de l'action en matière de changement climatique). Une déclaration de décision révisée pour le projet a été publiée par le ministre fédéral d'ECCC le 25 février 2019.

IAMGOLD a poursuivi ses démarches liées à l'obtention de permis en 2020 aux fins de l'éventuelle construction. En juillet 2020, IAMGOLD a annoncé sa décision de procéder à la construction du projet en soumettant un avis d'intention de procéder à la construction au MECP le 21 juillet 2020, ainsi qu'aux autres organismes provinciaux, l'AEIC, les communautés autochtones et diverses parties prenantes. L'avis a été soumis 30 jours avant le commencement de la construction, laquelle a été amorcée le 20 août 2020. Les activités du début de la phase de construction en 2020 comprenaient la récupération des poissons, les activités de compensation relativement à l'habitat des poissons, la préparation du camp sur le site, l'enlèvement des morts-terrains, la réfection des routes et le développement de l'accès.

IAMGOLD a assuré le suivi de la conformité aux exigences fédérales en ce qui a trait à l'EIE tout au long de l'année 2020 à l'aide de divers outils de gestion de la conformité, notamment un registre électronique des engagements, et a fait progresser l'élaboration et la mise en œuvre d'une série de plans de gestion et de surveillance conçus pour soutenir la mise en œuvre des engagements du projet.

IAMGOLD continue de maintenir l'engagement avec les communautés autochtones, y compris l'examen de la documentation du projet, comme les permis, les plans de gestion et de surveillance, ainsi que les programmes de suivi. Après l'annonce de la construction, IAMGOLD et ses partenaires dans le cadre de l'entente sur les répercussions et les avantages, soit la Première Nation de Mattagami et la Première Nation Flying Post, ont commencé à mettre pleinement en œuvre les diverses dispositions de cette entente. IAMGOLD a également poursuivi les négociations avec la Métis Nation of Ontario concernant l'élaboration d'un accord visant le projet et a continué à communiquer et à s'engager avec d'autres communautés autochtones identifiées par les gouvernements fédéral et provincial.

Ce rapport a été préparé pour satisfaire aux exigences en matière de rapport annuel, tel qu'il est décrit à la condition 2.6 de la déclaration de décision révisée (25 février 2019). Le rapport décrit les activités entreprises par IAMGOLD pour se conformer à chacune des conditions de la déclaration de décision révisée au cours de la période de déclaration du 1er janvier 2020 au 31 décembre 2020.

1.0 INTRODUCTION

IAMGOLD Corporation (IAMGOLD) commenced construction of the Côté Gold Project (Project) in August 2020. The Project is a new open pit gold mine in the Chester and Yeo Townships, within the District of Sudbury, in northeastern Ontario. The Project area is located approximately 20 kilometres (km) southwest of Gogama, 40 km southwest of Mattagami First Nation, 130 km southwest of Timmins, and 200 km northwest of Sudbury.

An Environmental Assessment (EA) was completed for the Project under the *Canadian Environmental Assessment Act*, 2012 (CEAA, 2012) and the Ontario *Environmental Assessment Act* (EAA, 1990). The Amended Environmental Impact Statement / Final Environmental Assessment Report is hereafter referred to as the EA (AMEC, January 2015). A Decision Statement was issued by the Federal Minister of Environment and Climate Change Canada (ECCC) on April 13, 2016, and a Notice of Approval was issued by the Ontario Minister of the Environment and Climate Change (MOECC) on December 22, 2016.

Following receipt of the EA approvals, IAMGOLD identified various opportunities to optimize the Project and undertook an Environmental Effects Review (EER) to evaluate the potential effects of changes resulting from the optimization of the Project compared to that presented in the EA. The EER concluded that predicted environmental effects of the Project are similar or reduced compared to the EA, and the conclusions of the EA remain valid. The EER also included an updated summary of mitigation and monitoring commitments. The EER was accepted by the Canadian Environmental Assessment Agency (now the Impact Assessment Agency of Canada (IAAC)) and Ontario Ministry of Environment, Conservation and Parks (MECP, previously the MOECC). A revised Decision Statement for the Project was issued by the Federal Minister of Environment and Climate Change on February 25, 2019.

This report has been prepared to fulfill the Annual Reporting requirements as outlined under Condition 2.6 of the revised Decision Statement. The report describes activities undertaken by IAMGOLD to comply with each of the conditions in the revised Decision Statement during the reporting period of the 2020 calendar year and includes updates related to pre-Construction Design and Planning phase and early Construction phase activities.

2.0 REPORT SCOPE AND REQUIREMENTS

The scope of this Annual Report is to outline how IAMGOLD has complied with conditions of the revised Decision Statement. This report covers the Project activities undertaken by IAMGOLD during the period from January 1, 2020, through December 31, 2020 (herein referred to as the "reporting period"), which includes pre-Construction Design and Planning phase and early Construction phase activities.

Condition 2.6 of the revised Decision Statement outlines the Annual Report information requirements for the Project. Table 2-1 outlines the section references within this document that demonstrate concordance with these requirements.

Table 2-1: Annual Report Information Requirements and IAMGOLD Concordance

Condition	IAMGOLD Concordance
2.6: The Proponent shall, commencing in the reporting year that implementation of the conditions set out in this Decision Statement begins, prepare an annual report that sets out:	
2.6.1: the activities undertaken in the reporting year to comply with each of the conditions set out in this Decision Statement;	Appendix A presents a list of all the revised Decision Statement conditions and describes the activities taken by IAMGOLD in the reporting period to comply with each condition.
2.6.2: how the Proponent complied with condition 2.1;	In addition to Appendix A, further information is provided in Section 4 (Approach to Compliance Management).
2.6.3: for conditions set out in this Decision Statement for which consultation is a requirement, how the Proponent considered any views and information that the Proponent received during or as a result of the consultation;	In addition to Appendix A, further information is provided in Section 5 (Consultation and Engagement).
2.6.4: the results of the follow-up program requirements identified in conditions 4.3, 5.5 and 6.4; and	In addition to Appendix A, further information is provided in Section 6 (Follow-Up Programs).
2.6.5: any additional mitigation measures implemented or proposed to be implemented by the Proponent, as determined under condition 2.4.	In addition to Appendix A, further information is provided in Section 6 (Follow-Up Programs).

3.0 PROJECT UPDATE

This section provides a general update on the pre-Construction Design and Planning phase and early Construction phase activities undertaken for the Project during the reporting period. The overall implementation schedule has been included to provide context for the compliance reporting.

IAMGOLD continued to advance permitting activities throughout 2020 to support anticipated Construction phase activities including ongoing engineering and consultation and engagement with interested parties and Indigenous groups.

In July 2020, IAMGOLD announced the decision to proceed with construction. The announcement included a press release as well as submission of a Notice of Intention to Proceed with Construction to MECP on July 21, 2020, with copies provided to other Provincial agencies as well as the IAAC, Indigenous communities and various stakeholders. The Notice was submitted 30 days prior to the commencement of the Construction phase, which was initiated on August 20, 2020.

Early Construction phase activities in 2020 included fish salvage, fish habitat compensation activities, on-site camp preparation, overburden stripping, road updates and access development. To support an understanding of the Project phases referenced in Appendix A, key Project milestones are provided below (see Table 3-1). The implementation schedule in Appendix A identifies the applicable Project phases during which each Federal condition has been or will be implemented, thereby identifying the start and completion dates as indicated in the milestone schedule below. It should be noted that although start and completion dates for each Project phase are outlined for the purposes of compliance tracking and general communications, mine planning and development activities associated with these phases overlap (e.g., design and planning continue during the Construction phase).

Table 3-1: Project Milestones

Project Phase	Start Date	Completion Date[1]	Duration[1]
Pre-Construction Design and Planning	Dec 2016	Aug 2020	3.5 years
Construction	Aug 2020	H1 2023[2]	2 years
Operations	H2 2023[2]	2039	16 years
Closure[1]	2039	-	-
Decommissioning[3]	2039	2041	2 years
Active Closure[4]	2041	2071	30 years
Passive Closure and Site Close Out[5]	2071	-	-

[1]Completion dates and durations are approximate and are subject to change and will be based on monitoring results and direction from regulatory authorities.

[2]H1 refers to January through June; H2 refers to July through December.

[3]Decommissioning: Demolition and major site rehabilitation activities. Pumping and monitoring activities implemented.

[4]Active Closure: Dams are removed, and the open pit is allowed to flood. Pumping and monitoring activities implemented.

[5]Passive Closure: Commences once the open pit is flooded and passively discharges to Three Duck Lake (Upper).

4.0 APPROACH TO COMPLIANCE MANAGEMENT

This section outlines IAMGOLD's approach to monitoring and maintaining Project compliance with regulatory requirements and commitments during the reporting period, and provides information on how IAMGOLD is maintaining compliance with Condition 2.1:

> *The proponent shall, throughout all phases of the Designated Project, ensure that its actions in meeting the conditions set out in this Decisions Statement are considered in a careful and precautionary manner, promote sustainable development, are informed by the best available information and knowledge, including community and Indigenous traditional knowledge, are based on validated methods and models, are undertaken by qualified individuals, and have applied the best available economically and technologically feasible mitigation measures.*

IAMGOLD continues to design, permit and advance construction of the Project in a manner that aligns with the company's corporate standards and policies. IAMGOLD also considers and incorporates the expertise of the selected Engineering, Procurement and Construction Management (EPCM) consultant, a team of qualified environmental consultants to support environmental permitting, management planning and monitoring efforts, and ongoing engagement with Indigenous communities.

IAMGOLD is committed to continued compliance with the provisions of the revised Decision Statement throughout all Project phases. IAMGOLD maintains an electronic registry system to maintain accurate records of all commitments. The registry system includes all conditions of approval, EA / EER mitigation and monitoring commitments, and any additional requirements (e.g., commitments resulting from consultation and engagement activities). IAMGOLD regularly updates the registry for compliance management and tracking.

IAMGOLD, in conjunction with the EPCM contractor, have also developed a series of management and monitoring plans for the Project with the aim of ensuring that EA and permit conditions and other Project commitments are implemented effectively. The list, titles and structure of environmental management and monitoring for the Project are subject to change as the Project progresses and include overarching plans that have detailed technical plans incorporated or appended. Some of the key plans include:

- Environmental Management Plan
- Community Communication Plan
- Management of Community Grievances
- Indigenous Consultation Plan
- Socio-economic Management and Monitoring Plan
- Traditional Land Use Follow-Up Monitoring Program
- Indigenous Environmental Health Follow-Up Program
- Archaeology and Heritage Management Plan
- Transportation and Traffic Management Plan
- Aquatic Management and Monitoring Plan
- Terrestrial Systems and Habitat Biodiversity Management and Monitoring Plan
- Water Management and Monitoring Plan
- Air Quality Management and Monitoring Plan
- Noise and Vibration Management and Monitoring Plan
- Blasting / Explosives Management Plan

- Mine Rock and Acid Rock Drainage / Metal Leachate (ARD / ML) Management Plan
- Soil Management Plan
- Erosion and Sediment Control Plan
- Waste Management Plan
- Dam Management Plan
- Spills Prevention and Response Plan
- Emergency Response Plan

The registry and management and monitoring plans are updated on an ongoing and as-needed basis, no less frequently than annually during the Construction, Operations and Closure (active) phases of the Project.

5.0 CONSULTATION AND ENGAGEMENT

This section provides a summary of key consultation and engagement activities undertaken during the reporting period. The revised Decision Statement includes multiple conditions for which consultation is a requirement, including the conditions noted in Table 5-1.

Table 5-1: Summary of Key Conditions Containing Consultation and Engagement Requirements

Topic	EA Conditions
General Conditions	2.2, 2.3, 2.5, 2.6
Fish and Fish Habitat	3.7
Current Use of Lands and Resources for Traditional Purposes and Socio-economic Conditions	5.3, 5.5, 5.7
Health of Indigenous Peoples	6.3, 6.4, 6.5
Physical and Cultural Heritage and Structure, Site or Thing of Historical, Archaeological, Paleontological or Architectural Significance	7.1
Accidents or Malfunctions	8.2, 8.3, 8.5

Appendix A provides detailed information on how specific condition requirements were met, including the method by which information was shared and how input received was considered by IAMGOLD, Appendix B provides a detailed record of each Project-related communications during the reporting period (Appendix B1 – Indigenous Records of Engagement, Appendix B2 – Public and Stakeholder Records of Engagement, Appendix B3 – Government Records of Engagement). IAMGOLD's approach to consultation and engagement focuses on building and preserving relationships with affected communities and interested stakeholders. Consultation with Indigenous groups (First Nations and Métis) and stakeholders began in 2012, informed the EA process, and has continued since Federal and Provincial EA approval. An Indigenous Consultation Plan outlines how IAMGOLD will engage with Indigenous communities throughout all phases of the Project. It was developed with input from communities and is available at: www.iamgold.com/cotegold-community-engagement.

Following the construction announcement, IAMGOLD and its Impact and Benefit Agreement (IBA) partners, Mattagami First Nation and Flying Post First Nation, began to fully implement the various provisions contained within the IBA. IAMGOLD also continued to advance negotiations with the Métis Nation of Ontario related to the development of a Project agreement and continued to communicate and engage with other Indigenous communities as identified by the Federal and Provincial governments.

Community relations and consultation activities during 2020 focused on:

- Maintaining and enhancing relationships with Indigenous groups and key stakeholders.
- Consultation related to programs or plans as noted in Table 5-1.
- Consultation on permit applications.
- Supporting communities with COVID-19 relief needs and communicating measures implemented to keep the Project workforce and the local communities safe.
- Implementation of the IBA with Mattagami First Nation and Flying Post First Nation, including regular Environmental Management Committee meetings.
- Advancing negotiations with Métis Nation of Ontario on a Project agreement.

On account of COVID-19, community relations activities transitioned abruptly in March 2020 from a blend of in-person and online meetings and discussions with local (Gogama) and regional (Sudbury and Timmins) stakeholders and Indigenous groups to strictly online or telephone meetings. Key consultation and engagement activities included:

- Publishing four (4) Côté Gold Project newsletters (March, June, September, and December) including a Special Edition newsletter in July highlighting the Project construction announcement.
- Sharing permit applications via SharePoint sites to Indigenous communities as well as providing notifications to communities of the availability of new documents, including permit approvals.
- Providing capacity funding to the Métis Nation of Ontario to support their review of several permit applications and closing out comments received from the Métis Nation of Ontario related to the Fish Habitat Compensation Plan and Assessment of Alternatives.
- Participating in bi-weekly Environmental Management Committee meetings with Mattagami First Nation and Flying Post First Nation.
- Coordinating and participating in monthly IBA Committee meetings.
- Meeting to finalize the Socio-economic Management and Monitoring Plan (SEMMP) for Flying Post and Mattagami First Nation and developing a request for proposals for a socio-economic study of current community conditions to support ongoing monitoring.
- Implementing of the Indigenous Consultation Plan, Community Communication Plan and Management of Community Grievances.
- Meeting (March 2020) and communicating with the Gogama SEMMP Committee to finalize the SEMMP for Gogama.
- Tracking consultation and engagement activities throughout the year using the Stakeholder Issues and Information Management System (SIIMS); 1,254 records were entered in 2020.
- Hosting a Ground Breaking Ceremony on September 11, 2020 which was attended by representatives from Flying Post First Nation and Mattagami First Nation. Chief Ray and Chief Boissoneau gave speeches as well as participated in the ground breaking. A number of key provincial and federal politicians and local stakeholders, including a representative from Gogama participated.
- Presenting a cheque to the Gogama Chamber of Commerce ($50,000 CDN) to assist local businesses with the cost of acquiring personal protective equipment (PPE) and supporting continued business operations.
- Securing letters of support from Mattagami First Nation and Flying Post First Nation for all permit applications submitted to date.
- Communicating employment opportunities at the Project site to Mattagami First Nation, Flying Post First Nation, Métis Nation of Ontario and Gogama.

6.0 FOLLOW-UP PROGRAMS

This section provides a summary of activities undertaken during the reporting period related to the follow-up programs required by Conditions 4.3, 5.5 and 6.4.

6.1 Migratory Birds Follow-Up Program

The Biodiversity Monitoring Plan prepared for the Project includes a follow-up program for migratory birds, in accordance with Condition 4.3:

> *The Proponent shall develop prior to construction, and implement during all phases of the Designated Project, a follow-up program to determine the effectiveness of the mitigation measures used to avoid harm to migratory birds, their eggs and nests, including the measures used to comply with conditions 4.1 and 4.2.*

The Migratory Birds Follow-Up Program follows ECCC's guidelines for surveys. The plan has been under development since late 2018, and the current version incorporates feedback from the Ministry of Natural Resources and Forestry (MNRF) and Indigenous communities. A draft version of the plan was shared and discussed with Mattagami First Nation and Flying Post First Nation in April 2020. Comments related to baseline studies and frequency of communication of monitoring results were received during the review period. IAMGOLD provided responses to the comments in May 2020 and revised the plan before sharing an updated version with all Indigenous communities in early October 2020. No comments were received on the October 2020 version.

Initiation of the follow-up program is scheduled for 2021. Since program implementation was not undertaken in the 2020 reporting period, no results are yet available, and no additional mitigation measures have been implemented or are proposed to be implemented.

More detail regarding the individual communications during the plan consultation and review process are available in Appendix B1, records: 1979, 2059, 2080, 2086, 2674, 2686, 2687, 2688.

6.2 Traditional Land Use Follow-Up Program

A Traditional Land Use Follow-Up Monitoring Program was developed in consultation with Indigenous communities, in accordance with Condition 5.5:

> *5.5: The Proponent shall, in consultation with Indigenous groups, develop and implement a follow up program related to the effects of changes to the environment caused by the Designated Project on harvesting, fishing, hunting or trapping activities for traditional purposes by Indigenous groups, to verify the accuracy of the environmental assessment and to determine the effectiveness of the mitigation measures implemented to address those effects. The Proponent shall implement the follow-up program during all phases of the Designated Project.*

The program is designed to monitor traditional land uses that may be affected by the Project as identified during the EA process. Information about how Indigenous peoples use the land in and around the Project area and changes they may see over time will be documented and reviewed through surveys and conversations. In 2020, the Traditional Land Use Follow-Up Program was developed, and a draft version was shared with Mattagami First Nation and Flying Post First Nation for review and comment in August 2020. Both communities indicated to IAMGOLD in August 2020 that they had reviewed the plan

and had no comments. The plan was made available to the Métis Nation of Ontario and Brunswick House First Nation in September 2020 and no comments were received.

Initiation of the follow-up program is scheduled for 2021. Since program implementation was not undertaken in the 2020 reporting period, no results are yet available, and no additional mitigation measures have been implemented or are proposed to be implemented.

More detail regarding the individual communications during the plan consultation and review process are available in Appendix B1, records: 2559, 2590, 2591, 2628, 2629.

6.3 Indigenous Environmental Health Follow-Up Program

An Indigenous Environmental Health Follow-Up Program has been developed in consultation with Indigenous communities, in accordance with Condition 6.4:

> *In order to verify the accuracy of the environmental assessment and to determine the effectiveness of the mitigation measures identified in conditions 6.1, 6.2 and 6.3, the Proponent shall, in consultation with Indigenous groups, develop and implement a follow-up program related to the health of Indigenous peoples that shall include:*
> *- 6.4.1: monitoring the air quality for total suspended particulates, particulate matter (PM10), fine particulate matter (PM2.5), nitrogen oxides and hydrogen cyanide, at a minimum at locations where the highest concentrations of these contaminants are expected within areas where navigation and other current use of lands and resources for traditional purposes occur. The Proponent shall use the 24-hour and 1-hour recommended levels of the Canadian Council of Ministers of the Environment's Canadian Ambient Air Quality Standards and the Ontario Ambient Air Quality Criteria as benchmarks. The Proponent shall conduct this air quality monitoring from the beginning of construction until two years after the start of decommissioning;*
> *- 6.4.2: monitoring dust deposition rates in areas within the property boundary where traditional plant harvesting occurs, to validate that dust deposition rates do not exceed 40 grams per square metre per year;*
> *- 6.4.3: monitoring methylmercury concentrations in surface water and fish tissue of northern pike, walleye, lake whitefish or yellow perch in all water bodies where an increase in water level is predicted as a result of the Designated Project, as well as all other water bodies directly connected to realignment channels, to confirm methylmercury levels do not increase. Methylmercury monitoring shall be implemented from the beginning of construction and occur every three years during the construction and operation phases. Starting at the beginning of the decommissioning phase, monitoring shall occur every five years for 25 years; and*
> *- 6.4.4: monitoring for the presence of ungulates and birds at the tailings management facility and polishing pond during operation and decommissioning.*

The program is designed to monitor aspects of the environment to ensure that potential exposure to chemicals will not have a negative effect on the health of Indigenous peoples who may use the area surrounding the Project site for their traditional practices. Although the EA process determined that health risks are unlikely, IAMGOLD will monitor air, water, fish, and animals through three programs: Air Quality Monitoring Program (Condition 6.4.1 and 6.4.2), Aquatic Monitoring Program (Condition 6.4.3), and Terrestrial Monitoring Program (Condition 6.4.4).

In 2020, the Indigenous Environmental Health Follow-Up Program was developed, and a draft version was shared with Mattagami First Nation, Flying Post First Nation, Métis Nation of Ontario and Brunswick

House First Nation for review and comment in October 2020. No comments were received from the communities.

Initiation of the various technical monitoring programs that contribute to this follow-up program is scheduled for 2021. Since program implementation was not undertaken in the 2020 reporting period, no results are yet available, and no additional mitigation measures have been implemented or are proposed to be implemented.

More detail regarding the individual communications during the plan consultation and review process are available in Appendix B1, records: 2686, 2687, 2688.

	-2.2.3: provide a full and impartial consideration of any views and information presented by the party or parties being consulted; and -2.2.4: advise the party or parties that have provided comments on how the views and information received have been considered by the Proponent.						
EA-FC2.3	Federal EA Condition 2.3 – General The Proponent shall, where consultation with Indigenous groups is a requirement of a condition set out in this Decision Statement, and prior to initiating that consultation, communicate with each Indigenous group to determine the manner by which to satisfy the consultation requirements referred to in condition 2.2, including methods of notification, the type of information and the period of time to be provided when seeking input, the process for full and impartial consideration of any views and information presented and the means by which each Indigenous group will be informed of how the views and information received have been considered by the Proponent.	Y	Y	Y	Y	Indigenous Consultation Plan; Records of Engagement	*Compliance achieved for the reporting period; tracking / implementation ongoing.* The Indigenous Consultation Plan was prepared in consultation with Indigenous communities. The plan includes requirements of this Condition. The plan content was finalized in March 2020. The plan was successfully implemented in the 2020 reporting period and is available at www.iamgold.com/cotegold-community-engagement. Plan-Specific Consultation Summary: • Draft plan shared with all communities (Nov 2018). • Comments received from Mattagami First Nation and Flying Post First Nation (Dec 2018); IAMGOLD incorporated these comments into the plan. • Revised plan shared with all communities (Dec 2019).

							• Following MECP review and subsequent revisions, the updated plan was shared with all communities (Mar 2020). No comments were received.
EA-FC2.4	Federal EA Condition 2.4 – General The Proponent shall, where a follow-up program is a requirement of a condition set out in this Decision Statement: -2.4.1: undertake monitoring and analysis to verify the accuracy of the environmental assessment as it pertains to the particular condition and/or to determine the effectiveness of any mitigation measure(s); -2.4.2: determine whether additional mitigation measures are required based on the monitoring and analysis undertaken pursuant to condition 2.4.1; and -2.4.3: if additional mitigation measures are required pursuant to condition 2.4.2, implement the additional mitigation measures and monitor them pursuant to condition 2.4.1.	N	Y	Y	Y	Indigenous Environmental Health Follow-Up Program; Traditional Land Use Follow-Up Program; Terrestrial Systems and Habitat Biodiversity Management and Monitoring Plan	*Not currently applicable. No applicable activities were undertaken during the reporting period.* In the 2020 reporting period, IAMGOLD developed all required follow-up programs in accordance with the requirements of the revised Decision Statement. Each follow-up program incorporates the requirements listed in this Condition. Follow-up programs are scheduled for implementation beginning in 2021.
EA-FC2.5	Federal EA Condition 2.5 – General Where consultation with Indigenous groups is a requirement of a follow-up program, the Proponent shall discuss with each Indigenous group opportunities for the participation of that Indigenous group in the	Y	Y	Y	Y	Indigenous Consultation Plan; Records of Engagement	*Compliance achieved for the reporting period; tracking / implementation ongoing.* Environmental Monitors were hired by Mattagami First Nation and Flying Post First Nation to support implementation of monitoring activities. A Project agreement with the Métis Nation of Ontario was

EA-FC3.4	Federal EA Condition 3.4 - Fish and Fish Habitat The Proponent shall conduct in-water construction activities during timing windows of least risk for the area, unless otherwise agreed to by relevant federal and provincial authorities. If in-water construction activities cannot be conducted during identified timing windows of least risk, the Proponent shall develop and implement additional mitigation measures, in consultation with Fisheries and Oceans Canada, to protect fish during sensitive life-stages.	N	Y	Y	Y	Aquatic Management and Monitoring Plan	*Compliance achieved for the reporting period; tracking / implementation ongoing.* The Aquatic Management and Monitoring Plan was prepared and includes requirements of this Condition. The plan was successfully implemented during the 2020 reporting period.
EA-FC3.5	Federal EA Condition 3.5 - Fish and Fish Habitat The Proponent shall, in a manner consistent with the *Fisheries Act*, relocate fish to suitable habitats prior to fish habitat alteration or loss, taking into consideration environmental conditions and lifecycle requirements of the fish species that are relocated.	N	Y	Y	Y	Aquatic Management and Monitoring Plan	*Compliance achieved for the reporting period; tracking / implementation ongoing.* The Aquatic Management and Monitoring Plan was prepared and includes a detailed Fish Salvage Plan that was reviewed by DFO in 2020 as part of the *Fisheries Act* Authorization process. The plan was successfully implemented during the 2020 reporting period.
EA-FC3.6	Federal EA Condition 3.6 - Fish and Fish Habitat The Proponent shall design, construct and operate realignment channels and dams in a manner that will maintain fish habitat during all phases of the Designated Project and be consistent with any offsetting plan. In doing so, the Proponent shall maintain fish passage in	Y	Y	Y	Y	*Fisheries Act* Authorization; Aquatic Management and Monitoring Plan	*Compliance achieved for the reporting period; tracking / implementation ongoing.* Weeduck to Three Duck Lake (Upper) reconnection and East Clam and Clam Lake reconnection commenced in the reporting period. Design, construction and operation of the reconnections

	the realigned channels and the natural channels impacted by the Designated Project.						were compliant with the Condition requirements during the 2020 reporting period.
EA-FC3.7	Federal EA Condition 3.7 - Fish and Fish Habitat The Proponent shall, to the satisfaction of Fisheries and Oceans Canada and Environment and Climate Change Canada, and in consultation with Indigenous groups, develop and implement any plan(s) required to offset the loss of fish and fish habitat associated with the carrying out of all phases of the Designated Project.	Y	Y	Y	Y	Aquatic Management and Monitoring Plan; Indigenous Consultation Plan; Records of Engagement; *Fisheries Act* Authorization	*Compliance achieved for the reporting period; tracking / implementation ongoing.* IAMGOLD developed the Offsetting Plan in consultation with DFO and Indigenous communities as part of the *Fisheries Act* Authorization process, and with ECCC as part of the Schedule 2 MDMER amendment. Consultation with Indigenous communities was undertaken in accordance with established protocols as part of the overall Project Consultation and Engagement Program. The Offsetting Plan was finalized in 2020 with receipt of the *Fisheries Act* Authorization in August 2020 and is scheduled for implementation beginning in 2021.
EA-FC3.8	Federal EA Condition 3.8 - Fish and Fish Habitat For any fish habitat offset areas proposed in any offsetting plan(s) under condition 3.7 and prior to submitting a plan to Fisheries and Oceans Canada and Environment and Climate Change Canada, the Proponent shall determine whether there are adverse effects: -3.8.1: on migratory birds and their habitats;	Y	N	N	N	Environmental Effects Review	*Compliance tracking complete; commitment to be archived.* A detailed review of the potential for adverse Project-related effects on all features noted in Condition 3.8 was undertaken as part of the Environmental Effects Review (EER), and the detailed effects assessment informed the technical work undertaken during design and development of the Offsetting Plan.

	birds and avoids harming, killing or disturbing migratory birds or destroying, disturbing or taking their nests or eggs. In this regard, the Proponent shall take into account Environment and Climate Change Canada's Avoidance Guidelines. The Proponent's actions in applying the Avoidance Guidelines shall be in compliance with the Migratory Birds Convention Act, 1994 and with the Species at Risk Act.					Management and Monitoring Plan	The Terrestrial Systems and Habitat Biodiversity Management and Monitoring Plan was prepared and includes a detailed Migratory Birds Protection Management Plan incorporating requirements of this Condition. The plan was successfully implemented during the 2020 reporting period.
EA-FC4.2	Federal EA Condition 4.2 - Migratory Birds The Proponent shall control mine site lighting, including direction, timing and intensity, during all phases of the Designated Project, to avoid adverse effects on migratory birds while meeting operational health and safety requirements.	N	Y	Y	Y	Terrestrial Systems and Habitat Biodiversity Management and Monitoring Plan	*Compliance achieved for the reporting period; tracking / implementation ongoing.* The Terrestrial Systems and Habitat Biodiversity Management and Monitoring Plan was prepared and includes a Migratory Birds Protection Management Plan incorporating requirements of this Condition. The plan was successfully implemented during the 2020 reporting period.
EA-FC4.3	Federal EA Condition 4.3 - Migratory Birds The Proponent shall develop prior to construction, and implement during all phases of the Designated Project, a follow-up program to determine the effectiveness of the mitigation measures used to avoid harm to migratory birds, their eggs and nests, including the measures used to comply with conditions 4.1 and 4.2.	Y	Y	Y	Y	Terrestrial Systems and Habitat Biodiversity Management and Monitoring Plan	*Compliance achieved for the reporting period; tracking / implementation ongoing.* The Terrestrial Systems and Habitat Biodiversity Management and Monitoring Plan was prepared and includes a Biodiversity Monitoring Plan incorporating the Migratory Bird Follow-Up Program that includes the requirements of this Condition. The plan content was finalized in October 2020 and incorporates feedback from the MNRF and

	The Proponent shall, following consultation with Indigenous groups, and only to the extent that such access is safe, provide access within the property boundary to Indigenous groups for traditional purposes, during all phases of the Designated Project.					Records of Engagement	established with Indigenous communities and compliance will be monitored through implementation of the Traditional Land and Resource Use Follow-Up Program and Indigenous Consultation Plan. No requests for access to the Project site for traditional purposes were received in 2020.
EA-FC5.5	Federal EA Condition 5.5 - Current use of lands and resources for traditional purposes and socio-economic conditions The Proponent shall, in consultation with Indigenous groups, develop and implement a follow up program related to the effects of changes to the environment caused by the Designated Project on harvesting, fishing, hunting or trapping activities for traditional purposes by Indigenous groups, to verify the accuracy of the environmental assessment and to determine the effectiveness of the mitigation measures implemented to address those effects. The Proponent shall implement the follow-up program during all phases of the Designated Project.	Y	Y	Y	Y	Traditional Land Use Follow-Up Monitoring Program; Indigenous Consultation Plan; Records of Engagement	*Compliance achieved for the reporting period; tracking / implementation ongoing.* The Traditional Land and Resource Use Follow-Up Program was developed and includes requirements of this Condition. Draft versions of the plan were circulated to Indigenous communities for review and comment. The plan content was finalized in August 2020 and implementation is scheduled to begin in 2021. Plan-Specific Consultation Summary: • Draft plan shared with Mattagami First Nation and Flying Post First Nation (Aug 2020). • Mattagami First Nation and Flying Post First Nation indicated they reviewed the plan but had no comments (Aug 2020). • Plan shared with Métis Nation of Ontario and Brunswick House First Nation (Sep 2020). No comments received.

	The Proponent shall not disturb bald eagle (Haliaeetus leucocephalus) nests that are occupied within the Project footprint and shall consult with Indigenous groups pursuant to conditions 2.2 and 2.3 of this Decision Statement prior to removing any unoccupied bald eagle (Haliaeetus leucocephalus) nest that the Proponent needs to remove as a result of the Designated Project.					Monitoring Plan; Indigenous Consultation Plan; Records of Engagement	The Terrestrial Systems and Habitat Biodiversity Management and Monitoring Plan and Indigenous Consultation Plan were prepared and successfully implemented in the 2020 reporting period. An Eagle's nest was removed in 2020 following consultation with Indigenous communities and receipt of authorization from the MNRF under the *Fish and Wildlife Conservation Act*. As per the authorization, IAMGOLD is committed to create an alternative habitat/nest outside the Project's footprint. Following consultation with Mattagami First Nation, it was determined a platform will be created along the transmission line corridor.
EA-FC7.2	Federal EA Condition 7.2 - Physical and cultural heritage and structure, site or thing of historical, archaeological, paleontological or architectural significance. For archaeological remains or artefacts discovered by the Proponent prior to the start of, and during all phases of the Designated Project, the Proponent shall: -7.2.1: immediately halt work at the location of the discovery; -7.2.2: have a qualified individual conduct an assessment at the location of the discovery; -7.2.3: inform, forthwith, in writing, Indigenous groups of the discovery; and	N	Y	Y	Y	Archaeology and Heritage Management Plan; Indigenous Consultation Plan; Records of Engagement	*Compliance achieved for the reporting period; tracking / implementation ongoing.* All required archaeological work was undertaken prior to construction in accordance with *Ontario Heritage Act* requirements. During the Construction phase, this Condition is not applicable unless triggered in the event of an unexpected archaeological find. Appropriate monitoring was conducted during the 2020 reporting period in accordance with the Archaeological and Heritage Management Plan.

Tracking No.	**Condition**	**Design / Planning**	**Construction**	**Operations**	**Closure**	**Documentary Compliance Proof / Evidence to be Maintained on File**	**Compliance Status**
	-7.2.4: comply with any legislative or legal requirements respecting the discovery, recording, transferring, and safekeeping of archaeological remains or artefacts, including the Ontario Heritage Act and associated regulations and protocols.						
EA-FC7.3	Federal EA Condition 7.3 - Physical and cultural heritage and structure, site or thing of historical, archaeological, paleontological or architectural significance The Proponent shall monitor, during the construction phase, the banks of all water bodies where a decrease in water level is predicted as a result of the Designated Project. In the event that archaeological remains or artefacts are exposed by lower water levels during any phase of the Designated Project, the Proponent shall follow the procedures set out in condition 7.2.	N	Y	N	N	Archaeology and Heritage Management Plan	*Compliance achieved for the reporting period; tracking / implementation ongoing.* Weeduck to Three Duck Lake (Upper) reconnection and East Clam and Clam Lake reconnection commenced in 2020. Monitoring at the causeway between Weeduck Lake and Three Duck Lake (Upper) was ongoing during these activities. No archaeological remains or artefacts were exposed by lower water levels during this work.
EA-FC7.4	Federal EA Condition 7.4 - Physical and cultural heritage and structure, site or thing of historical, archaeological, paleontological or architectural significance The Proponent shall not undertake any physical activity within 20 metres around the Makwa Point (CjHI-3), Bagsverd Creek 1 (CjHI-27) and Table Point (CjHI-17) archaeological sites during all phases of the Designated Project, unless required to do so to protect the integrity of the sites.	N	Y	Y	Y	Archaeology and Heritage Management Plan	*Compliance achieved for the reporting period; tracking / implementation ongoing.* The Archaeology and Heritage Management Plan was prepared and includes requirements of this Condition. The plan was successfully implemented during the 2020 reporting period. Known archaeological sites are fenced off to create no-work zones.

EA-FC8.1	Federal EA Condition 8.1 - Accidents or Malfunctions The Proponent shall take all reasonable measures to prevent accidents or malfunctions that may result in adverse environmental effects, including: -8.1.1: designing, constructing and operating the retention dams and the tailings management facility dam to accommodate a 1-in-100-year 24-hour rainfall event; and -8.2.2: designing, constructing and operating the tailings management facility dams taking into account the Canadian Dam Association Dam Safety Guidelines to withstand a 1-in- 1000-year earthquake. The tailings management facility design shall include an emergency spillway to safely route a 1-in-1000 year flood event.	Y	Y	Y	Y	Design / Engineering records; OMS Manual	*Compliance achieved for the reporting period; tracking / implementation ongoing.* IAMGOLD complied with Condition requirements during the reporting period through detailed design undertaken as part of provincial ECA and LRIA permitting requirements, and during development of the starter dam. IAMGOLD will continue to adhere to the Condition requirements as detailed design and construction activities progress.
EA-FC8.2	Federal EA Condition 8.2 - Accidents or Malfunctions The Proponent shall, prior to construction, consult with Indigenous groups on the measures to be implemented to prevent accidents or malfunctions.	Y	N	N	N	Emergency Response Plan; Indigenous Consultation Plan; Records of Engagement	*Compliance tracking complete; commitment to be archived.* The Indigenous Consultation Plan was prepared and includes requirements of this Condition. The Emergency Response Plan was prepared and was circulated to Indigenous communities for review and input in September and October 2020. No comments were received. Plan-Specific Consultation Summary: • Draft plan shared with Mattagami First Nation, Flying Post First Nation and Wabun Tribal Council

							(September 3, 2020). • Mattagami First Nation confirmed that any questions they may have had were addressed in the plan (September 23, 2020). • Plan shared with Brunswick House First Nation and Métis Nation of Ontario Region 3 Consultation Committee (October 1, 2020).
EA-FC8.3	Federal EA Condition 8.3 - Accidents or Malfunctions The Proponent shall, prior to construction and in consultation with relevant federal and provincial authorities and Indigenous groups, develop an emergency response plan in relation to the Designated Project.	Y	N	N	N	Emergency Response Plan; Indigenous Consultation Plan; Records of Engagement	*Compliance tracking complete; commitment to be archived.* The Emergency Response Plan was prepared for the Project. Regulatory requirements and guidance materials were consulted and incorporated during development of the plan. The plan was circulated to Indigenous Communities for review and input; no comments were received. The plan was in effect during the Construction phase portion of the 2020 reporting period.
EA-FC8.4	Federal EA Condition 8.4 - Accidents or Malfunctions In the event of an accident or malfunction with the potential to cause adverse environmental effects, the Proponent shall implement the emergency response plan referred to in condition 8.3 and shall:	N	Y	Y	Y	Emergency Response Plan; Indigenous Consultation Plan; Records of Engagement	*Not currently applicable. Requirement triggered by an accident or malfunction.*

	-8.4.4: submit a written report to the Agency no later than 90 days after the day on which the accident or malfunction took place, on the changes made to avoid a subsequent occurrence of the accident or malfunction, and on the implementation of any additional measures to mitigate residual adverse environmental effects taking into account the information in the written report submitted pursuant to condition 8.4.3.						
EA-FC8.5	Federal EA Condition 8.5 - Accidents or Malfunctions The Proponent shall develop and implement a communication plan in consultation with Indigenous groups. The communication plan shall be developed prior to construction and shall be implemented and maintained up to date during all phases of the Designated Project. The plan shall include: -8.5.1: the types of accidents or malfunctions requiring a notification by the Proponent to the respective Indigenous groups; -8.5.2: the manner by which Indigenous groups shall be notified by the Proponent of an accident or malfunction and of any opportunities for the Indigenous groups to assist in the response to the accident and malfunction; and -8.5.3: the contact information of the representatives of the Proponent that the Indigenous groups may contact	Y	Y	Y	Y	Indigenous Consultation Plan; Records of Engagement	*Compliance achieved for the reporting period; tracking / implementation ongoing.* IAMGOLD consulted with Indigenous groups prior to construction to develop a communication plan in the event of an accident or malfunction. The Indigenous Consultation Plan references the accidents and malfunctions Condition requirements.

	and of the representatives of the respective Indigenous groups to which the Proponent provides notification.						
EA-FC9.1	Federal EA Condition 9.1 - Implementation Schedule The Proponent shall submit an implementation schedule for conditions contained in this Decision Statement to the Agency, or anyone designated pursuant to section 89 of the Canadian Environmental Assessment Act, 2012, at least 30 days prior to the start of construction. The implementation schedule shall indicate the commencement and completion dates for each activity relating to conditions set out in this Decision Statement.	Y	N	N	N	Implementation Schedule; Records of Engagement	*Compliance tracking complete; commitment to be archived.* Implementation schedule submitted to the Agency on July 23, 2020.
EA-FC9.2	Federal EA Condition 9.2 - Implementation Schedule The Proponent shall submit an update to this implementation schedule in writing to the Agency, or anyone designated pursuant to section 89 of the Canadian Environmental Assessment Act, 2012, every two years on or before June 30, until completion of the activities.	N	Y	Y	Y	Implementation Schedule; Records of Engagement	*Not currently applicable.* Updated schedules will be submitted, throughout the duration of the Project on a two (2) year basis, as required. Next reporting date requirement will be June 30, 2022. This Annual Report also contains a current implementation schedule.
EA-FC9.3	Federal EA Condition 9.3 - Implementation Schedule The Proponent shall provide the Agency, or anyone designated pursuant to section 89 of the Canadian Environmental Assessment Act, 2012, with a revised implementation schedule if any material change(s) occur from the initial schedule referred to in condition 9.1 or any subsequent update(s). The Proponent shall provide	Y	Y	Y	Y	Implementation Schedule; Records of Engagement	*Not currently applicable. Requirement triggered by material project changes.*

	the revised implementation schedule at least 30 days prior to the implementation of the change.						
EA-FC10.1	Federal EA Condition 10.1 - Record Keeping The Proponent shall maintain all records relevant to the implementation of the conditions set out in this Decision Statement, including any records that the Agency or anyone designated pursuant to section 89 of the Canadian Environmental Assessment Act, 2012 may consider relevant. The proponent shall provide the aforementioned records to the Agency, or anyone designated pursuant to section 89 of the Canadian Environmental Assessment Act, 2012, upon demand within a timeframe specified by the Agency or the designated person.	Y	Y	Y	Y	Records of Engagement; Maintenance of all files / records in a designated location	*Compliance achieved for the reporting period; tracking / implementation ongoing.* All compliance documentation is maintained by IAMGOLD and will be made available upon request to the Agency within the specified timeframe.
EA-FC10.2	Federal EA Condition 10.2 - Record Keeping The Proponent shall retain all records referred to in condition 10.1 at a facility in Canada. The records shall be retained and made available throughout construction and operation, and until the end of decommissioning of the Designated Project. The Proponent shall notify the Agency at least 30 days prior to any change to the physical location of the facility where the records are retained and shall provide the address of the new location.	Y	Y	Y	Y	Records of Engagement; Maintenance of all files / records in a designated location	*Compliance achieved for the reporting period; tracking / implementation ongoing.* All compliance documentation is maintained by IAMGOLD on the company's corporate server, accessible at the Project site. The server is housed at IAMGOLD's corporate office located at: 401 Bay Street, Suite 3200 Toronto, ON M5H 2Y4

Records of Engagement

B1 – Indigenous Records (2020 Reporting Period)

ROC	Event Type	Date	Event Summary	Participants	Team
1,784	Email	01/07/2020	IAMGOLD provided a draft plain language summary of the Indigenous Consultation Plan to Mattagami First Nation and Flying Post First Nation to review.	Jeff Berube (Flying Post First Nation), Tim Harvey (Mattagami First Nation)	Christian Naponse (IAMGOLD Corporation)
1,772	Employment Opportunity	01/07/2020	IAMGOLD provided a job posting and job description for a Field Technician with Minnow Environmental at the Project site.	Jennifer Constant (Mattagami First Nation), Cathy Ray (Flying Post First Nation), Angie McLeod (Flying Post First Nation), Natalie Gaudette (Mattagami First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Jackie Lamothe (IAMGOLD Corporation)
1,773	Employment Opportunity	01/07/2020	IAMGOLD shared a job posting for a Cook Assistant at the Project site with communities who previously expressed interest in employment information at the Project site.	Peter Nahwegahbow (Aundeck Omni Kaning First Nation), Kayla Schram (Matachewan First Nation), Angele Ratte (Métis Nation of Ontario)	Christian Naponse (IAMGOLD Corporation), Jackie Lamothe (IAMGOLD Corporation)
1,782	Employment Opportunity	01/07/2020	IAMGOLD provided a job posting for a Cook Assistant for the Project site to Mattagami First Nation and Flying Post First Nation for distribution to their members.	Jennifer Constant (Mattagami First Nation), Cathy Ray (Flying Post First Nation), Angie McLeod (Flying Post First Nation), Natalie Gaudette (Mattagami First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Jackie Lamothe (IAMGOLD Corporation)
1,718	Conference Call	01/09/2020	IAMGOLD met with Mattagami First Nation (MFN) and Flying Post First Nation for a bi-weekly Permitting and Consultation Environmental Committee meeting. Topics discussed included changes to the Canadian Navigable Waters Act, letters of support to the Ministry of the Environment, Conservation and Parks regarding concerns about the delay in permitting approvals, the development of a summary for the Indigenous Consultation Plan, the Forestry Resource License and the next Lakes and Rivers Improvement Act application. IAMGOLD offered to host a community information session to walk through what the changes are, Project areas considered navigable waters under the new changes and	Jeff Berube (Flying Post First Nation), Tim Harvey (Mattagami First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Don Carr (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Christian Naponse (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			inquire as to any community concerns. MFN indicated they may want a community session and will confirm if a community meeting, smaller meeting with Chief and Council or no meeting will be required. Draft meeting notes were provided to all in attendance on 2019-01-29.		
1,793	Email	01/13/2020	Mattagami First Nation provided IAMGOLD with a letter of support, dated 2019-12-17, addressed to the Ministry of the Environment, Conservation and Parks for the upgrades to the septic system at Mesomikenda Exploration Camp.	Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,796	Email	01/13/2020	Final meeting notes from the bi-weekly Permitting and Consultation Environmental Committee meeting held on 2019-12-18 were distributed to all participants and invitees.	Jason Batise (Wabun Tribal Council), Chief Murray Ray (Flying Post First Nation), Jeff Berube (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Don Carr (Wood E&IS), Stephan Theben (SLR Consulting (Canada) Ltd.), Zahir Jina (SLR Consulting (Canada) Ltd.), Christian Naponse (IAMGOLD Corporation)
1,798	Email	01/14/2020	IAMGOLD responded to a letter dated 2019-12-19 from Taykwa Tagamou Nation asking IAMGOLD to provide a Project information session in the community. IAMGOLD informed Taykwa Tagamou Nation that they would be pleased to provide a Project update session and provided an updated record of all engagement to date with the community.	Bruce Archibald (Taykwa Tagamou Nation), Justine Morgan (Taykwa Tagamou Nation), Candice Tourville (Taykwa Tagamou Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,808	Employment Opportunity	01/14/2020	Wood provided job postings for a Site Cost Controller and Area Construction Manager at the Project site to Mattagami First Nation and Flying Post First Nation as well as other job postings for positions with the Project that would be based out of Wood's Oakville office.	Cathy Ray (Flying Post First Nation), Angie McLeod (Flying Post First Nation), Natalie Gaudette (Mattagami First Nation)	Debbie Cupido (Wood plc)
1,720	Conference Call	01/15/2020	IAMGOLD met with Mattagami First Nation and Flying Post First Nation for a bi-weekly Permitting and Consultation Environmental Committee Meeting. Topics discussed included communication plans, communications with Taykwa Tagamou Nation, a list of the Environmental Management Plans, job postings and the next Impact Benefit Agreement	Tim Harvey (Mattagami First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Don Carr (Wood E&IS), Zahir Jina (SLR Consulting

ROC	Event Type	Date	Event Summary	Participants	Team
			Implementation Committee meeting. IAMGOLD offered to host a community information session about the applications and notices to Transport Canada that will be shared with the community as per the new Canadian Navigable Waters Act. Draft meeting notes were shared with all attendees on 2020-01-29.		(Canada) Ltd.), Christian Naponse (IAMGOLD Corporation)
1,807	Email	01/15/2020	IAMGOLD provided the final revised summary of the Indigenous Consultation Plan to Mattagami First Nation (MFN) and Flying Post First Nation. The revised summary incorporated feedback from MFN. Links to IAMGOLD's website where this and other Project documents are located was also provided. MFN responded indicating the updated Indigenous Consultation Plan summary was posted to the community website and would be shared in the community's January newsletter.	Jason Batise (Wabun Tribal Council), Chief Murray Ray (Flying Post First Nation), Jeff Berube (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,823	Email	01/16/2020	After Wood shared the job posting for an Area Construction Manager with Mattagami First Nation, Wood and Mattagami First Nation discussed plans for a teleconference to go over the preferred process for posting and reviewing job applications for positions at the Project site with Wood.	Jennifer Constant (Mattagami First Nation), Natalie Gaudette (Mattagami First Nation)	Debbie Cupido (Wood plc)
1,825	Employment Opportunity	01/16/2020	Wood provided a job posting for an Area Construction Manager - Earth Works to Mattagami First Nation and Flying Post First Nation.	Cathy Ray (Flying Post First Nation), Angie McLeod (Flying Post First Nation), Natalie Gaudette (Mattagami First Nation)	Debbie Cupido (Wood plc)
1,809	Employment Opportunity	01/17/2020	Wood, on behalf of IAMGOLD, spoke with Mattagami First Nation (MFN) regarding details in the process for posting job opportunities provided to MFN on 2020-01-14. It was agreed that potential candidates would apply directly to Wood and during the hiring stage Wood and MFN would discuss the candidates. Wood provided updated job postings to be distributed to community members as well as instructions on how to apply.	Natalie Gaudette (Mattagami First Nation)	Debbie Cupido (Wood plc)
1,824	Email	01/17/2020	Mattagami First Nation confirmed that Chief and Council were in agreement that a community information session was not required regarding the Canadian Navigable Waters Act.	Tim Harvey (Mattagami First Nation)	David Brown (IAMGOLD Corporation), Christian

ROC	Event Type	Date	Event Summary	Participants	Team
					Naponse (IAMGOLD Corporation)
1,810	Email	01/20/2020	IAMGOLD shared information regarding a contest for Indigenous youth with Mattagami First Nation (MFN). MFN indicated they would share the information with community members.	Janelle Golinowski (Mattagami First Nation)	Christian Naponse (IAMGOLD Corporation)
1,811	Email	01/20/2020	Wabun Tribal Council informed IAMGOLD they would not attend the IBA Implementation Committee meeting on 2020-01-20.	Jason Batise (Wabun Tribal Council)	Christian Naponse (IAMGOLD Corporation)
1,819	Employment Opportunity	01/20/2020	Wood provided a job posting for Site Administrative Assistant at the Project site to Mattagami First Nation and requested the job posting be advertised to the community.	Jennifer Constant (Mattagami First Nation), Natalie Gaudette (Mattagami First Nation)	Debbie Cupido (Wood plc)
1,820	Employment Opportunity	01/20/2020	Wood provided job postings for a Site Administrative Assistant, Area Construction Manager - Earthworks, Area Construction Manager - Infrastructure and Site Cost Controller at the Project site to Flying Post First Nation to advertise to their membership as well as instructions on how to apply directly for the positions.	Angie McLeod (Flying Post First Nation)	Debbie Cupido (Wood plc)
1,817	Email	01/22/2020	Following the Impact Benefit meeting on 2020-01-21, IAMGOLD provided information from Wood about Wood-sponsored Indspire scholarships for Indigenous students in Canada pursuing an education in engineering or environmental studies.	Juanita Luke (Mattagami First Nation), Chief Murray Ray (Flying Post First Nation), Jeff Berube (Flying Post First Nation), Cathy Ray (Flying Post First Nation), Angie McLeod (Flying Post First Nation), Natalie Gaudette (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,831	Phone Call	01/27/2020	IAMGOLD followed up with Taykwa Tagamou Nation regarding a response letter sent by IAMGOLD on 2020-01-14. IAMGOLD inquired about a meeting date as per their request and also inquired about the	Justine Morgan (Taykwa Tagamou Nation)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			community's interest in the Project. The individual from TTN spoken with provided a name for further follow-up correspondence.		
1,826	Email	01/27/2020	The Métis Nation of Ontario (MNO) informed Environment and Climate Change Canada that they will be submitting additional comments to IAMGOLD's responses to MNO comments related to their review of the Fish Habitat Compensation Plan and the Assessment of Alternatives.	Marcel Lafrance (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis Council), Liliane Ethier (Temiskaming Métis Council), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Margaret Froh (Métis Nation of Ontario (MNO)), Joanne Meyer (Métis Nation of Ontario (MNO)), Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada), Amy Sen (Impact Agency of Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,878	Conference Call	01/28/2020	IAMGOLD, Mattagami First Nation and Flying Post First Nation met to begin planning for a presentation at the 2020 Prospectors and Developers Association of Canada conference on the collaborative approach taken to developing a Socio-Economic Management and Monitoring Plan. Topics discussed included event logistics, guidelines for presentation material, developing an outline, providing biographies and dates for future meetings. Draft notes from the meeting were provided to all participants on 2020-02-03.	Jennifer Constant (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
1,836	Email	01/28/2020	Following a phone call on 2020-01-27, Taykwa Tagamou Nation emailed IAMGOLD to inquire about a meeting date on 2020-02-04 or 2020-04-05. IAMGOLD asked what kind of meeting was being requested and what information would be requested.	Justine Morgan (Taykwa Tagamou Nation)	David Brown (IAMGOLD Corporation)
1,847	Email	01/28/2020	IAMGOLD met with Mattagami First Nation and Flying Post First Nation to discuss a presentation at the Prospectors & Developers Association of Canada Conference to highlight the collaborative approach used in developing a Socio-Economic Management and Monitoring Plan for the communities. IAMGOLD shared logistics and meeting notes on 2020-02-03.	Jennifer Constant (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,868	Meeting	01/29/2020	IAMGOLD met with Flying Post First Nation for a bi-weekly Permitting and Consultation Environmental Committee meeting. Mattagami First Nation was unable to attend the meeting. Topics discussed included the Canadian Navigable Waters Act Major and Minor Works, the Lakes and Rivers Improvement Act application for Fish Habitat Offsetting Measures (Phase 1) and the Environmental Management Plans. Draft meeting notes were distributed to participants on 2020-02-11.	Jeff Berube (Flying Post First Nation)	Don Carr (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Christian Naponse (IAMGOLD Corporation)
1,768	Meeting	01/31/2020	IAMGOLD met with the Métis Nation of Ontario to discuss the development of an Impact Benefit Agreement and to provide a Project update. Details of the meeting are confidential, as agreed upon by all parties.	Andy Lefebvre (Métis Nation of Ontario), Marcel Lafrance (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,834	Email	01/31/2020	Mattagami First Nation (MFN) contacted IAMGOLD to thank them for their sponsorship which helped the community achieve a fundraising goal for the purchase of a rescue vehicle. MFN also inquired if IAMGOLD would like to display their logo on the vehicle as one of the contributors. IAMGOLD was asked to provide the logo for use. IAMGOLD provided MFN with the Project logo.	Dorothy Naveau (Mattagami First Nation)	David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,846	Email	02/03/2020	IAMGOLD shared the draft application for the draft Major Works Approval Application for the Clam Lake Dam #3 with Mattagami First Nation and	Chief Murray Ray (Flying Post First Nation), Jeff	David Brown (IAMGOLD Corporation), Christian

ROC	Event Type	Date	Event Summary	Participants	Team
			Flying Post First Nation by providing a link to the SharePoint site where the documents can be accessed. IAMGOLD also provided a brief summary of the draft application and stated that the review period is from 2020-02-03 to 2020-03-02 for a total review period of 20 business days.	Berube (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation)	Naponse (IAMGOLD Corporation)
1,837	Email	02/04/2020	IAMGOLD notified Brunswick House First Nation that the final application for the Assessment of Alternatives for Storage of Mine Waste was submitted to Environment and Climate Change Canada. The draft of this application was previously shared on 2019-04-16. IAMGOLD provided a summary of the application purpose and contents as well as a link to the SharePoint site where the application could be viewed.	Kevin Tangie (Brunswick House First Nation), Bruce Golden (Brunswick House First Nation), Cheryl St. Denis (Brunswick House First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,838	Email	02/04/2020	IAMGOLD notified Mattagami First Nation and Flying Post First Nation that the final Assessment of Alternatives for Storage of Mine Waste report was submitted to Environment and Climate Change Canada. The draft of this application was previously shared on 2019-04-16. IAMGOLD provided a summary of the application purpose and contents as well as a link to the SharePoint site where the application could be viewed.	Jason Batise (Wabun Tribal Council), Chief Murray Ray (Flying Post First Nation), Jeff Berube (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation)	Christian Naponse (IAMGOLD Corporation)
1,839	Email	02/04/2020	IAMGOLD notified the Métis Nation of Ontario that the final Assessment of Alternatives for Storage of Mine Waste was submitted to Environment and Climate Change Canada. The draft of this application was previously shared on 2019-04-16. IAMGOLD provided a link to the SharePoint site where the application could be viewed.	Andy Lefebvre (Métis Nation of Ontario), Marcel Lafrance (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis Council), Liliane Ethier (Temiskaming Métis Council)	Christian Naponse (IAMGOLD Corporation)
1,842	Email	02/04/2020	Following the 2020-01-31 meeting, IAMGOLD followed up with the Métis Nation of Ontario regarding designated contacts to receive notifications of Project job opportunities.	Andy Lefebvre (Métis Nation of Ontario)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD

1,962	Email	03/27/2020	IAMGOLD and Mattagami First Nation discussed plans with a contractor to visit the Project site to look at and discuss a plan of action for the removal of the eagle nest located by Côté Lake. IAMGOLD informed the contractor	Alexis Vanderheyden (Garden River First Nation), Chief Chad	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			that the Ministry of Natural Resources and Forestry was not in favour of capping the nest and would prefer complete removal. IAMGOLD indicated plans would have to be made to address the removal in the future as the eagles had recently returned to the nest.	Boissoneau (Mattagami First Nation)	
1,936	Letter	03/27/2020	Flying Post First Nation re-sent copies of letters of support for IAMGOLD's applications to Transport Canada for Clam Lake Dam # 3 (dated 2020-03-02) and Major, Minor and other Registered Works for Weeduck and Three Duck Lake (Upper) Reconnection and the notices for Watercourse Realignment Channel #1, Watercourse Realignment Channel #2 and Watercourse Realignment Channel #2 Bypass (dated 2020-03-11).	Chief Murray Ray (Flying Post First Nation), Jeff Berube (Flying Post First Nation), Cathy Ray (Flying Post First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,978	Email	03/30/2020	IAMGOLD received a copy of an email from Wabun Tribal Council (WTC), in which WTC, on behalf of Mattagami First Nation (MFN) and Flying Post First Nation (FPFN), contacted Hydro One regarding the territorial claim asserted by Taykwa Tagamou Nation (TTN) regarding the proposed T2R transmission line upgrade between Timmins and Shining Tree. WTC relayed the message from MFN and FPFN that the communities disagree with this claim. WTC shared correspondence they sent to Hydro One requesting to discuss this issue.	Jason Batise (Wabun Tribal Council)	David Brown (IAMGOLD Corporation)
1,929	Email	03/30/2020	On 2020-03-26 the Métis Nation of Ontario notified IAMGOLD that there is a new President for the Temiskaming Métis Community Council and provided their email for further communications. On 2020-03-30 IAMGOLD inquired if the mailing information would be the same as the previous.	Lorette McKnight (Temiskaming Métis Council)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,933	Email	03/31/2020	IAMGOLD distributed the March 2020 Let's Talk Newsletter to the Métis Nation of Ontario. The newsletter included information on IAMGOLD's response to the COVID-19 pandemic, a staff spotlight introducing the new Project Manager and Deputy Project Manager, an update on permitting, IAMGOLD's participation in the Prospectors' and Developers Association of Canada 2020 Convention, support for Mattagami First Nation's Fire Department, and activity at the Project site including tree clearing, water quality monitoring and biodiversity surveys.	Andy Lefebvre (Métis Nation of Ontario), Marcel Lafrance (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis Council), Liliane Ethier (Temiskaming Métis Council), Lorette McKnight	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
				(Temiskaming Métis Council)	
1,967	Email	03/31/2020	IAMGOLD shared an updated draft application for the Lakes and Rivers Improvement Act for the Fish Habitat Offsetting Measures (Phase 1) by providing a link to the permitting SharePoint site where the documents can be accessed. IAMGOLD noted this application was previously sent to the Mattagami First Nation and Flying Post First Nation for review on 2020-02-01 was updated to include some additional planned work that was moved ahead in the Project schedule. The changes to the application document were shown in track changes to facilitate review by the communities. The review period is from 2020-03-31 to 2020-04-15, for a total of 10 business days.	Jason Batise (Wabun Tribal Council), Chief Murray Ray (Flying Post First Nation), Jeff Berube (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,970	Email	03/31/2020	IAMGOLD distributed the March 2020 Let's Talk Newsletter to Mattagami First Nation and Flying Post First Nation. The newsletter included information on IAMGOLD's response to the COVID-19 pandemic, a staff spotlight on new Project managers, an update on permitting, participation in the Prospectors' and Developers Association of Canada Convention of 2020, support for Mattagami First Nation's Fire department, and activity at the Project site including tree clearing, water quality monitoring and biodiversity surveys. 			use of those water bodies for mine waste disposal will be issued once IAMGOLD submits a Letter of Credit for the implementation of the Fish Habitat Compensation, a condition under the MDMER. The official publication in the Canada Gazette of this approval will be on 2020-07-08 and ECCC will share this official publication once the link is available. ECCC thanked Matachewan First Nation for their engagement and support for this regulatory process.	Canada), Angelique Petropoulos (Environment and Climate Change Canada), Jason Batisse (Matachewan First Nation), Augusto Gamero (Environment and Climate Change Canada)	
2,234	Email	06/23/2020	Environment and Climate Change Canada (ECCC) informed the Métis Nation of Ontario (MNO) that the amendments to Schedule 2 of the Metal and Diamond Mining Effluent Regulations (MDMER) have been approved by the federal Treasury Board Cabinet for the Project. The amendments to Schedule 2 of the MDMER list certain water bodies frequented by fish as tailings impoundments areas. ECCC stated the final authorization for the use of those water bodies for mine waste disposal will be issued once IAMGOLD submits a Letter of Credit for the implementation of the Fish Habitat Compensation, a condition under the MDMER. The official publication in the Canada Gazette of this approval will be on 2020-07-08 and ECCC will share this official publication once the link is available. ECCC thanked MNO for their engagement and support for this regulatory process. 2,242	Email	06/26/2020	IAMGOLD notified Aundeck Omni Kaning First Nation that the final Permit to Take Water – Realignment Construction application was submitted to the Ministry of the Environment, Conservation and Parks in July 2019. IAMGOLD provided a summary of the application purpose and contents as well as a link to the SharePoint site where the application can be viewed. IAMGOLD apologized for the oversight, noting that this email was not sent to the community in July 2019; however, the document has been available on the SharePoint site since this time.	Patsy Corbiere (Aundeck Omni Kaning First Nation), Peter Nahwegahbow (Aundeck Omni Kaning First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,227	Letter	06/26/2020	The Chiefs of Mattagami First Nation and Flying Post First Nation provided a letter for submission to Transport Canada confirming that the communities are not currently using and do not intend to use the portage route through the Project site that was identified in the Traditional Knowledge / Traditional Land Use (TK / TLU) Study (2013) for the Project	Chief Murray Ray (Flying Post First Nation), Chief Chad Boissoneau (Mattagami First Nation)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			and wouldn't be in the future. The letter also affirms that the communities have been meaningfully consulted on the Major Works applications related to improving the connection of Little Clam Lake and East Clam Lake. Further, the communities note that consultation on the development of an alternative route for the portage route that was identified in the TK / TLU Study and included as a condition of Project approval is not required as the portage route is not in use by community members.		
2,241	Email	06/28/2020	The CEO out of IAMGOLD contacted Flying Post First Nation (FPFN) to thank the community for their continued support of the Project, including their support for permitting. IAMGOLD informed FPFN that the Section 36 Fisheries Act Authorization permit application had been approved and this would assist with other applications and in helping the Project move toward a positive construction decision. IAMGOLD also stated that there would be a press release regarding the approved application and noted IAMGOLD's commitment to a continued relationship honouring the Impact Benefit Agreement.	Chief Murray Ray (Flying Post First Nation)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Gordon Stothart (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,273	Email	06/29/2020	IAMGOLD contacted Mattagami First Nation to inquire about their review of the draft Socio-economic Management and Monitoring Plan and if they had any questions or comments about the document.	Jennifer Constant (Mattagami First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,274	Email	06/29/2020	IAMGOLD received a letter from the Métis Nation of Ontario outlining their Harvesting Agreement with the Crown and asserting their rights and interests in the area of the Project. 2,401	Letter	07/23/2020	The Ministry of Natural Resources and Forestry (MNRF) provided a letter to the Métis Nation of Ontario (MNO) in response to MNO's letter dated 2020-06-12 regarding consultation on the Lakes and Rivers Improvement Act (LRIA) applications for the Project. MNRF acknowledged that the MNO requested financial capacity to undertake a detailed technical review of the LRIA application for the Tailings Management Facility Starter Dams. MNRF stated that a detailed technical is not required to assess potential impacts to MNO's asserted Aboriginal rights. MNRF stated that IAMGOLD will provide MNO with maps that identify the location of proposed structures and the areas that will be influenced by them to support MNO's review of the LRIA applications. MNRF noted that IAMGOLD would respond directly to the MNO regarding the request for financial capacity support. MNRF requested that the MNO provide written comments by 2020-08-10 regarding impacts to asserted Aboriginal rights associated	Andy Lefebvre (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis Council), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg	Stephen Crozier (IAMGOLD Corporation)

2,426	Email	07/29/2020	On 2020-07-28 the Métis Nation of Ontario (MNO) informed the Ministry of Natural Resources and Forestry (MNRF) that IAMGOLD indicated on 2020-07-24 that they would support MNO's technical review of the Lakes and Rivers Improvement Act (LRIA) application for the Fish Habitat	Andy Lefebvre (Métis Nation of Ontario), Tuovi Haapakoski (Ministry of Natural Resources and	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			Offsetting Measures (Phase 1). In addition, MNO noted that IAMGOLD provided maps related to the LRIA applications on 2020-07-28. MNO requested that MNRF extend the review deadline for the LRIA applications to 2020-08-31 to accommodate MNO's requirement to gather input and feedback from the Regional Consultation Committee before finalization. On 2020-07-29 MNRF noted that the request for MNO's comments by 2020-08-10 was made to provide IAMGOLD time to respond to MNO's comments and allow time for MNO to consider and respond to IAMGOLD's response. The timeline was also set to meet IAMGOLD's requested decision deadline for the applications in early September 2020. MNRF indicated that they would forward MNO's request to extend the review deadline to IAMGOLD and encouraged MNO to discuss timelines with IAMGOLD directly.	Forestry), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	
2,432	Email	07/30/2020	IAMGOLD and the Métis Nation of Ontario (MNO) corresponded regarding the deadline for MNO comments on Lakes and Rivers Improvement Act (LRIA) applications for the Tailings Management Facility (TMF) Starter Dams and the Mollie River Realignment, the scope of the review and the funding support IAMGOLD is willing to provide MNO for the review. IAMGOLD noted that the impacts of the TMF were previously assessed as part of the Environmental Assessment, Environmental Effects Review and the Fisheries Act Authorization processes and the LRIA for the TMF Starter Dams was the subject of a consultation session with the Regional Consultation Committee in 2019. IAMGOLD expressed willingness to meet with MNO to re-review the spatial / locational aspects of the structures. IAMGOLD indicated that they are willing to extend the deadline for comments on the Mollie River Realignment LRIA application to 2020-08-31 and the deadline for comments on the TMF Starter Dams LRIA application to 2020-08-17. The MNO responded confirming interest in participating in the review and indicated they would request a cost estimate from their consultants and timeline for completion of the review.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

				Post First Nation), Jeff Berube (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation)	Corporation), Stephane Ste-Croix (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation)
2,521	Email	07/31/2020	IAMGOLD confirmed funding for review of the Lakes and Rivers Improvement Act (LRIA) applications for the Tailings Management Facility Starter Dams and the Mollie River Realignment would be documented through a brief letter of agreement which IAMGOLD would prepare as a draft to share with the Métis Nation of Ontario (MNO). IAMGOLD also clarified that the funding provided is to support a re-review of the spatial / locational aspects of these structures for potential impacts on rights, not a technical review of the structures themselves as that would not be relevant to identifying potential impacts on rights. The MNO responded noting that they could not meet IAMGOLD's timeline for the review of the LRIA applications but could complete their review by 2020-08-31; this will allow time for review by the Regional Consultation Committee to consider the applications.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,433	Email	08/01/2020	The Métis Nation of Ontario (MNO) provided a proposal from Shared Value Solutions for the review of the Lakes and Rivers Improvement Act (LRIA) applications for the Tailings Management Facility (TMF) Starter Dams and Mollie River Realignment and requested confirmation from IAMGOLD that the cost of MNO’s review will be covered. IAMGOLD noted that the proposed amount is acceptable and a funding letter will be prepared to address this; however, the proposal provided is not acceptable as it refers to a "technical review" and the specific scope of work to be funded by IAMGOLD is for a spatial / locational review of the proposed structures for the purposes of identifying impacts on Métis rights. IAMGOLD requested that the proposal be revised and noted that once the update is received, they should be able to approve the proposal quickly.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,434	Email	08/01/2020	IAMGOLD accepted a deadline of 2020-08-31 for comments from the Métis Nation of Ontario (MNO) on the Lakes and Rivers Improvement Act	Andy Lefebvre (Métis Nation of Ontario), Linda	Krista Maydew (Wood E&IS), Stephen Crozier

ROC	Event Type	Date	Event Summary	Participants	Team
			(LRIA) applications for the Tailings Management Facility (TMF) Starter Dams and the Mollie River Realignment. IAMGOLD indicated that the funding provided by IAMGOLD will be conditional on their approval of the scope of work from MNO's consultant, Shared Value Solutions, and that a draft funding letter agreement will be circulated prior to 2020-08-03. IAMGOLD reiterated that the funding is being provided to MNO to conduct a spatial / locational review of the proposed structures and to identify potential impacts on Métis rights.	Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	(IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,435	Email	08/03/2020	On 2020-08-01, IAMGOLD re-sent the Métis Nation of Ontario (MNO) the notice from the Ministry of Natural Resources and Forestry, originally received on 2020-06-23, regarding the review of the Lakes and Rivers Improvement Act applications for the Tailings Management Facility Starter Dams and Mollie River Realignment. In addition, IAMGOLD indicated that they can accept the draft scope of work provided by MNO if the language is revised to note that the review is a spatial / locational in nature. IAMGOLD noted that if MNO wishes to conduct a technical review comments need to be submitted by 2020-08-31 and the funding structure will not change. IAMGOLD noted that technical comments on the structures themselves will not be the focus of subsequent consultation. On 2020-08-03, IAMGOLD followed-up with MNO regarding the requested modifications to the proposed scope of work and noted that once the update is confirmed, IAMGOLD will circulate a separate funding letter for MNO's review.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,436	Email	08/04/2020	The Métis Nation of Ontario (MNO) provided IAMGOLD with a revised proposal from their consultant, Shared Value Solutions, for the spatial / locational review of the Lakes and Rivers Improvement Act applications for the Tailings Management Facility Starter Dams and Mollie River Realignment. MNO noted that the proposal was updated to reflect IAMGOLD's wording suggestions and requested that IAMGOLD review and confirm if MNO can proceed.	Linda Norheim Brookes (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation)
2,512	Site Visit	08/05/2020	IAMGOLD provided a site tour to the Chief of Mattagami First Nation and discussed the removal of the eagle's nest located within the Project boundary. The Chief confirmed that a ceremony will not be required prior	Chief Chad Boissoneau (Mattagami First Nation)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			to felling the tree; however, he wishes to be present for the removal of the nest.		
2,431	Letter	08/06/2020	IAMGOLD provided the Métis Nation of Ontario (MNO) with a funding letter to support MNO's review of the Lakes and Rivers Improvement Act applications for the Mollie River Realignment and Tailings Management Facility Starter Dams (TM2019-0293 and TM2019-0327) for the Project. The funding letter notes that IAMGOLD and MNO have agreed that any comments submitted by the community with respect to these two applications shall be submitted to the Ministry of Natural Resources and Forestry (MNRF) by 2020-08-31 and shall generally comply with the scope of the review outlined by MNRF in its letter to MNO dated 2020-06-23. In addition, the letter reiterates that IAMGOLD would be happy to meet with MNO and its consultants with respect to the applications in advance of the 2020-08-31 deadline.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,423	Email	08/06/2020	The Ministry of Natural Resources and Forestry (MNRF) notified IAMGOLD that they emailed letters regarding the Lakes and Rivers Improvement Act (LRIA) application for the Fish Habitat Offsetting Measures (Phase 1) to Mattagami First Nation, Flying Post First Nation, Brunswick House First Nation and the Métis Nation of Ontario. The letters indicate that the Fish Habitat Offsetting Plan was developed as a requirement of the federal Fisheries Act authorization which was recently approved by Fisheries and Oceans Canada. In addition, the letters state that LRIA approval from MNRF is required to bring aspects of the Fish Habitat Offsetting Plan to realization. Further, the letters outline IAMGOLD's consultation with the communities to date and identify the various measures that are proposed by IAMGOLD to improve the quality of existing fish habitats. MNRF noted that comments on the LRIA application may be directed to MNRF by 2020-08-21 after which time the MNRF may proceed with approval of the application.	Chief Murray Ray (Flying Post First Nation), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Cheryl St. Denis (Brunswick House First Nation), Mike Mazzetti (Ministry of Natural Resources and Forestry), Chief Chad Boissoneau (Mattagami First Nation)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,424	Email	08/06/2020	Following a notice received from the Ministry of Natural Resources and Forestry (MNRF), IAMGOLD notified the Métis Nation of Ontario (MNO) that they received a copy of a letter from MNRF to MNO regarding the Lakes and Rivers Improvement Act (LRIA) application for the Fish Habitat	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario),	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

ROC	Event Type	Date	Event Summary	Participants	Team
			Offsetting Measures (Phase 1). IAMGOLD noted that MNRF proposed a deadline of 2020-08-21 for comments from MNO. IAMGOLD indicated that they would like to align this review with the other LRIA applications and requested that MNO and IAMGOLD jointly request that MNRF extend the comment deadline to 2020-08-31.	Jacques Picotte (Métis Nation of Ontario)	Corporation), Alina Shams (IAMGOLD Corporation)
2,712	Email	08/06/2020	IAMGOLD contacted Mattagami First Nation and Flying Post First Nation to inquire if they had job templates they used for their community job postings. Both communities indicated they did not have a standard template for job postings.	Tim Harvey (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,484	Email	08/07/2020	IAMGOLD provided information on the jobs currently available at the Project and indicated where postings could be located on the IAMGOLD careers website. 			and Rivers Improvement Act application for Fish Habitat Offsetting Measures (Phase 1).	Jacques Picotte (Métis Nation of Ontario)	Alina Shams (IAMGOLD Corporation)
2,504	Email	08/17/2020	The Métis Nation of Ontario (MNO) confirmed receipt of the funding letter from IAMGOLD regarding their review of the Lakes and Rivers Improvement Act (LRIA) applications for the Tailings Management Facility Starter Dams and the Mollie River Realignment. MNO noted that their staff have been on holiday and that they are having an internal call later that afternoon to discuss the Project and propose a date for the next Impact Benefit Agreement negotiation meeting.	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,590	Email	08/17/2020	Mattagami First Nation (MFN) indicated that they have reviewed the draft Traditional Land Use Follow-up Monitoring Program as well as the document summary provided by IAMGOLD on 2020-08-14. MFN noted that they have no comments or concerns regarding the documents. IAMGOLD indicated that a final copy of the documents will be shared upon completion.	Chief Murray Ray (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,525	Email	08/18/2020	IAMGOLD confirmed willingness to cover the cost to review the Lakes and Rivers Improvement Act (LRIA) application for Fish Habitat Offsetting Measures (Phase 1) if it is completed by 2020-08-31. IAMGOLD noted that this particular LRIA application relates to the removal of existing structures and the establishment of a channel and cited a letter from MNRF dated 2020-08-06 indicating that these changes are required under the Fish Habitat Compensation Plan which has already been approved by the Department of Fisheries and Oceans. IAMGOLD reiterated that the focus of MNO's review should be on the on spatial / locational aspects of the proposed structures and whether those structures will have any potential impacts on the exercise of Métis rights not identified / accommodated in prior reviews and noted that the application itself is less than 50 pages with supporting appendices and should be able to be reviewed within the timelines required. In addition, IAMGOLD noted that they are able to meet with MNO and their consultant to discuss and that	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			they require a scope of work for approval prior to confirming funding for the review.		
2,502	Email	08/18/2020	On 2020-08-17, the Métis Nation of Ontario (MNO) requested IAMGOLD upload Appendix C of the Lakes and Rivers Improvement Act (LRIA) application for the Tailings Management Facility (TMF) Starter Dams (Starter Dams Detailed Design Report) and any geochemical characterization work done on the Quarry located within the TMF to the SharePoint folder MNO shares with their consultant in order to support the review of the LRIA applications. IAMGOLD confirmed the requested documents were uploaded to the SharePoint folder. IAMGOLD reiterated that the scope of the review, as outlined in the funding letter, is limited to a spatial and locational review of the proposed structures in the LRIA applications and their potential impacts on Métis rights and interests.	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,503	Email	08/19/2020	The Métis Nation of Ontario (MNO) Director of Lands, Resources and Consultations sent a response on behalf of the Regional Councillor confirming MNO's wish to jointly propose an extension of the deadline for comments to the Ministry of Natural Resources and Forestry (MNRF) related to the Lakes and Rivers Improvement Act (LRIA) application for Fish Habitat Offsetting Measures (Phase 1). MNO expressed uncertainty about the ability to meet the proposed 2020-08-31 deadline and committed to requesting a time and cost estimate from their contractor, Shared Value Solutions. MNO requested funding for the review from IAMGOLD and committed to writing to MNRF to indicate their interest in reviewing the application and relaying the ongoing status of discussions about review timelines.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,526	Email	08/19/2020	The Métis Nation of Ontario provided IAMGOLD with the scope of work as requested and confirmed that they will be able to complete the review by 2020-08-31. IAMGOLD responded indicating the scope of work looked acceptable and noted they will confirm definitively the following day.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

2,591	Email	08/19/2020	Flying Post First Nation (FPFN) indicated that they reviewed the draft Traditional Land Use Follow-up Monitoring Program as well as the document summary provided by IAMGOLD on 2020-08-14. FPFN noted that they have no comments or concerns regarding the documents.	Tim Harvey (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,519	Email	08/20/2020	IAMGOLD confirmed that the proposal provided by confirmed the Métis Nation of Ontario's (MNO) contractor, Shared Value Solutions, regarding the review of the Lakes and Rivers Improvement Act application for Fish Habitat Offsetting Measures (Phase 1) was acceptable. In addition, IAMGOLD confirmed that the additional funding request from MNO was acceptable and requested that MNO proceed with the review. IAMGOLD noted they would provide MNO with an updated version of the funding letter with the additional scope of work and funding amount.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,541	Email	08/20/2020	The Métis Nation of Ontario (MNO) provided a counterproposal for the proposed Impact Benefit Agreement and suggested a meeting to discuss the proposal. The details of the correspondence are confidential as per the preference of both parties.	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Sandra Gogal (Miller Thomson LLP (SSN))
2,589	Employment Opportunity	08/20/2020	Wood provided the job posting for an Intermediate Planner - Scheduler at the Project site for Mattagami First Nation to share with their membership, as well as instruction on how to apply for the position online.	Jennifer Constant (Mattagami First Nation), Natalie Gaudette (Mattagami First Nation)	Debbie Cupido (Wood plc), Krista Maydew (IAMGOLD Corporation)
2,624	Employment Opportunity	08/20/2020	Wood, provided the job posting for an Intermediate Planner - Scheduler at the Project site for Flying Post First Nation to share with their membership, as well as instructions on how to apply for the position online.	Cathy Ray (Flying Post First Nation)	Debbie Cupido (Wood plc), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,564	Email	08/26/2020	IAMGOLD provided the final meeting notes of the 2020-08-12 Permitting and Consultation Environmental Committee meeting to all individuals on the distribution list.	Jason Batise (Wabun Tribal Council), Chief Murray Ray (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Stephan Theben (SLR Consulting (Canada) Ltd.), Zahir Jina (SLR Consulting (Canada) Ltd.), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,539	Email	08/28/2020	The Métis Nation of Ontario (MNO) confirmed receipt of the letter from IAMGOLD dated 2020-08-28 outlining funding and scope for the review of the Lakes and Rivers Improvement Act application for the Fish Habitat Offsetting Measures (Phase 1). MNO also confirmed that they would provide comments about such review to the Ministry of Natural Resources and Forestry by 2020-08-31. IAMGOLD acknowledged receipt of the email on the same day.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,538	Letter	08/28/2020	IAMGOLD provided a letter to the Métis Nation of Ontario (MNO) to confirm funding to support the review of the Lakes and Rivers Improvement Act application for the Fish Habitat Offsetting Measures (Phase 1). The letter stated the review would be conducted in accordance with the scope of work attached to the letter. The letter also stated that any comments from MNO should be submitted to the Ministry of Natural Resources and Forestry (MNRF) by 2020-08-31 and should generally comply with the scope of review outlined by MNRF in its letter to MNO dated 2020-08-06.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,739	Phone Call	09/02/2020	IAMGOLD notified Mattagami First Nation (MFN) that the tree containing the eagle's nest on site was taken down on 2020-09-01. IAMGOLD noted that due to rot within the tree, the tree came down faster than expected which resulted in the eagle's nest not being salvageable. MFN inquired if there was a video taken during the tree removal. IAMGOLD provided the video to MFN later that day.	Chief Chad Boissoneau (Mattagami First Nation)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,629	Email	09/03/2020	IAMGOLD notified Brunswick House First Nation that the draft Traditional Land Use Follow-up Monitoring Program developed for the Project is available for review on the SharePoint site. IAMGOLD informed the community that the Program was developed to meet one of the federal government conditions of approval outlined in their Decision Statement (condition 5.5). The Traditional Land Use Follow-Up Monitoring Program describes the commitments and follow-up monitoring and reporting activities that IAMGOLD will undertake to reduce the environmental impact the Project may have on traditional land uses. Monitoring will occur during all Project phases and will be IAMGOLD's responsibility with continued input and support from affected Indigenous communities. IAMGOLD provided a plain language summary of the Program and a link to the full document on the SharePoint site. IAMGOLD requested comments, questions or suggestions by 2020-09-17.	Kevin Tangie (Brunswick House First Nation), Bruce Golden (Brunswick House First Nation), Cheryl St. Denis (Brunswick House First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,630	Email	09/03/2020	IAMGOLD thanked Mattagami First Nation and Flying Post First Nation for reviewing the Draft Traditional Land Use Follow-up Monitoring Program for the Project previously communicated to the communities on 2020-08-14. The email included the final summary of the Program and notified the communities that the final document is now available on the SharePoint site.	Jason Batise (Wabun Tribal Council), Chief Murray Ray (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,632	Email	09/03/2020	IAMGOLD notified Mattagami First Nation, Flying Post First Nation and Wabun Tribal Council that the Mine Emergency Response Plan is available for their review on the SharePoint site. IAMGOLD noted that the Mine Emergency Response Plan was developed in accordance with the federal government's conditions for the Project (conditions 8.2 and 8.3). A brief summary of the Plan was attached and IAMGOLD requested that comments and questions be provided by 2020-09-17.	Jason Batise (Wabun Tribal Council), Chief Murray Ray (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,573	Letter	09/09/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided IAMGOLD with a letter regarding the Métis Nation of Ontario's (MNO) 2020-09-02 request for capacity funding to review the following permit and approval applications: Environmental Compliance Approval (ECA) – Industrial Sewage Works for Construction phase, Permit to Take Water (PTTW) for Clam Lake and Mollie River Realignment and the PTTW Côté Lake and Open Pit Dewatering. MECP indicated their understanding that IAMGOLD is receptive to providing capacity funding to support MNO's review. MECP noted their expectation that IAMGOLD follow-up with this request, engage with MNO as soon as possible and establish appropriate capacity funding to support MNO's review of these applications. MECP also noted they issue permits and approvals while IAMGOLD continues to engage with MNO and depending on the outcome of MNO's review of the permit and approval applications, the Ministry may amend or impose terms and conditions, as appropriate, to accommodate for any potential impacts to Métis rights. MECP also informed IAMGOLD of their offer to discuss the permits and approvals with MNO.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Heather Malcolmson (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,611	Meeting	09/09/2020	IAMGOLD met with representatives from Flying Post First Nation (FPFN) and Mattagami First Nation (MFN) for a bi-weekly Permitting and Consultation Environmental Committee meeting. Topics discussed included the Environmental Compliance Approval application for Domestic Sewage, Offline Dams and Berms, Forestry Resource Licence (Phase 3), Transmission Line Alignment, the Indigenous Environmental Health Follow-up Monitoring Program and the Mine Emergency Response Plan. IAMGOLD also provided an update of activities at site including the fish relocation program. FPFN provided an update on their office move and MFN provided an update on a new road resurfacing project in the community. The committee also discussed job postings for the Impact Benefit Agreement Coordinator and Environmental Monitor positions. Final meeting notes were distributed to participants on 2020-09-29.	Tim Harvey (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	Debbie Dyck (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,659	Email	09/12/2020	IAMGOLD thanked Flying Post First Nation (FPFN) and Mattagami First Nation (MFN) for their participation in the ground breaking ceremony at the Project site on 2020-09-11 and expressed gratitude for their	Chief Murray Ray (Flying Post First Nation), Chief	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

			and Open Pit Dewatering. The letter explained the IAMGOLD conditions for release of payments. IAMGOLD provided copies of each of the three proposals prepared by Shared Value Solutions to conduct the work on behalf of MNO. IAMGOLD also attached a copy of the follow-up letter from the Ministry of Environment, Conservation and Parks (MECP) dated 2020-09-09.	(Métis Nation of Ontario), Lorette McKnight (Temiskaming Métis Council)	
2,697	Meeting	10/14/2020	IAMGOLD and the Chief of Mattagami First Nation discussed the construction of a platform along the transmission line corridor to compensate for the loss of the eagle's nest which was removed from within the Project site on 2020-09-01. The Chief confirmed that he and the Lands and Resources Coordinator for Mattagami First Nation would participate in the selection of a suitable site for the platform.	Chief Chad Boissoneau (Mattagami First Nation)	David Brown (IAMGOLD Corporation)
2,715	Email	10/14/2020	IAMGOLD provided the Métis Nation of Ontario with responses to their comments on the Lakes and Rivers Improvement Act (LRIA) application for the Mollie River Crossing. IAMGOLD noted MNO did not identify any impacts on the exercise of Métis rights in any of their comments regarding the structures proposed in the LRIA application.	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,717	Email	10/14/2020	IAMGOLD provided the Métis Nation of Ontario (MNO) with a link to the SharePoint site where the Erosion and Sediment Control Plan for the Construction phase of the Project is now available. This was provided in related to IAMGOLD's responses to MNO's comments on the Lakes and Rivers Improvement Act application for the Mollie River Crossing application.	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,725	Email	10/14/2020	The Métis Nation of Ontario (MNO) confirmed receipt of the letter from IAMGOLD dated 2020-10-13 outlining capacity funding for review of permit applications as identified in the letter from the Ministry of the	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

			Environment, Conservation and Parks to MNO dated 2020-09-09. MNO stated they would proceed with the review and set up a meeting with the Region 3 Consultation Committee.	Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,752	Email	10/14/2020	IAMGOLD and the Métis Nation of Ontario (MNO) corresponded regarding a date for the next negotiation meeting to discuss MNO's proposal shared on 2020-08-20. The meeting was set for 2020-10-15.	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Sandra Gogal (Miller Thomson LLP (SSN))
2,726	Email	10/15/2020	IAMGOLD corresponded with the Métis Nation of Ontario (MNO) regarding the conditions of the capacity funding to MNO for their review of specific Environmental Compliance Approval and Permit to Take Water applications. IAMGOLD provided an excerpt of the conditions, noting that the first stage of review and funding release requires MNO's consultant to attend a briefing with IAMGOLD on the scope of review. MNO inquired if their consultants could arrange this meeting with IAMGOLD directly. IAMGOLD responded that this approach would be acceptable.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,728	Email	10/15/2020	IAMGOLD provided additional members of the Métis Nation of Ontario (MNO) with the 2020-10-13 email and attached correspondence regarding IAMGOLD's confirmation of capacity funding being provided for MNO to conduct reviews for an Environmental Compliance Approval application and two Permit to Take Water applications for the purpose of identifying potential impacts on the exercise of the rights of Métis citizens.	Andy Lefebvre (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis Council), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Lorette McKnight (Temiskaming Métis Council)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

2,989	Email	12/04/2020	IAMGOLD shared the draft request to amend the Environmental Compliance Approval for the Industrial Sewage Works (Operations Phase) by providing a link to the SharePoint site where the documents can be accessed. IAMGOLD also provided a brief summary of the draft application.	Chief Murray Ray (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Chief Chad Boissoneau (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
3,000	Email	12/07/2020	IAMGOLD shared the draft application for Major Works Approval – Construction Phase Outfall and Diffuser by providing a link to the SharePoint site where the documents can be accessed. IAMGOLD also provided a brief summary of the draft application.	Jason Batise (Wabun Tribal Council), Chief Murray Ray (Flying Post First Nation), Tim Harvey (Mattagami First Nation), Jeff Berube (Flying Post First Nation)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
3,047	Email	12/07/2020	On 2020-12-04, Shared Value Solutions (SVS) indicated that the updated preliminary review being undertaken on behalf of the Métis Nation of Ontario for the Permit to Take Water applications for Clam Lake and Mollie River Realignment Construction and the Côté Lake and Open Pit Dewatering as well as the Environmental Compliance Approval application for Construction Water Management would be delayed and, as a result, be provided later the following week. IAMGOLD thanked SVS for this update.	Andy Lefebvre (Métis Nation of Ontario), Scott Mackay (Shared Value Solutions Ltd. (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Andrew Bubar (Shared Value Solutions Ltd. (Métis Nation of Ontario)), Alison Gamble (Shared Value Solutions Ltd. (Métis Nation of Ontario)), Jody Duncan (Shared Value Solutions Ltd. (Métis Nation of Ontario))	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
3,001	Phone Call	12/09/2020	In response to a voice mail left on 2020-12-04, IAMGOLD spoke with a representative of Robinson Huron Waawiindaamaagewin (RHW) who stated that one of their member communities, Sagamok Anishnawbek,	Sam Manitowabi (M'Chigeeng First Nation)	David Brown (IAMGOLD Corporation), Christian

ROC	Event Type	Date	Event Summary	Participants	Team
			had expressed concerns that they were left out of the consultation process for the Project. RHW asked why Sagamok was not part of the list of communities being consulted with. IAMGOLD informed RHW that the list of communities with whom IAMGOLD was committed to consulting with was provided by the Provincial government during the Environmental Assessment process. RHW stated that Sagamok would at least like to review the Closure Plan, which IAMGOLD informed could be provided but was also available on the IAMGOLD website. IAMGOLD inquired if the individual would be the person to contact in order to provide the Closure Plan. The individual confirmed that they are will be the point of contact for the Closure Plan. RHW reiterated that Sagamok would have liked to be consulted with as there could have been benefits to the community from the Project. IAMGOLD stated that the Project has an Impact Benefit Agreement with Mattagami First Nation and Flying Post First Nation and suggested that the Chief of Sagamok contact the Chiefs of these communities.		Naponse (IAMGOLD Corporation)
3,015	Employment Opportunity	12/11/2020	Wood provided a job posting for a Busing Coordinator and requested it be shared with Mattagami First Nation (MFN) members. APPENDIX B

Records of Engagement

B2 – Public and Stakeholder Records (2020 Reporting Period)

ROC	Event Type	Date	Event Summary	Participants	Team
1,822	Email	01/17/2020	IAMGOLD followed up with Gogama Local Services Board regarding the acquisition of data from their community risk assessment for a Socio-economic Management and Monitoring Plan (SEMMP). In their response the Gogama Local Services Board indicated who to follow-up with for this request and also provided the names of individuals who would sit on a committee for the development of a SEMMP.	Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,827	Email	01/25/2020	Gogama Local Services Board shared some notes on next steps for the development of a Socio-Economic Management and Monitoring Plan which included a list of people to participate, issues of interest, information gaps, roles and responsibilities as well as notes on implementation and monitoring.	Daniel Mantha (Gogama Chamber of Commerce), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,745	Meeting	01/30/2020	IAMGOLD met with the Ministry of Energy, Northern Development and Mines to provide a Project update and discuss the energy needs of the Project.	Aaron Silver (Ministry of Northern Development and Mines), Allan Macdermid (Ministry of Energy, Northern Development and Mines), Shoshana Posternak (Ministry of Northern Development and Mines), Mark Olsheski (Sussex Strategies)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,866	Email	02/04/2020	IAMGOLD provided the draft minutes from a meeting held with EACOM on 2020-01-29 and provided a map of the overlapping areas for clearing that occurs in the 2010 Approved Harvest Blocks within the Project site.	Blair Sullivan (EACOM Timber Corporation), Yvon Deschamps (EACOM Timber Corporation), Michael Forrest (EACOM Timber Corporation)	Alan Smith (IAMGOLD Corporation), Andre Dufresne (IAMGOLD Corporation), Sheldon Gibb (Wood plc), Tyler Deans (Wood plc)
1,864	Email	02/06/2020	Gogama Local Services Board (GLSB) shared the minutes from their 2020-02-05 meeting regarding the development of a Socio-Economic Management and Monitoring Plan. IAMGOLD and GLSB discussed	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee),	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			potential meeting dates and times. GLSB indicated that because most board members have full time jobs evening meetings are preferred.	Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	
1,858	Email	02/07/2020	IAMGOLD notified the Mesomikenda Cottagers Association that there would be controlled burning of slash piles within the Project site during the month of February and requested the information be shared with all cottagers. Receipt of the notice was confirmed and the Mesomikenda Cottagers Association informed IAMGOLD that they would share the information.	Peter Burrell (Mesomikenda Cottagers Association)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,859	Email	02/07/2020	A representative of the Gogama Chamber of Commerce inquired about the procedure for sharing information with IAMGOLD about the services offered by local businesses. IAMGOLD indicated that the best approach would be to provide the information to the Project Community Relations Department and provide the appropriate contact information.	Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,867	Email	02/11/2020	IAMGOLD provided a draft letter of intent to EACOM for their review and comment. The letter outlines the proposed terms for an agreement between IAMGOLD and EACOM regarding forestry operations as well as maintenance and repair to a road network currently being managed by EACOM within the boundaries of the Project.	Blair Sullivan (EACOM Timber Corporation), Michael Forrest (EACOM Timber Corporation)	David Brown (IAMGOLD Corporation), Alan Smith (IAMGOLD Corporation), Andre Dufresne (IAMGOLD Corporation), Sheldon Gibb (Wood plc), Tyler Deans (Wood plc)
1,862	Email	02/16/2020	Gogama Chamber of Commerce provided a letter to all local businesses explaining what a Socio-Economic Management and Monitoring Plan is and shared a copy of the letter with IAMGOLD.	Gerry Talbot (Gogama Chamber of Commerce)	Christian Naponse (IAMGOLD Corporation)
1,891	Email	02/16/2020	Gogama Local Services Board shared a letter with IAMGOLD that had been provided to the local businesses who may have an interest in providing services to the Project. The letter outlined how a business could communicate their interest to IAMGOLD.	Gerry Talbot (Individual - Gogama)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
1,876	Email	02/24/2020	Gogama Local Services Board (GLSB) informed IAMGOD about a recent inquiry received on 2020-02-24 about canoe routes in the area. GLSB informed the individual that the 4M route passes through the Project site and provided them with contact information for the Project team.	Gerry Talbot (Individual - Gogama), William Aten (Individual)	Christian Naponse (IAMGOLD Corporation)
1,903	Email	03/05/2020	EACOM shared a map of “driveable” roads within the Project boundaries with the Ministry of Natural Resources and Forestry and inquired about the process for transferring responsibility of these roads back to the Crown or to IAMGOLD directly.	Michael Forrest (EACOM Timber Corporation), Chad Anderson (Ministry of Natural Resources and Forestry), Megan Finlay (EACOM Timber Corporation), Ryan Milne (EACOM Timber Corporation)	David Brown (IAMGOLD Corporation)
1,884	Email	03/06/2020	On 2020-03-05 IAMGOLD contacted the Gogama Local Services Board to confirm a meeting date to discuss the development of a Socio-Economic Management and Monitoring Plan. Further discussion continued outlining details for location and agenda.	Gerry Talbot (Individual - Gogama)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,888	Email	03/08/2020	IAMGOLD received an email from the Mesomikenda Cottagers Association thanking IAMGOLD for plowing the landing at the boat launch.	Peter Burrell (Mesomikenda Cottagers Association)	David Brown (IAMGOLD Corporation)
2,029	Meeting	03/10/2020	IAMGOLD met with representatives of Gogama to discuss the development of a Socio-Economic Management and Monitoring Plan. Discussions focused on reviewing IAMGOLD's commitment to develop a socio-economic / community management and monitoring plan, review of socio-economic and land use effects and predicted during the environmental assessment and corresponding management and enhancement measures. Next steps were discussed for developing a plan. Gogama representatives expressed interest in meeting on their own to develop a list of potential effects from their perspective.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Individual - Gogama)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,892	Email	03/12/2020	A local trapper submitted a complaint to IAMGOLD noting that they were unable to gain access to their cabin due to the current clearing and grubbing operations. The individual stated their disappointment in the	Brad Bowman (Unknown Individual), Gary Hodgins (Trapline Holder), Michael	David Brown (IAMGOLD Corporation), Sheldon Gibb (Wood plc), Tyler

ROC	Event Type	Date	Event Summary	Participants	Team
			environmental impact on the area and indicated they have engaged a lawyer. On 2020-05-07 the trapper contacted IAMGOLD to inform that their trapping area had been encroached upon again, property had been destroyed and access was unavailable. The trapper indicated they would be pursuing legal action and informed IAMGOLD that any further communication would be done through their lawyer. On 2020-05-14 IAMGOLD responded to the trapper requesting more information on the locations being referenced with photo evidence if possible and inquired as to the removal of equipment mentioned in previous correspondence and also explained the process for tree removal and burning at site as the trapper expressed concern that IAMGOLD had violated no burn regulations. IAMGOLD also indicated they had inspected the site area on 2020-05-12 and that the roads were accessible and provided pictures of the access road in question and reiterated that before compensation could be considered, confirmation of legal entitlement to the trapline would be required. The trapper responded on 2020-05-15 stating that all of this was a matter for the courts now, that they would be seeking compensation and that further communication could be done through their lawyers. IAMGOLD contacted the individual indicated to be the legal counsel and requested confirmation that they were representing the trappers and provided the contact information for IAMGOLD.	Gauthier (Orendorff Personal Injury Lawyers)	Deans (Wood plc), Shane Hardwicke (Wood plc), Nathan Munk (Wood plc), Clayton Abraham (Wood plc), Kevin Ferrari (Caron Equipment), Denis Corbeil (Wood E&IS), Mark Jupin (Wood plc), Larry Lebrun (Caron Equipment), Dusty Cornell (Caron Equipment), Grievance Grievance (IAMGOLD Corporation)
1,924	Conference Call	03/13/2020	Hydro One provided an update on their engagement with Taykwa Tagamou Nation to date related to the refurbishment of Hydro One's Transmission Line. IAMGOLD provided an overview of commitments made to Indigenous Project stakeholders. IAMGOLD provided draft meeting minutes to all participants on 2020-03-26. 			bumped-up for a review by the Ministry of the Environment, Conservation and Parks. This has resulted in a delay of EACOM operations and EACOM cannot cut or construct any roads until this is resolved and approved.	Ronald Martel (EACOM Timber Corporation)	Deans (Wood plc), Michel Payeur (IAMGOLD Corporation)
1,917	Email	03/16/2020	IAMGOLD provided the revised Community Communication Plan and Management of Community Grievances plan to Gogama Local Services Board and notified that they are now available on the Project website. IAMGOLD indicated that changes were made to the plans based on comments received from the Ministry of the Environment, Conservation and Parks following the submission of the draft documents in December 2019. IAMGOLD requested that any print copies Gogama may have posted of these documents be replaced with the current versions (Revision 2).	Christine Bedard (Gogama Local Services Board), Gerry Talbot (Individual - Gogama)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,921	Phone Call	03/16/2020	IAMGOLD spoke with an individual regarding the removal of a memorial cross located within the Project site. In a follow-up email IAMGOLD provided the site map with the location of the cross and offered to remove the cross for safekeeping until a meeting could be arranged to provide the cross back to the family. IAMGOLD also offered to assist in finding another location for the cross in the spring. Due to snow removal activity, IAMGOLD removed the cross on 2020-03-21 and will safely store it until a meeting can be arranged to return it to the individual.	Marc Bodson (Individual - GP)	David Brown (IAMGOLD Corporation)
1,937	Email	03/25/2020	IAMGOLD received a request for information on 2020-02-24 from an individual planning a canoe trip on the 4M canoe route in the Project area. IAMGOLD contacted the individual on 2020-03-10 to inform them that a new map of the canoe route will be provided. IAMGOLD provided the revised map on 2020-03-25 showing the Project property boundary and 2 camping locations identified within the restricted boundary that are now closed for overnight camping. IAMGOLD requested the individual inform them of any travel plans through the Project site in order to ensure safe passage and availability in the case of an emergency.	William Aten (Individual)	David Brown (IAMGOLD Corporation)
1,925	Email	03/26/2020	Following a conference call on 2020-03-13, Hydro One provided updates to the draft meeting minutes on 2020-03-18. IAMGOLD responded with further updates to the meeting minutes on 2020-03-25 and Hydro One responded with additional edits on 2020-03-25. The final version of the meeting minutes was distributed on 2020-03-26. The meeting minutes	Sara Fatima (Hydro One Networks Inc.), Kirpal Bahra (Hydro One Networks Inc.), Elsy Aceves (Hydro One	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams

2,464	Email	07/21/2020	IAMGOLD received confirmation the notices for four Major Works and four Notices of Work on Non-scheduled Waterways under the Canadian Navigable Waters Act will be published on 2020-07-23 in The Sudbury Star and Timmins Daily Press.	Andrea Favot (The Sudbury Star)	David Brown (IAMGOLD Corporation)
2,465	Email	07/21/2020	IAMGOLD informed all individuals on the Project mailing list that a 30-day public notice period began for four Major Works (2020-402270, 2020-402271, 2020-401973 and 2020-401975) and four Notices of Work on Non-Scheduled Waterways (194, 1905, 1906 and 1907). A copy of each notice was provided as well as contact information should anyone have any questions.	Côté Gold Project Mailing List (Individual)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,474	Email	07/23/2020	The Sudbury Star shared a pdf copy of editorial coverage on the Project.	Andrea Favot (The Sudbury Star)	David Brown (IAMGOLD Corporation)
2,419	Email	07/23/2020	SLR Consulting, on behalf of IAMGOLD, submitted the Implementation Schedule for the Project to the Impact Assessment Agency of Canada (IAAC). IAMGOLD noted that the document fulfills Condition 9.1 of the Project's Decision Statement (Registry Reference No. 80036). In addition, and in accordance with Condition 2.8 of the Decision Statement, IAMGOLD noted that they published the Implementation Schedule on the Project website on 2020-07-21 as well as the Fish Habitat Compensation Plan and Indigenous Consultation Plan. IAMGOLD also indicated that, upon IAAC's receipt of the Implementation Schedule, the Schedule would be posted to the Project website to fulfill the Condition. An auto-generated confirmation email from IAAC was received the same day.	Stakeholder Compliance Promotion and Enforcement Unit (Impact Assessment Agency of Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Stephan Theben (SLR Consulting (Canada) Ltd.), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,364	Email	07/23/2020	IAMGOLD received confirmation from the Sudbury Star of the e-tears for Sudbury and Timmins for the public notice postings published on 2020-07-23 for applications under the Canadian Navigable Waters Act.	Andrea Favot (The Sudbury Star)	David Brown (IAMGOLD Corporation)
2,366	Email	07/23/2020	SLR Consulting, on behalf of IAMGOLD, provided the Impact Assessment Agency of Canada (IAAC) Compliance Promotion and Enforcement Unit with the Implementation Schedule for the Project to fulfil Condition 9.1 of the Federal Decision Statement for the Project (Registry Reference No.	Stakeholder Compliance Promotion and Enforcement Unit (Impact	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Stephan

			80036). It was also noted that IAMGOLD published the respective plans on the Project website on 2020-07-21 in accordance with Condition 2.8 of the Decision Statement. Once IAAC confirms receipt of the Implementation, the Schedule will be posted to the Project website to further fulfill the Condition.	Assessment Agency of Canada)	Theben (SLR Consulting (Canada) Ltd.), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,453	Email	07/24/2020	The Number 3 Trapper for the GO023 trapline area requested a meeting with IAMGOLD and an authorized representative from EACOM to discuss their perceived and anticipated losses as a result of the Project. The Trapper noted several complaints regarding the Project's effect on their trapping area and requested that the matters be resolved by the start of the trapping season, 2020-10-06. The trapper noted that if the matter is not resolved by 2020-10-06 they intend to engage legal counsel and seek a court order to shut-down construction of the Project. In addition, the trapper noted they would also involve the Crown in these proceedings as they view them as complicit in the Project. The trapper noted their disappointment that the issue is still outstanding and expressed their perspective that trees were felled and burned last winter before the Project was officially under construction.	Brad Bowman (Unknown Individual), Gary Hodgins (Trapline Holder), Ryan Milne (EACOM Timber Corporation), Natalie Dulude (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,491	Email	07/30/2020	The Greater Sudbury Chamber of Commerce contacted IAMGOLD on 2020-07-27 to invite their CEO to be a keynote speaker for the President's Series Luncheon in the fall. It was noted in the invitation that following IAMGOLD's announcement of the Project, it would be of great interest to members in the mining supply and service sector to learn more about the Project and the potential benefits and impacts on Greater Sudbury's business community. It was further noted that the event could be hosted as a hybrid event (online and in person) or solely online. IAMGOLD responded on 2020-07-29 that they hope to accept the invitation and will confirm a date in the coming days. The Chamber responded 2020-07-30 thanking IAMGOLD for the response and will await more information on available dates.	Caleigh Yaworsky (Greater Sudbury Chamber of Commerce)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,514	Drop-in Visit/Casual Meeting	07/30/2020	IAMGOLD delivered a donation to the Gogama Chamber of Commerce to support the purchase of personal protective equipment and supplies for residents of Gogama during the COVID-19 pandemic.	Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation)
2,513	Phone Call	08/05/2020	IAMGOLD contacted the head of the Mesomikenda Cottagers Association to relay information about the recent construction decision. IAMGOLD noted that the main access for construction purposes will be the Chester Mine Road and that this should result in less traffic on the access road used by cottagers. The head of the Mesomikenda Cottagers Association noted that it was positive to see the Project moving forward.	Peter Burrell (Mesomikenda Cottagers Association)	David Brown (IAMGOLD Corporation)
2,510	Phone Call	08/06/2020	IAMGOLD spoke with Trapper #1 for GO-031 about developing an agreement or letter of intent related to the development of the Project and effects on the trapline area within the Project boundary. The Trapper also agreed to trap three beavers known to exist in Côté Lake and West Beaver Pond.	Dave Lince (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,452	Email	08/10/2020	IAMGOLD informed Trapper #1 for trapline area GO-023 about the positive decision to construct the Project. IAMGOLD noted that they have had several positive discussions with the Trapper #1 for GO-031 trapline area and that they are working toward an agreement. IAMGOLD provided a map outlining the Project area boundaries overlaid with trapline areas as well as calculations of the trapline area within the Project boundary and overprinted by Project infrastructure. IAMGOLD noted that previous correspondence between IAMGOLD and another individual associated with the trapline GO-023 included threats and accusations from that individual towards the IAMGOLD Project team. IAMGOLD noted that these claims were proven to be false after IAMGOLD corresponded with regulators, EACOM and other stakeholders regarding the accusations. IAMGOLD noted that they are not willing to respond to this individual but will speak with Trapper #1 about the trapline at any time.	Gary Hodgins (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,944	Email	08/13/2020	On 2020-08-12 an individual in Gogama provided IAMGOLD with links to a Directory of Employment, Training, Business and Related Services for information purposes.	Gerry Talbot (Individual - Gogama)	Christian Naponse (IAMGOLD Corporation)
2,481	Email	08/14/2020	IAMGOLD requested a progress update regarding the Forestry Management Plan (FMP) amendment from the Ministry of Natural	Gail Ballak (Ministry of Natural Resources), Tuovi	David Brown (IAMGOLD Corporation), Andre

ROC	Event Type	Date	Event Summary	Participants	Team
			Resources and Forestry (MNRF). IAMGOLD noted that it was understood by IAMGOLD that the transfer plan was finalized as EACOM completed the recommended changes requested by MNRF. IAMGOLD stated a request to complete the Memorandum of Understanding (MOU) and inquired if a phone call to discuss the matter further was required or if IAMGOLD could proceed to finalize the MOU.	Haapakoski (Ministry of Natural Resources and Forestry), Michael Forrest (EACOM Timber Corporation), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Megan Finlay (EACOM Timber Corporation), Ryan Milne (EACOM Timber Corporation), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Dufresne (IAMGOLD Corporation)
2,566	Email	08/19/2020	IAMGOLD contacted the Gogama Snowmobile Club to confirm contact information and inquire about meeting to discuss Project construction activities, including construction of the transmission line between the Project and the Shining Tree Distribution Station. Gogama Snowmobile Club confirmed the contact information was correct and suggested a phone call. IAMGOLD stated they were available for a call that day.	Pat DeBlois (Gogama Snowmobile Club)	David Brown (IAMGOLD Corporation)
2,501	Email	08/19/2020	An individual who is part owner of a fishing camp on Schist Lake contacted IAMGOLD to confirm the preferred route for accessing their fishing camp in light of the new road being constructed for access to Schist Lake. The individual noted that they use Chester Road to access the camp and were informed in early August 2020 that access would be changing. The individual indicated that they are planning to access the camp on 2020-08-23. IAMGOLD provided the individual with a map for the road and a plan for the Project layout. IAMGOLD noted that Chester Road will remain open until late 2020 and that the Ministry of Natural Resources and Forestry will send a public notice and post signage when the road will be closed. In addition, IAMGOLD indicated that they will keep the individual	Richard Dekoninck (Individual)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			informed and that they will follow-up the next day regarding Schist Lake Road access and parking.		
2,520	Email	08/22/2020	IAMGOLD informed an owner of a fishing camp on Schist Lake that the Schist Lake Road is complete and that there are parking areas along the road. IAMGOLD requested that the individual let IAMGOLD know if additional gravel is required for the individual to access their trail.	Richard Dekoninck (Individual)	David Brown (IAMGOLD Corporation)
2,515	Phone Call	08/25/2020	Trapper #1 for GO-023 area left a voice message for IAMGOLD in response to IAMGOLD's request to discuss the issues raised previously by one of the secondary trappers on the trapline. IAMGOLD responded with a voice message.	Gary Hodgins (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,554	Email	09/03/2020	IAMGOLD and Cambrian College corresponded regarding a partnership and tour of the college campus in late October. In addition, Cambrian College noted that they plan to attend the luncheon IAMGOLD is hosting with the Chamber on 2020-10-21.	Brandi Braithwaite (Cambrian College of Applied Arts & Technology)	David Brown (IAMGOLD Corporation), Jackie Lamothe (IAMGOLD Corporation)
2,548	Phone Call	09/06/2020	EACOM notified IAMGOLD that they had been denied access to a harvest block by the Project security team at the Project access point at Highway 144. Later the same day the EPCM contractor was able to confirm that the matter was resolved through a discussion with an EACOM supervisor.	Unknown Individual (EACOM Timber Corporation), Michael Forrest (EACOM Timber Corporation)	David Brown (IAMGOLD Corporation), Mark Jupin (Wood plc)
2,567	Email	09/08/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry with information on the Road Transfer Plan, including gate locations. IAMGOLD noted that EACOM advised IAMGOLD that they made the requested revisions to the transfer plan and that it should be accepted soon.	Gail Ballak (Ministry of Natural Resources), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Michael Forrest (EACOM Timber Corporation), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Ryan Milne (EACOM Timber Corporation), Mike	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

				Mazzetti (Ministry of Natural Resources and Forestry)	
2,642	Email	09/08/2020	IAMGOLD and the Gogama Chamber of Commerce corresponded regarding the cheque presentation scheduled to take place on 2020-09-11 in Gogama. Both parties agreed to the schedule and agenda updates for the event. In addition, IAMGOLD indicated that invitations were extended to television and print media and would notify the Gogama Chamber of Commerce once confirmation of attendance was received.	Gerry Talbot (Individual - Gogama)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation), Kristy Wilson (IAMGOLD Corporation)
2,740	Phone Call	09/14/2020	IAMGOLD and Trapper #1 for GO-031 discussed a date for meeting at the Project site to review access within the Project area.	Gary Hodgins (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,572	Letter	09/15/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with notice of amendments letter for the Spanish Forest 2020-2030 Forest Management Plan related to the transfer of road responsibility from EACOM to IAMGOLD. MNRF indicated that the first amendment updates the Forest Management Plan to be consistent with the Road Transfer Plan and the second amendment will finalize the transfer of road responsibility. MNRF indicated that EACOM requested the transfer of responsibility for several roads from EACOM to IAMGOLD by submitting a Road Transfer Plan identifying the roads that will be transferred, and the conditions that must be met prior to the transfer being approved. Roads affected include a portion of the Chester Road, the entire Chester Mining Road, a portion of the West Chester Road, and several operational roads in the Chester Network and Hwy 144 Network. MNRF noted that prior to road transfer approval, construction of the Schist Lake Road must be complete. In addition, MNRF included a map showing the Project boundary, roads to be transferred, and the new Schist Lake Road.	Gail Ballak (Ministry of Natural Resources), Ryan Milne (EACOM Timber Corporation), Natalie Dulude (Ministry of Natural Resources and Forestry), Matthew Hollands (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,741	Site Visit	09/17/2020	IAMGOLD and EACOM met with Trapper #1 for GO--023 and an additional trapper for the trapline at their cabin near Schist Lake to discuss concerns previously expressed by the trappers related to access issues. It was	Brad Bowman (Unknown Individual), Yvon Deschamps (EACOM	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			confirmed that access issues experienced earlier this year were related to EACOM harvesting activity within their harvest block last winter that resulted in a blockage of their access trail. EACOM committed to addressing this prior to the start of the trapping season on 2020-10-05. The trappers indicated that the new forestry road recently constructed to the west of the future Tailings Management Facility provides better access to their cabin. IAMGOLD confirmed that they can now park within 1 km of their cabin and IAMGOLD will construct a parking spot for their use. In addition, IAMGOLD and the Trappers discussed the development of an agreement related to land use access for trapping purposes.	Timber Corporation), Gary Hodgins (Trapline Holder)	
2,569	Email	09/18/2020	On 2020-09-08, the Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with an update on amendments to the Forestry Management Plan and Road Transfer Plan. MNRF noted they received the revised Road Transfer Plan and Amendment #5 and are reviewing these documents. In addition, MNRF indicated that they will be updating the Road Transfer Plan as they receive confirmation that the conditions have been met. MNRF also noted that receipt of the signed agreement is one of the conditions outstanding. MNRF indicated that their Forestry Technician is aware that a Forest Operations Information Program report for completion of Schist Lake Road will arrive from EACOM. MNRF also noted that they are working on the public, First Nation and the Métis Nation of Ontario community notifications and that they sent a meeting request to IAMGOLD regarding review of the Memorandums of Understanding (MOUs). On 2020-09-09, IAMGOLD provided MNRF with the signed agreement between IAMGOLD and EACOM regarding roads and access.	Gail Ballak (Ministry of Natural Resources), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Michael Forrest (EACOM Timber Corporation), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Ryan Milne (EACOM Timber Corporation), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,761	Email	09/19/2020	A member of the Mesomikenda Cottagers Association contacted IAMGOLD to ask about a blast that was heard by cottagers on 2020-09-18. IAMGOLD confirmed that a blast, originally scheduled to take place on 2020-08-17, occurred on 2020-09-18.	Peter Burrell (Mesomikenda Cottagers Association)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
3,004	Employment Opportunity	09/21/2020	Tisdale Bus Lines provided a job posting for an Industrial School Bus Driver to Flying Post First Nation and requested they share the posting with the membership.	Cathy Ray (Flying Post First Nation), Angie McLeod (Flying Post First Nation), Jason Hallet (Tisdale Bus Lines)	
2,644	Email	09/22/2020	IAMGOLD corresponded with the Trapper #1 for GO-031 regarding when access to the trapping cabin would be restored by EACOM's contractor. IAMGOLD indicated that they would let the Number 1 Trapper know when work has been started and completed.	Gary Hodgins (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,736	Email	09/25/2020	IAMGOLD corresponded with the Trapper #1 for GO-031 area regarding restoring access to the trapping cabin. IAMGOLD indicated that EACOM informed IAMGOLD their contractor finished clearing access to the cabin and gravel was hauled for a parking area. IAMGOLD noted that another trapper associated with the trapline walked the trail to the cabin and was satisfied. Trapper #1 noted that they would let IAMGOLD know their opinion on access the next time that they visit the cabin.	Gary Hodgins (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,742	Phone Call	09/28/2020	IAMGOLD spoke with the bait harvester whose harvest area overlaps the Project site. The bait harvester noted their primary harvest location is West Beaver Pond and provided a corresponding satellite map of the location via text. IAMGOLD committed to continued discussions with the bait harvester.	Peter Stewart (Individual - Gogama)	David Brown (IAMGOLD Corporation)
2,760	Email	09/29/2020	IAMGOLD corresponded with a member of the Mesomikenda Cottagers Association between 2020-09-26 and 2020-09-29 regarding some noise that was assumed to be coming from the crusher onsite at the Project. IAMGOLD provided a response explaining the context of the noise could be the crusher in the aggregate pit at Chester Lake. IAMGOLD additionally shared information about a scheduled blast that would be taking place at the site on 2020-09-29 as part of the work to construct the permanent camp pad and asked that this individual share this with the other cottagers if possible. The individual thanked IAMGOLD for the update and provision of information.	Peter Burrell (Mesomikenda Cottagers Association)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,738	Phone Call	09/29/2020	IAMGOLD corresponded with Trapper #1 for GO-031 regarding the recent beaver removal activities on site. The trapper confirmed that he will be back on site in October 2020 and would appreciate a list of areas with known beaver activity.	Dave Lince (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,637	Email	09/30/2020	IAMGOLD distributed English and French versions of the September 2020 Let's Talk newsletter. The newsletter included information about the recent Project ground breaking ceremony, support to Gogama businesses, the Project timeline, an update on permitting, COVID-19 pandemic protocols at the Project site, IAMGOLD's commitment to sustainability, information about Project-related business and job opportunities.	Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,743	Meeting	10/05/2020	IAMGOLD and the Trappers for GO-23 met at the Project site to review maps to identify potential areas for relocating the cabin and identified a few options for consideration. IAMGOLD provided Project site maps, including areas of nuisance beaver activity to the Trappers.	Phil Tamlin (Trapline Holder), Dave Lince (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,744	Meeting	10/07/2020	IAMGOLD and the trappers for the GO-23 trapline reviewed a draft letter of intent. IAMGOLD will update the draft letter of intent and provide the trappers with a copy via email.	Phil Tamlin (Trapline Holder), Dave Lince (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,698	Letter	10/13/2020	IAMGOLD received a letter dated 2020-10-06 from legal counsel representing a baitfish harvester whose licence area overlaps the Project. The letter requested IAMGOLD work on a solution to resolve issues raised in the letter, including several questions related to minnow relocation associated with the removal of waterbodies under the Schedule 2 Fisheries Act Authorization and Fish Habitat Offsetting Plan.	Peter Stewart (Individual - Gogama), David R. Nash (McKenzie Lake Lawyers LLP)	Gordon Stothart (IAMGOLD Corporation)
2,798	Email	10/13/2020	IAMGOLD was contacted by an individual seeking information regarding the closing of Chester Road. The individual requested a date as the person used the road to go fishing in the area. IAMGOLD confirmed that the road would be closed at the 4 km marker north of the Sultan Road potentially at the end of October 2020. IAMGOLD also provided information about the bypass route that would be available for the public and noted that signage would be posted to this effect. IAMGOLD noted they would follow up once the exact timing of the road closure was confirmed.	Marc Rainville (Individual)	Côté Gold Community Affairs (IAMGOLD Corporation)

2,748	Phone Call	10/13/2020	IAMGOLD followed-up with the Gogama Chamber of Commerce regarding the distribution of funds to support local businesses affected by the COVID-19 pandemic. The Gogama Chamber of Commerce noted that the distribution was progressing well and indicated that a full report would be provided to IAMGOLD once finalized.	Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation)
2,667	Email	10/14/2020	The owner of Watershed 144 Ltd. responded to a Site Bulletin (No. 0112) issued by Wood on 2020-10-11 related to the West access gate to the Project at kilometre18. The bulletin noted that workers are forbidden from stopping at the Watershed 144. The owner of the Watershed 144 requested an explanation as to why their business was singled out as being forbidden by workers to visit.	Pam Larocque (Watershed 144 Ltd.), Pete Larocque (Watershed 144 Ltd.)	Tyler Deans (Wood plc), Clayton Abraham (Wood plc), Peter Hickey (Wood plc), Andy Radler (Wood plc), David Canavan (Wood plc)
2,766	Email	10/16/2020	Following the receipt of contact information from a representative of the office of the Member of Provincial Parliament for the Nickel Belt on 2020-10-15, IAMGOLD contacted an individual regarding mining claims near the Project site and provided their availability to discuss the matter.	Marc Pitre (Individual)	Alina Shams (IAMGOLD Corporation)
2,711	Email	10/17/2020	IAMGOLD provided the Gogama Chamber of Commerce with a draft of the Socio-economic Management and Monitoring Plan (SEMMP) for their consideration. Gogama Chamber of Commerce indicated that they will forward the SEMMP to all members of the Gogama SEMMP Committee and advise IAMGOLD on a meeting to discuss the plan at a later date.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Unknown Individual (Individual - Gogama), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,750	Email	10/19/2020	IAMGOLD provided an individual with the September 2020 Let's Talk newsletter and noted that the next edition will be sent out in December. IAMGOLD noted that they will add the individual to the Project mailing list as requested.	Matt Weaver (Individual - GP)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,789	Email	10/20/2020	Wood provided the Mesomikenda Cottagers Association with a notice of two blasting activities to take place on 2020-10-21 at 17:00 at the Permanent Camp Site north of Chester Mine Road between kilometre markers 13 and 14. The notice provided information on the road closures that would be in effect and additional safety information.	Peter Burrell (Mesomikenda Cottagers Association)	Clayton Abraham (Wood plc)
2,699	Phone Call	10/20/2020	IAMGOLD notified the head of the Mesomikenda Cottagers Association of blasting activities scheduled to take place at the permanent camp site north of Chester Mine Road between kilometres 13 and 14 at 17:00 on the same date.	Peter Burrell (Mesomikenda Cottagers Association)	David Brown (IAMGOLD Corporation)
2,806	Email	10/21/2020	IAMGOLD received a request from an individual who would like to be added to the Project mailing list.	Michelle Tonner (CTV News)	Côté Gold Community Affairs (IAMGOLD Corporation)
3,052	Letter	10/22/2020	IAMGOLD responded to a letter from legal counsel representing a bait harvester whose licence area overlaps the Project location. The letter outlined IAMGOLD's consultation and communication activities for the Project to date and commitment to supporting businesses in Gogama during the COVID-19 pandemic. IAMGOLD stated they would be willing to meet at a mutually agreeable location and time to continue the preliminary discussion held with the bait harvester about the Project and its effect on bait harvest areas.	Peter Stewart (Individual - Gogama), David R. Nash (McKenzie Lake Lawyers LLP)	David Brown (IAMGOLD Corporation), Gordon Stothart (IAMGOLD Corporation)
2,813	Email	10/26/2020	Gogama noted they have comments on the draft Socio-economic Management and Monitoring Plan for the community and will submit formally once all committee members complete their review. The representative from Gogama noted IAMGOLD's Manager of Environment and Community Relations agreed to follow-up regarding COVID-19 pandemic protocols for Stage 2.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Unknown Individual (Individual - Gogama), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,821	Email	10/29/2020	IAMGOLD received an inquiry from the head of the Mesomikenda Cottagers Association regarding a blast that was heard on 2020-10-28. IAMGOLD confirmed that a blast took place and that a notice was sent regarding the blast. It was determined that the notification was sent to the incorrect email address. IAMGOLD apologized and noted that they would like to measure the distance between the blast site and the location where the sound was heard and follow-up with engineering regarding the sound traveling so far. The Mesomikenda Cottagers Association provided the location of the residents that heard the blast and indicated that the blast was heard on the east side as well.	Peter Burrell (Mesomikenda Cottagers Association)	David Brown (IAMGOLD Corporation)
2,868	Phone Call	10/29/2020	IAMGOLD and an individual corresponded regarding mining claims near the Project site. The individual indicated that they are retired but have their own exploration business. The individual noted that they have 3 mining claims near the Project site and will start drilling in the summer of 2021. In addition, the individual noted that they did fabrication work on the drills used by the Project team and would need a quote for any work required going forward. IAMGOLD indicated that a member of the exploration team would be in contact.	Marc Pitre (Individual)	Alina Shams (IAMGOLD Corporation)
2,855	Email	11/03/2020	Gogama provided feedback on the draft Socio-economic Management and Monitoring Plan (SEMMP) that was sent to them on 2020-10-17. IAMGOLD noted that they would review the comments and schedule a discussion with the Gogama SEMMP Committee if needed.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,840	Drop-in Visit/Casual Meeting	11/11/2020	The Engineering, Procurement, Construction and Management Project Director from Wood met with the owners of Watershed 144 to provide a Project update and follow-up on a previous site bulletin which inadvertently referenced their business. The Project Director provided contact information regarding current and upcoming work opportunities.	Pam Larocque (Watershed 144 Ltd.), Pete Larocque (Watershed 144 Ltd.)	Andy Radler (Wood plc)
2,921	Phone Call	11/16/2020	IAMGOLD attempted to contact a bait harvester and left a message as they were not available.	Peter Stewart (Individual - Gogama)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,990	Letter	11/17/2020	IAMGOLD provided a notification of the Chester Road detour and explained the need for restricted access as a public and worker safety measure due to the increasing construction activities in the Project area. A figure was provided indicating the location of the road detour.	Peter Simoneau (Bait Harvester - Chester Township)	David Brown (IAMGOLD Corporation)
2,923	Phone Call	11/18/2020	IAMGOLD followed up with a bait harvester after attempting to see him in person. The individual was not willing to discuss any details about the impacts to his bait harvesting areas but stated he would call back on Friday (2020-11-20) to discuss further. He also confirmed that he received the notice dropped off at his home and appreciated the correspondence. IAMGOLD stated that the lines of communication are always open now that contact has been established and IAMGOLD is aware of his concerns.	Peter Stewart (Individual - Gogama)	David Brown (IAMGOLD Corporation)
2,922	Drop-in Visit/Casual Meeting	11/18/2020	IAMGOLD visited the individual's residence to discuss ongoing communications regarding his concern over loss of stock (bait fish) for his business and delivered a notice regarding the Chester EACOM Road detour and restricted access to site. The individual was not home. IAMGOLD left the notice at the residence.	Peter Stewart (Individual - Gogama)	David Brown (IAMGOLD Corporation)
2,906	Email	11/19/2020	IAMGOLD provided notification that due to the increase in construction activity and for public safety concerns, t access to the Chester EACOM Road was now restricted and provided a figure with this information. The individual responded thanking IAMGOLD for the information and noted that the new bypass road was nice, as this person had travelled it.	Marc Rainville (Individual)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,908	Email	11/20/2020	IAMGOLD provided a trapper with notification of the Chester EACOM Road detour and explained the need for restricted access as a public and worker safety measure due to the increasing construction activities in the Project area. A figure was provided indicating the road detour.	Gary Hodgins (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,924	Meeting	11/20/2020	IAMGOLD spoke with the bait harvester for Yeo and Neville Townships regarding Project activities and impacts within his bait harvest blocks. He indicated that he was not willing to discuss what he is looking for or what his position is and would leave it up to his lawyer to respond to previous correspondence. IAMGOLD expressed willingness to discuss the level of impacts. The bait harvester confirmed that he received notices about the Project from the Ministry of Natural Resources and Forestry, but stated that he did but didn't pay attention to them as he assumed the Project	Peter Stewart (Individual - Gogama)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			was only affecting Côté Lake. He also confirmed he did not attend any open houses held in Gogama over the last 8 years, but confirmed that he received the quarterly Project newsletter. IAMGOLD asked if there was anything he would like to discuss in terms of impacts or to look at Project maps of the area, he declined but appreciated the offer. IAMGOLD stated he could call anytime if he has any concerns moving forward and inquired if he had received payment for work he had done for IAMGOLD through Mattagami First Nation to trap and remove beavers along the access road of Chester in 2019. He confirmed he had received payment and acknowledged that access to the area is now restricted.		
2,934	Email	11/23/2020	IAMGOLD and an individual with a camp near the Project site corresponded regarding the installation of the Bell communications tower. IAMGOLD noted that they are still in the process of commissioning the tower which is intended to provide Internet for the site. IAMGOLD indicated that they are looking into cell service and will keep the individual informed.	Brenda Weaver (Individual)	David Brown (IAMGOLD Corporation)
2,907	Email	11/23/2020	IAMGOLD provided a trapper with notification of the Chester EACOM Road detour and explained the need for restricted access as a public and worker safety measure due to the increasing construction activities in the Project area. A figure was provided indicating the road detour.	Dave Lince (Trapline Holder)	David Brown (IAMGOLD Corporation)
2,880	Email	11/23/2020	IAMGOLD informed the Gogama Chamber of Commerce that Wood would be sharing a new job posting for the Project and requested confirmation for who to send the information to. IAMGOLD also noted that they will be sending responses back to Gogama regarding their questions on the Socio-economic Management and Monitoring Plan later that same week. The Gogama Chamber of Commerce confirmed who the job posting should be sent to and noted that they will post it on their Facebook page and in local businesses. IAMGOLD confirmed that the email address was provided to Wood.	Gerry Talbot (Gogama Chamber of Commerce)	Krista Maydew (IAMGOLD Corporation)
3,007	Meeting	11/26/2020	IAMGOLD and Trapper #1 for GO-31 met to discuss a draft letter of intent relating to access to the Project site for fur management and ancillary activities associated with maintaining the trapline, as identified in the Public Lands Act, in the Project area and to keep all existing waterbodies	Dave Lince (Trapline Holder)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			and future water realignments free of beavers. IAMGOLD will update the draft letter and share with the Trapper #1 for further review and discussion. Discussions also related to removal of the existing cabin and the process for site selection and building a new cabin in a safe location, potentially within the Project boundary. IAMGOLD noted they will work with the Trapper to support the requirements of the permitting process for a new cabin.		
3,053	Email	11/30/2020	IAMGOLD followed up with the legal counsel representing a baitfish harvester whose licence area overlaps the Project location. IAMGOLD noted they had not received a response to the information provided on 2020-10-22 and suggested a call this week to help guide the discussion moving forward.	Peter Stewart (Individual - Gogama), David R. Nash (McKenzie Lake Lawyers LLP)	David Brown (IAMGOLD Corporation)
2,911	Email	11/30/2020	The administrator of the Gogama.ca website contacted IAMGOLD to request that local jobs with the Project be shared with them so that they can post them on the website as well any other applicable notices. IAMGOLD confirmed that this new contact would be added to the Project distribution lists.	Eldon Mantha (Individual - Gogama)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,963	Phone Call	12/02/2020	IAMGOLD held a conference call with the legal counsel for the bait harvester from Gogama to discuss next steps and have a conversation to help guide discussions going forward. He is putting together a response to IAMGOLD's 2020-10-22 letter, which will include an estimation of the value of the annual harvest. He anticipates providing this within a week but he admitted he is having a hard time getting details from the bait harvester. IAMGOLD requested more detail which counsel indicated he will provide in a follow-up letter. He indicated that his client views this as a critical area for him to harvest from to guarantee availability of product for and reputation among his clientele. Counsel noted that the harvester is interested in developing other locations within his bait harvest areas of Yeo and Neville Townships to allow him to recover from the loss of his use of pond(s) within the TMF footprint. Counsel is going to confirm with the individual that he be copied on future Project correspondence. He is also going to confirm that he can share the individual's email address with	David R. Nash (McKenzie Lake Lawyers LLP)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			IAMGOLD to facilitate sharing Project information (e.g., newsletters, correspondence) more directly.		
2,978	Employment Opportunity	12/03/2020	Wood provided a job posting for a Construction Manager at the Project site to Gogama and requested that it be shared with the community.	Eldon Mantha (Individual - Gogama), Gerry Talbot (Gogama Chamber of Commerce)	Debbie Cupido (Wood plc)
2,984	Employment Opportunity	12/03/2020	Wood provided a job posting for the COVID-19 Program Lead to Gogama and requested they share it with the community.	Eldon Mantha (Individual - Gogama), Gerry Talbot (Individual - Gogama)	Debbie Cupido (Wood plc)
2,988	Email	12/03/2020	Wood provided the Mesomikenda Cottagers Association with a notification that there would be blasting taking place at the Project site on 2020-12-04.	Peter Burrell (Mesomikenda Cottagers Association)	Clayton Abraham (Wood plc)
2,993	Email	12/04/2020	IAMGOLD provided responses to Gogama regarding their comments / questions on the draft Socio-economic Management and Monitoring Plan (SEMMP) provided on 2020-11-03. IAMGOLD noted they will update the SEMMP document once Gogama confirms that the responses address their comments and questions fully. The comments and responses recorded in ROC 2,855.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Individual - Gogama), Rick Duguay (Individual - Gogama)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,996	Email	12/07/2020	Wood provided the Mesomikenda Cottagers Association with a 24-hour notification that there would be blasting taking place on the Project site on 2020-12-08.	Peter Burrell (Mesomikenda Cottagers Association)	Peter Hickey (Wood plc)
3,021	Email	12/10/2020	Wood provided the Mesomikenda Cottagers Association with a notification that there would be blasting taking place at the Project site on 2020-12-11.	Peter Burrell (Mesomikenda Cottagers Association)	Peter Hickey (Wood plc)
3,100	Email	12/10/2020	The Gogama Socio-economic Management and Monitoring Plan (SEMMP) committee confirmed their comments on the draft SEMMP were addressed in the updated version of the SEMMP and provided additional information to support the implementation of the SEMMP.	Daniel Mantha (Gogama Chamber of Commerce), Christine Bedard (Gogama Local Services Board), Rick Duguay (Individual -	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista

ROC	Event Type	Date	Event Summary	Participants	Team
				Gogama), Gerry Talbot (Gogama Chamber of Commerce), Paul Veronneau (Gogama Local Roads Board)	Maydew (IAMGOLD Corporation)
3,104	Email	12/11/2020	IAMGOLD responded to the Gogama Socio-economic Management and Monitoring Plan (SEMMP) committee thanking them for providing their comments on the draft SEMMP and noted that comments would be addressed in the final version of the SEMMP. IAMGOLD also noted that they will reissue the SEMMP as a final document.	Gilles Veronneau (Gogama Local Services Board), Daniel Mantha (Gogama Chamber of Commerce), Gerry Talbot (Gogama Chamber of Commerce), Paul Veronneau (Gogama Local Roads Board)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
3,009	Email	12/11/2020	The Gogama Chamber of Commerce provided a list of businesses in Gogama.	Gerry Talbot (Gogama Chamber of Commerce)	Krista Maydew (IAMGOLD Corporation)
3,012	Employment Opportunity	12/11/2020	Wood provided a job posting for a Busing Coordinator to Gogama and requested that they share it with the community.	Eldon Mantha (Individual - Gogama), Gerry Talbot (Gogama Chamber of Commerce)	Debbie Cupido (Wood plc)
3,022	Email	12/13/2020	Wood provided the Mesomikenda Cottagers Association with notification that there would be blasting taking place at the Project site on 2020-12-14.	Peter Burrell (Mesomikenda Cottagers Association)	Peter Hickey (Wood plc)
2,991	Letter	12/14/2020	IAMGOLD provided a notification of the Chester Road closure and detour and explained the need for restricted access as a public and worker safety measure due to the increasing construction activities in the Project area. A figure was provided indicating the location of the road detour.	Gary Botteron (Ewok's Cabins)	David Brown (IAMGOLD Corporation)
2,992	Postal Mail	12/14/2020	IAMGOLD provided a notification of the Chester Road closure and detour and explained the need for restricted access as a public and worker safety measure due to the increasing construction activities in the Project area. A figure was provided indicating the location of the road detour.	Jim Loiselle (Watershed Bear Outfitters)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
3,024	Email	12/16/2020	Wood provided a notification of blasting at the Project site to the Mesomikenda Cottagers Association which included a map of the blast area spillway. On 2020-12-16 Wood provided a correction to the previously sent notification to inform that the blasting would take place on 2020-12-17.	Peter Burrell (Mesomikenda Cottagers Association)	Clayton Abraham (Wood plc)
3,027	Email	12/16/2020	Wood provided a notification of blasting at the Project site on 2020-12-17 to the Mesomikenda Cottagers Association which included a map of the blast area spillway.	Peter Burrell (Mesomikenda Cottagers Association)	Clayton Abraham (Wood plc)
3,032	Email	12/17/2020	IAMGOLD provided an updated draft Letter of Intent to Trapper #1 for GO-31, noting that it had not been reviewed by legal yet and offering to discuss at the trapper's convenience. IAMGOLD also mentioned they would follow-up regarding an issue with a nuisance beaver.	Dave Lince (Trapline Holder)	Krista Maydew (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
3,041	Email	12/17/2020	IAMGOLD distributed the December 2020 Project Newsletter. The newsletter included information on the Major Earthworks contract kick off, renovations underway for Project bus terminals in Timmins and Sudbury, participation in the Remembrance Day Poppy Campaign, season one of fish relocation completion, career opportunities with the Project, COVID-19 Pandemic protocols, Project permitting, construction of the permanent camp and a detour in place for Chester Road.	Côté Gold Project Mailing List (Individual)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
3,036	Employment Opportunity	12/18/2020	Wood provided a job posting for a Safety Coordinator for the Project to Gogama and requested that they share it with their community.	Eldon Mantha (Individual - Gogama), Gerry Talbot (Gogama Chamber of Commerce)	Debbie Cupido (Wood plc)
3,136	Email	12/22/2020	IAMGOLD provided maps showing priority areas identified for trapping and beaver dam removal activities this winter and requested a call with Trapper #1 for GO-031 to discuss further.	Dave Lince (Trapline Holder)	David Brown (IAMGOLD Corporation)
3,044	Email	12/22/2020	IAMGOLD provided the revised Socio-economic Management and Monitoring Plan (SEMMP) to the Gogama SEMMP committee with revisions based on comments received from the committee. IAMGOLD also shared a copy of the COVID-19 Pandemic Project Operational Readiness Plan for Phase 2.	Daniel Mantha (Gogama Chamber of Commerce), Christine Bedard (Gogama Local Services Board), Rick Duguay (Individual - Gogama), Gerry Talbot	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

				(Gogama Chamber of Commerce), Paul Veronneau (Gogama Local Roads Board)	
3,045	Email	12/22/2020	On 2020-12-20 IAMGOLD received an email from the head of the Mesomikenda Cottagers Association inquiring if it would be possible for IAMGOLD to keep the landing cleared for the cottagers again this year. IAMGOLD responded on 2020-12-22 to confirm the area would be plowed for the winter season.	Peter Burrell (Mesomikenda Cottagers Association)	David Brown (IAMGOLD Corporation)
3,026	Email	12/22/2020	IAMGOLD provided the updated Socio-economic Management and Monitoring Plan (SEMMP) based on comments received from the Gogama SEMMP committee. IAMGOLD indicated where the changes could be found within the document. IAMGOLD also provided a copy of the COVID-19 Project Operational Readiness Plan for Phase 2 and informed that a testing campaign would be in effect at the Project site.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Rick Duguay (Individual - Gogama), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

APPENDIX B

Records of Engagement

B3 – Government Records (2020 Reporting Period)

ROC	Event Type	Date	Event Summary	Participants	Team
1,731	Email	01/01/2020	On 2019-12-16 Environment and Climate Change Canada (ECCC) requested additional information be updated on waterbody figures 1 and 2 for maps in the Proposed Schedule 2 Amendment of the Metal Diamond Mining Effluent Regulations (MDMER). IAMGOLD provided the updated figures on 2019-12-17 as well as an updated table to reference the letters and numbers added to the figures. On 2019-12-31 ECCC requested the information be provided in French as well. IAMGOLD provided all updated figures in English and French on 2020-01-10.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
1,794	Email	01/02/2020	Canadian Shield Consultants, on behalf of IAMGOLD, discussed the Environmental Compliance Approval (ECA) for upgrades to the Mesomikenda Camp septic system with the Ministry of the Environment, Conservation and Parks (MECP). The ECA was provided to the Approvals Branch of MECP via courier on 2019-12-19. Both a hard copy and an electronic copy of the ECA application were also provided to the MECP District Office on 2020-01-02.	Steven Momy (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Jacob Proulx (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
1,802	Email	01/03/2020	IAMGOLD provided the Minister of the Environment, Conservation and Parks with a letter received from the Timmins Chamber of Commerce, dated 2020-01-02, highlighting their support for the Project and expressing concern regarding delays in the permit approval processes by MECP noting this is currently impeding progress on the Project and the subsequent effect on local economy.	Nicholas Cunha (Ministry of the Environment, Conservation and Parks)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,739	Email	01/06/2020	IAMGOLD contacted Environment and Climate Change Canada to ask if Métis Nation of Ontario provided comments on the draft notes provided to them from the consultation session on 2019-08-29. IAMGOLD requested a copy of the final meeting notes.	Angelique Petropoulos (Environment and Climate Change Canada)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation)
1,783	Email	01/07/2020	On 2020-01-03 Environment and Climate Change Canada (ECCC) contacted IAMGOLD to inquire if any of the waterbodies subject to Schedule 2 of the Metal Diamond Mining Effluent Regulations are also subject to a Transport Canada permit under the Navigable Waters Protection Act. On 2020-01-07 IAMGOLD informed ECCC that a portion of	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			East Beaver Pond will be subject to Schedule 2 but that the water bodies have all been determined to be non-navigable.		
1,785	Email	01/07/2020	On 2020-01-06 IAMGOLD sent the Assessment of Alternatives, updated to reflect comments from the Metis Nation of Ontario, to Environment and Climate Change Canada (ECCC) and requested confirmation of receipt of the documents. On 2020-01-07 ECCC provided confirmation of receipt of the Assessment of Alternatives.	Claude Asselin (Environment and Climate Change Canada), Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada), Patrick Koch (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Don Carr (Wood E&IS), Alina Shams (IAMGOLD Corporation)
1,753	Conference Call	01/07/2020	IAMGOLD and Transport Canada discussed classification of works, level of detail required for registration in the new online system and priorities of works for Transport Canada to support.	Tania Havelka (Transport Canada), Devon Smith (Transport Canada)	Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
1,765	Conference Call	01/09/2020	IAMGOLD provided an update on issues surrounding Permit to Take Water and Environmental Compliance Approvals processes. to Members of Provincial Parliament for Nickel Belt and Timmins-James Bay.	France Gélinas (Government of Ontario), Gilles Bisson (Government of Ontario), Courtney Laforest (Provincial Government - Ontario)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,742	Email	01/09/2020	On 2020-01-06 Environment and Climate Change Canada (ECCC) contacted IAMGOLD to inquire if any of the water bodies within the Project footprint subject to the Schedule 2 Metal and Diamond Mining Effluent Regulations are subject to a Transport Canada permit under the new Navigable Waters Protection Act. On 2020-01-07 IAMGOLD informed ECCC that no water bodies being overprinted by the Tailings Management Facility fall under the Canadian Navigable Waters Act as they are non-navigable. On 2020-01-09 IAMGOLD contacted ECCC to schedule a call to	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			discuss next steps in the Schedule 2 process. ECCC indicated they did not have any updates at this time and may be looking to provide updates later in the month.		
1,740	Email	01/10/2020	On 2020-01-08 IAMGOLD contacted the Ministry of Natural Resources and Forestry to confirm their position on removal of stumps at the Project site within the bird nesting season from 2019-04-15 to 2019-04-31. MNRF confirmed their approval for IAMGOLD to perform grubbing and remove stumps during the bird nesting season.	Jean Jacques (Ministry of Natural Resources), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines)	David Brown (IAMGOLD Corporation)
1,741	Email	01/10/2020	On 2020-01-06 IAMGOLD contacted the Ministry of Energy, Northern Development and Mines (ENDM) to ask if a Notice of Project Status and/or Notice of Material Change will be required if development on the Project begins. IAMGOLD and ENDM exchanged emails confirming several Project conditions of approval required to be satisfied prior to the start of construction IAMGOLD also requested an update on the status of the guidance related to Indigenous consultation. ENDM confirmed on 2020-01-10 a Notice of Project Status and/or Notice of Material Change would not be required.	Owen Rigg (Ministry of Energy, Northern Development and Mines)	David Brown (IAMGOLD Corporation)
1,795	Email	01/10/2020	Following a call with Transport Canada on 2020-01-07, IAMGOLD contacted Transport Canada on 2020-01-08 to follow-up on the outstanding items discussed. Transport Canada responded with an inquiry about details on the New Lake construction. IAMGOLD responded on 2020-01-10 outlining the plans for surrounding waterbodies during New Lake construction and noted a response is welcome regarding realignment channel and New Lake dam construction.	Tania Havelka (Transport Canada), Devon Smith (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
1,861	Email	01/10/2020	Following a call on 2020-01-07, SLR, on behalf of IAMGOLD, SLR requested clarification on re-alignments and New Lake requirements for Canadian Navigable Waters Act. Transport Canada responded on 2020-01-09 and requested clarification on the outlet for Chester Lake until New Lake is ready to be flooded. SLR clarified on 2020-01-10 that according to their	Tania Havelka (Transport Canada), Devon Smith (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
			review of the assessment, it was determined that Clam Lake Dam #1 and #2 would not require approval under Canadian Navigable Waters Act.		
1,754	Conference Call	01/10/2020	IAMGOLD and the Ministry of Environment, Conservation and Parks discussed changing the Notice to Construct from 60 days to 30 in order to align with federal Environmental Assessment requirements.	Nicholas Cunha (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,797	Email	01/14/2020	IAMGOLD informed the Ministry of the Environment, Conservation and Parks that they had consulted with Mattagami First Nation (MFN) and Flying Post First Nation (FPFN) regarding the proposed upgrades to the Mesomikenda Camp septic system and there were no comments or concerns. IAMGOLD also shared letters from MFN and FPFN in support of the upgrades.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Jacob Proulx (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
1,822	Email	01/17/2020	IAMGOLD followed up with Gogama Local Services Board regarding the acquisition of data from their community risk assessment for a Socio-economic Management and Monitoring Plan (SEMMP). In their response the Gogama Local Services Board indicated who to follow-up with for this request and also provided the names of individuals who would sit on a committee for the development of a SEMMP.	Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,821	Email	01/20/2020	On 2020-01-13 IAMGOLD inquired with Environment and Climate Change Canada (ECCC) if all updated Schedule 2 Amendment figures had been received and to confirm if ECCC was recommending IAMGOLD's application for an expedited process. On 2020-01-17 ECCC indicated they are recommending the streamlined process for the Project and they were waiting for approval by Treasury Board to apply the streamlined policy. ECCC noted that if the process is approved, they have a tentative date of June 2020 for publication.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Don Carr (Wood E&IS), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
1,812	Email	01/21/2020	The Ministry of the Environment, Conservation and Parks provided IAMGOLD with their technical review comments in response to the 2019-09-25 submission of supplemental information provided to support the construction phase Environmental Compliance Approval and Permit to Take Water applications.	Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Adam Leus (Ministry of the Environment, Conservation and Parks), Dave Manol (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), Don Carr (Wood E&IS)
1,755	Conference Call	01/21/2020	IAMGOLD and the Ministry of the Environment, Conservation and Parks discussed changing the Notice to Construct from 60 days to 30 in order to align with federal Environmental Assessment requirements.	Nicholas Cunha (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,813	Email	01/22/2020	The Ministry of Heritage, Sport, Tourism and Culture Industries approved the archaeological work done by Woodland Heritage in Chester Township under Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18.	Paige Campbell (Ministry of Tourism, Culture and Sport)	Ryan Primrose (Woodland Heritage Services Ltd)
1,815	Email	01/22/2020	Following a phone call on 2020-01-21, IAMGOLD contacted the Ministry of the Environment, Conservation and Parks to further discuss detailed engineering and permitting work on the Project and to request written confirmation that the 60 day Notice of Intention to Proceed with Construction of the Project will be reduced to 30 day notice. A teleconference was scheduled to discuss the request on 2020-01-23.	Antonia Testa (Ministry of the Environment, Conservation and Parks), Andrew Evers (Ministry of the Environment, Conservation and Parks), Annamaria Cross (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
1,814	Email	01/23/2020	On 2020-01-22, Canadian Shield Consultants, on behalf of IAMGOLD, informed the Ministry of the Environment, Conservation and Parks (MECP) District Office that an acknowledgement receipt had been received from the Client Services and Permissions Branch for the septic system servicing at the Mesomikenda Exploration Camp. IAMGOLD requested confirmation from the MECP District Office that a hydrogeological report was not required. MECP District Office response on 2020-01-23 indicating that they would review and respond once their review was complete.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
1,766	Conference Call	01/23/2020	IAMGOLD and the Ministry of the Environment, Conservation and Parks (MECP) discussed changing the Notice to Construct from 60 days to 30 which is in line with federal Environmental Assessment requirements. MECP indicated they are supportive of this approach but will need internal approval before providing written confirmation next week.	Antonia Testa (Ministry of the Environment, Conservation and Parks), Andrew Evers (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,827	Email	01/25/2020	Gogama Local Services Board shared some notes on next steps for the development of a Socio-Economic Management and Monitoring Plan which included a list of people to participate, issues of interest, information gaps, roles and responsibilities as well as notes on implementation and monitoring.	Daniel Mantha (Gogama Chamber of Commerce), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,826	Email	01/27/2020	The Métis Nation of Ontario (MNO) informed Environment and Climate Change Canada that they will be submitting additional comments to IAMGOLD's responses to MNO comments related to their review of the Fish Habitat Compensation Plan and the Assessment of Alternatives.	Marcel Lafrance (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis Council), Liliane Ethier (Temiskaming Métis Council), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Margaret Froh (Métis	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

1,818	Email	01/27/2020	IAMGOLD contacted the Ministry of the Environment, Conservation and Parks (MECP) to explore the possibility of reducing the required 60 Notice of Intention to Proceed with Construction of the Undertaking to 30 days pending a positive decision to construct and requested confirmation if this request was granted. On 2020-01-27 MECP provided a letter of response stating that MECP granted IAMGOLD's request to change the requirement for issuing a Notice of Construction from "60 days prior to the start of construction" to "30 days prior to the start of construction" if the construction start date commences before 2020-06-01. If a start of construction date has not been decided before this date, condition 21.1 will revert back to notification "60 days prior to the start of construction". IAMGOLD confirmed receipt of the letter and thanked MECP for accommodating the request.	Annamaria Cross (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
1,746	Email	01/28/2020	On 2020-01-IAMGOLD contacted Transport Canada to inquire about the progress of the review underway regarding the Project waterbodies assessment for the Canadian Navigable Waters Act and to inform them about the change to the culverts between Weeduck Lake and Three Duck Lake. IAMGOLD provided a diagram showing the changes. On 2020-01-23 Transport Canada responded they are still reviewing the document and requested additional information. On 2020-01-27 IAMGOLD provided responses to the additional questions regarding Chester Lake and two water crossings as well as documents to support their review. On 2020-	Tania Havelka (Transport Canada), Devon Smith (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
			01-28 Transport Canada provided their final comments on the Canadian Navigable Waters Act assessment of waterbodies for the Project.		
1,737	Email	01/29/2020	Following an email received on 2020-01-23, Canadian Shield Consultants, on behalf of IAMGOLD, contacted the Ministry of the Environment, Conservation and Parks (MECP) to inquire whether a Technical Support Review request had been granted. MECP responded that the application is still under review.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
1,832	Email	01/29/2020	Following a request for additional information made on 2019-12-04 by the Ministry of the Environment, Conservation and Parks followed-up with Wood on 2020-01-16 to inquire about the status of the request as the information is needed to proceed with the Permit to Take Water review. IAMGOLD responded on 2020-01-29 stating that a response would be forthcoming.	Steven McAvoy (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Don Carr (Wood E&IS)
1,835	Email	01/29/2020	IAMGOLD followed up with the Ministry of the Environment, Conservation and Parks to clarify that the previous supplemental information sent regarding the Mesomikenda septic system was sufficient for the technical review to be completed and to inquire if anything further was needed. IAMGOLD also shared copies the previous correspondence regarding Mesomikenda Exploration Camp Septic Assessment and Action Plan.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
1,841	Email	01/29/2020	On 2020-01-28 IAMGOLD and Environment and Climate Change Canada (ECCC) discussed plans for a teleconference to discuss the submission of comments from the Métis Nation of Ontario to IAMGOLD's responses on their review of the Fish Habitat Compensation Plan and Assessment of Alternatives for Mine Waste Disposal. IAMGOLD and ECCC held a teleconference as planned and also discussed the Schedule 2 process on 2020-01-29.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
1,767	Conference Call	01/29/2020	IAMGOLD and the Ministry of the Environment and Climate Change Canada discussed consultation and next steps on the Metal and Diamond Mining Effluent Regulations Schedule 2 process.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation)
1,743	Conference Call	01/29/2020	IAMGOLD and Environment and Climate Change Canada discussed consultation and next steps on the Metal and Diamond Mining Effluent Regulations Schedule 2 process.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation)
1,745	Meeting	01/30/2020	IAMGOLD met with the Ministry of Energy, Northern Development and Mines to provide a Project update and discuss the energy needs of the Project.	Aaron Silver (Ministry of Northern Development and Mines), Allan Macdermid (Ministry of Energy, Northern Development and Mines), Shoshana Posternak (Ministry of Northern Development and Mines), Mark Olsheski (Sussex Strategies)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,747	Phone Call	01/31/2020	On 2019-11-25 following the 2019-11-20 teleconference, Fisheries and Oceans Canada (DFO) indicated that the verification of the Habitat Suitability Index and habitat variables needs to be further discussed and requested verification on the approach IAMGOLD used to calculate losses. On 2019-12-02, DFO and Minnow Environmental agreed that this uncertainty should be addressed. DFO agreed that they would send conditions from previous Fisheries Act Authorizations to provide an example of the expectations and level of effort required. These	Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
			expectations could then be identified within the Fish Habitat Compensation Plan and responses to Métis Nation of Ontario comments.		
1,769	Conference Call	01/31/2020	IAMGOLD and the Ministry of Environment, Conservation and Parks (MECP) discussed issues surrounding the Permit to Take Water (PTTW) and the Environmental Compliance Approval processes. MECP committed to following up with IAMGOLD on a new approach within two weeks.	Sarah Paul (Ministry of Environment), Nicholas Cunha (Ministry of the Environment, Conservation and Parks), Leah Bortolotti (Ministry of the Environment, Conservation and Parks), Nick Colella (Ministry of the Environment, Conservation and Parks), Melissa Thomson (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,843	Email	02/03/2020	Environment and Climate Change Canada inquired if the revised Assessment of Alternatives could be made available for the Métis Nation of Ontario for viewing in SharePoint. IAMGOLD responded that the document was available.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,845	Email	02/03/2020	Following an email sent on 2019-01-28, SLR Consulting Canada, on behalf of IAMGOLD, informed Transport Canada that IAMGOLD would be applying for four major works, two minor works and three registrations. These applications were determined based on discussions to identify which of the Project's waterbodies are deemed navigable under the new Canadian Navigable Waters Act.	Tania Havelka (Transport Canada), Devon Smith (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
1,844	Email	02/04/2020	IAMGOLD contacted the Ministry of Natural Resources and Forestry to request confirmation that an approval under the Aggregate Resources Act is not required for a potential quarry within the Tailings Management Facility footprint. 1,881	Email	02/18/2020	Minnow Environmental and Fisheries and Oceans Canada discussed additional complementary measures to be proposed for the Fish Habitat Offsetting Plan including eDNA techniques and benthic invertebrate analysis.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,183	Email	02/19/2020	Maple Leaf Strategies, on behalf of IAMGOLD, coordinated with the office of the Member of Parliament (MP) for the riding of Nickel Belt to schedule a meeting with IAMGOLD to discuss support for the Project. The meeting was confirmed to take place on 2020-02-20 at the MP's office.	Marc Serré (Government of Canada)	Giancarlo Drennan (Maple Leaf Strategies)
2,191	Meeting	02/19/2020	Maple Leaf Strategies, on behalf of IAMGOLD, met with Natural Resources Canada (NRCAN) to provide an update on the Project and the Schedule 2 process.	Kirsten Querbach (Natural Resources Canada), Erika Uchmanowicz (Major Projects Management Office)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,217	Meeting	02/20/2020	IAMGOLD met with the Member of Parliament for the Nickel Belt riding to discuss support for the Project regarding the Schedule 2 application.	Marc Serré (Government of Canada)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,184	Email	02/21/2020	Following a meeting on 2020-02-20, IAMGOLD provided Fisheries and Oceans Canada (DFO) with a link to the Ministry of Natural Resources and Forestry (MNRF) Lakes and Rivers Improvement Act administrative guide. IAMGOLD noted that DFO is mentioned in the guide and highlighted section 2.1.3 as per advice received from MNRF.	Allie Chalke (Fisheries and Oceans Canada (DFO))	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,185	Email	02/21/2020	IAMGOLD corresponded with Transport Canada regarding the permits required under Canadian Navigable Waters Act for the Project. IAMGOLD noted the permits required include 4 Major Works – Clam Lake Dam #3 (registry # 659), Polishing Pond East Dam and West Dam and	Shane McCloskey (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina

ROC	Event Type	Date	Event Summary	Participants	Team
			Reconnection of Weeduck and Three Duck Lake (Upper); 2 Minor Works – Mesomikenda Lake Freshwater Intake and Construction Water Management - Discharge to Upper Three Duck Lake; and 3 Registrations – Watercourse Realignment #1 - Clam Lake and Chester Lake (registry # 731), Watercourse Realignment #2 – Upper Three Duck Lake (registry # 732) and Watercourse Realignment #2 Bypass – Middle Three Duck Lake (registry # 733). In addition, IAMGOLD attached a layout of the mine for reference.		Shams (IAMGOLD Corporation)
1,953	Email	02/21/2020	The Métis Nation of Ontario (MNO) provided Environment and Climate Change Canada (ECCC) with additional comments to IAMGOLD's responses on their previous comments related to the proposed Fish Habitat Offsetting Plan and Assessment of Alternatives that were submitted for authorization under Schedule 2 of the Metal and Diamond Mining Effluent Regulation for the Project. ECCC shared the comments with IAMGOLD and Fisheries and Oceans Canada and indicated upon review of the document by ECCC, a determination of any impacts on the regulatory process would be forthcoming. Comments and responses are located in ROC 1,706.	Linda Norheim Brookes (Métis Nation of Ontario), Claude Asselin (Environment and Climate Change Canada), Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,186	Email	02/24/2020	Following a meeting on 2020-02-19, IAMGOLD informed Environment and Climate Change Canada (ECCC) that they met with other ECCC officials on 2020-02-19 and learned that the Treasury Board package was progressing. IAMGOLD indicated that any assistance ensuring the package was prioritized would be appreciated. In addition, IAMGOLD noted that they have support from Brunswick House First Nation, Flying Post First Nation and Mattagami First Nation and attached letters of support from the communities for reference.	James Hutchingame (Environment and Climate Change Canada)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,170	Email	02/24/2020	Environment and Climate Change Canada (ECCC) informed Maple Leaf Strategies that they received an email from the Métis Nation of Ontario (MNO) containing a final report which was shared with IAMGOLD. ECCC suggested having a meeting on 2020-02-27 to address MNO's comments	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina

ROC	Event Type	Date	Event Summary	Participants	Team
			and a plan to move forward with the regulatory process. IAMGOLD indicated that they are available for a meeting on 2020-02-27.		Shams (IAMGOLD Corporation)
2,025	Email	02/24/2020	The Ministry of Natural Resources and Forestry (MNRF) informed IAMGOLD that removal of the eagle's nest would require authorization under the Fish and Wildlife Conservation Act (FWCA), section 7. MNRF provided a reference to the act which states, "A person shall not destroy, take or possess the nest or eggs of a bird that belongs to a species that is wild by nature." MNRF also stated that bald eagles fall under the FWCA as specially protected birds (raptors).	Emmanuel Ogunjobi (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,026	Email	02/25/2020	IAMGOLD responded to the 2020-02-24 email from the Ministry of Natural Resources and Forestry (MNRF) regarding the removal of the eagle's nest on the Project site. IAMGOLD informed MNRF they were currently in consultation with Mattagami First Nation and Flying Post First Nation regarding the removal of the nest. IAMGOLD stated this consultation activity complies with one of the Environmental Assessment Commitments for the Project. IAMGOLD requested that the MNRF outline any additional requirements.	Emmanuel Ogunjobi (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,168	Email	02/25/2020	Following a meeting with the Member of Parliament for Timmins-James Bay on 2020-02-20, Maple Leaf Strategies, on behalf of IAMGOLD, provided letters of support for the Project from Brunswick House First Nation, Flying Post First Nation and Mattagami First Nation. In addition, IAMGOLD noted that the Member of Parliament had previously agreed to provide a letter of support for the Schedule 2 application and provided example text to include in the letter as requested.	Charlie Angus (Government of Canada)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,218	Email	02/25/2020	Following the meeting held 2020-02-20 between IAMGOLD and the Member of Parliament (MP) for the Nickel Belt riding, the MP agreed to provide a letter of support for the Schedule 2 application. The MP requested sample text for the letter. IAMGOLD provided the MP with sample text to include in the letter regarding the Assessment of Alternatives for Mine Waste Disposal. IAMGOLD noted that they are requesting that Environment and Climate Change Canada identify if there is a specific subject file number for the Project's Schedule 2 application that the MP's letter can refer to for ease of identification and that	Marc Serré (Government of Canada)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			IAMGOLD will provide this information to the MP upon receipt. IAMGOLD thanked the MP for their support and offered to provide any other information that may be needed.		
2,027	Email	02/26/2020	Following correspondence on 2020-02-25, the Ministry of Natural Resources and Forestry (MNRF) confirmed they acknowledge the need to work with Mattagami First Nation and Flying Post First Nation regarding the removal of the eagle's nest. MNRF instructed IAMGOLD to fill in an attached authorization form, that while not specific for this activity, will be used to describe the need to remove the nest, the location, the active status of the nest and date of removal. MNRF indicated that one of their biologists will review the application.	Emmanuel Ogunjobi (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,036	Email	02/28/2020	IAMGOLD contacted the Ministry of Energy, Northern Development and Mines to inquire if they had finalized a Consultation Memo providing direction to IAMGOLD on Indigenous Consultation expectations of the Ministry.	Owen Rigg (Ministry of Energy, Northern Development and Mines)	David Brown (IAMGOLD Corporation)
1,908	Email	03/03/2020	The Ministry of the Environment, Conservation and Parks (MECP) followed-up on the requested comment and response table as discussed during the 2020-02-28 teleconference. IAMGOLD responded on the same date and provided official responses to the MECP technical comments issued on 2019-11-27 regarding the Environmental Compliance Approval application for Construction Water Management. IAMGOLD provided the contact information for coordinating a meeting to discuss the responses. Comments and responses are located in ROC 1688. 				the Environment, Conservation and Parks)	
1,902	Email	03/05/2020	IAMGOLD provided the signed Fire Permit for burning piled wood, brush, leaves or discarded wood by-products to the Ministry of Natural Resources and Forestry.	Jason Paquette (Ministry of Natural Resources)	David Brown (IAMGOLD Corporation)
1,903	Email	03/05/2020	EACOM shared a map of "driveable" roads within the Project boundaries with the Ministry of Natural Resources and Forestry and inquired about the process for transferring responsibility of these roads back to the Crown or to IAMGOLD directly.	Michael Forrest (EACOM Timber Corporation), Chad Anderson (Ministry of Natural Resources and Forestry), Megan Finlay (EACOM Timber Corporation), Ryan Milne (EACOM Timber Corporation)	David Brown (IAMGOLD Corporation)
1,912	Email	03/09/2020	Following a Reminder Notice received on 2020-01-13 from the Ministry of Environment, Conservation and Parks (MECP) regarding the submission of daily water taking data under the 7126-B2ZQR5 Permit, IAMGOLD inquired if this report was required or if the reminder was an error as the permit had expired. MECP confirmed the permit to take water had expired and the report was not required.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Janine Nivins (Ministry of the Environment, Conservation and Parks), Unknown Individual (Water Taking Reporting System)	David Brown (IAMGOLD Corporation)
1,985	Email	03/09/2020	On 2020-03-04, Maple Leaf Strategies, on behalf of IAMGOLD, contacted to Natural Resources Canada (NRCAN) to inquire if there was a file number or other identifier that Environment and Climate Change Canada is using to refer to the Project file other than what was previously submitted: "Assessment of Alternatives for Mine Waste Disposal for the Cote Gold Project" or "IAMGOLD Schedule 2 listing to the Metal and Diamond Mining Effluent Regulations". NRCAN responded they would	Kirsten Querbach (Natural Resources Canada), Erika Uchmanowicz (Major Projects Management Office)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			check on the file number. NRCAN noted that they had inquired with the Impact Assessment Agency of Canada about reducing the 30 day requirement for the notice to construct and relayed to IAMGOLD that it may be possible to reduce the 30 day timeframe in extraordinary circumstances.		
2,017	Courier	03/09/2020	Wood, on behalf of IAMGOLD, couriered, copies (3) of design change memos related to the Lakes and Rivers Improvement Act applications for the Tailings Management Facility Starter Dam and the Mollie River Realignment to the Ministry of Natural Resources and Forestry (MNRF).	Tuovi Haapakoski (Ministry of Natural Resources and Forestry)	Debbie Dyck (Wood E&IS)
2,029	Meeting	03/10/2020	IAMGOLD met with representatives of Gogama to discuss the development of a Socio-Economic Management and Monitoring Plan. Discussions focused on reviewing IAMGOLD's commitment to develop a socio-economic / community management and monitoring plan, review of socio-economic and land use effects and predicted during the environmental assessment and corresponding management and enhancement measures. Next steps were discussed for developing a plan. Gogama representatives expressed interest in meeting on their own to develop a list of potential effects from their perspective.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Individual - Gogama)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,037	Email	03/10/2020	Following a previous email sent on 2020-02-28, IAMGOLD contacted the Ministry of Energy, Northern Development and Mines to inquire again about the finalization of a Consultation Memo. IAMGOLD indicated they were trying to move forward with road relinquishing and noted that they had an upcoming meeting scheduled to discuss the matter.	Owen Rigg (Ministry of Energy, Northern Development and Mines)	David Brown (IAMGOLD Corporation)
2,038	Email	03/10/2020	IAMGOLD received a response from the Ministry of Energy, Northern Development and Mines (ENDM) regarding their inquiries sent on 2020-02-28 and 2020-03-10 about the finalization of a Consultation Memo. ENDM stated the memo was currently being reviewed by their legal department.	Owen Rigg (Ministry of Energy, Northern Development and Mines)	David Brown (IAMGOLD Corporation)
1,940	Email	03/11/2020	IAMGOLD provided Environment and Climate Change Canada (ECCC) with draft response to the Métis Nation of Ontario (MNO) comments regarding the Fish Habitat Compensation Plan and Assessment of Alternatives that were submitted for authorization under Schedule 2 of the Metal and Diamond Mining Effluent Regulation for the Project. The summary report	Claude Asselin (Environment and Climate Change Canada), Brandi Mogge (Fisheries and Oceans Canada),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			of contact with the MNO since sharing the draft Fisheries Offsetting Plan and Assessment of Alternatives was also provided. ECCC noted that their review and comment would be forthcoming.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	
2,018	Email	03/11/2020	Wood, on behalf of IAMGOLD, informed the Ministry of Natural Resources and Forestry (MNRF), of a change in personnel assigned to the Project at Wood, regarding the Lakes and Rivers Improvement Act (LRIA) applications. Additionally, Wood informed MNRF that two information packages were couriered to the MNRF office on 2020-03-09 containing design change memos related to the Lakes and Rivers Improvement Act applications for the Tailings Management Facility Starter Dam and the Mollie River Realignment and requested confirmation of receipt. Wood inquired if MNRF's review of the LRIA applications for these facilities can resume upon receipt of these memos and requested a follow-up meeting to review the design updates in order to assist with the review process.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Taiwo Akisanmi (Ministry of Energy, Northern Development and Mines)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Milos Vojvodic (Wood E&IS)
2,019	Email	03/11/2020	Wood, on behalf of IAMGOLD, received confirmation from the Ministry of Natural Resources and Forestry (MNRF) that the information packages regarding the Lakes and Rivers Improvement Act applications couriered on 2020-03-09 were received. MNRF also noted that they would be in contact to set up a meeting to review the design updates.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Milos Vojvodic (Wood E&IS)
1,910	Email	03/13/2020	Environment and Climate Change Canada contacted IAMGOLD regarding incorrect coordinates for the Tailings Management Facility in the Schedule 2 Amendment of the Metal and Diamond Mining Effluent Regulations and requested an updated polygon for the Tailings Management Facility with the correct points. IAMGOLD indicated they would provide the revised information within a week.	Angelique Petropoulos (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Alina Shams (IAMGOLD Corporation)
1,986	Email	03/13/2020	Following correspondence on 2020-03-09, IAMGOLD informed Natural Resources Canada that the Project will not currently request a change from the 30 day requirement for the notice to construct and will discuss	Kirsten Querbach (Natural Resources Canada), Erika Uchmanowicz (Major	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			any changes to this timeframe if needed with the Impact Assessment Agency of Canada directly.	Projects Management Office)	
1,974	Meeting	03/13/2020	IAMGOLD and the Ministry of the Environment, Conservation and Parks (MECP) held a technical meeting to discuss the surface water comments provided by MECP on 2019-11-27 and the groundwater responses which are anticipated to be received by MECP on 2020-03-06. IAMGOLD provided MECP with a meeting agenda and presentation prior to the meeting.	Steven Momy (Ministry of the Environment, Conservation and Parks), Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Dave Manol (Ministry of the Environment, Conservation and Parks), Katrina Chrzanowska (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks), Fariha Pannu (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Alina Shams (IAMGOLD Corporation), David Simms (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
1,924	Conference Call	03/13/2020	Hydro One provided an update on their engagement with Taykwa Tagamou Nation to date related to the refurbishment of Hydro One's Transmission Line. IAMGOLD provided an overview of commitments made to Indigenous Project stakeholders. IAMGOLD provided draft meeting minutes to all participants on 2020-03-26.	Elsy Aceves (Hydro One Networks Inc.), Devi Shantilal (Hydro One Networks Inc.), Christine Goulais (Hydro One Networks Inc.)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation)
2,030	Email	03/16/2020	IAMGOLD inquired if trappers in the local Project area were sent notices by the Ministry of Natural Resources and Forestry (MNRF) about the Project's Forestry Resource Licenses as they had received an inquiry from a local trapper and wanted to follow-up within the next day. MNRF indicated that notices were not shared as that this issue was covered under the Project's provincial and federal Environmental Assessment process.	Jean Jacques (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,917	Email	03/16/2020	IAMGOLD provided the revised Community Communication Plan and Management of Community Grievances plan to Gogama Local Services Board and notified that they are now available on the Project website. IAMGOLD indicated that changes were made to the plans based on comments received from the Ministry of the Environment, Conservation and Parks following the submission of the draft documents in December 2019. IAMGOLD requested that any print copies Gogama may have posted of these documents be replaced with the current versions (Revision 2).	Christine Bedard (Gogama Local Services Board), Gerry Talbot (Individual - Gogama)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,022	Letter	03/17/2020	The Ministry of Energy, Northern Development and Mines (ENDM) provided a letter clarifying the procedural aspect of consultation. The letter detailed the lead role ENDM has had in coordinating consultation for the Project through the ENDM One-Window process. The letter confirmed that while ENDM leads and coordinates consultation, this work does not replace the individual ministry or departments associated with the Project from carrying on their individual consultation processes for their respective decisions or authorizations regarding the Project. It also provided the name of the contact person for future correspondence. The letter outlined which communities were consulted during the Closure	Andy Lefebvre (Métis Nation of Ontario), Marcel Lafrance (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis Council), Tuovi Haapakoski (Ministry of Natural Resources and Forestry),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			Planning process, contained a list of all communities identified in the provincial Notice of Approval to Proceed with the Undertaking and a list of communities to consult for applications submitted to the Ministry of Natural Resources and Forestry. The letter was also provided to the Métis Nation of Ontario.	Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Carroll Leith (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Owen Rigg (Ministry of Energy, Northern Development and Mines), Lorette McKnight (Temiskaming Métis Council)	
1,928	Email	03/18/2020	Gogama Local Services Board notified IAMGOLD that their offices would be closed to the public from 2020-03-18 to 2020-04-02 due to the COVID-19 pandemic. IAMGOLD acknowledged the notification and indicated that the meeting notes from2020-03-10 would be forthcoming.	Christine Bedard (Gogama Local Services Board)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,023	Conference Call	03/20/2020	Wood met with the Ministry of Natural Resources and Forestry (MNRF) to discuss the eagle's nest on the Project site. MNRF stated they would not allow IAMGOLD to cover the eagle's nest in order to prevent nesting this year. MNRF indicated that approval to cut down the tree containing the eagle's nest would be provided within 3 working days.	Barbara Burkhardt (Ministry of Natural Resources and Forestry)	Matt Evans (Wood E&IS)
1,965	Email	03/21/2020	The Ministry of Natural Resources and Forestry (MNRF) confirmed receipt of the memo on the Indigenous Consultation and Engagement activities provided by IAMGOLD on 2019-12-20, in support of three Lakes and Rivers Improvement Act (LRIA) applications (TM2019-0293, TM2019-0326, TM2019-0327). MNRF indicated their process would next identify whether there are remaining steps for consultation for specific communities regarding each LRIA application and would provide direction to IAMGOLD in a written letter. MNRF inquired about any further correspondence that	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			may have occurred with Brunswick House First Nation or the Métis Nation of Ontario MNO regarding the applications following the memo provided 2019-12-20. MNRF additionally inquired about the review committee IAMGOLD had established related to the detailed dam designs for the Project and if there was any report summarizing the committee's conclusions, which could be shared with the MNO in response to MNO's previous inquiry for a review of the Starter Dam for the Tailings Management Facility as the information is technical in nature.		
1,923	Phone Call	03/23/2020	Maple Leaf Strategies, on behalf of IAMGOLD, and the Ministry of Energy, Northern Development and Mines discussed two requests for assistance. The first request is related to mining lease CLM 533 and CLM 566 which have the potential to hold up the Lakes and Rivers Improvement Act applications. The second request is for clarification on process of approval on the proposed Fish Habitat Compensation Plan by Fisheries and Oceans Canada for the licences to collect fish issued by the Ministry of Natural Resources and Forestry.	Dominic Roszak (Ministry of Energy, Northern Development and Mines), Dylan Moore (Ministry of Energy, Northern Development and Mines), Lesley Williams (Ministry of Energy, Northern Development and Mines)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,934	Email	03/24/2020	Transport Canada contacted SLR Consulting to confirm that the Application for Approval to the Navigation Protection Program for Major Works and Clam Lake Dam #3 was successfully submitted.	unknown unknown (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
1,926	Email	03/24/2020	IAMGOLD received confirmation, via SLR Consulting, that the application for approval regarding the Navigation Protection Program Submission for Major Works, Weeduck Lake Reconnection to Three Duck Lake (Upper) was successfully submitted to Transport Canada.	unknown unknown (Transport Canada)	Krista Maydew (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.)
1,966	Email	03/25/2020	IAMGOLD responded to the request for information regarding Indigenous consultation and engagement in support of three Lakes and Rivers Improvement Act application (TM2019-0293, TM2019-0326, TM2019-0327) , and inquiry regarding the Project Tailings Review Board that was received from the Ministry of Natural Resources and Forestry (MNRF) on 2020-03-21. IAMGOLD provided MNRF with updated records of contact with Brunswick House First Nation (BHFN) and the Métis Nation of Ontario (MNO). IAMGOLD also included additional MNO correspondence regarding Environment and Climate Change Canada and Fisheries and	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			Oceans Canada. IAMGOLD informed MNRF that the Tailings Review Board is made up of internal IAMGOLD / Sumitomo members and also external experts from BGC, SNC Lavalin, Knight Piesold and Wood. IAMGOLD also noted there the Tailings Review Board meets quarterly. While there is no formal report from this Board, recommendations were included in the memos that were submitted to MNRF which summarize the updates to the Project dam designs, and related drawings. One package related to the Tailings Management Facility Starter Dam and associated infrastructure, and the second package related to the Mollie River Realignment Water Management Facilities. IAMGOLD informed MNRF that these memos were shared with Mattagami First Nation, Flying Post First Nation, BHFN and MNO.		
1,922	Email	03/25/2020	Maple Leaf Strategies, on behalf of IAMGOLD, and the Ministry of Energy, Northern Development and Mines met to discuss two issues related to the Project. The first related to a delay in the issuance of a mining lease of an area that includes the proposed Tailings Management Facility. This delay is believed to be affecting the approval of permit applications under the Lakes and Rivers Improvement Act related to the Tailings Management Facility. The second issue discussed focused on the form of assurance the Ministry of Natural Resources and Forestry requires from Fisheries and Oceans Canada related to the proposed Fish Habitat Compensation Plan. This assurance is understood to be required before the Ministry of Natural Resources and Forestry will issue licenses to collect fish for scientific purposes and application approvals under the Lakes and River Improvement Act.	Dominic Roszak (Ministry of Energy, Northern Development and Mines), Dylan Moore (Ministry of Energy, Northern Development and Mines), Lesley Williams (Ministry of Energy, Northern Development and Mines)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
1,957	Email	03/26/2020	The Ministry of the Environment, Conservation and Parks (MECP) sent a memorandum dated 2020-03-23 to IAMGOLD via Canadian Shield Consultants regarding the outcome of the groundwater review for the Mesomikenda Septic System Assessment and Action Plan, and Design Brief. The memorandum made recommendations based on the requirements listed in Chapter 22: Large Subsurface Sewage Disposal Systems, Design Guidelines for Sewage Works: Large subsurface sewage disposal systems. MECP noted that a follow-up meeting with IAMGOLD and Wood has been scheduled for 2020-04-02. IAMGOLD noted that the	Steven Momy (Ministry of the Environment, Conservation and Parks), Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)

ROC	Event Type	Date	Event Summary	Participants	Team
			meeting will focus on the core Environmental Compliance Approval and Permit to Take Water issues and that the groundwater review outcome will be made into a meeting item at a later date.	Eugene Macchione (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks)	
1,958	Email	03/26/2020	Following an email to the Ministry of the Environment, Conservation and Parks (MECP) from IAMGOLD on 2020-01-29, Canadian Shield Consultants, on behalf of IAMGOLD, inquired if the MECP's Technical Support Staff required more information to process the pre-consultation for the Environmental Compliance Approval application.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
1,911	Email	03/26/2020	On 2020-03-24 a member of Gogama's Socio-economic Management and Monitoring Committee provided the contact information for the individual responsible for disseminating Project job postings within the community and requested information on the Socio-economic Management and Monitoring Plan (SEMMP) IAMGOLD developed with Mattagami First Nation. IAMGOLD noted the SEMMP was not complete at this time and the information contained would be confidential once complete. IAMGOLD noted that a draft plan is being developed for Gogama and would be shared once available.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Eldon Mantha (Individual - Gogama), Gerry Talbot (Individual - Gogama), Rick Duguay (Individual - Gogama)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
1,925	Email	03/26/2020	Following a conference call on 2020-03-13, Hydro One provided updates to the draft meeting minutes on 2020-03-18. IAMGOLD responded with further updates to the meeting minutes on 2020-03-25 and Hydro One responded with additional edits on 2020-03-25. The final version of the	Sara Fatima (Hydro One Networks Inc.), Kirpal Bahra (Hydro One Networks Inc.), Elsy	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

ROC	Event Type	Date	Event Summary	Participants	Team
			meeting minutes was distributed on 2020-03-26. The meeting minutes provide updates from IAMGOLD on commitments made to Indigenous communities as well as information regarding Hydro One's engagement with Taykwa Tagamou Nation to date.	Aceves (Hydro One Networks Inc.), Devi Shantilal (Hydro One Networks Inc.), Christine Goulais (Hydro One Networks Inc.)	Corporation), Alina Shams (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation)
1,927	Email	03/27/2020	Hydro One provided additional clarification on the 2020-03-13 meeting notes. Hydro One clarified that Hydro One needs to engage with Taykwa Tagamou Nation to find out their concerns, comments and information requests related to the upgrade of the T2R transmission line.	Sara Fatima (Hydro One Networks Inc.), Kirpal Bahra (Hydro One Networks Inc.), Devi Shantilal (Hydro One Networks Inc.), Christine Goulais (Hydro One Networks Inc.)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation)
1,941	Email	03/27/2020	IAMGOLD received revisions from Environment and Climate Change Canada (ECCC) on the draft responses to the Métis Nation of Ontario's (MNO) comments regarding the Fish Habitat Compensation Plan and Assessment of Alternatives. ECCC noted in their feedback that responses could be factual and collaborative, and that the ECCC has limited the scope of the review of responses in consideration of the Guidelines for the Assessment of Alternatives for Mine Waste Disposal. ECCC also suggested additional context where it may be appropriate.	Claude Asselin (Environment and Climate Change Canada), Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada), Patrick Koch (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,959	Email	03/27/2020	Canadian Shield Consultants, on behalf of IAMGOLD, sent the Ministry of the Environment, Conservation and Parks (MECP) an action plan letter to address the groundwater review outcome memorandum dated 2020-03-23. MECP acknowledged receipt of the letter and noted it would be forwarded to their technical support unit to provide review and comments.	Steven Momy (Ministry of the Environment, Conservation and Parks), Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian

				of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	Shield Consultants Agency)
2,103	Email	03/27/2020	Wood, on behalf of IAMGOLD, informed the Ministry of Natural Resources and Forestry (MNRF) that a pair of Bald Eagles were observed in the nest targeted for removal from the Project site on 2020-03-26 IAMGOLD requested permission to remove the tree containing the nest in September or October 2020. IAMGOLD will establish a nest buffer around the tree and will limit Project activities within the buffer. It is IAMGOLD's intent to minimize disturbance to the nest to the extent possible and on-site environmental staff will monitor the nest weekly. Wood concluded by stating they were open to discussing the matter further by email or by phone and are open to any suggestions that the MNRF may have.	Barbara Burkhardt (Ministry of Natural Resources and Forestry)	Matt Evans (Wood E&IS)
1,998	Email	03/27/2020	Following a call with the Ministry of Natural Resources and Forestry (MNRF) on 2020-03-24, Maple Leaf Strategies, on behalf of IAMGOLD, shared meeting notes with MNRF that outline two requests for assistance. IAMGOLD is seeking assistance with a letter to Fisheries and Oceans Canada regarding clarification on the process of approval on the proposed Fish Habitat Compensation Plan for the licence to collect fish issues by MNRF. IAMGOLD is also seeking assistance with mining leases CLM 553 and CLM 556 which have the potential to hold up the Lakes and Rivers Improvement Act applications.	Jake Sikora (Ministry of Natural Resources and Forestry), Adam Bloskie (Ministry of Natural Resources and Forestry)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,024	Conference Call	03/27/2020	Wood spoke with the Ministry of Natural Resources and Forestry (MNRF) to follow-up on MNRF's direction regarding the eagle's nest removal on the Project site. MNRF noted their delay in responding was due to the COVID-19 pandemic and their Sudbury office being closed. MNRF stated that the tree could not be cut down or the nest removed until September	Barbara Burkhardt (Ministry of Natural Resources and Forestry)	Matt Evans (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
			2020 and that they would send approval by then. MNRF requested that Wood follow-up again in May 2020 on the issue.		
2,104	Email	03/30/2020	Ministry of Natural Resources and Forestry (MNRF) confirmed receipt of Wood's email dated 2020-03-27 regarding the observed pair of bald eagles seen in the nest on the Project site. MNRF indicated that they will contact their biologists on this matter.	Barbara Burkhardt (Ministry of Natural Resources and Forestry)	Matt Evans (Wood E&IS)
1,935	Email	03/30/2020	The Ministry of the Environment, Conservation and Parks (MECP) indicated that they have no objections to the continued operation of the septic system servicing the Mesomikenda Exploration Camp provided that the portable well water being supplied is acceptable for human consumption as per R.R.O. 1990, Ont. Reg. 554 – Camps in Unorganized Territory, s. 10 (1), Health Protection and Promotion Act. To ensure the permit application process continues, the MECP asked that the additional information requested in a memorandum from the MECP dated 2020-03-23 be provided by 2020-08-31.	Steven Momy (Ministry of the Environment, Conservation and Parks), Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
1,960	Email	03/31/2020	IAMGOLD sent the Ministry of the Environment, Conservation and Parks (MECP) the most recent lab reports for drinking water quality testing that were completed at the Mesomikenda Camp. The lab reports indicate that the bac-T samples came back Non-Detect and the results for all other parameters met Ontario Drinking Water Standards. IAMGOLD noted that they receive quarterly reports from the Sudbury Health Unit with water quality testing results and indicated that these reports can be made available to MECP upon request. IAMGOLD noted they receive quarterly reports from the Sudbury Health Unit with water quality testing results	Steven Momy (Ministry of the Environment, Conservation and Parks), Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian

					Connors (Minnow Environmental Inc.)
1,943	Email	04/03/2020	IAMGOLD provided Environment and Climate Change Canada (ECCC) with a revised draft responses to the Métis Nation of Ontario comments on the Fish Habitat Compensation Plan and Assessment of Alternatives. The revised draft included additional information and clarifications as well as revisions provided by ECCC. Pending no additional revisions received by ECCC, IAMGOLD indicated they will submit the final version by 2020-04-08.	Claude Asselin (Environment and Climate Change Canada), Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada), Patrick Koch (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,976	Email	04/03/2020	On 2020-04-02 the Ministry of Natural Resources and Forestry informed IAMGOLD that the fire permit issued for the Project would be cancelled as of the end of the day as part of their pandemic protocol to enact a province wide restriction on burning. IAMGOLD acknowledged the notice and informed that all burning had been stopped.	Joel Legasy (Ministry of the Environment, Conservation and Parks), Jean Jacques (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
1,992	Email	04/03/2020	IAMGOLD distributed draft meeting minutes to the Ministry of Natural Resources and Forestry (MNRF), for the 2020-03-27 meeting to discuss the Lakes and Rivers Improvement Act applications and requested comments from MNRF to finalize the meeting minutes.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Graham Janson (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Bing Wang (Wood E&IS), Milos Vojvodic (Wood E&IS)
1,944	Email	04/05/2020	Fisheries and Oceans Canada successfully downloaded the Fisheries Act Authorization application (File#HCAA-00354) and Offsetting Plan for the Project.	Brandi Mogge (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
1,947	Email	04/06/2020	Minnow Environmental, on behalf of IAMGOLD, provided additional information and context to Fisheries and Oceans Canada (DFO) regarding the submission of the Fisheries Act Authorization application (File#HCAA-00354) and Offsetting Plan submitted on 2020-04-03. Minnow Environmental noted that most of the changes to the Fisheries Act Authorization application were in response to comments from DFO and the Métis Nation of Ontario. A Summary of Changes in Lost Habitat Area was attached.	Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.)
1,950	Email	04/06/2020	IAMGOLD received confirmation from Environment and Climate Change Canada (ECCC) regarding the final draft responses to the Métis Nation of Ontario (MNO) comments relating to the proposed Fish Habitat Compensation Plan and Assessment of Alternatives. ECCC confirmed that all ECCC and Fisheries and Oceans Canada comments were addressed in the document. ECCC instructed that once they receive the final copy from IAMGOLD they will send it to the MNO. IAMGOLD indicated a final PDF file would be forthcoming.	Claude Asselin (Environment and Climate Change Canada), Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada), Patrick Koch (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
1,952	Email	04/06/2020	Following IAMGOLD's re-submission of the Fisheries Act Authorization application (File#HCAA-00354) on 2020-04-03 and additional context and information provided on 2020-04-06, Fisheries and Oceans Canada (DFO) requested further information regarding changes in habitat units. Minnow Environmental, on behalf of IAMGOLD, noted that the changes in habitat units are driven by the changes in area due to the updates of the dam or with the updated Issued for Construction drawings in the additional offsetting areas. Minnow Environmental also noted that they followed previous direction from Environment and Climate Change Canada and DFO regarding the modification habitat values based on comments provided by the Métis Nation of Ontario.	Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
1,956	Email	04/06/2020	Minnow Environmental, on behalf of IAMGOLD, provided Environment and Climate Change Canada with the requested updated maps and figures to support the Proposed Schedule 2 Amendment in both English and French as requested on 2020-04-03.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Alina Shams (IAMGOLD Corporation)
1,907	Email	04/07/2020	On 2020-03-04 the Ministry of Natural Resources and Forestry (MNRF) acknowledged receipt of a memo on Indigenous Consultation and Engagement, provided on 2019-12-20, in support of three Lakes and Rivers Improvement Act (LRIA) applications for the Project for the Tailings Management Facility Starter Dam, Mollie River Crossing, Mollie River Realignment. MNRF inquired about the status of communication with Brunswick House First Nation regarding the LRIA applications. IAMGOLD indicated a response would be forthcoming.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
1,997	Email	04/07/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to an inquiry made by IAMGOLD regarding clarification on what is required from Fisheries and Oceans Canada (DFO) before MNRF will issue the Lakes and Rivers Improvement Act Plans and Specifications approval. MNRF informed IAMGOLD they received clarification from DFO that a Fisheries Act Authorization is required. Further, MNRF noted that they are aware that IAMGOLD had applied for this authorization and are working with DFO to finalize the Offsetting Plan. MNRF instructed IAMGOLD to provide a copy of the Fisheries Act Authorization to MNRF's Northeast Region Engineering Unit once received.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Graham Janson (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Bing Wang (Wood E&IS), Milos Vojvodic (Wood E&IS)
2,035	Email	04/07/2020	The Ministry of Natural Resources and Forestry (MNRF) requested copies of the emails sent on 2020-03-24 to the Métis Nation of Ontario (MNO), Brunswick House First Nation (BHFN), Mattagami First Nation (MFN) and Flying Post First Nation (FPFN) about the Lakes and Rivers Improvement Act Applications design change memos. MNRF stated they would like to have copies of this correspondence in their records and wanted to ensure the Indigenous communities were offered the opportunity to discuss the changes with IAMGOLD. MNRF indicated that further correspondence on	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			next steps would be provided and noted a concern that the COVID-19 situation may impact the MNRF's ability to continue / conclude meaningful consultation. MNRF also indicated that they are seeking advice how to conduct future consultations under the COVID-19 restrictions.		
1,999	Email	04/08/2020	SLR Consulting, on behalf of IAMGOLD, informed Transport Canada (TC) that two Major Works Applications and three Notices of No Interference were submitted. SLR additionally inquired if the Project could circulate and post a single public notice for the Major Works applications for Clam Lake Dam #3 (registry # 659) and Weeduck Reconnection and Water Realignment Channels (registry # 737). SLR provided an example draft notice and asked if this process would be acceptable, or if an alternate method should be proposed. Once confirmed IAMGOLD will proceed with uploading the public notices on the TC external submission website and inform the local communities.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,000	Email	04/08/2020	SLR Consulting, on behalf of IAMGOLD, received notification from Transport Canada (TC) that the Application for Approval under the Canadian Navigable Waters Act (CNWA) for Clam Lake Dam # 3 passed the initial application screening and further review would commence. TC noted that once the file is assigned to a Navigation Protection Officer, the Project may be asked to provide more detail about the work and/or waterway. TC also informed SLR Consulting that the process to provide additional information about the Project would require posting on the Navigation Protection Program's (NPP) public registry and a public notice will have to be posted in a form and manner as directed by the NPP officer assigned to review the file. In addition, consultation with Indigenous groups and/or a federal environmental assessment may be required as part of the review process. The NPP file number assigned is 2020-401973. This file number is to be included in all future correspondence, and should IAMGOLD, for any reason, decide not to proceed with the Project, IAMGOLD is to advise TC in order to close the file.	unknown unknown (Transport Canada)	Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,009	Email	04/08/2020	Environment and Climate Change Canada (ECCC) IAMGOLD shared the responses prepared by IAMGOLD to the Métis Nation of Ontario's (MNO) comments, submitted on 2020-02-21, with MNO regarding the	Linda Norheim Brookes (Métis Nation of Ontario), Brandi Mogge (Fisheries	Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			Assessment of Alternatives Report and the Fish Habitat Compensation Plan. ECCC further informed the MNO that the ECCC and DFO have each reviewed the responses and are of the view that they are complete. With respect to an Amendment to Schedule 2 of the Metal and Diamond Mining Effluent Regulation and a Section 35 Authorization, both ECCC and DFO find the Assessment of Alternatives Report and the Fish Habitat Compensation Plan adequate to proceed with their respective authorizations. MNO was instructed to communicate directly with IAMGOLD if there were additional questions. Comments and responses are located in ROC 1,706.	and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	
2,010	Email	04/08/2020	Environment and Climate Change Canada (ECCC) confirmed that ECCC would share the responses prepared by IAMGOLD to the Métis Nation of Ontario's (MNO) comments, submitted on 2020-02-21 on the Assessment of Alternatives Report and the Fish Habitat Compensation Plan with the MNO.	Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,001	Letter	04/08/2020	The Ministry of Energy, Northern Development and Mines (ENDM) provided IAMGOLD with a letter regarding regulatory approvals for Exploration Plans/Permits and Closure Plan/Closure Plan Amendments during the COVID -19 outbreak. The letter outlined that ENDM will continue to work to meet regulatory approval timelines. The letter also acknowledged that while Indigenous communities are addressing the COVID-19 outbreak there may be some permits put on temporary hold to allow for consultation requirements to be met as ENDM makes use of available tools to work with communities in this situation.	Melissa Eva (Ministry of Energy, Northern Development and Mines), Brian McMahon (Ministry of Energy, Northern Development and Mines)	Benjamin Little (IAMGOLD Corporation), Gordon Stothart (IAMGOLD Corporation), Carol Banducci (IAMGOLD Corporation)
1,989	Email	04/09/2020	Wood, on behalf of IAMGOLD, distributed final meeting minutes from the meeting held 2020-03-27 to discuss various Lakes and Rivers Improvement Act (LRIA) applications for the Project. Wood also inquired about the timeline for the review of the LRIA application figures and if it would be possible for the ministry to issue permits for smaller groups of structures if needed.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Graham Janson (Ministry	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)

2,033	Email	04/20/2020	SLR Consulting, on behalf of IAMGOLD, received a response from Transport Canada (TC) Navigation Protection Program thanking the Project for proving clarification about the application emailed on 2020-04-20. TC confirmed they understand that Clam Lake will remain open and available to navigation and that only the dammed area will be restricted.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation),

ROC	Event Type	Date	Event Summary	Participants	Team
			TC noted they will wait for the additional information for file 2020-401975 (Three Ducks Lake Causeway) to be received before they continue their review of these files so that the files may be advertised together as was requested on 2020-04-17 by SLR.		Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,011	Email	04/20/2020	SLR Consulting, on behalf of IAMGOLD, responded to an inquiry from Transport Canada's Navigation Protection Program agent regarding the review of the Canadian Navigable Waters Act Major Works application for Clam Lake Dam #3. Transport Canada inquired about the access the lake during construction and operations. SLR Consulting clarified that Clam Lake will continue to be navigable and the dam being constructed will restrict access to a portion of Clam Lake East. Prior to construction of the dam, a cofferdam will be constructed and restrict access prior to the construction of the dam. Once the dam is complete, the cofferdam will be removed. The response also clarified information about how the access to the area will be restricted for safety purposes.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,034	Email	04/21/2020	SLR Consulting, on behalf of IAMGOLD, provided Transport Canada (TC) Navigation Protection Program with a figure showing the current and post conditions of the Weeduck Lake and Three Duck Lake (Upper) reconnection work to support information for the TC file 2020-401975 (Three Ducks Lake Causeway). SLR Consulting referred to an email received from TC on 2020-04-07 and explained that the figure shows both the plan and side views of the works, along with the requested information to advance review of the Project's application. SLR Consulting further inquired if there is an additional requirement to respond to the TC email from 2020-04-07 with the same attached figure.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,040	Email	04/21/2020	Transport Canada provided confirmation that the figure submitted on 2020-04-21 regarding the Clam Lake Dam (NPP file 2020-401973) needed to be submitted to Transport Canada via a specific email address. Transport Canada also confirmed that they had submitted the figure on the Project's behalf to the email address.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,032	Email	04/21/2020	SLR Consulting, on behalf of IAMGOLD, followed up with Transport Canada (TC) Navigation Protection Program regarding the posting of public notices for the Project. ROC	Event Type	Date	Event Summary	Participants	Team
			ROC 2016. SLR also inquired if there any additional locations the Project is required to post notices and noted that pending the feedback from the review, the Project anticipates finalizing the submissions for the two Major Works by mid 2020-05.Further SLR Consulting provided an update in stating that regarding the four Major Works for the Project, during detailed engineering it was determined the Polishing Pond West Dam is no longer required. However, in discussions with the Department of Fisheries and Oceans, it was suggested that IAMGOLD promote fish and fish habitat by re-connecting Little Clam Lake (non-navigable), East Clam Lake (navigable) and Clam Lake (Navigable). A forestry road currently restricts the connection of East Clam Lake and Clam Lake. The intent is to remove the forestry road, reconnecting the historical connection between East Clam Lake and Clam Lake. A draft of the Clam Lake Reconnection, along with a draft for the Polishing Pond East Dam, are currently being reviewed by Mattagami First Nation and Flying Post First Nation, as per existing agreements. SLR Consulting stated to TC that pending the feedback from Mattagami First Nation and Flying Post First Nation, the Project anticipates finalizing the submissions for the two Major Works, referred to this update, in middle of 2020-05.		Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,039	Email	04/22/2020	As a follow-up to an earlier call, Fisheries and Oceans Canada sent a Letter of Credit Template. IAMGOLD was instructed to complete two separate letter of credit applications to support the costs of the offsetting and monitoring work associated with Section 35 and Section 36 applications.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,078	Email	04/22/2020	IAMGOLD provided the final meeting notes from the 2020-03-10 Gogama Socio-economic Management and Monitoring Plan (SEMMP) committee meeting and a document outlining the Effects and Management Measures / Management Strategies Identified in the Environmental Assessment / Environmental Effects Review to the Gogama SEMMP committee as a reference document for developing a list of monitoring indicators for	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Eldon Mantha (Individual -	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation)

			Gogama. Gogama SEMMP committee responded indicating they would review the documents and coordinate plans to meet.	Gogama), Gerry Talbot (Individual - Gogama), Rick Duguay (Individual - Gogama)	
2,090	Email	04/24/2020	Following a phone call on 2020-04-22, Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada (DFO) with an addendum in response to the comments DFO provided on the Project's Offsetting Plan (DFO File #19-HCAA-00354) which was originally submitted on 2020-04-03. Comments and official responses are located in ROC 2012.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,115	Email	04/27/2020	SLR Consulting contacted Transport Canada (TC) on behalf of IAMGOLD to request clarification about the process for posting public notices related to two recently submitted applications for Major Works Applications and Notices of No Interference with Navigation under the Canadian Navigable Waters Act. TC confirmed that one public notice can be used for all of the applications provided that information about each work is clearly noted. TC noted that IAMGOLD will need to prepare separate public notices for the works that IAMGOLD will post on the registry on their own (CNWA s.10(1)(b)) versus the Major Works that require approval from TC (CNWA s.5(1)(a)). TC indicated that it is up to proponents to determine where public notices will be published.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,048	Email	04/27/2020	IAMGOLD contacted the Ministry of the Environment, Conservation and Parks (MECP) to clarify the approach and confirm potential options for the sewage treatment for the construction / permanent camp facilities for the Project. IAMGOLD explained that the letter submitted on 2020-04-09 by Canadian Shield Consultants, on behalf of IAMGOLD, was intended to confirm if the newly received Environmental Compliance Approval (ECA) was a viable option that could be considered. IAMGOLD indicated that, to their knowledge, Canadian Shield Consultants had also followed up by phone. IAMGOLD also provided attached copies of previous correspondence from Canadian Shield Consultants on the potential temporary use of mobile ECA for the permanent / temporary construction	Carroll Leith (Ministry of the Environment, Conservation and Parks), Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Joseph Tyance (Ministry of Environment), Jean	David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Jacob Proulx (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency), Justin Dignard (Canadian

ROC	Event Type	Date	Event Summary	Participants	Team
			camp for an additional 750 people. IAMGOLD further informed MECP they were still considering options with a revised schedule and camp options and are now looking to house approximately 1,000 people for the construction phase and then reduce to approximately 550 people for the operations phase. IAMGOLD also noted that they were ultimately looking to see if the mobile ECA No. 5328-BFES7W can be applied for the short-term construction phase and a permanent ECA application would be submitted for the operations phase for 550 people. IAMGOLD lastly stated they understood that additional information may be required.	Guindon (Ministry of the Environment, Conservation and Parks), Owen Rigg (Ministry of Energy, Northern Development and Mines), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks)	Shield Consultants Agency)
2,324	Email	04/27/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided IAMGOLD with edits to meeting minutes originally provided to MECP on 2020-04-17 as well as edits to an outline of the Project's Environmental Compliance Approval and Permit to Take Water progression through the MECP system. MECP noted that the edits to the outline of the Projects approvals progression through MECP's system were provided to give IAMGOLD as much information as possible regarding future expectations. MECP also provided comments on the Ground Water and Surface Water reports. Comments and responses related to Surface Water are recorded in ROC 1,688. MECP noted that they are willing to provide additional time for IAMGOLD to review their responses and are willing to meet at the end of the week of the following week.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
2,079	Email	04/28/2020	The Gogama Socio-economic Management and Monitoring Plan committee indicated during a meeting on 2020-03-10 that they would like to have documents provided in French upon request when possible. IAMGOLD provided Gogama with the French version of the March 2020 Let's Talk newsletter.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board),	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)

2,054	Phone Call	04/28/2020	Transport Canada (TC) requested that IAMGOLD update the figure provided in the Major Works Approval Application for the Weeduck Lake Reconnection to include the distance from the shore from sediment curtains within Three Duck Lake (Upper) and Weeduck Lake. In addition, TC requested that the figure be provided within the week to advance the review of Major Works. SLR Consulting, on behalf of IAMGOLD, requested clarity on the process for Major Works approval and Minor Works approval and the submission of Public Notices. TC provided additional information regarding the processes for approval and the submission of Public Notices.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,062	Email	04/29/2020	Following a phone call with Transport Canada (TC) on 2020-04-28, SLR Consulting, on behalf of IAMGOLD, sent TC an updated figure in support of IAMGOLD's Three Duck Lake Causeway Major Works application.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,052	Email	04/30/2020	Transport Canada (TC) confirmed that the information provided for the Application for Approval under the Canadian Navigable Waters Act for the Causeway Road, Located on Three Duck Lakes, submitted on 2020-03-24 was deemed complete for the purpose of review. TC noted that information about the work must be deposited on the Navigation Protection Program's (NPP) public registry and that a public notice will have to be posted as directed by the Navigation Protection Program officer assigned to review the Project's file. TC also provided a NPP file number required in all future correspondence.	unknown unknown (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)

2,053	Email	05/01/2020	On 2020-04-27 the Ministry of Energy, Northern Development and Mines inquired if an updated letter of support from Brunswick House First Nation (BHFN) was provided to IAMGOLD. IAMGOLD responded on 2020-05-01 that a letter in support of the Fisheries Act Authorization, dated 2019-10-28, was issued from BHFN to Fisheries and Oceans Canada as well as Environment and Climate Change Canada. IAMGOLD noted that Wabun Tribal Council (WTC) confirmed with BHFN that they are supportive of Mattagami First Nation and Flying Post First Nation and attached e-mail correspondence provided to IAMGOLD from WTC. IAMGOLD also noted that WTC has requested an overarching support letter from BHFN several times but has not received a response. IAMGOLD indicated that they had met with the current Chief and Council of BHFN on two occasions in the fall of 2019 and continue to share Project information, including permit applications and Project updates, with the community. IAMGOLD noted that the current Chief and Council have not expressed any comments or concerns following information meetings held last year at the WTC office, a Fisheries Act Authorization meeting at BHFN Band Office, or following any Project information shared with the community.	Owen Rigg (Ministry of Energy, Northern Development and Mines)	David Brown (IAMGOLD Corporation)
2,057	Email	05/01/2020	Transport Canada (TC) requested a meeting with IAMGOLD to discuss the timing of the four Major Works applications under the Canadian Navigable Waters Act and the engagement that has taken place with the Indigenous communities regarding the Works. TC indicated that they believe it may be best to review all four Major Works applications at the same time. IAMGOLD indicated they would be available for a meeting on 2020-05-06.	Tania Havelka (Transport Canada)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,068	Phone Call	05/01/2020	IAMGOLD discussed the Lakes and Rivers Improvement Act (LRIA) applications with the Ministry of Natural Resources and Forestry (MNRF) on 2020-05-01. Topics discussed included applications TM2019-0327 and TM2019-0293 and IAMGOLD provided figures for proposed changes. In addition, Design Change Memos dated 2020-03-06 were discussed. IAMGOLD also noted that during the construction period, they will require two ponds at the Plant Site area for runoff collection and indicated that they will send a site plan as these ponds may require MNRF and/or	Graham Janson (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
			Ministry of Energy, Northern Development and Mines approval. Meeting notes were provided the same day.		
2,067	Email	05/05/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with a list of outstanding items relevant for the location approval of three Lakes and Rivers Improvement Act (LRIA) applications submitted by IAMGOLD: the TM2019-0293 TMF Starter Dam LRIA Application, TM2019-0327 Mollie River Realignment and TM2019-0326 Mollie River Crossing. MNRF noted that more items may be identified for the Mollie River Realignment application (TM2019-0327). MNRF indicated that they will contact Indigenous communities regarding TM2019-0293 and TM2019-0327 in an effort to conclude consultation; however, Indigenous consultation is considered complete with respect to the Mollie River Realignment application. Comments and responses are located in ROC 2540.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Alina Shams (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,065	Email	05/05/2020	Following an email from IAMGOLD on 2020-04-27, the Ministry of the Environment, Conservation and Parks (MECP) outlined their understanding of the sewage treatment operations at the Project site, including three approved operating sewage treatment systems (the Exploration Camp, the Chester Mine Camp, Mesomikenda Lake Lodge) and one proposed sewage treatment system for the 1,000 person camp. MECP provided comments related to Environmental Compliance Approval conditions for the 1,000 person camp. IAMGOLD confirmed that the 1,000 person camp is only being considered as a potential option for Construction if it is acceptable to the District Office.	Steven Momy (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Joseph Tyance (Ministry of Environment), Jean Guindon (Ministry of the Environment, Conservation and Parks), Owen Rigg (Ministry of Energy, Northern Development and Mines),	David Brown (IAMGOLD Corporation), Gerry Dignard (Canadian Shield Consultants Agency), Jacob Proulx (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency), Justin Dignard (Canadian Shield Consultants Agency)

			inquired if there is additional information needed for the Transfer Plan besides the completion of Schist Lake Road.	(Ministry of Energy, Northern Development and Mines), Natalie Dulude (Ministry of Natural Resources), Mike Mazzetti (Ministry of Natural Resources and Forestry)	
2,063	Email	05/06/2020	Wood, on behalf of IAMGOLD requested that the Ministry of Natural Resources and Forestry (MNRF) confirm receipt of the Lakes and Rivers Improvement Act (LRIA) application package for Fish Habitat Offsetting Measures (Phase 1). Wood indicated that once MNRF confirms receipt of the application they will forward it to the applicable Indigenous communities. Wood also asked that the application be forwarded to the new technical reviewer as the technical reviewer identified on the cover letter is no longer with MNRF. MNRF noted that they received and were able to download the LRIA application and confirmed that the application would be forwarded to the new technical reviewer.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,041	Email	05/06/2020	IAMGOLD provided information regarding the road Transfer Plan for Chester Yeo Township to the Ministry of Natural Resources and Forestry (MNRF). The information provided included the Transfer Plan for Chester Yeo Township, a shapefile for the driveable roads received from EACOM and a map of the Driveable Roads Water Crossing Inventory. IAMGOLD indicated that they will send shapefiles for the water crossings inventory shown in the map once they are received from EACOM. IAMGOLD noted that a signed letter from EACOM and IAMGOLD will be submitted to MNRF in order to relinquish the roads back to the Crown and IAMGOLD will immediately accept these roads in existing condition. IAMGOLD inquired if any additional information was required for the Transfer Plan besides the completion of Schist Lake Road.	Gail Ballak (Ministry of Natural Resources), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Natalie Dulude (Ministry of Natural Resources), Mike Mazzetti (Ministry of	David Brown (IAMGOLD Corporation), Andre Dufresne (IAMGOLD Corporation)

				Natural Resources and Forestry)	
2,102	Conference Call	05/06/2020	SLR Consulting and Wood met with Transport Canada (TC) to discuss the Major Works Applications, Project status, application review timelines and TC's Indigenous engagement process. Wood, on behalf of IAMGOLD, provided an overview of Indigenous consultation and engagement related to permitting and agreed to provide a record of engagement for Mattagami First Nation, Flying Post First Nation, Métis Nation of Ontario, Brunswick House First Nation and Matachewan First Nation following a written request from TC. TC noted that they will indicate timing and level of engagement for all four Major Works applications once received.	Tania Havelka (Transport Canada), Jessica Wray (Transport Canada), Maria Brydon (Transport Canada)	Krista Maydew (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,092	Conference Call	05/07/2020	A phone call was held between Maple Leaf Strategies, on behalf of IAMGOLD, and the Ministry of Natural Resources and Forestry (MNRF) on regarding the Project. Following this call, MNRF summarized three key points of guidance for IAMGOLD. These included what information is needed in the letters of support from the First Nation communities, the MNRF contact regarding the aggregates matter, and direction to seek MNRF feedback on the Offsetting Plan. Also, a request was made for all relevant information that may be helpful in completing this work. Maple Leaf Strategies confirmed receipt of this list and responded on 2020-05-08 they would send a consolidated list of the topics discussed.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,066	Email	05/07/2020	Fisheries and Oceans Canada (DFO) inquired if the Environmental Monitoring Plan for the Project will detail the locations of data collection, such as where the water level and discharge will be measured. Minnow, on behalf of IAMGOLD, noted that the Environmental Monitoring Plan will include those details.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,098	Email	05/07/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry with the shapefiles for the water crossings inventory on roads within the permit boundary as follow-up to a 2020-05-06 email.	Gail Ballak (Ministry of Natural Resources), Tuovi Haapakoski (Ministry of Natural Resources and	David Brown (IAMGOLD Corporation), Andre Dufresne (IAMGOLD Corporation)

				Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Natalie Dulude (Ministry of Natural Resources), Mike Mazzetti (Ministry of Natural Resources and Forestry)	
2,093	Email	05/07/2020	A phone call was held between Maple Leaf Strategies, on behalf of IAMGOLD, and the Ministry of Natural Resources and Forestry (MNRF) on 2020-05-07 in regard to the Project. Following this call, MNRF summarized three key points of guidance that IAMGOLD was seeking from MNRF. These points are: 1) what guidance MNRF could provide in terms of what information is needed in the letters of support from the First Nation communities, 2) who would be the MNRF contact in regards to the aggregates matter, and 3) seeking MNRF feedback on the fish habitat consultation plan. Also a request was made for all relevant information, such as file current associated numbers, that may be helpful in this completing this work. Maple Leaf Strategies, on behalf of IAMGOLD, confirmed receipt of this list and responded on 2020-05-08 they would send a consolidated list of the topics discussed.	Jake Sikora (Ministry of Natural Resources and Forestry), Adam Bloskie (Ministry of Natural Resources and Forestry)	Giancarlo Drennan (Maple Leaf Strategies)
2,069	Email	05/07/2020	SLR Consulting, on behalf of IAMGOLD, requested that Transport Canada (TC) share correspondence with Matachewan First Nation (MFN) related to TC's navigability assessment of Côté Lake. TC indicated that the release of this information would fall under the Access to Information and Privacy Act and should IAMGOLD wish to access this information, a request could be made through the Access to Information and Privacy Office.	Tania Havelka (Transport Canada), Jessica Wray (Transport Canada)	Krista Maydew (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
2,070	Email	05/07/2020	Following a phone call that took place on 2020-05-06, Transport Canada (TC) requested records of Indigenous engagement for the Project since the environmental impact statement was submitted. TC indicated that as part of the Navigation Protection Program (NPP) review process, applications are sent to TC's Indigenous Consultation Unit, where they are reviewed to determine if the Department will consult with potentially impacted Indigenous communities. In addition, TC requested that if IAMGOLD is aware of concerns or questions raised by Indigenous communities related to the Project to forward these as well.	Tania Havelka (Transport Canada), Jessica Wray (Transport Canada)	Krista Maydew (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,094	Email	05/08/2020	Maple Leaf Strategies, on behalf of IAMGOLD, provided the Ministry of Natural Resources and Forestry (MNRF) with additional details to contextualize three points of guidance earlier requested of MNRF on 2020-05-07. The three topics addressed included: letters of support from the First Nation communities for the TMF Starter Dam and Mollie Realignment, assistance request for the Bagsverd Quarry, aggregate permit, and the Scientific Fish Collection permit. Maple Leaf Strategies, on behalf of IAMGOLD, provided MNRF with the names of the MNRF staff they that had been working on the 3 points of guidance provided on 2020-05-07 in regards to the issues discussed. There were staff at MNRF working with IAMGOLD on the consultation directive from MNRF for TMF the Tailings Management Facility Starter Dams and Mollie Realignment and the topic of the Scientific Fish Collection. The issue of the Bagsverd Quarry was the topic which IAMGOLD cited requires a staff person at MNRF for liaison to address.	Jake Sikora (Ministry of Natural Resources and Forestry), Adam Bloskie (Ministry of Natural Resources and Forestry)	Giancarlo Drennan (Maple Leaf Strategies)
2,096	Email	05/08/2020	Minnow Environmental, on behalf of IAMGOLD, submitted the updated Fisheries Act Authorization application and Offsetting Plan to Fisheries and Oceans Canada (DFO). Minnow Environmental noted that the Offsetting Plan was updated to address all comments received to date.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
2,099	Email	05/08/2020	IAMGOLD contacted Fisheries and Oceans Canada (DFO) to inquire about the financial assurances regarding the submission of the updated Fisheries Act Authorization application and Offsetting Plan for the Project. IAMGOLD requested if it was possible for counsel within DFO to provide sample performance bond / surety bond language for IAMGOLD to review.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.), Alberto Nunez (IAMGOLD Corporation), Alex Li Tse Vee (IAMGOLD Corporation)
2,110	Conference Call	05/08/2020	IAMGOLD met with the Ministry of Energy, Northern Development and Mines to discuss permitting issues for the Project.	Susan Capling (Ministry of Energy, Northern Development and Mines), Carol Smith (Ministry of Energy, Northern Development and Mines), Jamesene King (Ministry of Energy, Northern Development and Mines), Brian McMahon (Ministry of Energy, Northern Development and Mines)	Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,100	Email	05/10/2020	Following a request by IAMGOLD on 2020-05-08, Fisheries and Oceans Canada provided a sample Performance Bond document for reference.	Brandi Mogge (Fisheries and Oceans Canada)	David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.), Alberto Nunez (IAMGOLD Corporation), Alex Li Tse Vee (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,107	Letter	05/11/2020	IAMGOLD received a confirmation letter from Fisheries and Oceans Canada (DFO) acknowledging receipt of the application for a Fisheries Act Authorization. DFO stated that a new file number be generated and provided IAMGOLD with a new reference number to use with the financial assurance. The legislated timeline of 60 days to review is required to be identified in the letter, but as discussed, DFO does not anticipate changes in timelines.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,322	Email	05/11/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided a Microsoft Word version of comments from 2020-04-22 related to surface water. Comments and responses are recorded in ROC 1688.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
2,101	Email	05/12/2020	Environment and Climate Change Canada (ECCC) provided an update noting the Schedule 2 approval for the Project was moving along and the Governor in Council (GIC) meeting is anticipated to occur in June 2020. IAMGOLD inquired if it was correct to assume the GIC would be followed by 1-2 weeks of work to secure the Governor General assent before publication in the Canada Gazette. ECCC clarified that once GIC approves, and Order in Council (OIC) is published on the Privy Council Office website a few days after Cabinet approval. ECCC stated that publication in the Canada Gazette part 2 happens on a Wednesday, typically 2 weeks after GIC decision. ECCC further stated there is no royal assent for regulations developed under Acts already enacted by Parliament. Once the OIC is published, ECCC will contact IAMGOLD. ECCC will also inform all Indigenous groups and stakeholders that were involved in the Schedule 2 process.	Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation)
2,105	Email	05/13/2020	Wood, on behalf of IAMGOLD, contacted the Ministry of Natural Resources and Forestry (MNRF) for an update on the request to remove the bald eagle nest Project site. Wood referred to earlier email correspondence on this topic and the application sent to MNRF in March.	Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Matt Evans (Wood E&IS), Brett McLeod (Wood E&IS),

ROC	Event Type	Date	Event Summary	Participants	Team
			Wood stated the Project would like to have approvals ready in order to remove the nest and the tree containing the nest in September 2020.		Megan E Hazell (Wood plc)
2,294	Email	05/13/2020	IAMGOLD provided the Ministry of the Environment, Conservation and Parks (MECP) with a list of outstanding surface water discussion items and proposed a working group session approach to address the discussion points. IAMGOLD requested MECP confirm this approach, provide names of MECP participants for the working groups and requested that MECP suggest a schedule to coordinate meetings.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
2,387	Email	05/13/2020	Following a call on 2020-05-01, Wood, on behalf of IAMGOLD, contacted the Ministry of Natural Resources and Forestry (MNRF) to request clarification and guidance from MNRF about two Lakes and Rivers Improvement Application processes discussed on the call that require approvals by MNRF and/or the Ministry of Energy, Northern Development and Mines.	Graham Janson (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,295	Email	05/14/2020	The Ministry of the Environment, Conservation and Parks (MECP) responded to IAMGOLD's request from 2020-05-13 for confirmation to organize technical subcommittees and noted that MECP was identifying internal representatives for such committees. MECP also stated they would send calendar placeholder invitations on 2020-05-15 for the following week's set of meetings to discuss surface water and ground water.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
2,109	Email	05/14/2020	SLR Consulting, on behalf of IAMGOLD, submitted two Major Works applications to Transport Canada (TC) under the Canadian Navigable Water Act. The applications were for the Clam Lake Reconnection and Polishing Pond East Dam. TC confirmed receipt of the applications.	Unknown Unknown (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Christian Naponse (IAMGOLD Corporation), Fiona Christiansen (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
2,106	Email	05/15/2020	IAMGOLD provided the Ministry of Energy, Northern Development and Mines (ENDM) with information, facts and figures regarding the Project as a follow-up to a request from EMDM on 2020-05-08 during a conference call discussion on permitting issues.	Susan Capling (Ministry of Energy, Northern Development and Mines), Carol Smith (Ministry of Energy, Northern Development and Mines), Brian McMahon (Ministry of Energy, Northern Development and Mines)	Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,297	Email	05/15/2020	IAMGOLD provided the Ministry of the Environment, Conservation and Parks (MECP) with a draft memo on the quarry ponds to Mollie River discharge, in advance of the technical sub-committee meeting. IAMGOLD requested MECP provide a written response on the points raised in the memo regarding a review of the scope of Policy B.1.5 language.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
2,111	Email	05/15/2020	Fisheries and Oceans Canada inquired if modelling had been done to confirm that potential impacts of flow redirection from the Mollie River to New Lake and eventually back to Upper Three Duck have been considered and that there are no predicted impacts. DFO also inquired if any documents to this effect could be shared with them to facilitate the authorization for the Environmental Monitoring Plan. Minnow Environmental, on behalf of IAMGOLD, responded that the information would be located and sent to DFO.	Brandi Mogge (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)
2,267	Conference Call	05/15/2020	IAMGOLD and the Ministry of Natural Resources and Forestry (MNRF) met to clarify items recently discussed with the Minister of Natural Resources and Forestry related to MNRF's approvals for the Project. MNRF indicated the notification letters to be sent to Mattagami First Nation and Flying Post First Nation were to summarize their understanding of consultation with the communities and meant to conclude consultation on the Tailings Management Facility Starter Dam and Mollie River Realignment LRIA applications. Meeting notes were distributed to participants on 2020-06-03.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Graham Janson (Ministry of Natural Resources and Forestry), Mike Mazzetti	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
				(Ministry of Natural Resources and Forestry)	
2,146	Email	05/16/2020	Ministry of Natural Resources and Forestry (MNRF) provided a link to the Ontario GeoHub website for IAMGOLD to access trapline area boundary figures. MNRF noted that if the information was not readily available to be downloaded, there would be a contact person indicated on the website that could access the specific geography files needed.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,117	Email	05/19/2020	Environment and Climate Change Canada (ECCC) informed IAMGOLD that the proper names of the water bodies on the French version of the Mine Rock Area and Tailings Management Area figures required updated translations. IAMGOLD incorporated the translations into the figures and provided the updated versions to ECCC the same day.	Angelique Petropoulos (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,125	Email	05/19/2020	Fisheries and Oceans Canada (DFO) requested confirmation from IAMGOLD that modelling has been completed to confirm that the potential impacts of flow reduction from the Mollie River to New Lake and eventually back to Upper Three Duck Lake were considered and no predicted impacts were found. DFO asked IAMGOLD if impacts to Upper Three Duck water levels due to infilling of the New Lake and WRC2 had been considered and suggested that a reference from the Environmental Assessment may be helpful. Minnow Environmental, on behalf of IAMGOLD, provided the Aquatic Biology Environmental Effects Review (EER) and directed DFO to Table 3-3. IAMGOLD also noted that monitoring would be conducted to confirm the findings outlined in the EER. In addition, IAMGOLD noted that they have discussed the potential impacts to Upper Three Duck Lake water levels due to the infilling of the New Lake and construction around WRC2 and indicated that they will locate and send the appropriate documentation as soon as possible.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,127	Email	05/20/2020	Following a request from Fisheries and Oceans Canada (DFO) on 2020-05-15, Minnow Environmental, on behalf of IAMGOLD, noted that they have conducted an assessment to consider the impact of flow loss during construction and developed a flow management plan to ensure average	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia

2,122	Email	05/22/2020	The Ministry of Natural Resources and Forestry (MNRF) informed IAMGOLD that letters were sent to the Métis Nation of Ontario Region 3, Brunswick House First Nation, Flying Post First Nation and Mattagami First Nation requesting confirmation there are no outstanding concerns related to potential impacts to Aboriginal and/or Treaty rights related to the Lakes and Rivers Act improvement applications for the Tailings Management Facility Starter Dam and the Mollie River Realignment. MNRF noted that the Métis Nation of Ontario Region 3 and Brunswick House First Nation were requested to advise of any concerns by 2020-06-20 and Flying Post First Nation and Mattagami First Nation were requested to advise of any concerns by 2020-06-05.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,132	Email	05/22/2020	Following a discussion with the Ministry of Natural Resources and Forestry (MNRF) on 2020-05-01, IAMGOLD inquired on 05-13-2020 if MNRF could confirm if the two ponds at the Plant Site area that will be used for runoff collection during construction activities require MNRF and/or Ministry of Energy, Northern Development and Mines (ENDM) approval and if the two runoff collection berms at the proposed Overburden Pile require review / approval by MNRF or ENDM. MNRF confirmed that the two runoff collection berms are offline structures and do not require Lakes and Rivers Improvement Act (LIRA) approval but will likely require approval by ENDM and requested site plans showing the ponds at the Plant Site for runoff collections during construction activities. On 2020-05-22, IAMGOLD provided MNRF with three files outlining the structures that will be required at the Plant Site area and the Mine Rock Area (MRA). IAMGOLD indicated that they believe most of the structures will be considered offline structures and that ENDM will need to approve; however, written confirmation from MNRF is required. IAMGOLD provided additional details regarding each of the files attached and requested confirmation if LIRA approval is required.	Graham Janson (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,129	Email	05/22/2020	Transport Canada requested clarification from IAMGOLD regarding the Clam Lake causeway road removal including the location of the East Clam Lake connection to Clam Lake and the scope of work for the step-pool construction between Little Clam Lake and East Clam Lake as no drawings were provided. 2,136	Email	05/26/2020	On 2020-05-25 Transport Canada (TC) requested that IAMGOLD add a cofferdam to the Three Ducks Lake Polishing Pond Dam drawing as was done for drawing submitted for Clam Lake Dam. IAMGOLD provided additional information about isolation measures, which will be sufficient for the capture and relocation of fish, for excavation of material and remaining construction activities and noted that there is no intention to place a cofferdam for works associated with the removal of the Causeway between Weeduck Lake and Three Duck Lake (Upper). On 2020-05-26 TC requested further confirmation regarding whether a cofferdam will be required and requested an updated drawing if a cofferdam is required.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,156	Phone Call	05/26/2020	The Ministry of Energy, Northern Development and Mines phoned IAMGOLD to get an update on progress related to the EACOM road relinquishment. IAMGOLD provided a status update.	Owen Rigg (Ministry of Energy, Northern Development and Mines)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,137	Email	05/27/2020	Following communications with IAMGOLD on 2020-05-22 regarding Little Clam Lake and East Clam Lake, Transport Canada (TC) indicated that they believe Little Clam Lake to be a navigable body of water and suggested that IAMGOLD consult the Major Works Order to determine if the Little Clam Lake Dam meets the Major Works criteria. TC also provided IAMGOLD with a list of options if Little Clam Lake does not meet the Major Works criteria and noted that TC has created a file number (file # 2020-402385) for the work.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,130	Email	05/27/2020	On 2020-05-26 Fisheries and Oceans Canada (DFO) informed IAMGOLD that the authorization for the Project's Offsetting Plan requires that a period be specified where IAMGOLD can cause impacts to fish and fish habitat. DFO noted that the schedule provided in the Offsetting Plan does not specify years, however, DFO has assumed that Phase 1 coincides with 2020 and Phase 3 will likely coincide with 2022. DFO suggested specifying an end date of 2022-07-31 based on Table 4.1 in the Offsetting Plan and noted that this only applies for impacts and is not related to offsetting and monitoring. IAMGOLD requested that the period be extended to November 2022. To support this request, IAMGOLD noted that the last piece of habitat to be destroyed would be the arm of Upper Three Duck Lake and in the Offsetting Plan the fish salvage in the arm of Upper Three Duck is scheduled for May or June of 2022. IAMGOLD also noted that COVID-19 related Project delays may also necessitate a 2022-11 date. On 2020-05-27, DFO agreed to make the end date 2022-11-30.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,244	Email	05/27/2020	Maple Leaf Strategies contacted the Ministry of Natural Resources and Forestry (MNRF) to request the addition of the status of the Lakes and Rivers Improvement Act application to the list of items to discuss as there had not been any communication from MNRF in some time. Maple Leaf Strategies also requested a conference call with MNRF to discuss the Section 36 application.	Jake Sikora (Ministry of Natural Resources and Forestry), Adam Bloskie (Ministry of Natural Resources and Forestry)	Giancarlo Drennan (Maple Leaf Strategies)
2,141	Email	05/28/2020	The Ministry of Natural Resources and Forestry (MNRF) confirmed that the two new sedimentation ponds presented to MNRF on 2020-03-27 are considered to be offline structures and do not require Lakes and Rivers Improvement Act approval.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

2,221	Email	06/04/2020	Transport Canada (TC) Navigation Protection Program, requested that SLR Consulting, clarify if the Project would like TC to move forward and finish the review of the four Major Works and provide IAMGOLD with direction to advertise the four files, or if IAMGOLD would prefer TC to wait on sending the direction to advertise until IAMGOLD has made a decision on the Little Clam Lake Dam (file 2020-402385).	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,292	Email	06/04/2020	Following the Surface Water Technical Subcommittee meeting held on 2020-05-28, Wood, on behalf of IAMGOLD, provided the Ministry of the Environment, Conservation and Parks (MECP) with a response regarding the Mercury Monitoring Plan. Wood stated additional edits to the plan have been made to address MECP's concerns and comments. Revised summary tables were provided to MECP to confirm IAMGOLD's understanding of the issues to be addressed. Wood noted the Mercury Monitoring Plan will be finalized based on the updated tables. MECP provided comments for edits to be made to Table 3.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Dave Manol (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks)	Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
2,222	Email	06/05/2020	SLR Consulting (SLR), on behalf of IAMGOLD, responded to Transport Canada's (TC) Navigation Projection Program inquiry from 2020-06-04 regarding the direction to advertise for the four Major Works for the Project. IAMGOLD will work with TC to develop the Little Clam Lake / East Clam Lake Connection as a separate application. SLR requested clarification about the process for submitting the new application.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,245	Email	06/05/2020	Maple Leaf Strategies contacted the Ministry of Natural Resources and Forestry (MNRF) to follow-up on an earlier email sent 2020-05-27 regarding the Lakes and Rivers Improvement Act (LRIA) application. Maple Leaf Strategies informed MNRF that there had not been any communication from MNRF about the application. Maple Leaf Strategies requested a meeting with MNRF to discuss how to proceed with advancing the LRIA application. A date for the conference call was set for 2020-06-09.	Jake Sikora (Ministry of Natural Resources and Forestry), Adam Bloskie (Ministry of Natural Resources and Forestry)	Giancarlo Drennan (Maple Leaf Strategies)
2,174	Email	06/05/2020	Following a phone call on 2020-06-04, Transport Canada (TC) and SLR Consulting, on behalf of IAMGOLD corresponded about the drawings required to advance the application for Approval for the Clam Lake Causeway Road and the other major works. SLR provided TC with the drawing for the causeway removal between East Clam Lake and Clam Lake and noted that the remainder of the Major Works drawings would be forthcoming.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,175	Email	06/08/2020	IAMGOLD received a request from the Ministry of Natural Resources and Forestry (MNRF) to provide MNRF with the emails and relevant meeting minutes for the items summarized in Table 5: Summary of Consultation and Engagement Specific to the Lakes and Rivers Improvement Act Application. The request asked for the consultation / engagement activities to be summarized in a table format if possible.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,176	Email	06/08/2020	IAMGOLD contacted the Ministry of Environment, Conservation and Parks (MECP) to request an extension until 2020-10-31 for the decision on construction of the Project. IAMGOLD stated to MECP it was their understanding that the current deadline for a construction decision expires 2020-06-30. Further IAMGOLD noted that the COVID-19 pandemic posted potential impact risks for construction execution and IAMGOLD has continued working on procedures, permitting and has developed a revised schedule. IAMGOLD also noted that the IAMGOLD board will be meeting in July or August 2020 to discuss the construction decision. MECP responded indicating the request is under review.	Antonia Testa (Ministry of the Environment, Conservation and Parks), Andrew Evers (Ministry of the Environment, Conservation and Parks), Kiran Anwar (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,178	Email	06/08/2020	On 2020-06-05 Transport Canada (TC) provided SLR Consulting (SLR) with an update from their Indigenous Relations and Engagement Unit on the review process underway for the Project's Major Works application. TC confirmed the Indigenous consultation records for the Project provided were helpful for review and analysis. Once the TC Indigenous Relations and Engagement Unit completes their review, TC will then be in contact with IAMGOLD. SLR thanked TC for the update on 2020-06-08.	Tania Havelka (Transport Canada), Jessica Wray (Transport Canada)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,209	Email	06/08/2020	Fisheries and Oceans Canada requested habitat units for each of the impacts and offsetting components within the Offsetting Plan for the Project.	Brandi Mogge (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)
2,212	Email	06/09/2020	IAMGOLD requested a meeting with the Ministry of Natural Resources and Forestry to discuss a plan of how to move forward with the aggregate applications for the Project.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Derek Seim (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,246	Conference Call	06/09/2020	Maple Leaf Strategies provided an update on the Project to the Ministry of Natural Resources and Forestry (MNRF) and addressed questions from MNRF. Following this call, IAMGOLD was instructed to liaise with the Timmins office of MNRF about the Lakes and Rivers Improvement Act (LRIA) applications. Maple Leaf Strategies confirmed, on 2020-06-17, that IAMGOLD did contact the Timmins office, was informed their LRIA contact	Jake Sikora (Ministry of Natural Resources and Forestry), Adam Bloskie (Ministry of Natural Resources and Forestry)	Giancarlo Drennan (Maple Leaf Strategies)

ROC	Event Type	Date	Event Summary	Participants	Team
			was no longer available and requested a replacement to liaise with as soon as possible.		
2,271	Phone Call	06/10/2020	The Ministry of Natural Resources and Forestry contacted IAMGOLD to set-up a meeting to discuss permitting for the Project.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,223	Email	06/10/2020	Transport Canada (TC) Navigation Projection Program indicated that if the Little Clam Lake / East Clam Lake Connection dam meets the Major Works criteria, an application and approval under the Canada Navigable Water Act is required and IAMGOLD must apply through the external submission site. TC instructed SLR to use file number 2020-402385 when applying and noted that IAMGOLD should include the same Indigenous consultation information provided for the other four Major Works applications, as the TC Indigenous Relations Unit will conduct a review of this file as well.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,172	Email	06/10/2020	Transport Canada (TC) Navigation Protection Program sent an email on 2020-06-04 requesting a final construction figure for Clam Lake East Dam 3 to support the Major Works application. SLR Consulting, on behalf of IAMGOLD, provided TC with this figure.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,199	Email	06/11/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided an update stating that review is underway of the Project's multiple applications with the exception of the air and noise Environmental Compliance Approval which was drafted and sent to the proponent's consultant for feedback. MECP also provided a timeline and the order of next steps to issue permits.	Nicholas Cunha (Ministry of the Environment, Conservation and Parks), Leah Bortolotti (Ministry of the Environment, Conservation and Parks)	Giancarlo Drennan (Maple Leaf Strategies)
2,219	Email	06/12/2020	IAMGOLD responded to the Ministry of the Environment, Conservation and Parks (MECP) inquiry from 2020-05-20 regarding the status of the Project's engagement activities with Brunswick House First Nation (BHFN) related to the Permit to Take Water and the Environmental Compliance Approval applications. IAMGOLD informed MECP that they continue to	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			reach out BHFN with no response. Earlier discussions with BHFN noted that the Project is not in the BHFN Traditional Territory and will not impact their community or members. IAMGOLD stated that they remain committed to providing BHFN with information on the Project and will engage with BHFN should the community express an interest.	Environment, Conservation and Parks)	
2,192	Letter	06/12/2020	IAMGOLD received a copy of a letter dated 2020-06-12 that the Métis Nation of Ontario (MNO) sent to the Ministry of Natural Resources and Forestry (MNRF) in response to the MNRF 2020-05-21 correspondence regarding consultation on the Lakes and Rivers Improvement Act applications for the Tailings Management Facility Starter Dams and the Mollie River Realignment.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Linda Norheim Brookes (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation)
2,323	Email	06/12/2020	Following the Surface Water and Groundwater Technical Subcommittee meetings held on 2020-05-21, 2020-05-22 and 2020-06-08, Wood, on behalf of IAMGOLD sent the Ministry of the Environment, Conservation and Parks (MECP) final responses to the draft surface water and ground water comments. Official comments and responses are recorded in ROC 1,688 and ROC 2,324 respectively. IAMGOLD also included a suggested summary table of the Permit to Take Water source locations that will require treatment for ammonia and/or total suspended solids, and therefore inclusion in the Construction Environmental Compliance Approval, as was discussed during the 2020-05-25 teleconference. IAMGOLD noted that responses to the additional surface water comments from MECP received on 2020-05-20 will follow next week.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment,	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)

2,224	Email	06/15/2020	SLR Consulting (SLR), on behalf of IAMGOLD, responded to Transport Canada's (TC) Navigation Projection Program directions provided by email 2020-06-10 regarding the Major Works application for the Little Clam Lake / East Clam Lake Connection. SLR confirmed that IAMGOLD will proceed with the application, will apply through the external site referencing the file number provided by TC.	Tania Havelka (Transport Canada)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,213	Email	06/16/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to IAMGOLD's request for a meeting on 2020-06-09 regarding the aggregate applications for the Project noting they will schedule a meeting with IAMGOLD upon a full review of the file. MNRF informed IAMGOLD that an order under subsection 7.1(2) of the Emergency Management and Civil Protection Act (O.Reg. 73/20) suspends regulated timelines under the Aggregate Resources Act (ARA), retroactive to 2020-03-16. Other orders under the Emergency Management and Civil Protection Act have the effect of restricting the public's and stakeholders' ability to participate in ARA consultation processes. As a result, aggregate authorizations that require consultation are temporarily on hold, retroactive to 2020-03-16, as MNRF considers how to address the suspended timelines and options to conduct consultation in a transparent way.	Derek Seim (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)

				Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	
2,260	Email	06/25/2020	Maple Leaf Strategies (MLS), on behalf of IAMGOLD, provided the Ministry of Energy, Northern Development and Mines (ENDM) with a summary of the discussion and action items following the meeting held on 2020-06-23. Action items include the next steps towards issuance of legal descriptions for Claims 553 and 556, without which IAMGOLD is unable to obtain the Lakes and Rivers Improvement Act applications issued, and the establishment of provision of an ENDM dedicated reviewer that can work with IAMGOLD to understand the type of tenure needed to acquire surface rights for certain areas where infrastructure needs to be built within setbacks.	Dominic Roszak (Ministry of Energy, Northern Development and Mines), Dylan Moore (Ministry of Energy, Northern Development and Mines), Lesley Williams (Ministry of Energy, Northern Development and Mines)	Giancarlo Drennan (Maple Leaf Strategies)
2,248	Email	06/26/2020	SLR Consulting, on behalf of IAMGOLD, submitted the application for the Environmental Compensation Structure for Little Clam Lake for the Project to the Transport Canada (TC) Navigation Protection Program. An email from the TC system confirmed the successful submission.	unknown unknown (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,517	Email	06/26/2020	Fisheries and Oceans Canada (DFO) provided information to IAMGOLD regarding the Project's offsetting / compensation cost. DFO stated that the cost estimate that will ultimately determine the letter of credit amounts needs to be broken down between the offsetting required for the Fisheries Act authorization and the compensation required related to the Schedule 2 amendment. DFO requested that IAMGOLD include the breakdown between the two in their response. Minnow Environmental, on behalf of IAMGOLD, thanked DFO for this update and confirmed the information will be taken under consideration for the final submission of the application.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Steve Woolfenden (IAMGOLD Corporation), Don Carr (Wood E&IS)
2,249	Email	06/28/2020	IAMGOLD provided an update to the Minister of Energy, Northern Development and Mines (ENDM) about the Treasury Board's approval granted for Section 36 of the Federal Fisheries Act. IAMGOLD that while this was a major achievement for the Project, IAMGOLD is still awaiting the conversion of two key mining leases, several applications under the	Greg Rickford (Ministry of Energy, Northern Development and Mines)	Stephen Crozier (IAMGOLD Corporation), Gordon Stothart (IAMGOLD Corporation), Alina Shams (IAMGOLD

ROC	Event Type	Date	Event Summary	Participants	Team
			Lakes and Rivers Improvement Act from the Ministry of Natural Resources and Forestry (MNRF), the Environmental Compliance Approval for construction and several Permits to Take Water from the Ministry of the Environment, Conservation and Parks, along with some minor surface rights issues to be resolved in coordination with ENDM and MNRF. IAMGOLD stated that representatives of ENDM have been briefed on these matters and IAMGOLD is actively engaged with ENDM at the departmental level, and the continued support of departmental and political staff is greatly appreciated. IAMGOLD requested support from the Minister to emphasize the importance of the timely issuance of the aforementioned authorizations among other ministries to help the Project move towards a construction decision.		Corporation), Luc-Bernard Denoncourt (IAMGOLD Corporation)
2,250	Email	06/28/2020	IAMGOLD provided the Ministry of Energy, Northern Development and Mines (ENDM) with a copy of the email IAMGOLD sent to the Minister of ENDM on 2020-06-28. IAMGOLD also informed ENDM that in the previous week, the Métis Nation of Ontario was provided with a Project update and briefed about the permitting issues outlined in the referenced email.	Carlo Oliviero (Ministry of Energy, Northern Development and Mines)	Alina Shams (IAMGOLD Corporation)
2,263	Email	06/29/2020	Following a discussion with the Ministry of the Environment, Conservation and Parks (MECP) on 2020-06-22, MECP requested IAMGOLD provide an updated record of consultation to in order for MECP to confirm whether or not the duty to consult has been met for all Indigenous communities which have potentially impacted Aboriginal or treaty rights. MECP stated it was not clear from the information received to date that this has been demonstrated and MECP needs to be satisfied that the duty has been met prior to issuance of Permits to Take Water and Environmental Compliance Approvals.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,264	Email	06/30/2020	IAMGOLD responded to the Ministry of the Environment, Conservation and Parks request from 2020-06-29 for an updated record of consultation with Indigenous communities and stated a report will be prepared. IAMGOLD noted some of the consultation files were large and recommended the report be submitted through an electronic file transfer.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,261	Email	06/30/2020	IAMGOLD responded to the Ministry of Natural Resources and Forestry's (MNRF) request for information received on 2020-06-08 asking for a summary of the Indigenous community consultation activities related to the Lakes and Rivers Improvement Act application for the Fish Habitat Offsetting Measures. IAMGOLD provided MNRF with a memo containing the requested information. The memo included an updated summary of consultation specific to the LRIA in question, including all related correspondence with Indigenous communities. It also contained a summary of consultation and engagement related to the Fisheries Offsetting Plan as requested by MNRF.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,262	Email	06/30/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to the information request submitted by IAMGOLD on 2020-06-03 inquiring about the scope and potential impacts the Project may have for the members of the Métis Nation of Ontario (MNO) Region 3. MNRF confirmed their understanding of the information request relating to the ownership, use and status of Métis Harvesting Cards in the Project region. MNRF stated the Timmins District MNRF does not collect or maintain such information. MNRF provided a point of reference about the Harvesting Framework Agreement between MNO and Ontario, and informed IAMGOLD that the MNO would be the entity to maintain the Harvester Card registry. MNRF stated it was important to note that they would not consider the information about the Harvester Card registry items in the MNRF assessment of impacts to Aboriginal rights.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,265	Email	07/02/2020	IAMGOLD provided the Ministry of the Environment, Conservation and Parks with all of the records of correspondence with Indigenous communities related to the Environmental Compliance Approval applications and Permit to Take Water applications. The information package also included records of contact with all Indigenous communities identified by the Province in the conditions of approval for the Environmental Assessment for the period of 2018-07-15 to 2020-06-19. MECP confirmed receipt of the files. Additionally, IAMGOLD requested a call with MECP for the following week to provide a brief Project update.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)

2,266	Email	07/02/2020	Fisheries and Oceans Canada (DFO) provided IAMGOLD with a letter dated 2020-06-29 and the Fisheries Act Authorization, authorizing works, undertakings and activities associated with the Project. DFO stated they are to be notified at least 10 days prior to construction. DFO informed IAMGOLD that as per conditions related to notification in the authorization, IAMGOLD is to ensure a copy of the authorization is kept on-site, and all staff and contractors undertaking the work and monitoring are to be familiar with its requirements. DFO also stated they look forward to reviewing the relevant environmental management plans prior to their implementation.	Brandi Mogge (Fisheries and Oceans Canada), David Nanang (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,281	Email	07/02/2020	IAMGOLD distributed the English and French versions of the June 2020 Let's Talk newsletter to be shared as requested within the town of Gogama. Information contained in the newsletter includes IAMGOLD's initiative to provide support for the COVID-19 pandemic, a staff spotlight, a focus on National Indigenous History Month: Reflecting on the Project's Land Story, an update on Project permitting including securing a key approval under the Fisheries Act, community updates, activity at the Project site and general information on the Project.	Christine Bedard (Gogama Local Services Board), Gerry Talbot (Individual - Gogama)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,282	Email	07/02/2020	SLR Consulting, on behalf of IAMGOLD, submitted a request to Transport Canada Navigation Protection Program inquiring about the status of the review of the Major Works application for Little Clam Lake asking if any additional information was required to support the application and about the timeline for approval for the Public Notice.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,339	Email	07/02/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided a memorandum of surface water review comments to IAMGOLD on three submissions related to the Construction Environmental Compliance Approval application and Permit to Take Water applications. The review comments were based on MECP's review of: (1) Response to MECP 2020-04-22, Surface Water Comments Côté Gold Project ECA and PTTW Applications for Construction Phase dated 2020-06-12; (2) ISW ECA for Construction Phase – PTTW Additions to Construction Phase ECA – Channel Realignments, Clam Lake and New Lake Dams, Open Pit Fish Salvage and By-Pass Pumping dated 2020-06-12 and (3) Responses to	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks),	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
			MECP 2020-05-20 Surface Water Comments on PTTW Responses ECA and PTTW Applications for Construction Phase. Comments and official responses are recorded in ROC 1688.	Jean Guindon (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Dave Manol (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks), Brooke Campbell-Paterson (Ministry of the Environment, Conservation and Parks)	
2,318	Email	07/02/2020	Fisheries and Oceans Canada (DFO) provided IAMGOLD with the Fisheries Act Authorization (dated 2020-06-29), including conditions of approval, which authorize works, undertakings and activities associated with the Project. DFO requested that, as per conditions related to notification in the authorization, IAMGOLD notify them at least 10 days prior to construction.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation)
2,388	Email	07/03/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to IAMGOLD's 2020-05-13 request for guidance on the review and approval process of applications. MNRF stated that they completed reviews of all three Lakes and Rivers Improvement Act applications for the Project, they have no concerns and could issue approval of plans and specifications as soon as the Timmins district completed the approvals of location. MNRF stated it was their understanding that the outstanding questions (from the Timmins district) had to do with land tenure and Indigenous consultation.	Graham Janson (Ministry of Natural Resources and Forestry)	Debbie Dyck (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
2,283	Email	07/03/2020	Transport Canada (TC) Navigation Protection Program responded to Project inquiry on 2020-07-02 regarding the status of the review of the Major Works application for Little Clam Lake. TC indicated that the file is under technical review and will be referred to the Indigenous Engagement Unit for further review. Upon completion of the review process, TC will provide IAMGOLD with a Direction to Advertise letter. TC also stated in a separate response on the same day, that upon review of the file and the figures submitted, it was previously determined that East Clam Lake is non-navigable, as per TC letter dated 2019-07-11 and TC does not need to review or approve any activities taking place on East Clam Lake. Therefore, for the fish habitat project component, the only structure that requires review and approval is the dam on Little Clam Lake. IAMGOLD was requested to submit a revised plan and profile view figures of the Little Clam Lake dam with measurements, water levels and construction methodology.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,288	Conference Call	07/06/2020	IAMGOLD provided the Ministry of the Environment, Conservation and Parks (MECP) with an update on the Project and discussed the timeline for issuing the Environmental Compliance Approvals and Permits to Take Water. MECP indicated that they could issue these within the timing previously discussed (end of August / early Sept 2020). MECP noted that consultation would be an area of focus for them and may issue correspondence to Mattagami First Nation, Flying Post First Nation, Brunswick House First Nation and the Métis Nation of Ontario within the next week with a deadline for submission of comments by the end of the month (2020-07-31). IAMGOLD suggested MECP coordinate with the Ministry of Natural Resources and Forestry (MNRF) about handling any input they receive, as MNRF is working on an approach to close out consultation on the Lakes and Rivers Improvement Act applications.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation)
2,305	Phone Call	07/07/2020	SLR Consulting, on behalf of IAMGOLD, and Transport Canada (TC) discussed the status of the Projects applications under the Canadian Navigable Waters Act. TC indicated that 4 applications were ready for peer review and would be sent that day with an estimated turnaround time of 2-3 business days. In addition, TC indicated that once the applications are approved, a letter will be issued to the applicant along	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
			with a template for Public Notification. TC noted that IAMGOLD may be required to publish notices in Sudbury and Timmins in local newspaper, in both French and English. Additionally, a notification of publication must be made to TC (via email) 3-4 days before publication with Works numbers cited. TC noted that they do not need to review the notices but are open to discussions once the template is issued to applicant. TC also requested an updated plan/profile/construction issued for construction drawings for Little Clam Lake and confirmed that their Indigenous consultation team can review as soon as possible.		
2,286	Email	07/07/2020	Minnow Environmental, on behalf of IAMGOLD, requested a call with Fisheries and Oceans Canada to discuss minor errors found in the Fisheries Act Authorizations received for the Project.	Brandi Mogge (Fisheries and Oceans Canada)	Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,391	Email	07/07/2020	IAMGOLD contacted the Ministry of Natural Resources and Forestry (MNRF) to provide an update on the positive completion of the technical review of the Lakes and Rivers Improvement Act applications. IAMGOLD also confirmed that the legal descriptions for CLM 553 and CLM 556 were issued to the Ministry of Energy, Northern Development and Mines. IAMGOLD requested an update on MNRF's proposed approach to consultation and offered to supply MNRF with additional information to assist with this process.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,392	Email	07/07/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to IAMGOLD's request for an update regarding consultation originally sent to MNRF on 2020-07-07. MNRF noted that following an internal discussion with legal counsel about the MNRF response to the Métis Nation of Ontario (MNO), MNRF would follow-up with IAMGOLD. MNRF stated that it would be helpful for IAMGOLD to provide MNRF with an overview of the capacity support provided to MNO to participate in consultation on the Project.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
				Mike Mazzetti (Ministry of Natural Resources and Forestry)	
2,393	Email	07/07/2020	IAMGOLD provided information regarding capacity support for the Métis Nation of Ontario (MNO) to participate in consultation related to the Project in response to the Ministry of Natural Resources and Forestry's (MNRF) request to provide an overview of the capacity support provided to the Métis Nation of Ontario (MNO). IAMGOLD provided a summary table of funding provided to the MNO to date, dated2020-07-07 and noted their support for MNO's participation in discussions on a Project agreement. IAMGOLD noted that in the fall of 2019, the MNO did request funds for a technical review of the Lands and Rivers Improvement Act (LRIA) application, to which IAMGOLD indicated to MNRF that it was their view that the LRIA did not require further technical review to identify potential impacts on MNO rights (for reasons outlined in earlier correspondence to MNRF). IAMGOLD did state a willingness to reconsider this position if the MNO could provide an explanation of how a technical review would assist in identifying impacts to MNO rights. IAMGOLD that after several attempts to follow-up with the MNO on this matter, MNO elected to not provide such an explanation. IAMGOLD also stated they were aware that MNO may have received government funds to support their involvement in permitting and specifically that the MNO received funds from Environment and Climate Change Canada to support a technical review of IAMGOLD's application under Section 36 of the Fisheries Act.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,394	Email	07/07/2020	The Ministry of Natural Resources and Forestry (MNRF) acknowledged receipt of information shared by IAMGOLD related to capacity provided to the Métis Nation of Ontario to participate in consultation on the Project.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,330	Email	07/08/2020	Environment and Climate Change Canada (ECCC) notified IAMGOLD that the amendments to the Metal and Diamond Mining Effluent Regulations in relation to the Project were published in the Canada Gazette, Part II on 2020-07-08. ECCC also provided IAMGOLD with a link to access a PDF version of the publication.	Unknown Individual (Environment Canada)	Krista Maydew (Wood E&IS), David Brown (IAMGOLD Corporation)
2,285	Email	07/08/2020	SLR Consulting (SLR), on behalf of IAMGOLD, provided Transport Canada (TC) with the revised plan and profile view figures along with associated construction notes of the Little Clam Lake dam to support the Major Works application as was requested on 2020-07-03. SLR noted that this application was shared with Mattagami First Nation and Flying Post First Nation and support letters were provided with the application.	Tania Havelka (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,309	Email	07/08/2020	IAMGOLD received notice from Environment and Climate Change Canada (ECCCC) that the Amendments (SOR/2020-132) to the Metal and Diamond Mining Effluent Regulations related to the Project were published in the Canada Gazette, Part II on 2020-07-08. ECCC noted that these regulations list 10 water bodies located within the footprint of the Project's tailings management facility and waste rock storage areas to Schedule 2 of the Regulations thereby designating them as tailings impoundment areas. In addition, ECCC noted that the Amendments and the associated Regulatory Impact Analysis Statement are available on the Canada Gazette website and provided a link and the document. ECCC indicated that IAMGOLD will be authorized to deposit mine waste in these water bodies once a Fish Habitat Compensation Plan has been approved by the Minister of the Environment and a Letter of Credit to cover the cost of implementation of the plan has been submitted.	Unknown Individual (Environment Canada)	Alina Shams (IAMGOLD Corporation)
2,306	Phone Call	07/08/2020	SLR Consulting, on behalf of IAMGOLD, and Transport Canada (TC) discussed the Little Clam Lake updated issue for construction drawings. IAMGOLD noted that the works at Little Clam Lake are temporary and would be below the 2.5 metre requirement to qualify as a "Major Work". TC agreed that the works would qualify for a Notice of Non-Interference	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
			and indicated that they would issue a letter confirming this and the closure of the Major Works application file. In addition, TC confirmed that the other 4 Major Works applications are undergoing peer review and are anticipated to be approved within the week, at which point guidance will be issued. TC noted that they will review current Notice of Non-Interference applications and provide guidance within the week so IAMGOLD can publish Public Notices. TC indicated that they would provide templates for the notices. IAMGOLD requested that TC complete the final reviews this week for all applications so they can proceed with the publications next week.		
2,308	Meeting	07/09/2020	IAMGOLD met with the Ministry of Natural Resources and Forestry to discuss Project updates, the approval process for the aggregate application for 'Pit A1', withdrawing the application for 'Pit A2', additional applications and associated review processes necessary for the Project.	Derek Seim (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), James Bakker (Ministry of Natural Resources and Forestry), Graham Buck (Ministry of Natural Resources and Forestry), Oleg Ivanov (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), David Villard (Pebble Beach Aggregate)
2,310	Email	07/09/2020	The Ministry of Natural Resources and Forestry provided IAMGOLD with summary notes from their meeting held on 2020-07-09 to discuss Project updates, the approval process for 'Pit A1', withdrawing the application for 'Pit A2', and additional applications and associated review processes necessary for the Project.	Derek Seim (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), James Bakker (Ministry of Natural Resources and Forestry), Graham Buck (Ministry of Natural Resources and Forestry), Oleg Ivanov (Ministry of	David Brown (IAMGOLD Corporation), David Villard (Pebble Beach Aggregate)

			clarification regarding the Fisheries Act Authorization for the Project requested on 2020-07-15.		Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,353	Email	07/15/2020	Wood, on behalf of IAMGOLD, thanked the Ministry of the Environment, Conservation and Parks (MECP) for providing an updated draft of the Environmental Compliance Approval (ECA) and noted that IAMGOLD is conducting a final review and will respond to MECP shortly. Wood requested clarification on the MECP definition of 'commencement of operations at the site' as it pertains to the maintenance manuals and air monitoring program development.	Brian Ramasir (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Linda Lattner (Wood E&IS)
2,311	Conference Call	07/15/2020	IAMGOLD met with the Ministry of Natural Resources and Forestry (MNRF) to discuss consultation to support Lakes and Rivers Improvement Act (LRIA) applications related to the Tailings Management Facility Starter Dams and Mollie River Realignment. MNRF indicated they wish to conduct further consultation with the Métis Nation of Ontario before they close out the LRIA approvals process. IAMGOLD will work with MNRF on that process. Discussions also focused on the fish salvage program planned for August 2020 and the need to decouple the fish collection permits from approval of the LRIA. IAMGOLD indicated that all fish salvage will be done in a manner that can be reversed, if needed, in the event the LRIA is ultimately not approved. MNRF indicated they will connect with the technical reviewer of the fish collection permit application to confirm the acceptability of this approach.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,315	Phone Call	07/16/2020	SLR Consulting, on behalf of IAMGOLD, contacted Transport Canada to inform them that the Project had received approval to proceed with the Public Notice for one of the Major Works applications and to inquire on the status of the outstanding three applications as the Project intends to post a combined Public Notice for all four applications on 2020-07-20 in the Sudbury Star and Timmins Times.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,352	Email	07/16/2020	Transport Canada (TC) provided direction on the language of the notices to be posted under the Canadian Navigable Waters Act. TC noted it is up	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

			to IAMGOLD to follow the guidance provided on the external submission site.		
2,451	Letter	07/16/2020	The Mayor of the City of Sudbury and the Mayor of the City of Timmins provided IAMGOLD with a joint letter of support for the Project addressed to the Minister of the Environment, Conservation and Parks (MECP) dated 2020-07-16. The letter was provided to Maple Leaf Strategies, on behalf of IAMGOLD, on 2020-07-22. The letter stated the Project also has the support from federal and provincial Members of Parliament, as well as local and Indigenous communities. The letter noted a number of provincial authorizations and permits were still outstanding, including the Environment Compliance Approval for construction. The letter summarized the economic and employment benefits to the region and requested support from MECP to secure this investment for the region.	Melissa Zanette (City of Greater Sudbury), Ryan Humeniuk (City of Greater Sudbury)	Giancarlo Drennan (Maple Leaf Strategies)
2,420	Letter	07/16/2020	The City of Sudbury provided IAMGOLD with a copy of the letter of support, dated 2020-07-16, for the Project which was sent to the Ministry of the Environment, Conservation and Parks. The letter of support was jointly signed by the Mayors of Sudbury and Timmins.	Brian Bigger (City of Greater Sudbury), George Pirie (City of Timmins), Melissa Zanette (City of Greater Sudbury), Jeff Yurek (Ontario Ministry of Environment, Conservation and Parks (MECP)), Ryan Humeniuk (City of Greater Sudbury)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,302	Email	07/17/2020	On 2020-07-12 SLR Consulting on behalf of IAMGOLD received confirmation from Transport Canada (TC) that the Notification of work on a non-scheduled waterway (public resolution) for Three Duck Lake was successfully submitted. TC indicated that information about the Project will be displayed on the Common Project Search registry and that the Project is now subject to comments from the Public. TC noted that IAMGOLD must ensure that all obligations under the Canadian Navigable Waters Act are met, that a public notice is published, that any comments related to navigation regarding the work are resolved, and that a copy of the public notice is kept for IAMGOLD's files.	Unknown Unknown (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
2,345	Email	07/17/2020	SLR Consulting, on behalf of IAMGOLD, notified Transport Canada that IAMGOLD will be publishing a public notice for four Major Works applications on 2020-07-22 in the Timmins Times and the Sudbury Star. In addition, IAMGOLD indicated that the public notice would be communicated to individuals on the Project mailing list.	Tania Havelka (Transport Canada)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,354	Email	07/17/2020	IAMGOLD contacted the Ministry of Natural Resources and Forestry (MNRF) to follow-up on two items discussed during a meeting held on 2020-07-15. IAMGOLD requested confirmation from MNRF as soon as possible, in writing, that the issuance of the Scientific Fish Collection permit and the commencement of the fish salvage program, will not be tied to the issuance of the Lakes and Rivers Improvement Act application, as discussed in the meeting. IAMGOLD provided context regarding reports previously provided to MNRF for the record of consultation with the Métis Nation of Ontario. In conclusion, IAMGOLD provided MNRF with next steps toward resolution of this issue.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,355	Email	07/17/2020	Maple Leaf Strategies, on behalf of IAMGOLD, contacted the Ministry of Natural Resources and Forestry (MNRF) to follow-up on two items discussed on 2020-07-15 regarding the Lakes and Rivers Improvement Act application and consultation with the Métis Nation of Ontario. Maple Leaf Strategies noted that the open-ended nature of the proposed path suggested by MNRF is causing concern with IAMGOLD in advance of their board decision to construct and timing regarding the Project. Maple Leaf Strategies provided a copy of the email dated 2020-07-17 in which IAMGOLD provided responses to MNRF on these topics and requested a meeting with MNRF to further discuss these issues.	Jake Sikora (Ministry of Natural Resources and Forestry), Adam Bloskie (Ministry of Natural Resources and Forestry)	Giancarlo Drennan (Maple Leaf Strategies)
2,369	Email	07/17/2020	SLR Consulting, on behalf of IAMGOLD, notified Transport Canada that they will be publishing a public notice for four Notices of Work on Non-Scheduled Waterways. 			Scheduled Waterways (Registry # 1904, 1905, 1906 and 1907) will be published on 2020-07-22 in the Timmins Times and The Sudbury Star and communicated to individuals on the Project mailing list.		David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,358	Email	07/17/2020	Following a meeting on 2020-07-15, IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with records of consultation with the Métis Nation of Ontario (MNO) regarding the record of consultation. IAMGOLD indicated that the materials were provided to further support the response shared with MNRF on 2020-07-17.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,416	Phone Call	07/17/2020	On 2020-07-17, Minnow Environmental and Fisheries and Oceans Canada (DFO) discussed file number 20-HCAA-00766 FAA. A summary of the discussion was provided to DFO on 2020-07-20.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.), Alina Shams (IAMGOLD Corporation)
2,415	Email	07/20/2020	On 2020-07-19 Maple Leaf Strategies, on behalf of IAMGOLD, provided the Ministry of the Environment, Conservation and Parks (MECP) with information from IAMGOLD's Environmental Assessment: Appendix Y pertaining to negotiations and agreements with the Métis Nation of Ontario. On 2020-07-20, MECP provided IAMGOLD with next steps for resolving technical comments provided by MECP on the air and noise Environmental Compliance Approval (ECA) application, the construction phase wastewater ECA application, four Permits to Take Water	Nicholas Cunha (Ministry of the Environment, Conservation and Parks), Leah Bortolotti (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			applications associated with the Project's construction phase and the wastewater ECA application for a subsurface disposal system. MECP noted that discussions with IAMGOLD are ongoing in technical subcommittee meetings with only a few more discussions anticipated. MECP reiterated their confidence that they could issue permits by August/September 2020 and outlined the necessary next steps. In addition, MECP noted five Indigenous communities are owed the duty to consult: Metis Nation of Ontario, Brunswick House First Nation, Matachewan First Nation, Flying Post First Nation, and Mattagami First Nation. MECP noted that to date, they have received letters of support from Flying Post First Nation and Mattagami First Nation. MECP indicated that they are aware of outstanding consultation items and that they have provided the communities with notification letters to ensure that there was a final opportunity to make comments. MECP noted that this approach mirrors the approach taken by the Ministry of Natural Resources and Forestry, in which notification letters were sent to rights-based Indigenous communities regarding the Lakes and Rivers Improvement Act applications.		
2,346	Email	07/21/2020	IAMGOLD provided Ministry of Natural Resources and Forestry (MNRF) with a copy of correspondence and letter sent to the Minister of MNRF. The letter, dated 2020-07-21, informs the Minister of the decision to initiate construction of the Project and provided a copy of the official press release. IAMGOLD noted two outstanding items that the Project requires be addressed within the responsibility of MNRF, specifically, securing timely authorizations for applications under the Lakes and Rivers Improvement Act (LRIA), and the acquisition of surface rights on areas key mine infrastructure overlaps designated setbacks or Crown reservations. IAMGOLD requested that a dedicated working group be established with representatives from MNRF, Ministry of Energy, Northern Development and Mines to ensure coordination on acquiring additional surface rights in an efficient process. IAMGOLD also provided the Minister with an infographic about the Project and a copy of the 2020-07-21 news release regarding the decision to proceed with construction. IAMGOLD requested a call with the Minister to discuss the Project.	Jake Sikora (Ministry of Natural Resources and Forestry), Adam Bloskie (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)

2,347	Email	07/21/2020	IAMGOLD provided the Ministry of Energy, Northern Development and Mines (ENDM) with a copy of correspondence sent to the Minister of ENDM. The letter informs of the decision to initiate construction of the Project and provided a copy of the official press release. IAMGOLD noted that there has been work completed to de-risk the development of the Project, however, there are outstanding items that the Project requires be addressed by ENDM. IAMGOLD provided an update on these issues and how they are working to resolve them.	Dominic Roszak (Ministry of Energy, Northern Development and Mines), Dylan Moore (Ministry of Energy, Northern Development and Mines), Lesley Williams (Ministry of Energy, Northern Development and Mines)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,348	Email	07/21/2020	The Ministry of Energy, Northern Development and Mines (ENDM) confirmed that they received the letter and associated attachments sent to the Minister of ENDM regarding the Project.	Dominic Roszak (Ministry of Energy, Northern Development and Mines), Dylan Moore (Ministry of Energy, Northern Development and Mines)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,359	Email	07/21/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to IAMGOLD regarding the Lakes and Rivers Improvement Act applications and the outstanding Fish Collection Permits and consultation with the Métis Nation of Ontario. MNRF stated the review was completed and the Fish Collection Permits will be issued with approval for the work until 2020-12-31, with possibility of an extension. Regarding the consultation with the MNO, MNRF provided a response to the information IAMGOLD shared and presented IAMGOLD with a summary of consultation as understood by MNRF so that IAMGOLD may identify any missing items. MNRF also provided IAMGOLD with an approach to facilitate a path forward to conclude the consultation activities by early September 2020.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,370	Email	07/21/2020	SLR Consulting, on behalf of IAMGOLD, requested clarification from Impact Assessment Agency of Canada (IAAC) regarding submission of a Notice of Intent to Construct for the Project. IAAC indicated that they had recently received the Notice and have sent it to the province and IAAC Compliance Promotion and Enforcement Unit. IAAC requested that future inquires be sent to IAAC Compliance and noted that IAMGOLD can send the submission directly to Compliance from their account.	Anjala Puvananathan (Impact Agency of Canada), Stephanie Lane (Impact Agency of Canada)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation),

2,381	Email	07/21/2020	IAMGOLD provided a Project update to the town of Gogama by distributing a special edition of the July Let's Talk Community Newsletter. The special edition newsletter announced IAMGOLD's decision to construct the Project, employment at the Project, what's next on site, COVID-19 protocols and permitting.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Individual - Gogama), Rick Duguay (Individual - Gogama)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,362	Email	07/21/2020	Maple Leaf Strategies, on behalf of IAMGOLD, provided the Member of Provincial Parliament (MPP) for Nickel Belt with Project information materials as requested by the MPP following a call with IAMGOLD. The documents provided included a press release dated 2020-07-21, news release dated 2020-07-21 and a presentation titled “The Time is Now: Côté Gold”.	Damien Waddell (Government of Ontario)	Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,349	Letter	07/21/2020	IAMGOLD provided the Premier of Ontario with a letter stating that IAMGOLD and Sumitomo Metal Mining jointly approved the decision to initiate construction of the Project. A copy of the official press release and the Project fact sheet were also provided. IAMGOLD noted that there has been work completed to de-risk the development of the Project and outlined outstanding items that need to be addressed, including the	David Morgado (Legislative Assembly of Ontario - Premier's Office)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			issuance of the Environmental Compliance Approval, Permits to Take Water and the Lakes and Rivers Improvement Act approvals. IAMGOLD requested that these outstanding items be addressed and approvals be provided by 2020-08-31 in order to avoid adverse impacts to the Project schedule and cost. IAMGOLD requested the support of the Premier's office to ensure these matters are resolved in the required timeframe and stated that they will provide an update on permitting within two weeks to assist with oversight.		
2,350	Letter	07/21/2020	IAMGOLD provided the Minister of the Ministry of Environment, Conservation and Parks (MECP) with a with a letter stating that IAMGOLD and Sumitomo Metal Mining of Japan jointly approved the decision to initiate construction of the Project and provided a copy of the official press release and the Project fact sheet. IAMGOLD stated that the decision to construct was made due to the substantive progress made in de-risking the Project including the receipt of key permitting approvals. IAMGOLD expressed concern regarding securing the authorization of the Environmental Compliance Approval (ECA) for industrial sewage for the construction phase along with various Permits to Take Water relating to the construction phase in a timely manner. IAMGOLD noted that the applications have been under review by MECP for an extended period and that in order to successfully construct the Project on time and on budget, the ECA needs to be secured by 2020-08-31. IAMGOLD acknowledged the significant progress made in 2020 toward this approval and requested the Minister's support in ensuring this process is completed in the timeframe required.	Nicholas Cunha (Ministry of the Environment, Conservation and Parks), Leah Bortolotti (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)
2,383	Letter	07/21/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided a letter to the Métis Nation of Ontario (MNO) regarding Environmental Compliance Approval (ECA) applications and Permit to Take Water (PTTW) applications associated with the Project. The letter, forwarded to IAMGOLD, stated MECP received updated records of consultation on 2020-07-02 from IAMGOLD, and outlined their understanding of consultation and engagement activities IAMGOLD has conducted specific to the ECA and PTTW applications with MNO. MECP requested that MNO confirm: 1) that MNO was provided with copies of	Jacques Picotte (Métis Nation of Ontario), Carroll Leith (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione	Stephen Crozier (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			each application for review and had an opportunity to raise comments, questions or concerns, and 2) that MNO has no outstanding questions or concerns with these applications. MECP requested that the MNO please review the documents attached to the letter and inform MECP of any errors or omissions in these records specific to the ECA and PTTW applications. MECP stated that if the MNO was not provided with these applications or has any outstanding concerns to contact MECP by 2020-08-07.	(Ministry of the Environment, Conservation and Parks), Heather Malcolmson (Ministry of the Environment, Conservation and Parks), Unknown Unknown (Métis Nation of Ontario), Unknown Individual (Métis Nation of Ontario)	
2,439	Letter	07/21/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided a letter to Matachewan First Nation regarding the Environmental Compliance Approval and Permit to Take Water applications associated with the Project. MECP informed Matachewan First Nation that updated records of consultation and engagement activities undertaken by IAMGOLD for the Project were provided to MECP on 2020-07-02. The letter provided a summary table of these items as an attachment. MECP requested that Matachewan First Nation confirm they were provided with copies of the applications under review and had the opportunity to raise comments and questions or concerns. MECP also requested the community confirm they have no outstanding questions or concerns with the applications. MECP requested that any outstanding concerns be communicated to MECP by 2020-08-07.	Jason Batise (Wabun Tribal Council), Cathy Yandeau (Matachewan First Nation), Kayla Schram (Matachewan First Nation), Carroll Leith (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Heather Malcolmson (Ministry of Environment), Jason Batisse (Matachewan First Nation), unknown unknown (Wabun Tribal Council)	Stephen Crozier (IAMGOLD Corporation)

			the Project to ensure compliance with the conditions detailed in the Decision Statement.		Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,453	Email	07/24/2020	The Number 3 Trapper for the GO023 trapline area requested a meeting with IAMGOLD and an authorized representative from EACOM to discuss their perceived and anticipated losses as a result of the Project. The Trapper noted several complaints regarding the Project's effect on their trapping area and requested that the matters be resolved by the start of the trapping season, 2020-10-06. The trapper noted that if the matter is not resolved by 2020-10-06 they intend to engage legal counsel and seek a court order to shut-down construction of the Project. In addition, the trapper noted they would also involve the Crown in these proceedings as they view them as complicit in the Project. The trapper noted their disappointment that the issue is still outstanding and expressed their perspective that trees were felled and burned last winter before the Project was officially under construction.	Brad Bowman (Unknown Individual), Gary Hodgins (Trapline Holder), Ryan Milne (EACOM Timber Corporation), Natalie Dulude (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,427	Email	07/24/2020	Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada with a draft of the Water Environmental Monitoring Plan for review.	Brandi Mogge (Fisheries and Oceans Canada)	David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,422	Email	07/24/2020	Minnow Environmental, on behalf of IAMGOLD, sent Fisheries and Oceans Canada (DFO) a copy of the draft Fish and Fish Habitat Environment Management Plan (EMP) and indicated they will send the Fish Salvage EMP and a short memo outlining the work that is planned to start in August 2020 the following week.	Brandi Mogge (Fisheries and Oceans Canada)	David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,402	Email	07/24/2020	IAMGOLD confirmed that they are willing to provide additional funds to support the Métis Nation of Ontario (MNO) assessment of impacts related to the Lakes and Rivers Improvement Act applications (TM2019-0293 and TM2019-0327). IAMGOLD noted that the purpose of the review is to identify, in the timing proposed by MNRF, any potential residual impacts	Andy Lefebvre (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

ROC	Event Type	Date	Event Summary	Participants	Team
			not previously identified and addressed through the previous assessments associated with the Metal and Diamond Mining Effluent Regulations (which included the review and approval of the site-wide Fish Habitat Compensation Plan). IAMGOLD indicated that they will re-send the figures which are relevant for assessing the locational / spatial elements of the proposed structures for each application. IAMGOLD also offered to coordinate a meeting to re-review those elements (which IAMGOLD noted were previously presented to the MNO) and answer any questions that either the MNO or its external advisors may have.	Council), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Lorette McKnight (Temiskaming Métis Council), Mike Mazzetti (Ministry of Natural Resources and Forestry), Pierre Lefebvre (Métis Nation of Ontario), Unknown Individual (Métis Nation of Ontario)	Corporation), Alina Shams (IAMGOLD Corporation)
2,442	Email	07/27/2020	Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada (DFO) with the draft Fish Salvage Environment Management Plan (EMP) for review. Minnow Environmental also requested confirmation that the files regarding the Water EMP and Fish and Fish Habitat EMP provided to DFO on 2020-07-24 were received.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Alina Shams (IAMGOLD Corporation)
2,443	Email	07/27/2020	Fisheries and Oceans Canada (DFO) provided confirmation to IAMGOLD that the draft Fish Salvage Environment Management Plan (EMP) submitted on 2020-07-27 for review was received. DFO also acknowledged receipt of the Water EMP and Fish and Fish Habitat EMP which were provided on 2020-07-24. DFO stated the review will be underway. 					Inc.), Alina Shams (IAMGOLD Corporation)
2,405	Email	07/27/2020	IAMGOLD responded to the Ministry of Natural Resources and Forestry (MNRF) regarding the summary prepared by MNRF of the 2020-07-23 meeting. IAMGOLD indicated that the summary provided by MNRF was comprehensive and that IAMGOLD had no further comments. In addition, IAMGOLD noted that they sent a follow-up email to the Métis Nation of Ontario (MNO) on the proposed resources for consultation and that maps will be sent to the MNO as noted in the minutes.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Jake Sikora (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,450	Letter	07/27/2020	Maple Leaf Strategies, on behalf of IAMGOLD, provided the Minister of the Environment, Conservation and Parks (MECP) with a letter of support for the Project dated 2020-07-16 and signed by the Mayor of the City of Sudbury and the Mayor of the City of Timmins. The letter stated the Project also has the support from federal and provincial Members of Parliament, as well as local and Indigenous communities. The letter noted a number of provincial authorizations and permits were still outstanding, including the Environment Compliance Approval for construction. The letter summarized the economic and employment benefits to the region and requested support from MECP to secure this investment for the region.	Nicholas Cunha (Ministry of the Environment, Conservation and Parks), Leah Bortolotti (Ministry of the Environment, Conservation and Parks)	Giancarlo Drennan (Maple Leaf Strategies)
2,441	Letter	07/27/2020	Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada (DFO) with a letter regarding the notification of undertaking or activity set out under Section 3.1 of the Fisheries Act Authorization (FAA). The letter provided a summary of the work to be completed and the timeline of activities. The letter also stated that IAMGOLD is committed to following the standards and codes of practice that have been outlined by DFO to comply with the fish and fish habitat protection provisions of the Fisheries Act and the conditions stipulated within the FAA by incorporating measures to avoid causing the death of	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Alina Shams (IAMGOLD Corporation)

2,428	Email	07/29/2020	IAMGOLD requested that the Ministry of the Environment, Conservation and Parks (MECP) keep them informed of any comments and/or requests for adjustments to the process received from the communities regarding the Environmental Compliance Approval and Permit to Take Water applications. IAMGOLD noted that they are engaged in a similar exercise with the Ministry of Natural Resources and Forestry and that open communication has helped to ensure relevant information can be provided or confirmed quickly. MECP indicated that they would advise IAMGOLD of any communications received from the Indigenous communities they contacted regarding the Project.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,494	Email	07/29/2020	IAMGOLD inquired if it would be acceptable to start upgrading existing roads and installing a cell tower within the property boundary of the Project after the 30 day notice of construction expires. IAMGOLD realizes that the compliance monitoring program report was to be submitted 60 days prior to construction. IAMGOLD had aligned this submission with the amended 30-day notice that was provided to the Ministry of the Environment, Conservation and Parks on 2020-07-23. All other major work was stated to commence in October 2020.	Antonia Testa (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,456	Email	07/29/2020	Fisheries and Oceans Canada (DFO) notified IAMGOLD that their review of the three Environment Management Plans (EMP) will be delayed. Minnow Environmental, on behalf of IAMGOLD, responded to DFO and inquired if the delay would affect the ability to begin the fish salvaging on the Project site. DFO responded that they and IAMGOLD could work through comments arising from the review while the fish salvage commences on 2020-08-05. DFO noted it is expected the review will be a fluid process and does not foresee any issues. DFO stated the Fish Salvage EMP will be reviewed first.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Alina Shams (IAMGOLD Corporation)
2,469	Email	07/29/2020	Minnow Consulting, on behalf of IAMGOLD, confirmed to Fisheries and Oceans Canada (DFO) that the proposed approach suggested by DFO to prioritize the review of the Fish Salvage Environmental Management Plan (EMP), while the Project commences with the fish salvage on 2020-08-05 was acceptable to IAMGOLD. Review of the additional EMPs would follow.	Brandi Mogge (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,426	Email	07/29/2020	On 2020-07-28 the Métis Nation of Ontario (MNO) informed the Ministry of Natural Resources and Forestry (MNRF) that IAMGOLD indicated on 2020-07-24 that they would support MNO's technical review of the Lakes and Rivers Improvement Act (LRIA) application for the Fish Habitat Offsetting Measures (Phase 1). In addition, MNO noted that IAMGOLD provided maps related to the LRIA applications on 2020-07-28. MNO requested that MNRF extend the review deadline for the LRIA applications to 2020-08-31 to accommodate MNO's requirement to gather input and feedback from the Regional Consultation Committee before finalization. On 2020-07-29 MNRF noted that the request for MNO's comments by 2020-08-10 was made to provide IAMGOLD time to respond to MNO's comments and allow time for MNO to consider and respond to IAMGOLD's response. The timeline was also set to meet IAMGOLD's requested decision deadline for the applications in early September 2020. MNRF indicated that they would forward MNO's request to extend the review deadline to IAMGOLD and encouraged MNO to discuss timelines with IAMGOLD directly.	Andy Lefebvre (Métis Nation of Ontario), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,430	Email	07/30/2020	On 2020-07-29, IAMGOLD informed the Ministry of Natural Resources and Forestry (MNRF) that they can accept an adjusted timeline for the Métis	Tuovi Haapakoski (Ministry of Natural	Krista Maydew (Wood E&IS), Stephen Crozier

ROC	Event Type	Date	Event Summary	Participants	Team
			Nation of Ontario (MNO) review of the Mollie River Lakes and Rivers Improvement Act (LRIA) application of 2020-08-31; however, a shorter review deadline of 2020-08-17 is required for the Tailings Management Facility Starter Dam LRIA review. IAMGOLD provided MNRF with an outline of the modified timelines on consultation for each application and provided a draft response from IAMGOLD to MNO. Regarding consultation, IAMGOLD noted that they would like to communicate the initial comment deadline to MNO and communicate subsequent deadlines as MNO advances through the consultation steps. In addition, IAMGOLD requested that MNRF provide any comments they have on the draft communication or consultation plans as soon as possible as IAMGOLD would like to respond to MNO that evening or the following morning. On 2020-07-30, MNRF confirmed with IAMGOLD that they have no comments or concerns regarding the consultation and response to MNO.	Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	(IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation)
2,425	Email	07/30/2020	Following a recent phone call with the Ministry of Natural Resources and Forestry (MNRF), Wood, on behalf of IAMGOLD, provided MNRF with updated figures for the Lakes and Rivers Improvement Act application package for Fish Habitat Offsetting Measures (Phase 1). IAMGOLD noted that updates to the figures are indicated in red bubbles and show an improvement to the construction methods.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Graham Janson (Ministry of Natural Resources and Forestry)	Krista Maydew (Wood E&IS), Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,470	Email	07/31/2020	Fisheries and Oceans Canada (DFO) provided IAMGOLD with initial feedback on the Fish Salvage Environmental Management Plan (EMP). DFO stated the review included comments relating to the areas that would be fished out first and comments about the areas that were scheduled to be fished out in the summer of 2020. DFO stated that direct comments were provided within the IAMGOLD submitted EMP and would provide 'snapshots' of comments on particular pages as the entire EMP was a large file to return (by email). DFO also provided two questions within the email regarding standards for minnow trap density and the provision of depletion to help determine completeness of a rescue.	Brandi Mogge (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)
2,471	Email	08/04/2020	Minnow Consulting, on behalf of IAMGOLD, responded to Fisheries and Oceans Canada (DFO) inquiry from 2020-07-31 regarding questions raised during the Fish Salvage Environment Management Plan (EMP) initial review that was underway. Minnow Consulting stated that all nets / traps	Brandi Mogge (Fisheries and Oceans Canada)	Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.), Phil

ROC	Event Type	Date	Event Summary	Participants	Team
			will be checked daily at a minimum. Secondly, it was stated that tracking of all catches will occur on a daily basis and the Project will be able to provide the depletion rates to DFO to determine completeness of the rescue. Minnow Consulting noted that additional questions / comments raised by DFO with the text of the EMP will be addressed in the coming days. It was stated that each area will be isolated before and after fishing to ensure that fish will not leave or re-enter. Comments and official responses are recorded in ROC 2470.		Anderson (Minnow Environmental Inc.)
2,495	Email	08/04/2020	IAMGOLD contacted the Ministry of the Environment, Conservation and Parks (MECP) to follow-up on an email previously sent to MECP on 2020-07-29 regarding a request to begin upgrading existing roads and installing a cell tower within the property boundary of the Project.	Antonia Testa (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,493	Email	08/04/2020	The Ministry of the Environment, Conservation and Parks (MECP) confirmed that the email provided to MECP on 2020-07-29 by IAMGOLD regarding the Compliance Monitoring Program with the amended 30 day notice was currently under review and a response would be provided.	Antonia Testa (Ministry of the Environment, Conservation and Parks), Andrew Evers (Ministry of the Environment, Conservation and Parks), Kiran Anwar (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,511	Phone Call	08/05/2020	IAMGOLD spoke with the Ministry of the Environment, Conservation and Parks regarding the sewage treatment system at the Project's Chester Camp location.	Steven Momy (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,423	Email	08/06/2020	The Ministry of Natural Resources and Forestry (MNRF) notified IAMGOLD that they emailed letters regarding the Lakes and Rivers Improvement Act (LRIA) application for the Fish Habitat Offsetting Measures (Phase 1) to Mattagami First Nation, Flying Post First Nation, Brunswick House First Nation and the Métis Nation of Ontario. The letters indicate that the Fish Habitat Offsetting Plan was developed as a requirement of the federal Fisheries Act authorization which was recently approved by Fisheries and Oceans Canada. In addition, the letters state that LRIA approval from MNRF is required to bring aspects of the Fish Habitat Offsetting Plan to	Chief Murray Ray (Flying Post First Nation), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			realization. Further, the letters outline IAMGOLD's consultation with the communities to date and identify the various measures that are proposed by IAMGOLD to improve the quality of existing fish habitats. MNRF noted that comments on the LRIA application may be directed to MNRF by 2020-08-21 after which time the MNRF may proceed with approval of the application.	Cheryl St. Denis (Brunswick House First Nation), Mike Mazzetti (Ministry of Natural Resources and Forestry), Chief Chad Boissoneau (Mattagami First Nation)	
2,429	Email	08/07/2020	IAMGOLD asked the Ministry of the Environment, Conservation and Parks (MECP) if they had received any comments from Indigenous communities regarding IAMGOLD's Environmental Compliance Approval and Permit to take Water applications. IAMGOLD noted that the deadline for comments was that same day and indicated that they would be happy to prepare responses to any comments. MECP indicated that they had not received any comments from the Indigenous communities and noted that they would inform IAMGOLD if responses were received later in the day.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation)
2,483	Email	08/07/2020	IAMGOLD received a letter from the Ministry of Environment, Conservation and Parks (MECP) acknowledging IAMGOLD's submission of the Compliance Monitoring Program Report for the Project in accordance with 5.2 of the Environmental Assessment Notice of Approvals on 2020-07-23. The letter also acknowledges that MECP agrees to a change to the Compliance Monitoring Program submission requirement from 60 days before the start of construction to 30 days before the start of construction.	Antonia Testa (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Andrew Evers (Ministry of the Environment, Conservation and Parks), Annamaria Cross (Ministry of the Environment, Conservation and Parks), Kiran Anwar (Ministry of the Environment, Conservation and Parks), Kathleen O'Neill (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,487	Email	08/07/2020	Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada (DFO) with an update regarding the fish salvage activities in progress at the Project site. Due to large amounts of fish being salvaged at West Beaver Pond, it was requested that an acceptable alternative approach be identified for DFO to consider that would not require the identification of each fish, as this was resulting in excessive handling and increased fish mortalities. Minnow Environmental suggested using a sample of the species present in the first 10,000 to estimate species caught and to proceed with only counting the fish caught and not identify each fish. DFO responded that this solution seemed like a reasonable approach to minimize mortality but still maintain collection of total numbers.	Brandi Mogge (Fisheries and Oceans Canada)	Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,496	Letter	08/07/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided a letter to IAMGOLD in response to IAMGOLD's 2020-07-23 submission of the Compliance Monitoring Program Report for the Project. In accordance with Condition 5.2 of the Environmental Assessment (EA) Notice of Approval, the letter acknowledged that MECP agrees to a change to the Compliance Monitoring Program submission requirement from "60 days before the start of construction" to "30 days before the start of construction". As such, the letter stated that MECP accepts IAMGOLD's submission of the Compliance Monitoring Program 30 days prior to the start of construction. MECP also stated that the submitted Compliance Monitoring Program was under review and revisions may be requested, and if so an amended Compliance Monitoring Program would need to be provided by IAMGOLD in accordance with Condition 5.6 of the EA Notice of Approval.	Antonia Testa (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Andrew Evers (Ministry of the Environment, Conservation and Parks), Annamaria Cross (Ministry of the Environment, Conservation and Parks), Kiran Anwar (Ministry of the Environment, Conservation and Parks), Kathleen O'Neill (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,480	Letter	08/10/2020	IAMGOLD provided a letter to the Ministry of the Environment, Conservation and Parks (MECP) seeking a transitional authorization to allow the Project to initiate dewatering in West Beaver Pond and additional small unnamed ponds listed under Schedule 2 of the Metal and	Steven Momy (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			Diamond Mining Effluent Regulations within the Project site. IAMGOLD provided MECP with information on the timeline of the fish salvage which needs to occur to prepare the site for construction. On this matter, IAMGOLD recognizes that MECP needs to approve permits related to the Environmental Compliance Approval and associated Permits to Take Water. IAMGOLD stated the required financial assurance for both permits has been provided and that associated technical considerations have been addressed by IAMGOLD and MECP is currently working internally to draft the permits. I IAMGOLD requested MECP provide a transitional authorization by 2020-08-15 in order to proceed with dewatering and fish salvage activities. IAMGOLD further noted all commitments made for mitigation and monitoring of the water and receiving environments are detailed in the Surface Water Monitoring Plan and response triggers and a response plan were developed to meet the stipulations of the Canadian Water Quality Guidelines regarding water quality regarding the water downstream of dewatering areas.	the Environment, Conservation and Parks), Owen Rigg (Ministry of Energy, Northern Development and Mines)	
2,498	Letter	08/10/2020	Environment and Climate Change Canada (ECCC) provided a letter to IAMGOLD providing approval that the Metal and Diamond Mining Effluent Regulations related to the Fish Habitat Compensation Plan requirements and the submission of the letter of credit have been met. The letter cited approval of the plan entitled 'Côté Gold Project Offsetting Plan (May 2020)'. The letter also noted that Fisheries and Oceans Canada will hold and administer all aspects of the letter of credit on behalf of ECCC.	Brandi Mogge (Fisheries and Oceans Canada), Angelique Petropoulos (Environment and Climate Change Canada), Aimee Zweig (Environment and Climate Change Canada), Augusto Gamero (Environment and Climate Change Canada), Nancy Seymour (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation)
2,507	Email	08/10/2020	On 2020-08-05 following a discussion the week of 2020-07-27, Maple Leaf Strategies, on behalf of IAMGOLD, provided Transport Canada (TC) with support letters from the Project's First Nations partners in order to illustrate their comfort with the Project as it related to portage routes. IAMGOLD noted that these letters have helped to orient the approach	Shane McCloskey (Transport Canada), Blake Oliver (Transport Canada)	Giancarlo Drennan (Maple Leaf Strategies)

ROC	Event Type	Date	Event Summary	Participants	Team
			being taken in current discussions with the Métis Nation of Ontario. In addition, IAMGOLD provided TC with a link to a Project fact sheet. On 2020-08-10 TC confirmed receipt of the letters of support and noted that they will keep in touch.		
2,486	Email	08/11/2020	The Ministry of the Environment, Conservation and Parks (MECP) acknowledged the letter provided by IAMGOLD dated 2020-08-10 requesting the removal of water from identified ponds and tributaries on the Project site to conduct fish salvage work. MECP stated that the information provided will be shared with MECP technical support for review and comment. IAMGOLD stated their appreciation of the consideration on this matter and noted that IAMGOLD is available to provide any additional information or clarification.	Steven Momy (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Owen Rigg (Ministry of Energy, Northern Development and Mines), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Dave Manol (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,472	Email	08/11/2020	Fisheries and Oceans Canada (DFO) provided an update on 2020-08-10 to IAMGOLD indicating that since the Project is moving into the construction and monitoring phases, there would be a change in the lead contact who	Brandi Mogge (Fisheries and Oceans Canada),	Stephen Crozier (IAMGOLD Corporation), Cynthia Russel (Minnow

			will be completing the review of the Environmental Management Plans (EMPs) and amending authorizations. Minnow Consulting inquired if the current DFO contact should be copied on future emails. On 2020-08-11, DFO instructed IAMGOLD to continue to copy the initial reviewer on future correspondence.	Terina Hancock (Fisheries and Oceans Canada)	Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,499	Email	08/12/2020	IAMGOLD contacted the Ministry of Natural Resources and Forestry and inquired about the process to apply for a beaver dam release or removal. IAMGOLD stated there was a beaver dam located in West Beaver Pond that requires attention and stated the approach would be to lower the pond elevation in 20 cm increments and follow best management practices. A local trapper is engaged and has agreed to trap the beaver(s). IAMGOLD requested the appropriate application form to complete and inquired as to what additional information was needed to support the application. IAMGOLD further noted that Minnow Environmental will notify Fisheries and Oceans Canada (DFO) as they are currently in communication with DFO about the updates on fish salvage activities.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Brett McLeod (Wood E&IS)
2,500	Email	08/13/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to IAMGOLD's inquiry about the process to apply for a beaver dam release or removal submitted on 2020-08-12. MNRF provided an application form to be completed and stated that the email from 2020-08-12 would be shared with an MNRF biologist for review. IAMGOLD returned the completed application form and provided a map to support the application.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,530	Email	08/14/2020	Maple Leaf Strategies, on behalf of IAMGOLD, provided the Office of the Premier of Ontario with a table itemizing the outstanding permits and authorizations for the Project. The table summarized the approvals required for the construction phase, noting there are additional approvals needed for operations that will come later in the schedule.	Patrick Sackville (Office of the Premier of Ontario), Celine Chang (Office of the Premier of Ontario)	Giancarlo Drennan (Maple Leaf Strategies)
2,481	Email	08/14/2020	IAMGOLD requested a progress update regarding the Forestry Management Plan (FMP) amendment from the Ministry of Natural Resources and Forestry (MNRF). IAMGOLD noted that it was understood by IAMGOLD that the transfer plan was finalized as EACOM completed the recommended changes requested by MNRF. IAMGOLD stated a request to complete the Memorandum of Understanding (MOU) and inquired if a	Gail Ballak (Ministry of Natural Resources), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Michael Forrest (EACOM Timber	David Brown (IAMGOLD Corporation), Andre Dufresne (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			phone call to discuss the matter further was required or if IAMGOLD could proceed to finalize the MOU.	Corporation), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Megan Finlay (EACOM Timber Corporation), Ryan Milne (EACOM Timber Corporation), Mike Mazzetti (Ministry of Natural Resources and Forestry)	
2,488	Email	08/14/2020	Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada (DFO) with an update regarding the fish salvage activities in progress at the Project site occurring at smaller unnamed ponds. Minnow Environmental proposed taking a similar approach to counting fish by large numbers vs individual specimens, as a mitigation strategy to lessen fish handling and mortality rates. The previous email from 2020-08-07 was provided as context, in which DFO noted this approach was reasonable to minimize mortality but still maintain collection of numbers.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada)	David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,489	Email	08/16/2020	Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada (DFO) with a second update on the fish salvage occurring among smaller ponds on the Project site, including reference to fish in Unnamed Waterbody #3. The request to count fish by large groups instead of individual specimens, as done for West Beaver Pond, was again raised as an approach to mitigate stress on the fish being salvaged.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada)	David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.), Phil Anderson (Minnow Environmental Inc.), Tyrell Worrall (Minnow Environmental Inc.)
2,490	Email	08/17/2020	Fisheries and Oceans Canada (DFO) responded to IAMGOLD's inquiry about an acceptable approach to take to counting fish during the salvage activities taking place among the smaller ponds on the Project site sent on	Brandi Mogge (Fisheries and Oceans Canada),	David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow

ROC	Event Type	Date	Event Summary	Participants	Team
			2020-08-16. DFO stated the proposed approach seems reasonable to minimize mortality but will require reporting of total numbers. DFO further referenced previous emails and information provided by Minnow Environmental, on behalf of IAMGOLD, in support of this approach.	Terina Hancock (Fisheries and Oceans Canada)	Environmental Inc.), Phil Anderson (Minnow Environmental Inc.), Tyrell Worrall (Minnow Environmental Inc.)
2,531	Email	08/17/2020	The Office of the Premier of Ontario confirmed receipt of the table summarizing the outstanding permits and authorizations to be finalized for the Project which was provided on 2020-08-14. The Office of the Premier of Ontario stated that the appropriate officials would be informed of the authorizations and associated timelines and also requested to be kept updated on the Project.	Patrick Sackville (Office of the Premier of Ontario), Celine Chang (Office of the Premier of Ontario)	Giancarlo Drennan (Maple Leaf Strategies)
2,505	Email	08/18/2020	Minnow Environmental, on behalf of IAMGOLD, provided an update to Fisheries and Oceans Canada (DFO) on the progress of the fish salvage program noting that current efforts are focused on West Beaver Pond and six unnamed waterbodies located within the Tailings Management Facility footprint and that these waterbodies support almost exclusively small-bodied fish. It was noted that fish relocation began on 2020-08-06 with the transfer of fish from West Beaver Pond and Unnamed Waterbodies 3 and 5 to Bagsverd Creek. Minnow Environmental provided DFO with the number of fish that have been collected from West Beaver Pond, Unnamed Waterbodies 3 and 5 and noted that Waterbody 5 had very low fish densities during the baseline study. The Project is waiting on approval from the Ministry of the Environment, Conservation and Parks to begin dewatering the ponds which will improve collection efficiencies. The Project will provide DFO with a close out package summarizing the collection and fishing effort. In addition, IAMGOLD noted that they have had a senior scientist on site to oversee the salvage since the start of fishing. DFO thanked Minnow Environmental for the update. Minnow, on behalf of IAMGOLD, asked when the amendments to 20-HCAA-00766 FAA discussed with DFO will be available.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.), Phil Anderson (Minnow Environmental Inc.), Tyrell Worrall (Minnow Environmental Inc.), Derek Laurikainen (Wood E&IS)
2,523	Email	08/18/2020	SLR Consulting, on behalf of IAMGOLD, inquired if any comments were received regarding the Major Works applications related to the Project	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

			(NPP file reference # 2020-402270, 2020-402271, 2020-401973 and 2020-401975).		
2,506	Email	08/19/2020	IAMGOLD followed-up with the Ministry of Natural Resources and Forestry (MNRF) regarding the application for a beaver dam release or removal submitted on 2020-08-13. IAMGOLD noted that they have a Trapper scheduled for the weekend and asked if they are able to install a 4 inch pipe in the dam to help lower the water table or if a permit is required first. MNRF indicated that IAMGOLD should have the permit to cover the activity that day or the following day.	Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,516	Email	08/19/2020	Fisheries and Oceans Canada (DFO) provided feedback to IAMGOLD regarding the amendments to the Fisheries Authorization Act file 20-HCAA-00766 discussed on 2020-07-17. DFO requested clarification to Section 4.3.12 regarding the dewatering discharge location and the 100 metre downstream receiving environment. Minnow Environmental, on behalf of IAMGOLD, responded it may be easier to clarify in a phone conversation and inquired about a possible time for a discussion.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.), Phil Anderson (Minnow Environmental Inc.), Tyrell Worrall (Minnow Environmental Inc.), Derek Laurikainen (Wood E&IS)
2,532	Email	08/20/2020	Fisheries and Oceans Canada (DFO) inquired if the Environmental Monitoring Plans (EMPs) had been shared with Indigenous communities for an opportunity to provide comments. DFO noted that during their review of the Fish Habitat Offsetting Plan, the Métis Nation of Ontario expressed an expectation they would be reviewing the EMPs.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,522	Email	08/24/2020	Fisheries and Oceans Canada provided IAMGOLD with wording changes for section 4.3.12 of the Fisheries Authorization Act application (20-HCAA-00766 FAA) to state that “When the need for dewatering arises, all water discharged into any watercourses / waterbodies frequented by fish shall meet the quality guidelines set out in the Council of Ministers of the	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim

			Environment Council of Ministers Environment 'Canadian Water Quality Guidelines for the Protection of Aquatic Life'".		Connors (Minnow Environmental Inc.), Phil Anderson (Minnow Environmental Inc.), Tyrell Worrall (Minnow Environmental Inc.), Derek Laurikainen (Wood E&IS)
2,540	Email	08/24/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with a list of outstanding items relevant to the decision making prior to issuing Location Approvals for four active Lakes and Rivers Improvement Act (LRIA) applications for the Project. MNRF noted that the only item not previously identified in earlier correspondence to IAMGOLD dated 2020-05-05 was the request for clarification (basic details) on two crossings associated with the Mollie River Realignment application. The message included points of feedback from MNRF on the following LRIA applications: Tailings Management Facility Starter Dams, Mollie River Realignment, Mollie River Crossing and the Fish Habitat Offsetting Measures (Phase 1).	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,524	Phone Call	08/24/2020	SLR Consulting, on behalf of IAMGOLD, left a voice message as a follow-up to an earlier inquiry emailed on 2020-08-18 regarding any comments on the Major Works applications for the Project. SLR requested that Transport Canada return the call with an update on the status of the applications and a timeline for approval.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,555	Email	08/26/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with responses to MNRF's comments originally provided on 2020-08-24 on the four Lakes and Rivers Improvement Act (LRIA) applications: Tailings Management Facility (TMF) Starter Dams, Mollie River Realignment, Mollie River Crossing and Fish Habitat Offsetting Measures (Phase 1). IAMGOLD noted that most of the input from MNRF aligns with IAMGOLD's understanding with two exceptions. First, IAMGOLD noted that the Relocation of the Growth and Yield Plot referenced in the TMF	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Andre Dufresne (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			Starter Dams outstanding items list is an MNRF responsibility and should be removed. Second, IAMGOLD indicated that regarding the Fish Habitat Offsetting Measures (Phase 1), they do not agree that surface rights are required for the proposed works. IAMGOLD requested a call with MNRF to advance the LRIA applications. The complete set of comments and responses can be found in ROC 2,540.	Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	
2,556	Email	08/26/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with further information regarding the Relocation of the Growth and Yield Plot which was previously identified as an outstanding item of the Lakes and Rivers Improvement Act (LRIA) application for the Tailings Management Facility Starter Dams. MNRF noted that their Science and Research Branch indicated that there was an agreement established between the MNRF's Science and Research Branch and IAMGOLD regarding the re-establishment of the growth and yield plot. MNRF indicated that the Timmins District MNRF does not have a direct role in plot relocation and that they seek confirmation that the plot has been relocated to the satisfaction of MNRF's Science and Research Branch. MNRF provided IAMGOLD with a list of complete and incomplete items pertaining to the growth and yield plot agreement and provided IAMGOLD with a contact at the MNRF's Science and Research Branch. MNRF noted that their office is confirming other items related to the four active LRIA applications: TMF Starter Dam s, Mollie River Realignment, Mollie River Crossing and the Fish Habitat Offsetting Measures (Phase 1) and will arrange a conference call with IAMGOLD to discuss. IAMGOLD respectfully indicated that the requirements outlined by MNRF were not communicated to IAMGOLD and noted that IAMGOLD has always been committed to funding the costs associated with establishing an alternate plot. IAMGOLD requested a call to discuss these matters with MNRF as soon as possible as well as evidence of when the requirements outlined by MNRF were communicated to IAMGOLD.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Andre Dufresne (IAMGOLD Corporation)
2,527	Email	08/26/2020	The Ministry of the Environment, Conservation and Parks (MECP) informed IAMGOLD that they would be meeting with the Métis Nation of Ontario (MNO) on 2020-08-27 to discuss concerns the MNO shared with MECP in response to the MECP letter dated 2020-07-21. MECP provided	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			copy of the email received from the MNO dated 2020-08-24 in which the MNO stated they not have the capacity required to undertake the reviews for the Environmental Compliance Approvals (ECAs) and the Permits to Take Water (PTTW) and the MNO is seeking support to participate in such reviews. The MNO also stated there was not an agreement in place with IAMGOLD to undertake these reviews and also stated that IAMGOLD did not approach the MNO specifically to consult on the ECA and PTTW applications. The email stream provided by MECP to IAMGOLD also included a response about the engagement process which MECP provided to MNO on 2020-08-20 in reference to MNO's request for engagement clarification in the email dated 2020-08-19.	(Ministry of the Environment, Conservation and Parks)	
2,528	Email	08/27/2020	IAMGOLD responded to the Ministry of the Environment, Conservation and Parks (MECP) regarding the issue of engagement for the Environmental Compliance Approval and the Permit to Take Water applications raised by the Métis Nation of Ontario (MNO) in an email to MECP dated 2020-08-24. IAMGOLD noted that in 2018 there was discussion of capacity support for the MNO to undertake permitting reviews, which the MNO abandoned, and further noted that the MNO did not request specific funding for any additional consultation reviews despite attempts by IAMGOLD to continue discussions. IAMGOLD also provided MECP with direct language approved by MNO in the Indigenous Consultation Plan prepared for the Project which describes how the MNO preferred to be engaged in the Project. IAMGOLD noted the plan was also reviewed and approved by both the MNO and MECP. A link to the plan was provided. IAMGOLD further indicated that they have not received any direction from MNO regarding the modification of the approach for consultation noted in the plan. IAMGOLD also provided MECP with documents that IAMGOLD had previously sent to that show to the Ministry of Energy, Northern Development and Mines (ENDM) to dispute MNO’s claims that IAMGOLD did not meet consultation requirements.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,543	Email	08/27/2020	Transport Canada provided IAMGOLD approval documents for the following Major Works: Clam Lake Dam #3 (NPP File No. 2020-401973), Reconnection of Weeduck and Upper Three Duck Lake (NPP File No. 2020-	Amanda Allen (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), Fiona Christiansen (SLR Consulting (Canada) Ltd.)

			401975), Polishing Pond East Dam (NPP File No. 2020-402270) and Clam Lake Reconnection (NPP File No. 2020-402271).		
2,533	Email	08/27/2020	The Ministry of the Environment, Conservation and Parks (MECP) confirmed receipt of the additional information regarding the community engagement activities undertaken with the Métis Nation of Ontario (MNO), and the support offered by IAMGOLD to MNO to participate in the review of the Environmental Compliance Approval and Permit to Take Water applications. MECP requested a follow-up meeting to discuss this issue further. IAMGOLD agreed and suggested a potential meeting date.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,562	Email	08/28/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided IAMGOLD with a letter via email, dated 2020-08-28, confirming their review and feedback on the Project's Compliance Monitoring Program Report (CMPR) submitted on 2020-07-23. MECP provided a table containing comments from the Environmental Approvals Branch and two memoranda (both dated 2020-08-21) containing comments on the Surface Water and Groundwater sections of the CMPR. In addition, MECP provided a formatted template for IAMGOLD to respond to comments. The amended CMPR is required to be submitted to MECP by 2020-09-25, as required to meet Condition 5 of the Environmental Assessment Act Notice of Approval. MECP also noted a new contact who will be responsible for the file, to whom IAMGOLD is to send future correspondence. On 2020-09-25 IAMGOLD submitted responses to MECP's comments and a revised version of the CMPR.	Cindy Batista (Ministry of the Environment), Antonia Testa (Ministry of the Environment, Conservation and Parks), Steven Momy (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks), Kiran Anwar (Ministry of the Environment,	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)

2,550	Email	09/03/2020	IAMGOLD invited the Member of Provincial Parliament (MPP) for Nickel Belt to a cheque presentation event scheduled to take place in Gogama on 2020-09-11 following the ground breaking event for the Project. IAMGOLD will present a cheque to the Gogama Chamber of Commerce to support local businesses that have been affected by the COVID-19 pandemic. The MPP indicated that they would like to attend and make remarks at the event.	France Gélinas (Government of Ontario), Damien Waddell (Government of Ontario), Monique Stockill (Government of Canada)	David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,551		09/04/2020	IAMGOLD provided the Member of Provincial Parliament for Nickel Belt with a draft agenda for the cheque presentation event scheduled for 2020-09-11 in Gogama.	Monique Stockill (Government of Canada)	David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,553	Email	09/04/2020	IAMGOLD provided the Member of Parliament for Nickel Belt with a draft agenda for the cheque presentation event scheduled for 2020-09-11 in Gogama.	Marc Serré (Government of Canada), Rebecca MacNeil (Government of Canada)	David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,582	Email	09/04/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided IAMGOLD with a draft Permit to Take Water (PTTW) for the Construction phase of the Project and the groundwater technical review for the Construction phase of the Project for both the PTTW and the Environmental Compliance Approval application for Industrial Sewage Works for Construction. MECP requested comments on these documents be provided to MECP by 2020-09-09. MECP further noted that both approvals will have a condition that will require IAMGOLD to commit capacity funds to support the Métis Nation of Ontario (MNO) to review the approvals. This condition is under development and MECP stated it will be shared with IAMGOLD in the coming week. On 2020-09-10, MECP provided IAMGOLD with further feedback on both the PTTW and the groundwater comments. On 2020-09-11 IAMGOLD provided responses to the MECP's comments on the PTTW.	Steven Momy (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)

				the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Dave Manol (Ministry of the Environment, Conservation and Parks), Elise Burns (Ministry of the Environment, Conservation and Parks), Katrina Chrzanowska (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks), Fariha Pannu (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks)	
3,154	Email	09/04/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided an update following the MECP initial technical review of the Environmental Compliance Approval application for private sewage works at Mesomikenda Exploration Camp (Ministry reference no. 8342-BKFKKM). MECP provided a list of 8 items that needed to be addressed to complete their review and requested IAMGOLD respond to these items by 2020-09-21.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Nick Zambito (Ministry of	Nicole Vézina (Canadian Shield Consultants Agency)

ROC	Event Type	Date	Event Summary	Participants	Team
				the Environment, Conservation and Parks)	
2,937	Email	09/04/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided confirmation that the initial review of the application for private sewage works at Mesomikenda Exploration Camp at the Project site is complete. MECP noted items be addressed before 2020-09-21 in order for the full review to be deemed complete.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Nick Zambito (Ministry of the Environment, Conservation and Parks)	Gerry Dignard (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
2,567	Email	09/08/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry with information on the Road Transfer Plan, including gate locations. IAMGOLD noted that EACOM advised IAMGOLD that they made the requested revisions to the transfer plan and that it should be accepted soon.	Gail Ballak (Ministry of Natural Resources), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Michael Forrest (EACOM Timber Corporation), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Ryan Milne (EACOM Timber Corporation), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,547	Conference Call	09/08/2020	IAMGOLD and the Ministry of Natural Resources and Forestry (MNRF) met to discuss comments received by the Métis Nation of Ontario (MNO) on the Lakes and Rivers Improvement Act applications for the Tailings	Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

ROC	Event Type	Date	Event Summary	Participants	Team
			Management Facility Starter Dams, Mollie River Realignment, Mollie River Crossing and Fish Habitat Offsetting Measures (Phase 1). MNRF requested IAMGOLD provide MNRF with the draft responses to MNO comments one day prior to sending them to MNO. IAMGOLD and MNRF agreed to a path forward, with highest priority being placed on the issuance of the LRIA for Fish Habitat Offsetting Measures (Phase 1). It was noted that the comments received on the applications were technical in nature and did not fall within the scope of the review as specified by MNRF and IAMGOLD to MNO, namely a spatial / locational analysis of the proposed structures described in the applications to identify potential impacts on Métis rights.	Mike Mazzetti (Ministry of Natural Resources and Forestry)	Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,573	Letter	09/09/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided IAMGOLD with a letter regarding the Métis Nation of Ontario's (MNO) 2020-09-02 request for capacity funding to review the following permit and approval applications: Environmental Compliance Approval (ECA) – Industrial Sewage Works for Construction phase, Permit to Take Water (PTTW) for Clam Lake and Mollie River Realignment and the PTTW Côté Lake and Open Pit Dewatering. MECP indicated their understanding that IAMGOLD is receptive to providing capacity funding to support MNO's review. MECP noted their expectation that IAMGOLD follow-up with this request, engage with MNO as soon as possible and establish appropriate capacity funding to support MNO's review of these applications. MECP also noted they issue permits and approvals while IAMGOLD continues to engage with MNO and depending on the outcome of MNO's review of the permit and approval applications, the Ministry may amend or impose terms and conditions, as appropriate, to accommodate for any potential impacts to Métis rights. MECP also informed IAMGOLD of their offer to discuss the permits and approvals with MNO.	Andy Lefebvre (Métis Nation of Ontario), Linda Norheim Brookes (Métis Nation of Ontario), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Heather Malcolmson (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,570	Email	09/09/2020	In preparation for a phone call scheduled for the same day, Minnow Environmental provided Fisheries and Oceans Canada (DFO) with draft Area Releases to guide their discussion. In addition, they indicated that they would like to discuss the closeout of water bodies for fish salvage,	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Shona Derlukewich	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
			final language for authorization and any DFO comments related to the Environmental Monitoring Plans.	(Fisheries and Oceans Canada (DFO))	
2,563	Email	09/09/2020	Minnow Environmental, on behalf of IAMGOLD, requested that Fisheries and Oceans Canada (DFO) provide the method used to calculate fish depletion and requested further guidance regarding the estimates DFO requires. Minnow Environmental noted that typically population estimates are based on having consistent effort and/or catchability (which would not occur during dewatering).	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Shona Derlukewich (Fisheries and Oceans Canada (DFO))	Kim Connors (Minnow Environmental Inc.)
2,614	Email	09/09/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a draft letter regarding comments received from the Métis Nation of Ontario (MNO) on 2020-08-31 on the Lakes and Rivers Improvement Act (LRIA) application for the Fish Habitat Offsetting Measures (Phase 1). The letter outlined that IAMGOLD reviewed MNO's comments and noted IAMGOLD concluded that consultation was now completed on this particular application. The letter also included summaries of the correspondence with MNO from July to August 2020, the record of engagement with MNO from July to August 2020 on this matter, and IAMGOLD's draft responses to MNO comments.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,581	Email	09/09/2020	On 2020-09-08, The Ministry of Natural Resources and Forestry (MNRF) requested a meeting with IAMGOLD to discuss the Memorandums of Understanding (MOUs) for the Road Transfer Plan. The following day, MNRF cancelled the meeting, indicated that they will send IAMGOLD the MOUs on 2020-09-11 and suggested that a call be scheduled in the future if needed.	Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,692	Email	09/09/2020	Wood, on behalf of IAMGOLD, and the Ministry of the Environment, Conservation and Parks corresponded regarding changes to the draft Permit to Take Water for Construction Phase Water Takings which was provided to IAMGOLD on 2020-09-04.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks),	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)

				Todd Kondrat (Ministry of the Environment, Conservation and Parks), Elise Burns (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks)	
2,615	Email	09/10/2020	The Ministry of Natural Resources and Forestry provided IAMGOLD with feedback on the draft responses to the comments received from the Métis Nation of Ontario regarding the Lakes and Rivers Improvement Act application for Fish Habitat Offsetting Measures (Phase 1).	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,693	Email	09/11/2020	IAMGOLD received further comments from the Ministry of the Environment, Conservation and Parks (MECP) regarding the groundwater technical review for the Permit to Take Water (PTTW) for Construction Phase Water Takings and the draft Environmental Compliance Approval (ECA) application for Industrial Sewage Works for Construction. IAMGOLD provided MECP with official responses to the technical comments on the PTTW and attached a presentation regarding the Tailings Management Facility West Beaver Pond Foundation Dewatering. Comments and responses are recorded in ROC 2,582. IAMGOLD also approved proposed changes to the draft ECA conditions for Industrial Sewage Works. In addition, MECP noted that a previously outlined condition regarding the Métis Nation of Ontario (MNO) review of the PTTW for the Construction phase is not required as this was not a permit MNO requested to review.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Elise Burns (Ministry of the Environment, Conservation and Parks),	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			MECP attached a letter dated 2020-09-09 indicating the permits MNO requested funding to review.	Shannon Heggie (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks)	
2,574	Email	09/12/2020	Following an email sent on 2020-09-09, Minnow Environmental, requested that Fisheries and Oceans Canada provide information regarding the method used to calculate fish depletion.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Shona Derlukewich (Fisheries and Oceans Canada (DFO))	Kim Connors (Minnow Environmental Inc.), Phil Anderson (Minnow Environmental Inc.)
2,592	Email	09/12/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with the draft Memorandum of Understanding (MOU) for the roads within the Project boundary, provided feedback on the clarification to public road access and an update on the Forestry Management Plan and Road Transfer. MNRF indicated that they would expect some roads to be closed to the public during construction but that there is some hesitation to close Crown roads under Section 28 of the Public Lands Act at this time. MNRF also noted that, on a case by case basis, the District Manager would consider requests to permanently close roads under Section 28. They also indicated that they will draft a second MOU for the section of Chester Road east of the Project boundary. MNRF noted that they are still expecting mapping for the MOUs but that IAMGOLD should review the text and provide feedback.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,616	Email	09/13/2020	IAMGOLD thanked the Ministry of Natural Resources and Forestry (MNRF) for their review of the draft responses shared on 2020-09-10 regarding comments received from the Métis Nation of Ontario (MNO) on the Lakes and Rivers Improvement Act application for Fish Habitat Offsetting Measures (Phase 1). IAMGOLD provided the revised draft responses and identified that an official response would be sent to MNO with a copy to MNRF that same day.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
				Natural Resources and Forestry)	
2,617	Email	09/13/2020	IAMGOLD provided the Métis Nation of Ontario (MNO) with responses to comments received on the Lakes and Rivers Improvement Act (LRIA) application for Fish Habitat Offsetting Measures (Phase 1). IAMGOLD stated they are continuing to work on responses for the other LRIA application review comments provided by MNO.	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,575	Email	09/14/2020	Fisheries and Oceans Canada (DFO) informed Minnow Environmental that DFO no longer requires fish depletion estimates. DFO noted that they will contact the Ministry of Natural Resources and Forestry (MNRF) to discuss provincial fish rescue requirements and inquired if IAMGOLD has a contact at MNRF or a license number that may be cited. Further, DFO inquired if IAMGOLD would prefer to set-up a meeting themselves with the designated MNRF Biologist who provided IAMGOLD with the original permit. DFO also noted that they require a qualified professional on site during all dewatering procedures to rescue any stranded fish and that all fish will need to be rescued until a designated plan is written to offset any death of fish.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Shona Derlukewich (Fisheries and Oceans Canada (DFO))	Kim Connors (Minnow Environmental Inc.), Phil Anderson (Minnow Environmental Inc.)
2,618	Letter	09/14/2020	The Ministry of Natural Resources and Forestry (MNRF) provided the Métis Nation of Ontario (MNO) with MNRF's decision letter specific to the Lakes and Rivers Improvement Act (LRIA) application for the Fish Habitat Offsetting Measures (Phase 1). MNRF advised MNO that the additional responses from IAMGOLD to MNO comments on the remaining three LRIA applications would be forthcoming.	Andy Lefebvre (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis Council), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Linda Norheim Brookes	Stephen Crozier (IAMGOLD Corporation)

				(Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Lorette McKnight (Temiskaming Métis Council), Mike Mazzetti (Ministry of Natural Resources and Forestry), Pierre Lefebvre (Métis Nation of Ontario), Unknown Individual (Métis Nation of Ontario)	
2,572	Letter	09/15/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with notice of amendments letter for the Spanish Forest 2020-2030 Forest Management Plan related to the transfer of road responsibility from EACOM to IAMGOLD. MNRF indicated that the first amendment updates the Forest Management Plan to be consistent with the Road Transfer Plan and the second amendment will finalize the transfer of road responsibility. MNRF indicated that EACOM requested the transfer of responsibility for several roads from EACOM to IAMGOLD by submitting a Road Transfer Plan identifying the roads that will be transferred, and the conditions that must be met prior to the transfer being approved. Roads affected include a portion of the Chester Road, the entire Chester Mining Road, a portion of the West Chester Road, and several operational roads in the Chester Network and Hwy 144 Network. MNRF noted that prior to road transfer approval, construction of the Schist Lake Road must be complete. In addition, MNRF included a map showing the Project boundary, roads to be transferred, and the new Schist Lake Road.	Gail Ballak (Ministry of Natural Resources), Ryan Milne (EACOM Timber Corporation), Natalie Dulude (Ministry of Natural Resources and Forestry), Matthew Hollands (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,571	Phone Call	09/15/2020	Minnow Environmental, on behalf of IAMGOLD, discussed the Project's fish authorization with Fisheries and Oceans Canada (DFO). Minnow Environmental noted that as per the authorization, no offsets are required	Terina Hancock (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
			and confirmed that there are qualified professionals at the Project site overseeing the fish salvage and dewatering process. Minnow Environmental also provided an update on the fish salvage progress at Unnamed Waterbodies 1, 2, 3, 4, 5 and West Beaver Pond. DFO indicated that they will determine what else is required to clear the areas and Minnow Environmental requested that they be informed of the requirements that same day. Minnow Environmental indicated their intent to finalize the fish salvage in Unnamed Waterbody 3 and 4 over the coming days. DFO thanked IAMGOLD for providing their fish permit from the Ministry of Natural Resources and Forestry (MNRF) and Minnow Environmental clarified that there are no specific requirements within this permit for fish rescues. Minnow Environmental offered to assist DFO in acquiring further information from MNRF if required.		
2,593	Email	09/15/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with a second draft of the Memorandum of Understanding (MOU) for the Road Transfer Plan of the Chester Mining Road. MNRF noted that this road segment is not eligible for surface rights tenure and would remain a road over Crown under MOU with IAMGOLD for the foreseeable future. MNRF indicated that the notices to the First Nation communities and Métis Nation of Ontario were sent that same day and that the public notice would be sent the following day. MNRF requested that IAMGOLD identify where the Environmental Assessment and/or Environmental Effects Review documents identify that the public will have no or limited road access within the Project boundary and noted that MNRF is aware of this information being identified in the Spanish Forest Management Plan, Project Closure Plan.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,576	Email	09/16/2020	Following a phone call on 2020-09-15, Minnow Environmental requested Fisheries and Oceans Canada (DFO) finalize the requirements to close out the fish salvage areas for this year. IAMGOLD noted their Ministry of Natural Resources and Forestry (MNRF) licence number and attached a copy of the licence. IAMGOLD indicated that many individuals from MNRF worked on the file and that DFO may contact the Timmins office to ask which individuals were associated with the file. IAMGOLD indicated that there are no provincial fish rescue requirements in their license but that	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Shona Derlukewich (Fisheries and Oceans Canada (DFO))	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.), Phil

ROC	Event Type	Date	Event Summary	Participants	Team
			they do have specific guidance for fish transport and release. IAMGOLD noted that they have a number of qualified professionals on site overseeing the fish salvage and dewatering process and that onsite professional biologists as well as qualified environmental monitors are inspecting sediment and erosion controls, dewatering activities, fish catches as well as transport and release activities. IAMGOLD requested further information regarding DFO's request for a plan to offset the death of fish and noted that a complete Offsetting Plan for the Project was accepted, and the Fish Authorization was sent to IAMGOLD. Further, IAMGOLD referenced a conference call with DFO on 2020-09-09, where it was noted that the fish salvage intent was to remove all possible fish as a mitigation and that it was never an expectation that every fish would be salvaged. In addition, IAMGOLD noted that the Offsetting Plan provided to DFO has a surplus of habitat units gained for the Project, as well as the additional complimentary measures prescribed to help offset the losses to the Project.		Anderson (Minnow Environmental Inc.), Tyrell Worrall (Minnow Environmental Inc.)
2,685	Email	09/16/2020	IAMGOLD inquired when they could expect to receive the approved Lakes and River Improvement Act (LRIA) for Fish Habitat Offsetting Measures (Phase 1). IAMGOLD noted that work would need to commence immediately to remain compliant with commitments under the Fish Habitat Offsetting Plan approved by Fisheries and Oceans Canada. MNRF noted the location approval was granted by Timmins District on 2020-09-15 and that MNRF is checking on the status of the plans and specifications aspect of the approval by MNRF's regional engineering unit. IAMGOLD responded noting that the outstanding issues outlined by MNRF on this specific LRIA application in the 2020-08-24 email did not mention review of 'plans and specs'. IAMGOLD requested an update on this matter. MNRF confirmed that the MNRF engineering unit was reviewing the plans and specifications noting that location approval is required before plans and specifications could be reviewed. Following the closing of the consultation component on 2020-09-14 and providing the location approval the same day, MNRF confirmed that the engineering unit is reviewing the application with the 'fish habitat compensation' as the first priority.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Chris McAuley (Ministry of Natural Resources and Forestry), Christine Leblanc (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,648	Email	09/17/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a draft letter and three related attachments in response to the Métis Nation of Ontario (MNO) review of the Lakes and River Improvement Act (LRIA) application for the Tailings Management Facility Starter Dams. In the draft letter to be filed with MNRF, IAMGOLD noted that MNO was explicitly directed to conduct a spatial / locational analysis on the proposed structures described in the application to identify potential impacts on Métis rights, and the comments submitted on behalf of MNO do not identify any such impacts in relation to this application. Based on the work conducted for the review by MNO, and the comments provided, IAMGOLD believes that consultation on this application is complete and that the MNRF can proceed to immediately issue the approval. IAMGOLD requested MNRF provide comments on the draft letter in order to prepare a final copy to send to MNRF. The three attachments accompanying the letter were: Correspondence with MNO (July to August 2020), Record of Engagement with MNO (July to August 2020), and Draft Responses to Comments Received from MNO on the LRIA for Fish Habitat Offset Measures (Phase 1). IAMGOLD noted the current schedule for the Project requires the work to start on one of the structures within this application by the end of the following week. IAMGOLD requested a call with MNRF to discuss next steps due to this construction activity. Additionally, IAMGOLD requested an update from MNRF regarding the status of the LRIA Fish Habitat Offsetting Measures (Phase 1) application.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,577	Email	09/17/2020	Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada (DFO) with information to support DFO's decision to deem the fish salvage complete for Unnamed Waterbodies 3, 4, 5 and 6 within the Tailings Management Facility area. IAMGOLD noted that they would like to divert their efforts to areas where fish remain and requested a quick turnaround from DFO. In addition, IAMGOLD requested that DFO prioritize Unnamed Waterbodies 3 and 4.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Shona Derlukewich (Fisheries and Oceans Canada (DFO))	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)

3,155	Email	09/17/2020	Canadian Shield Consultants, on behalf of IAMGOLD, provided the Ministry of the Environment, Conservation and Parks (MECP) with the information requested to continue their technical review of the Environmental Compliance Approval application for private sewage works at Mesomikenda Exploration Camp (Ministry reference no. 8342-BKFKKM). Comments and responses are located in ROC 3,154.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Nick Zambito (Ministry of the Environment, Conservation and Parks)	Gerry Dignard (Canadian Shield Consultants Agency), Jacob Proulx (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)
2,596	Phone Call	09/17/2020	Minnow Environmental contacted Fisheries and Oceans Canada (DFO) to discuss the Project Fish Salvage Update (20-HCAA-00766) memo sent 2020-09-17 requesting confirmation of clearance for the fish salvage within Unnamed Waterbodies 3, 4, 5 and 6. Minnow Environmental left a voice message requesting a call back from DFO.	Terina Hancock (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)
2,579	Phone Call	09/18/2020	Minnow Environmental, on behalf of IAMGOLD and Fisheries and Oceans Canada (DFO) discussed the Project Fish Salvage Update (20-HCAA-00766) memo sent 2020-09-17 requesting confirmation of clearance for the fish salvage within Unnamed Waterbodies 3, 4, 5 and 6. DFO noted that they have not finished their review of the information but will be meeting internally to discuss the information today. IAMGOLD stressed the	Terina Hancock (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
			importance of clearing these areas today in order to move into other areas where fish are more abundant.		
2,578	Email	09/18/2020	Minnow Environmental followed-up with Fisheries and Oceans Canada (DFO) related to the Project Fish Salvage Update (20-HCAA-00766) memo sent 2020-09-17 requesting confirmation of clearance for the fish salvage within Unnamed Waterbodies 3, 4, 5 and 6. Minnow Environmental noted that substantial fishing has been completed in these areas and that dewatering activities are almost complete. They also indicated that they would like to stop fishing in these waterbodies in order to enable crews to focus dewatering efforts on areas that require further dewatering to complete fish salvage prior to colder weather and freeze up. Minnow Environmental requested that DFO contact them that same day regarding the matter.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Cynthia Russel (Minnow Environmental Inc.), Kim Connors (Minnow Environmental Inc.)
2,585	Email	09/18/2020	Following an email sent to the Ministry of Natural Resources and Forestry (MNRF) on 2020-02-04, IAMGOLD requested confirmation that an approval under the Aggregate Resources Act is not required for a potential quarry within the Tailings Management Facility footprint, so long as the quarry would not be developed until after the TMF was approved under the Lakes and Rivers Improvement Act, including acquisition of all necessary land tenure, and that the material is used exclusively for onsite development MNRF provided IAMGOLD with the contact for the aggregates program and requested that the contact respond to IAMGOLD's request.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Derek Seim (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,599	Email	09/18/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with the permit approval for the Lakes and Rivers Improvement Act Fish Habitat Offsetting Measures (Phase 1) for road removals only between Weeduck Lake and Upper Three Duck Lake and between East Clam Lake and Clam Lake application. In addition, MNRF provided the stamped drawings (03 and 04), stamped permit application and stamped report cover and noted that the entire report with stamp could be sent separately if required.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Henry Haemel (Ministry of Natural Resources and Forestry),	Stephen Crozier (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
				Chris McAuley (Ministry of Natural Resources and Forestry), Amber Langmuir (Ministry of Natural Resources and Forestry), Mark Stephen (Ministry of Natural Resources and Forestry)	
2,588	Email	09/18/2020	The Ministry of the Environment, Conservation and Parks (MECP) confirmed receipt of the Air Quality Monitoring Plan submitted by IAMGOLD on 2020-09-02. MECP indicated the Plan was submitted to their Regional Technical Support Unit for review and they may provide comments to IAMGOLD following their review.	Steven Momy (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Linda Lattner (Wood E&IS), Caleb Vandenberg (Wood E&IS)
2,569	Email	09/18/2020	On 2020-09-08, the Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with an update on amendments to the Forestry Management Plan and Road Transfer Plan. MNRF noted they received the revised Road Transfer Plan and Amendment #5 and are reviewing these documents. In addition, MNRF indicated that they will be updating the Road Transfer Plan as they receive confirmation that the conditions have been met. MNRF also noted that receipt of the signed agreement is one of the conditions outstanding. MNRF indicated that their Forestry Technician is aware that a Forest Operations Information Program report for completion of Schist Lake Road will arrive from EACOM. MNRF also noted that they are working on the public, First Nation and the Métis Nation of Ontario community notifications and that they sent a meeting request to IAMGOLD regarding review of the Memorandums of Understanding	Gail Ballak (Ministry of Natural Resources), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Michael Forrest (EACOM Timber Corporation), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Ryan Milne (EACOM Timber Corporation), Mike	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			(MOUs). On 2020-09-09, IAMGOLD provided MNRF with the signed agreement between IAMGOLD and EACOM regarding roads and access.	Mazzetti (Ministry of Natural Resources and Forestry)	
2,580	Email	09/18/2020	Fisheries and Oceans Canada (DFO) provided Minnow Environmental, on behalf of IAMGOLD, with confirmation of clearance regarding the fish salvage on Unnamed Waterbodies 3 and 4 with the caveat that during further dewatering a qualified aquatic biologist monitors for fish stranding. DFO indicated that in the following week Unnamed Waterbodies 5 and 6 will be reviewed and official correspondence will be forwarded on the decision of all the waterbodies.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Shona Derlukewich (Fisheries and Oceans Canada (DFO))	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,649	Email	09/18/2020	IAMGOLD contacted the Ministry of Natural Resources and Forestry (MNRF) to inquire when IAMGOLD may expect to receive feedback on IAMGOLD's draft responses to the Métis Nation of Ontario (MNO) comments on the Lakes and River Improvement Act (LRIA) application for the Tailings Management Facility (TMF) Starter Dams. IAMGOLD stated that the LRIA for TMF Starter Dams is now on the critical path. IAMGOLD stated they could participate in a call early the following week to explain why that LRIA is now on the critical path, as it relates to dewatering activities required to complete the fish salvage campaign for 2020. Additionally, IAMGOLD also requested an update on the LRIA for the Fish Habitat Offsetting Measures (Phase 1). That same day, IAMGOLD acknowledged receipt of the LRIA approval for the Fish Habitat Offsetting Measures (Phase 1).	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,627	Email	09/18/2020	Wood, requested a phone call with the Ministry of the Environment, Conservation and Parks (MECP) regarding an increase to the water taking rate under Item Number 8 (Unnamed Creek Draining to Bagsverd Lake) under the Permit to Take Water (PTTW) application submitted the previous week. MECP noted their understanding of the time constraints surrounding the activity of concern and the need to expedite a decision. In addition, MECP noted that the impacts of the dewatering should not be an issue although there could be water quality aspects to be addressed. MECP suggested that given the large difference in the volume of the water taking that an amendment will be needed. IAMGOLD provided	Todd Kondrat (Ministry of the Environment, Conservation and Parks)	David Simms (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
			further technical information to MECP regarding the potential impacts of dewatering.		
2,643	Email	09/18/2020	The Ministry of Natural Resources and Forestry (MNRF) noted that the approval for the Lakes and Rivers Improvement Act (LRIA) Fish Habitat Offsetting Measures (Phase 1) was limited only to the plans and specifications portion of the road removal; MNRF is continuing to work on the remaining aspects of that permit approval. MNRF noted they received the information provided by IAMGOLD with respect consultation with the Métis Nation of Ontario and will provide feedback at the next meeting with IAMGOLD. MNRF also acknowledged the importance of the LRIA for the Tailings Management Facility (TMF) Starter Dams approval for the Project. Furthermore, MNRF asked IAMGOLD if an application for the surface rights tenure for the footprint of that aspect of the Project had been received or if an approval was forth coming noting this is an important step in proceeding with their own process. Additionally, MNRF stated they understand that after the remainder of the plans and specifications for LRIA for Fish Habitat Offsetting Measures (Phase 1) is completed (channelization) the next priority is the LRIA application approval that for the TMF Starter Dams. MNRF stated that it may be helpful to identify which specific structures are the most important prior to their next meeting.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Henry Haemel (Ministry of Natural Resources and Forestry), Chris McAuley (Ministry of Natural Resources and Forestry), Amber Langmuir (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,650	Email	09/21/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with feedback on IAMGOLD's draft responses to comments received from the Métis Nation of Ontario (MNO) on the Lakes and River Improvement Act (LRIA) application for the Tailings Management Facility Starter Dams. MNRF stated the responses are viewed by MNRF as IAMGOLD responses and asked IAMGOLD to make best efforts in provision of the responses and acknowledged that MNO's concerns were mostly outside the scope of MNRF's LRIA decision and are handled through other processes. MNRF requested that IAMGOLD identify where these concerns have previously been addressed (section of the environmental assessment or Closure Plan), or where they will be addressed in the future (e.g., Environmental Compliance Approval with the Ministry of the Environment, Conservation and Parks). MNRF stated	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			that after IAMGOLD provides responses to MNO, MNRF should be in the position to proceed with their letter to MNO which will conclude consultation on this application.		
2,651	Email	09/21/2020	IAMGOLD responded to the Ministry of Natural Resources and Forestry (MNRF) regarding the feedback provided by MNRF on IAMGOLD's draft responses to the Métis Nation of Ontario (MNO) comments on the Lakes and River Improvement Act (LRIA) application for the Tailings Management Facility Starter Dams review. IAMGOLD stated they would review the comments provided by MNRF and follow-up with any questions that may arise.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,652	Email	09/21/2020	IAMGOLD communicated with the Ministry of Natural Resources and Forestry (MNRF) regarding MNRF's review of the responses drafted by IAMGOLD to the Métis Nation of Ontario (MNO) comments on the Lakes and River Improvement Act (LRIA) application for the Tailings Management Facility (TMF) Starter Dams review. IAMGOLD expressed their interest in sending these to the MNO by end of day. IAMGOLD also addressed the inquiry from MNRF regarding land tenure and provided an update the status of the road relinquishment and transfer from EACOM within the TMF footprint from IAMGOLD's perspective. IAMGOLD noted it would be helpful if MNRF could liaise with the Ministry of Energy, Northern Development and Mines to ensure this work is effectively coordinated. IAMGOLD provided MNRF with information that the priority structures to be approved are the TMF Starter Dam and the TMF SCP East Dam; the other internal TMF structures are secondary in terms of priority.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Henry Haemel (Ministry of Natural Resources and Forestry), Chris McAuley (Ministry of Natural Resources and Forestry), Amber Langmuir (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,631	Email	09/22/2020	Wood, on behalf of IAMGOLD, and the Ministry of the Environment, Conservation and Parks (MECP) discussed the procedural, technical and consultation aspects of a proposed amendment to the Permit to Take Water (1222-BT4PUS) for Construction Phase Water Takings related to water source number 8 (Unnamed Creek draining to Bagsverd Lake) on the Permit To Take Water application. A Director from MECP noted that	Todd Kondrat (Ministry of the Environment, Conservation and Parks)	David Simms (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
			they are unable to alter the permit using their discretionary powers as a signing Director due to the large difference in volumes requested and that an amendment will be required, however, the Director did agree to expedite the process. MECP noted that the technical reviewers are in general agreement that the dewatering effects of the peat excavations will not have significant impact to adjacent water features; however, they have questions regarding water quality monitoring and will include those discussions in the review of the Construction Phase Environmental Compliance Approval. MECP noted their intent to add a new receiver sampling station at the mouth of the unnamed tributary of Bagsverd Lake. MECP requested that IAMGOLD provide notice to the five First Nation communities to help facilitate MECP's processing and to give the First Nation communities advance notice of the planned amendment.		
2,689	Email	09/22/2020	Wood, on behalf of IAMGOLD, requested a call with The Ministry of the Environment, Conservation and Parks (MECP) to discuss the air quality monitoring methods proposed in the Air Quality Monitoring Plan submitted by IAMGOLD on 2020-09-02. MECP indicated that they would provide a proposed date and time to meet once a reviewer has been assigned.	Steven Momy (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Melinda Coleman (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Linda Lattner (Wood E&IS), Caleb Vandenberg (Wood E&IS)
2,704	Email	09/22/2020	IAMGOLD provided the Métis Nation of Ontario with responses to their comments on the Lakes and Rivers Improvement Act Tailings Management Facility Starter Dams application which were dated 2020-08-31. IAMGOLD also provided MNO with a memo further explaining the preliminary waste rock management plan for construction and stated they	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation),

ROC	Event Type	Date	Event Summary	Participants	Team
			are continuing to work on responses to comments on the other LRIA application reviewed by MNO.	Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Krista Maydew (IAMGOLD Corporation)
2,705	Email	09/22/2020	Fisheries and Oceans Canada (DFO) provided Minnow Environmental with a Form for Authorization Holders to Request and Amendment to an Authorization required in order to process the amendment to the Project's Fisheries Act Authorization by the Project. DFO noted that this will not affect the processing of the amendment.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,703	Letter	09/22/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a letter regarding IAMGOLD's responses to comments from the Métis Nation of Ontario (MNO) on the Lakes and Rivers Improvement Act (LRIA) application for the Tailings Management Facility Starter Dams. The letter indicated MNO did not identify any potential impact on Métis rights relating the proposed structures described in the application and for this reason, IAMGOLD believes that consultation on this particular application is completed and that MNRF can proceed to issue the approval. The letter also provided a background of consultation on this matter with MNO and included appendices that document copies of various communications between the parties, record of engagement, and copies of responses to MNO comments. The letter noted that IAMGOLD circulated responses to MNO on the LRIA application for Fish Habitat Offset Measures (Phase 1) on 2020-09-11 to which MNO did not indicate any further interest to meet regarding this application. IAMGOLD requested MNRF confirm in writing as soon as possible with the issuance of the LRIA Tailings Management Facility Starter Dams approval.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,701	Letter	09/23/2020	The Métis Nation of Ontario (MNO) provided the Ministry of Natural Resources and Forestry (MNRF) with a letter in response to MNRF's letter dated 2020-09-14 informing MNO about the approval granted to IAMGOLD for the Lakes and Rivers Improvement Act (LRIA) Fish Habitat Offsetting Measures (Phase 1) application. MNO's letter described MNO's	Andy Lefebvre (Métis Nation of Ontario), David Hamilton (Chapleau Métis Council), Urgel Courville (Northern Lights Métis	Stephen Crozier (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			positions related to earlier comments and responses shared between MNO and IAMGOLD pertaining to traditional knowledge and land use in and around the Project site by its members through the application review process.	Council), Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Margaret Froh (Métis Nation of Ontario (MNO)), Joanne Meyer (Métis Nation of Ontario (MNO)), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Lorette McKnight (Temiskaming Métis Council), Mike Mazzetti (Ministry of Natural Resources and Forestry), Pierre Lefebvre (Métis Nation of Ontario)	
2,700	Email	09/23/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with clarification regarding the Lakes and Rivers Improvement Act (LRIA) application pertaining to the Fish Habitat Offsetting Measures (Phase 1) Road Removals between Weeduck Lake and Upper Three Duck Lake and between East Clam Lake and Clam Lake. The letter of approval and associated stamped documents were issued by MNRF to IAMGOLD on 2020-09-18. The clarification memo provided information about the	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
			intent and extent of the authorization of the road removal to cover all work (planting, excavation, road removal, etc.) associated with the two road removals locations. The memo also provided a figure which detailed the sites for additional clarity.	Natural Resources and Forestry), Henry Haemel (Ministry of Natural Resources and Forestry), Chris McAuley (Ministry of Natural Resources and Forestry), Amber Langmuir (Ministry of Natural Resources and Forestry), Mark Stephen (Ministry of Natural Resources and Forestry)	
2,702	Email	09/23/2020	IAMGOLD corresponded with the Ministry of Natural Resources and Forestry (MNRF) regarding a letter that the Métis Nation of Ontario (MNO) sent to MNRF on 2020-09-23 and IAMGOLD regarding the Lakes and Rivers Improvement Act (LRIA) application approval for the Fish Habitat Offsetting Measures (Phase 1). IAMGOLD stated they would prepare a response to MNO's letter for MNRF's records to clarify points raised in the letter. IAMGOLD committed to circulate the draft response for MNRF review prior to sending it to MNO. IAMGOLD also noted they did reply to MNO comments on this LRIA application officially on 2020-09-23 and offered to meet with MNO to discuss responses in detail. MNO have not responded to this offer.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,594	Email	09/23/2020	Following the submission of the fish salvage summary sent on 2020-09-17, Minnow Environmental, on behalf of IAMGOLD, requested an update from Fisheries and Oceans Canada (DFO) on clearance for Unnamed Waterbodies 5 and 6. DFO indicated that they would be forwarding an official document shortly and IAMGOLD noted that they will have a summary package pertaining to Unnamed Waterbody 1 at the beginning of the following week.	Terina Hancock (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
2,598	Email	09/24/2020	Following an email sent to the Ministry of Natural Resources and Forestry on 2020-02-04 and a follow-up email sent on 2020-09-18, IAMGOLD requested confirmation that an approval under the Aggregate Resources Act is not required for a potential quarry within the Tailings Management Facility footprint.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Derek Seim (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,600	Letter	09/24/2020	Minnow Environmental, on behalf of IAMGOLD, received a letter from Fisheries and Oceans Canada (DFO) in response to IAMGOLD's Fish Salvage Update memo dated 2020-09-17. DFO identified that the fish rescue effort within Unnamed Waterbodies 3, 4, 5 and 6 is satisfactory and that the requirements for condition 4.3.14 have been met for these areas. DFO also noted that the habitat can now be impacted as described in Authorization 20-HCAA-00766. Further, DFO noted that a qualified aquatic biologist is required to be onsite during any further dewatering and changes to the waterbodies to monitor for fish.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,747	Phone Call	09/25/2020	IAMGOLD informed the Ministry of the Environment, Conservation and Parks (MECP) that an incident had occurred on site during which overburden was inadvertently pushed into North Beaver Pond. MECP requested that IAMGOLD contact the Spill Action Control to notify them so that they could issue an incident number.	Jean Guindon (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,601	Email	09/25/2020	Minnow Environmental, on behalf of IAMGOLD, informed Fisheries and Oceans Canada (DFO) that overburden was pushed into and overprinted North Beaver Pond at the Project site. Minnow Environmental indicated that this pond was included within the Fish Habitat Offsetting Plan; however, it was not slated to be lost until the following year. They also noted that site staff took immediate action to stop all work in the vicinity of the waterbody and that sediment and erosion controls were put in place to contain and prevent any further damage to fish and/or fish habitat. The Project is conducting an investigation and a full summary will be provided to DFO during the week of 2020-09-28 for evaluation.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
2,603	Email	09/25/2020	SLR Consulting, on behalf of IAMGOLD, submitted the Compliance Monitoring Program Report to the Ministry of the Environment, Conservation and Parks (MECP) and IAMGOLD's responses to comments provided by MECP on 2020-08-28. It was also noted that in accordance with Condition 5.1 of the Notice of Approval, IAMGOLD will post the amended report to the Project website. Comments and responses are located in ROC 2,562.	Cindy Batista (Ministry of the Environment), Antonia Testa (Ministry of the Environment, Conservation and Parks), Kiran Anwar (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Stephan Theben (SLR Consulting (Canada) Ltd.), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Krista Maydew (IAMGOLD Corporation)
2,605	Email	09/25/2020	The Ministry of Natural Resources and Forestry (MNRF) requested further information from IAMGOLD regarding their request for confirmation that an approval under the Aggregate Resources Act is not required for a potential quarry within the Tailings Management Facility (TMF) footprint. MNRF indicated that although IAMGOLD wishes to operate a quarry within their TMF under the Lakes and Rivers Improvement Act (LRIA) approvals, in most cases quarries cannot be operated under other pieces of legislation but that IAMGOLD's proposed excavation may be exempt from the permitting requirements of the Aggregate Resources Act if the excavation is solely for the purpose of constructing a building or structure on the excavation site. MRNF provided a list of questions to assist in their evaluation of whether the excavation would be exempt.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Derek Seim (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Katie O'Connell (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,609	Email	09/28/2020	The Ministry of the Environment, Conservation and Parks (MECP) informed IAMGOLD that MECP staff will review the updated Compliance Monitoring Program Report received on 2020-09-25, including the responses to MECP comments.	Cindy Batista (Ministry of the Environment), Antonia Testa (Ministry of the Environment, Conservation and Parks), Kiran Anwar (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Stephan Theben (SLR Consulting (Canada) Ltd.), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,730	Email	09/28/2020	The Ministry of the Natural Resources and Forestry (MNRF) contacted Wood to request additional paper or digital files of appendix documentation to support the MNRF review of the Lakes and Rivers Improvement Act (LRIA) applications pertaining to the Tailings Management Facility Starter Dams and the Mollie River Realignment.	Chris McAuley (Ministry of Natural Resources and Forestry), Amber Langmuir (Ministry of Natural Resources and Forestry)	Debbie Dyck (Wood E&IS)
2,763	Email	09/28/2020	SLR Consulting contacted Transport Canada (TC) to provide an update on the Project designs for temporary discharge pipelines in to Three Duck Lake and a diffuser required to support water management during Construction. SLR Consulting requested a meeting with TC to discuss the purpose and scope of the pipelines and diffuser and any required approvals under the Canadian Navigable Waters Act.	Tania Havelka (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,645	Email	09/28/2020	Wood, on behalf of IAMGOLD, submitted a request to amend the Permit to Take Water (1222-BT4PUS) for Construction Phase Water Takings related to water source number 8 to the Director of the Ministry of the Environment, Conservation and Parks (MECP). In addition, IAMGOLD noted that a signed copy of the amendment request and payment was forwarded to MECP with a note that the application had been discussed with the Director. IAMGOLD included technical information regarding the PTTW amendment and expressed that the amendment was urgently required. IAMGOLD noted that the maximum water taking rate is slightly less than previously discussed but the duration of the water taking is longer and requested that the existing expiry date be kept on the permit.	Todd Kondrat (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
2,817	Phone Call	09/28/2020	IAMGOLD informed the Ministry of the Environment, Conservation and Parks (MECP) of an occurrence in which overburden was pushed into North Beaver Pond. IAMGOLD indicated the site is stable and no sediment issues were observed downstream of the impacted area. IAMGOLD noted that the area is contained and additional silt fence and monitoring for turbidity and Total Suspended Solids downstream was initiated. IAMGOLD also advised MECP that Fisheries and Oceans Canada (DFO) was notified immediately and an investigation into the incident is underway. MECP acknowledged the immediate notification of DFP and advised IAMGOLD to contact Spill and Action Control to generate an incident number. MECP	Jean Guindon (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			noted that Spill and Action Control will notify any other regulators that require notification.		
2,646	Email	09/29/2020	IAMGOLD received an acknowledgement letter from the Ministry of the Environment, Conservation and Parks (MECP) noting that IAMGOLD's application to amend the Permit to Take Water Amendment (1222-BT4PUS) for Construction Phase Water Takings had been received. As requested, IAMGOLD provided confirmation that a signed version of the application was sent via email to MECP. MECP noted that the payment page of the application has been removed as the payment is to be processed by another MECP staff member.	Elise Burns (Ministry of the Environment, Conservation and Parks), Anna Liu (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Simms (Wood E&IS)
2,622	Email	09/29/2020	IAMGOLD submitted an amendment to the Permit To Take Water application (1222-BT4PUS) for Construction Phase Water Takings for maximum water taking from the Unnamed Creek Draining to Bagsverd Lake to the Ministry of the Environment, Conservation and Parks (MECP). IAMGOLD noted that the amendment had been discussed with the MECP Director of Section 34.1 in Thunder Bay and is considered a priority.	unknown Individual (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation)
2,623	Email	09/30/2020	Wood, on behalf of IAMGOLD, informed the Ministry of the Environment, Conservation and Parks (MECP) that an amendment to the Permit to Take Water (1222-BT4PUS) for Construction Phase Water Takings was sent to MECP on 2020-09-29. MECP noted that the amendment has been received, the technical review completed and that the application will be expedited. In addition, MECP requested clarification regarding any proactive actions taken by IAMGOLD to provide notice of the amendment to five Indigenous communities. MECP noted that this proactive action by IAMGOLD will help facilitate MECP's processing of the amendment. IAMGOLD requested clarification about the list of Indigenous communities to be notified, noting that IAMGOLD intended to provide the notification to all Indigenous communities identified by the Province in the Project conditions of approval. MECP confirmed IAMGOLD is correct to notify the broader list of communities.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,625	Email	09/30/2020	IAMGOLD received notice from the Ministry of the Environment, Conservation and Parks (MECP) that IAMGOLD's request for an amendment to the Permit to Take Water (1222-BT4PUS) for Construction	Steven McAvoy (Ministry of the Environment, Conservation and Parks),	Stephen Crozier (IAMGOLD Corporation),

ROC	Event Type	Date	Event Summary	Participants	Team
			Phase Water Takings submitted on 2020-09-29 will not be processed due to an application error. IAMGOLD requested clarification as confirmation was previously provided by MECP that the amendment was being processed. MECP confirmed that re-submission is not required, that the amendment application is being processed and that IAMGOLD will receive an acknowledgement letter shortly.	Vani Manoharan (Ministry of the Environment, Conservation and Parks)	Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
2,637	Email	09/30/2020	IAMGOLD distributed English and French versions of the September 2020 Let's Talk newsletter. The newsletter included information about the recent Project ground breaking ceremony, support to Gogama businesses, the Project timeline, an update on permitting, COVID-19 pandemic protocols at the Project site, IAMGOLD's commitment to sustainability, information about Project-related business and job opportunities.	Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation)
2,681	Email	09/30/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a draft response to comments from the Métis Nation of Ontario (MNO) on the Lakes and Rivers Improvement Act application for the Mollie River Realignment. IAMGOLD also provided MNRF with an accompanying draft cover letter. IAMGOLD requested that MNRF review the draft responses and provide input on these documents by end of day 2020-10-02, to allow IAMGOLD to circulate the final copy to MNO between 2020-10-03 and 2020-10-04.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,682	Email	09/30/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to the request submitted by IAMGOLD on 2020-09-30 to have MNRF review and provide input on the draft responses and cover letter IAMGOLD prepared regarding the Métis Nation of Ontario comments on the Lakes and Rivers Improvement Act application for the Mollie River Realignment. MNRF stated that feedback should be complete by 2020-10-02.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,764	Email	09/30/2020	Transport Canada (TC) responded to IAMGOLD's information request from 2020-09-28 regarding a required approval process for discharge pipelines and a diffuser into Three Duck Lake at the Project. TC asked IAMGOLD to	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
			assess their work against criteria described in a set of Minor Works information documents provided. TC noted that if the works of this information request did not meet any of the Minor Works criteria then IAMGOLD could either apply for approval of the works under the Canadian Navigable Waters Act, or follow the public resolution process by publishing a notice and depositing the work in the online registry for public comment. TC also provided instruction on how to start the public resolution process. TC noted that the current contact person for the file was away on assignment to a different department and provided a new contact person.		
2,731	Email	09/30/2020	Wood, on behalf of IAMGOLD, provided the Ministry of Natural Resources and Forestry (MNRF) with digital files of the requested appendices not requested on 2020-09-28 pertaining to the Lakes and Rivers Improvement Act (LRIA) applications for the Tailings Management Facility Starter Dams and Mollie River Realignment. Wood requested that MNRF provide confirmation of receipt of the files.	Amber Langmuir (Ministry of Natural Resources and Forestry)	Debbie Dyck (Wood E&IS), Braeden Connor (Wood E&IS)
2,732	Email	10/01/2020	The Ministry of Natural Resources and Forestry (MNRF) confirmed receipt of digital appendix files provided by Wood as requested to support the MNRF review of the Lakes and Rivers Improvement Act applications for the Tailings Management Facility Starter Dams and Mollie River Realignment.	Amber Langmuir (Ministry of Natural Resources and Forestry)	Debbie Dyck (Wood E&IS), Braeden Connor (Wood E&IS)
2,808	Email	10/01/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry with a proposed Environmental Monitoring Program Weeduck Lake Connection Offsetting to comply with Condition 3 of the Lakes and Rivers Improvement Act for Fish Habitat Offsetting Measures (Phase 1).	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Emmanuel Ogunjobi (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,683	Email	10/01/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with input on the draft responses and cover letter IAMGOLD prepared regarding the Métis Nation of Ontario comments on the Lakes	Tuovi Haapakoski (Ministry of Natural Resources and Forestry),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

ROC	Event Type	Date	Event Summary	Participants	Team
			and Rivers Improvement Act application for the Mollie River Realignment. MNRF stated the comprehensive responses were appreciated. MNRF noted that once IAMGOLD provides the response to MNO, MNRF should be able to send their letter to MNO to conclude the consultation on this application. IAMGOLD replied to thank MNRF for their comments and confirmed an updated version of the documents would be prepared considering MNRF's feedback. IAMGOLD further requested clarification if the impact on rights should be stated by IAMGOLD as an opening statement rather than stating it as a response to each MNO comment. IAMGOLD recognizes the importance to state this clearly to ensure the duty to consult has been met with respect to this application.	Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,695	Email	10/01/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with permit documents associated with the completed review of the Location Approval for the Lakes and Rivers Improvement Act (LRIA) application for the Fish Offsetting – Re-alignment between Little Clam Lake and East Clam Lake. A series of seven stamped documents were provided to IAMGOLD.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Henry Haemel (Ministry of Natural Resources and Forestry), Chris McAuley (Ministry of Natural Resources and Forestry), Amber Langmuir (Ministry of Natural Resources and Forestry), Mark Stephen (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,606	Email	10/01/2020	On 2020-09-30, IAMGOLD provided the Ministry of the Environment, Conservation and Parks (MECP) with confirmation that notices were provided to all Indigenous communities identified by the Province in the Project conditions of approval concerning the amendment to the Permit	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck

ROC	Event Type	Date	Event Summary	Participants	Team
			to Take Water (1222-BT4PUS) for Construction Phase Water Takings related to amendment to water source number 8 – the Unnamed Creek draining to Bagsverd Lake. On 2020-10-01 MECP acknowledged their receipt of the copies of correspondence.	the Environment, Conservation and Parks)	(Wood E&IS), David Simms (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,608	Email	10/01/2020	On 2020-09-30, Wood, on behalf of IAMGOLD, provided the Ministry of Natural Resources and Forestry (MNRF) with an application and supporting document for a Work Permit, Forestry Resource Licence(s) and Land Use Permit for the proposed transmission connecting the Project site with the Shining Tree distribution station. IAMGOLD requested that MNRF confirm that the figures provided in Appendix C are of suitable resolution and indicated that a hard copy of the submission could be provided if required. On 2020-10-01, MNRF acknowledged receipt of the applications. MNRF requested that IAMGOLD send the figures in Appendix C electronically and confirmed that no hard copy is required.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Sheila Daniel (Wood E&IS)
2,602	Phone Call	10/01/2020	Minnow Environmental, on behalf of IAMGOLD, and Fisheries and Oceans Canada (DFO) discussed the Fisheries Act violation investigation at North Beaver Pond and fish salvage efforts at Unnamed Waterbodies 1 and 2. Minnow Environmental indicated that the investigation is ongoing and they hope to have a report to DFO the following week. It was also noted that the impact at North Beaver Pond is larger than originally thought; however, the site is contained and stable with water quality being monitored daily. Minnow Environmental provided an update noting: a permit has been acquired to relocate fish and the fish salvage will begin immediately, an incident report will include site photographs for DFO evaluation, fish salvage summaries for Unnamed Waterbodies 1 and 2 will be submitted for DFO review and if DFO agrees that sufficient work has been completed in these areas, fishing gear will be moved from these areas to North Beaver Pond. A summary of the discussion was provided to DFO that same day.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,768	Phone Call	10/02/2020	Minnow Environmental and Fisheries and Oceans Canada (DFO) discussed fish salvage efforts at Unnamed Waterbodies 1 and 2. DFO confirmed that the fish rescue efforts in Unnamed Waterbodies 1 and 2 were adequate and that performing a fish rescue in North Beaver Pond was an acceptable course of action to help reduce harm to fish that were residing in that	Laura Phalen (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)

ROC	Event Type	Date	Event Summary	Participants	Team
			pond at the time of the occurrence. DFO indicated that the individual responsible for reviewing the occurrence in North Beaver Pond is aware of this approach.		
2,626	Email	10/02/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a link to download Appendix C of the Request for Approvals for Transmission Line between Shining Tree DS and Project Boundary submitted on 2020-10-01 and requested confirmation that MNRF was able to download the file.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry)	Sheila Daniel (Wood E&IS)
2,604	Email	10/02/2020	Minnow Environmental, on behalf of IAMGOLD, provided Fisheries and Oceans Canada (DFO) with a summary of the Fish Salvage efforts at Unnamed Waterbodies 1 and 2 and requested a decision to deem the fish salvage complete in these areas. It was noted that a timely verbal turnaround from DFO will allow fish salvage efforts to be diverted to North Beaver Pond.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Phil Anderson (Minnow Environmental Inc.)
2,684	Email	10/02/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to IAMGOLD's 2020-10-01 request for clarification on how to approach an opening statement to address the topic of impact on rights when responding to comments from the Métis Nation of Ontario (MNO) comments on the Lakes and Rivers Improvement Act application for the Mollie River Realignment. MNRF noted that it would be fine to address this in the opening statement rather than repeating the statement in each of the official responses. To that end, MNRF noted that this would be the extent of their feedback on this matter as MNRF views these responses to be those of IAMGOLD. MNRF asked that IAMGOLD make their best efforts to provide responses and indicated that the actual content of the responses they reviewed is generally quite comprehensive and addresses MNO's comments. IAMGOLD thanked MNRF for the clarification provided and stated that they will take that additional feedback into account as the final response to MNO is prepared.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,709	Email	10/05/2020	IAMGOLD provided the Métis Nation of Ontario (MNO) with responses to their comments on the Lakes and Rivers Improvement Act (LRIA)	Andy Lefebvre (Métis Nation of Ontario), Charles	Stephen Crozier (IAMGOLD Corporation),

ROC	Event Type	Date	Event Summary	Participants	Team
			application for the Mollie River Realignment. IAMGOLD noted they are continuing to work on responses to comments provided by MNO on the LRIA Mollie River Crossing application.	Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,713	Email	10/05/2020	The Métis Nation of Ontario (MNO) confirmed receipt of IAMGOLD's responses to comments on the Lakes and Rivers Improvement Act application for the Mollie River Realignment. MNO stated they would share the responses provided with the Region 3 Consultation Committee.	Andy Lefebvre (Métis Nation of Ontario), Charles Vincent (Pape Salter Teillet LLP (Métis Nation of Ontario)), Linda Norheim Brookes (Métis Nation of Ontario), Jacques Picotte (Métis Nation of Ontario), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,723	Email	10/05/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with an update regarding the Lakes and Rivers Improvement Act (LRIA) Mollie River Crossing application indicating that surface rights tenure is not required for this application. MNRF noted they would be prepared to proceed with location approval once the transfer of road / crossing responsibility has occurred from EACOM to IAMGOLD. MNRF noted they are waiting for the final amendment request from EACOM which would allow for approval of the road transfer as an administrative amendment to the Spanish Forest Management Plan. MNRF also stated that it was determined that Indigenous consultation on this application was sufficient and will issue a letter to the Métis Nation of Ontario (MNO) indicating the decision to proceed once IAMGOLD issued their response to	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
			MNO comments. MNRF noted that their engineers were reviewing the LRIA Tailings Management Facility Starter Dam application and asked if the engineers should be requested to turn their attention to this particular application to facilitate a quick turn around and specifications approval as this application is deemed to be simpler.		
2,809	Email	10/05/2020	The Ministry of Natural Resources and Forestry (MNRF) provided comments on the Project's proposed Environmental Monitoring Program for Weeduck Lake Connection Offsetting which was provided to MNRF for review on 2020-10-01.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Emmanuel Ogunjobi (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)
2,620	Email	10/05/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a Forestry Resource Licence Application for Phase 3 Clearing at the Project site. IAMGOLD noted that they would like to commence clearing as early as October 2020 and acknowledged that this would require a quick turnaround from MNRF. IAMGOLD offered to provide MNRF with the higher priority areas and related Forest Resource Inventories to assist with MNRF's review. In addition, IAMGOLD noted that GIS Shape Files are forthcoming as well as support letters from Mattagami First Nation and Flying Post First Nation.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Jean Jacques (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,653	Letter	10/05/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a letter respectfully requesting that MNRF confirm in writing that it will proceed with the immediate issuance of the Lakes and Rivers Improvement Act (LRIA) Mollie River Realignment. The letter noted that IAMGOLD reviewed the comments provided by Métis Nation of Ontario (MNO) on this particular application and that the comments did not identify any potential impact on Métis rights relating to the proposed structures described in the application. Based on this, IAMGOLD believes the consultation on this particular application is complete. IAMGOLD provided a copy of the responses to comments received from MNO and stated they are willing to meet with MNO on this matter should MNO be	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			willing. IAMGOLD noted that responses were circulated to MNO regarding their comments on the LRIA application for Fish Habitat Offsets (Phase 1) on 2020-09-11 and for the Tailings Management Facility Starter Dams on 2020-09-22. To date, IAMGOLD stated the MNO have not indicated any interest in meeting further with respect to either of those responses.		
2,621	Email	10/06/2020	The Ministry of Natural Resources and Forestry provided IAMGOLD with confirmation of receipt of the Forestry Resource Licence Application for Phase 3 Clearing at the Project site submitted by IAMGOLD on 2020-10-05.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Jean Jacques (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,722	Email	10/06/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with draft responses to the Métis Nation of Ontario (MNO) comments on the Lakes and Rivers Improvement Act (LRIA) Mollie River Crossing application for review. IAMGOLD requested MNRF provide their comments by 2020-10-08 noting there were few comments to review.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,733	Email	10/07/2020	Wood, on behalf of IAMGOLD, provided an update regarding the delivery of print copies of the files requested by the Ministry of the Natural Resources and Forestry (MNRF) for their review of the Lakes and Rivers Improvement Act applications for the Tailings Management Facility Starter Dams, Mollie River Realignment and Mollie River Crossing. Wood stated they hoped the review was still able to proceed in the interim while MNRF was waiting for the files. Wood inquired why the additional hard copies were requested and requested a status update on the Starter Dam and Seepage Collection Pond Dam review, as the construction engineers wish to update the construction schedule and staffing plan.	Henry Haemel (Ministry of Natural Resources and Forestry), Amber Langmuir (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
2,721	Email	10/07/2020	The Ministry of Natural Resources and Forestry (MNRF) informed IAMGOLD that they would review and provide suggestions on IAMGOLD's draft responses to comments received from the Métis Nation of Ontario (MNO) on the Lakes and Rivers Improvement Act Mollie River Crossing application. MNRF noted they would attempt to provide their feedback by 2020-10-08. IAMGOLD responded and thanked MNRF for this consideration.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,664	Email	10/07/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry with shape files for the proposed clearing areas pertaining to the Forestry Resource Licence application for Phase 3 Tree Clearing. IAMGOLD indicated that they will be sending letters of support from First Nations for the application in the coming days.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Jean Jacques (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,719	Email	10/08/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with suggestions for IAMGOLD's consideration regarding their responses to the Métis Nation of Ontario (MNO) comments on the Lakes and Rivers Improvement Act (LRIA) Mollie River Crossing application. MNRF noted that these responses belong solely to IAMGOLD and ask that best efforts be made to address the comments. MNRF also stated their appreciation of IAMGOLD's willingness to respond to MNO comments, acknowledging that MNRF had previously identified that consultation on this matter was sufficient. MNRF also stated that once IAMGOLD provided their responses to MNO, MNRF would follow with their decision letter. Following this, MNRF would be able to provide location approval for this application since the transfer of road / crossing responsibility is complete.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)
2,696	Email	10/08/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with an update regarding the Tailings Management Facility (TMF) South Dam and shared associated revised drawings which would allow the dam to be built in stages. It was explained that the change in the drawings do not affect the water levels or mode of management of the TMF South	Henry Haemel (Ministry of Natural Resources and Forestry), Amber Langmuir (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck

ROC	Event Type	Date	Event Summary	Participants	Team
			Dam for construction phase water management and the change was needed because of the seasonal (winter) timeline and associated construction material constraints. Additional details related to the technical aspects of construction and changes to the drawings required to support the need for the TMF South Dam to be operational in time to manage water for the Project site was also provided. IAMGOLD noted that this information was also provided to the Ministry of the Environment, Conservation and Parks as part of the approved construction Environmental Compliance Act. Also in a follow-up email associated with this message later that same day, it was clarified that the drawings provided were for the TMF South Pond Dam, which is not one of the high priority structures. It was stated that IAMGOLD is assuming that MNRF would still be able to review and approve the high priority structures (Starter Dam and East Seepage Collection Pond Dam) separately so that the Project construction crew can get started as early as possible before the cold whether sets in. IAMGOLD requested MNRF to provide a status update of their review.		(Wood E&IS), Milos Vojvodic (Wood E&IS)
2,690	Email	10/08/2020	Wood requested a call with the Ministry of the Environment, Conservation and Parks (MECP) to discuss the Air Quality Monitoring Plan submitted by IAMGOLD on 2020-09-02. MECP responded with a memorandum dated 2020-09-25 containing comments on the Air Quality Monitoring Plan.	Guowang Qiu (Ministry of the Environment), Steven Momy (Ministry of the Environment, Conservation and Parks), Carroll Leith (Ministry of the Environment, Conservation and Parks), Shannon Innis (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks),	Debbie Dyck (Wood E&IS), Linda Lattner (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
				Melinda Coleman (Ministry of the Environment, Conservation and Parks)	
2,676	Email	10/08/2020	IAMGOLD confirmed that the Ministry of Natural Resources and Forestry will be visiting the Project site to review the sediment and erosion control measures installed at the Weeduck Lake connection on 2020-10-14.	Emmanuel Ogunjobi (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Brett McLeod (Wood E&IS), Derek Laurikainen (Wood E&IS), Loralei Premo (Wood E&IS), Dave Jones (Wood E&IS)
2,783	Email	10/08/2020	IAMGOLD provided the Ministry of the Environment, Conservation and Parks with the Erosion and Sediment Control Plan to satisfy the Environmental Compliance Approval (ECA) commitment to produce a Site-wide sediment and erosion control plan prior to the start of construction activities approved under the ECA.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,784	Email	10/08/2020	IAMGOLD and the Ministry of the Environment, Conservation and Parks (MECP) agreed to meet with the EPCM team management to review the Environmental Compliance Approval document for Construction phase water management to ensure everyone understands the requirements and processes. MECP noted that they will provide IAMGOLD with a proposed date and time.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Melinda Coleman (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,714	Letter	10/08/2020	IAMGOLD received a letter from the Ministry of Natural Resources and Forestry (MNRF) acknowledging receipt of IAMGOLD's work permit application dated 2020-09-29 for the installation of a Power Transmission Line from the Shining Tree Distribution Station to the Project site. MNRF outlined further information that is required before review of the application can commence.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
2,759	Letter	10/09/2020	Wood requested an update regarding the issuance of the Permit to Take Water for wells TW2 and TW2A from the Ministry of the Environment, Conservation and Parks (MECP). MECP responded with the issued Permit to Take Water for these sites (5831-BTSRFF) and a letter to IAMGOLD, dated 2020-10-09, which detailed the reporting requirements associated with the permit in reference to Section 9(3) of Ontario Regulation for Water Taking and Transfer requiring all holders of permits to report daily taking amounts annually, in a manner and form approved by the Director. The letter also included details of how reports are to be submitted and contact information for any additional questions.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Julia Tonks (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
2,666	Letter	10/09/2020	IAMGOLD provided Fisheries and Oceans Canada with a letter regarding the North Beaver Pond incident and Parts 1 and 2 of the incident report. IAMGOLD noted that Part 3 of the report will be delivered on 2020-10-23.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Brett McLeod (Wood E&IS), Derek Laurikainen (Wood E&IS)

2,720	Letter	10/14/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a letter and IAMGOLD's responses to comments from the Métis Nation of Ontario (MNO) on the Lakes and Rivers Improvement Act (LRIA) application for the Mollie River Crossing. IAMGOLD noted that the MNO did not identify any potential impact on Métis rights. IAMGOLD requested MNRF confirm in writing as soon as possible with the issuance of the LRIA Mollie River Crossing approval.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,729	Phone Call	10/15/2020	Wood, on behalf of IAMGOLD, contacted the Ministry of Energy, Northern Development and Mines (ENDM) to discuss the Offline Dam / Berm Package that will be submitted for the Project. ENDM confirmed that they did not require additional consultation information beyond what was included in the Closure Plan.	Owen Rigg (Ministry of Energy, Northern Development and Mines)	Debbie Dyck (Wood E&IS)
2,737	Phone Call	10/15/2020	SLR Consultants, on behalf of IAMGOLD, spoke with the new Transport Canada (TC) Major Projects Manager about the Transmission Line Alignment (TLA) crossing at Mesomikenda Lake. TC noted that the TLA would be considered a Major Work regardless of the span due to the potential impact to navigation. TC indicated that they will work with IAMGOLD to ensure the application receives a quick review and will support any comments received during the Public Consultation process.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,718	Email	10/15/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry with a copy of the email and responses sent to the Métis Nation of Ontario on	Tuovi Haapakoski (Ministry of Natural Resources and Forestry),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

ROC	Event Type	Date	Event Summary	Participants	Team
			2020-10-14 in response to comments received from MNO on the Lakes and Rivers Improvement Act application for the Mollie River Crossing.	Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Corporation), Debbie Dyck (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,777	Email	10/15/2020	SLR Consulting informed Transport Canada (TC) that, upon review of the criteria provided by TC on 2020-09-30 to address the IAMGOLD query regarding the approval process for discharge pipelines and associated diffuser for installation at Three Duck Lakes, the proposed diffuser would meet the requirements of a Minor Work and IAMGOLD would be proceeding to file a Notice of Work on a Non-Scheduled Waterway for the diffuser and freshwater intake line. SLR Consulting asked if power lines spanning navigable waters would be classified as Minor Works and provided two figures to support TC's review. TC responded the same day indicating that aerial cables do not meet the Minor Works Order if they are crossing a lake.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,749	Email	10/15/2020	SLR Consulting, on behalf of IAMGOLD provided Transport Canada (TC) with a list of applications IAMGOLD will begin to prepare including Major Works, Transmission Line Alignment (TLA) crossing at Mesomikenda Lake; Notice of Work on Non-Scheduled Waterway, Outfall diffuser at Upper Three Duck Lake; and Intake pipeline at Mesomikenda Lake. TC clarified that the TLA crossing at Mesomikenda Lake is just considered a 'Work' and that all three works will need an application for approval or IAMGOLD will be required to follow the public resolution process.	Courtney Bice (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,765	Email	10/15/2020	IAMGOLD and a representative of the office of the Member of Provincial Parliament for the Nickel Belt corresponded regarding an inquiry from a constituent pertaining to mining claims near the Project site. IAMGOLD noted that their Manage or Environment and Community Relations would reach out to the constituent.	Damien Waddell (Government of Ontario)	Stephen Crozier (IAMGOLD Corporation), Giancarlo Drennan (Maple Leaf Strategies), Alina Shams (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,812	Email	10/19/2020	The Ministry of Natural Resources and Forestry (MNRF) notified IAMGOLD of the location approval portion of the Lakes and Rivers Improvement Act (LRIA) application for the Mollie River Crossing was issued. MNRF noted the Supervisor of the MNRF Northeast Engineering Unit was made aware of this decision. MNRF requested IAMGOLD identify if they would like to have this application prioritized for plans and specifications review, as the review may be quicker than the review of the LRIA for the Tailings Management Facility Starter Dams or Mollie River Realignment and thus MNRF could request it be prioritized.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)
2,835	Email	10/19/2020	The Ministry of Natural Resources and Forestry (MNRF) provided a summary of information requirements required for the Lakes and Rivers Improvement Act application for the East Starter Dam component of the Tailings Management Facility Starter Dams, following the meeting held with IAMGOLD the same day. IAMGOLD responded on the same day with documentation and a description of how the surface water will be managed during the construction of the east starter dam and emergency spillway, in lieu of a site specific Erosion and Sediment Control Plan. IAMGOLD also included a supporting figure.	Henry Haemel (Ministry of Natural Resources and Forestry), Mark Stephen (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Bing Wang (Wood E&IS), Milos Vojvodic (Wood E&IS), Mickey Davachi (Wood E&IS), Maria Ma (Wood E&IS), Norman Schwartz (Wood E&IS)
2,834	Conference Call	10/19/2020	IAMGOLD met with the Ministry of Natural Resources and Forestry (MNRF) to discuss the Lakes and Rivers Improvement Act application for the Tailings Management Facility Starter Dams, specifically the East Starter Dams, including emergency spillway. Wood, on behalf of IAMGOLD provided a copy of the presentation that was shared during the meeting.	Henry Haemel (Ministry of Natural Resources and Forestry), Mark Stephen (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Bing Wang (Wood E&IS), Milos Vojvodic (Wood E&IS), Mickey Davachi (Wood E&IS), Maria Ma (Wood E&IS), Norman Schwartz (Wood E&IS)
2,779	Email	10/20/2020	SLR Consulting sought additional clarification from Transport Canada (TC) regarding the type of process that IAMGOLD would be required to undertake for filing a notice of work for aerial powerlines for the Project that would cross a body of water.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,780	Email	10/21/2020	Transport Canada provided a summary of the types of 'works' that TC has regarding construction projects and navigable waters following a phone	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
			call where IAMGOLD requested information for the specific type of work approvals / notices that would be required for the installation of outfalls and diffuser, as well as the construction of aerial power lines crossing a water body at the Project. TC explained the three types of 'works' and provided IAMGOLD with information on the public resolution process.		
2,799	Email	10/21/2020	IAMGOLD and the Ministry of Natural Resources and Forestry scheduled a meeting for 2020-10-23 to discuss notifications related to road closures, bait harvest and trapping licence areas in the context of the Project.	Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,781	Conference Call	10/21/2020	SLR Consulting, on behalf of IAMGOLD, met with Transport Canada to discuss the types of notice of 'works' required for the Project as they relate to the classification of work for outfalls and diffuser, which also included direction of the 'works' that would apply for the notice of construction of aerial power lines crossing a waterbody at the Project. TC confirmed that the Transmission Line can proceed under a Work on Non-Scheduled Waters and not a Major Works order. TC also confirmed that the diffuser can proceed under a Works designation if the construction and placement is done during a period of limited navigable use. It was also clarified that there would be the requirement of notification of start of Construction for the existing Major Works approvals. IAMGOLD will be required to post public notices and provide 30-days for public comments and resolution. SLR Consulting, on behalf of IAMGOLD will proceed with drafting the identified Works and SLR Consulting will follow up with the remainder of the TLA crossings to confirm Works designation.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,802	Email	10/22/2020	The Ministry of the Environment, Conservation and Parks (MECP) contacted IAMGOLD to request the contact information for the Indigenous communities notified of the amendment IAMGOLD submitted for the Permit to Take Water for Construction Phase Water Takings on 2020-09-30. MECP noted they will issue a notification letter to the communities regarding the issuance of the permit amendment. IAMGOLD provided MECP with the contact list the same day.	Julia Tonks (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), David Simms (Wood E&IS), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,803	Email	10/22/2020	IAMGOLD received a copy of the Forest Resource Licence for Phase 3 of the Project from the Ministry of Natural Resources and Forestry (MNRF). IAMGOLD reviewed the agreement and returned the fully executed licence to MNRF as requested.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Jean Jacques (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Melissa Nakashima (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,782	Email	10/22/2020	Following the original submission on 2020-10-16 of the application for Off-line Dams and Berms, Wood provided a link to download Issured for Construction drawings for the Plant Site impoundment structures to the Ministry of Energy, Northern Development and Mines (ENDM). IAMGOLD noted that the drawings should replace the drawings that were included in Appendix B-2 of the main supporting document. ENDM confirmed that they were able to download the drawings.	Clara Lauziere (Ministry of Northern Development and Mines), Owen Rigg (Ministry of Energy, Northern Development and Mines), Syed Ahmed (Ministry of Energy, Northern Development and Mines), Andrew Bromley (Ministry of Energy, Northern Development and Mines)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Milos Vojvodic (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,939	Email	10/22/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided additional comments on the application for private sewage works at Mesomikenda Exploration Camp. Comments and responses are recorded in ROC 2,937. In addition, MECP attached a copy of the draft Environmental Compliance Approval (ECA) for review and noted the draft ECA is being provided early to accommodate a priority review. MECP requested the outstanding information and comments by 2020-11-05.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Nick Zambito (Ministry of the Environment, Conservation and Parks)	Gerry Dignard (Canadian Shield Consultants Agency), Jacob Proulx (Canadian Shield Consultants Agency), Nicole Vézina (Canadian Shield Consultants Agency)

ROC	Event Type	Date	Event Summary	Participants	Team
2,773	Email	10/23/2020	The Ministry of Natural Resources and Forestry (MNRF) provided a detailed list of the Work Permit Application requirements for the relocation of a trap cabin.	LeeAnn Lepage (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,827	Email	10/23/2020	IAMGOLD submitted a Request for Approvals to Conduct Works Related to the Replacement and Extension of a Road and Culvert Crossing of Clam Creek to the Ministry of Natural Resources and Forestry.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Krista Maydew (IAMGOLD Corporation), Mark Ruthven (Wood E&IS)
2,800	Email	10/23/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with a summary of a phone call that took place that same day and included copies of notifications that MNRF sent to Indigenous communities and the public related to the Transfer of Road Responsibility from EACOM to IAMGOLD and the Spanish Forest Management Plan amendments. MNRF noted that they will provide IAMGOLD with contact information for Baitfish harvesters and Bear Management Area operators.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,795	Email	10/23/2020	IAMGOLD contacted the Ministry of Natural Resources and Forestry (MNRF) on 2020-10-21 to provide an update that IAMGOLD was planning to resume burning activities at the Project site previously put on hold during the province wide ban implemented on 2020-04-03 by MNRF. MNRF replied on 2020-20-22 noting a new plan is not required if IAMGOLD is planning to burn in the same locations identified in the earlier permit. MNRF also stated that for smaller burn or private burn permits were not required after 2020-10-31; however, MNRF still requires notification of burning via phone call. MNRF inquired about the burn start dates and provided IAMGOLD with an updated application for signature which IAMGOLD returned the same day. MNRF issued the permit following receipt of the signed application.	Joel Legasy (Ministry of the Environment, Conservation and Parks), Jean Jacques (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,801	Phone Call	10/23/2020	IAMGOLD and the Ministry of Natural Resources and Forestry (MNRF) discussed restricting access to the Project site along the Chester Road from Sultan Road due to hunters accessing the site. MNRF indicated that once IAMGOLD has surface rights over the corridor IAMGOLD can restrict access without MNRF permission; until then, IAMGOLD will require District Manager approval to close the road and to erect a sign on Crown land. MNRF provided IAMGOLD with further information on how to pursue road closure. IAMGOLD and MNRF also discussed the continued use of the Project area for trapping, baitfish harvesting and bear management and arrangements that may be required to ensure safety. MNRF noted that IAMGOLD is working closely with the trapper on GO-31 to allow for trapping while avoiding hazards and noted that relocating the trap cabin will require a work permit application to MNRF.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,791	Letter	10/23/2020	Following a letter and report sent on 2020-10-09, IAMGOLD provided Fisheries and Oceans Canada with a letter regarding the North Beaver Pond incident indicating the provision of Part 3 of the incident report detailing Environmental Management System Modifications resultant from the North Beaver Pond incident.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Michel Payeur (IAMGOLD Corporation), Brett McLeod (Wood E&IS), Derek Laurikainen (Wood E&IS)
2,813	Email	10/26/2020	Gogama noted they have comments on the draft Socio-economic Management and Monitoring Plan for the community and will submit formally once all committee members complete their review. The representative from Gogama noted IAMGOLD's Manager of Environment and Community Relations agreed to follow-up regarding COVID-19 pandemic protocols for Stage 2.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Unknown Individual (Individual - Gogama), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,792	Email	10/26/2020	Minnow Environmental and Fisheries and Oceans Canada (DFO) corresponded regarding fish salvage efforts the Project site. IAMGOLD indicated that fishing crews at West Beaver Pond and North Beaver Pond have encountered ice at both locations which is putting crews and equipment at risk. It was noted that ice is still limited within the outlet of West Beaver Pond, and crews are still fishing; however, catches remain low. Minnow Environmental requested a phone call to discuss the packages submitted to DFO that day. DFO indicated that they are available to discuss the packages on 2020-10-27.	Terina Hancock (Fisheries and Oceans Canada)	Kim Connors (Minnow Environmental Inc.)
2,793	Email	10/26/2020	Minnow Environmental, provided Fisheries and Oceans Canada (DFO) with a summary package for fish salvage efforts at West Beaver Pond, West Beaver Pond Outlet (upstream portion), and North Beaver Pond. Minnow Environmental indicated that West Beaver Pond and North Beaver Pond have frozen over; however, the outlet is still flowing, and crews continue to fish in this area. Minnow Environmental noted that substantial effort has been put toward removing as many fish as possible from all areas. DFO acknowledged receipt of the summary package and noted that they will review the package prior to their meeting with Minnow Environmental scheduled for 2020-10-27.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Phil Anderson (Minnow Environmental Inc.)
2,940	Email	10/26/2020	The Ministry of the Environment, Conservation and Parks (MECP) forwarded IAMGOLD a copy of an email MECP sent to Canadian Shield Consultants on 2020-10-22 regarding the draft Environmental Compliance Approval for the application for private sewage works to service the Mesomikenda Exploration Camp.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Melinda Coleman (Ministry of the Environment, Conservation and Parks), Nick Zambito (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)

					(Canada) Ltd.), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,865	Email	11/02/2020	The Ministry of the Environment, Conservation and Parks (MECP) notified IAMGOLD of their availability to visit the Project site for an in-person review of the approvals issued to-date and requested a date from IAMGOLD to do so.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Melinda Coleman (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation)
2,855	Email	11/03/2020	Gogama provided feedback on the draft Socio-economic Management and Monitoring Plan (SEMMP) that was sent to them on 2020-10-17. IAMGOLD noted that they would review the comments and schedule a discussion with the Gogama SEMMP Committee if needed.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Gogama Chamber of Commerce)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,833	Email	11/03/2020	IAMGOLD received notice from the Ministry of the Environment, Conservation and Parks (MECP) that their technical staff has requested an extension until the end of November 2020 to review of the Compliance Monitoring Program Report for the Project.	Cindy Batista (Ministry of the Environment), Sarah Van Veen (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
2,826	Email	11/03/2020	Following a discussion on 2020-10-23, IAMGOLD requested templates for proposed signage related to a planned road closure on Crown land from the Ministry of Natural Resources and Forestry in order to ensure that the District Manager's expectations would be met.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,910	Conference Call	11/03/2020	IAMGOLD met with Ministry of Natural Resources and Forestry (MNRF) and the Ministry of the Environment, Conservation and Parks (MECP) regarding the operation and ownership of the Neville Landfill. IAMGOLD is not interested in ownership but is agreeable to continuing to manage the landfill on behalf of MNRF; the current 2-year agreement expires in March 2021. MECP requested IAMGOLD update the layout in the current Operation Management Plan and confirm waste characteristics and method to ensure compliance.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Derek Farrer (Ministry of Natural Resources and Forestry), Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks), Melinda Coleman (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Sheila Daniel (Wood E&IS)
2,863	Conference Call	11/04/2020	IAMGOLD and the Ministry of Natural Resources and Forestry (MNRF) discussed and prioritized applications pertaining to the Project. IAMGOLD noted the receipt of approvals for the Tailings Management Facility East Starter Dam. IAMGOLD noted the Lakes and Rivers Improvement Act (LRIA) permits for the Mollie River Crossing and the Mollie River Realignment are required in 60-90 days in order to meet the construction schedule. IAMGOLD noted the urgency of reviewing the Public Lands Act application for the crossing upgrade at Clam Lake (approval needed within the next 30-60 days) and the application for the planned pipeline and	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Grant Ritchie (Ministry of Natural Resources and Forestry), Heather Pridham (Ministry	Stephen Crozier (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			diffuser at Three Duck Lake (required by end of 2021-01) and indicated the these applications should be prioritized over the others. MNRF indicated that these applications were received and the review process initiated. IAMGOLD recognized the approval from the Ministry of the Environment Conservation and Parks (MECP) is not required for the applications; however, an additional Permit to take Water authorization from MECP is needed. IAMGOLD indicated that the next priority after these applications would be the Mollie River applications and remaining structures for the Tailing Management Facility Starter Dams. Sequencing or paralleling the review was discussed. IAMGOLD and MNRF discussed the consultation efforts with the Métis Nation of Ontario on the 4 original LRIA applications and how the process might be expedited for the new applications considering the timelines. IAMGOLD noted the number of surface rights lease applications submitted to Ministry of Energy, Northern Development and Mines and offered to link in MNRF as required. IAMGOLD advised MNRF that one more LRIA application would be submitted in the near future and will share details on this at the next meeting.	of Natural Resources and Forestry)	
2,854	Email	11/04/2020	Transport Canada (TC) confirmed that the photos, sent with the notice of construction commencement on Three Duck Lake on 2020-11-02 confirming placement of cautionary and authorized works prior to construction, would be added to the file. SLR Consulting thanked TC for confirming receipt of the notification.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,851	Email	11/04/2020	Wood provided the Ministry of the Environment, Conservation and Parks (MECP) with a copy of the Permit to Take Water (PTTW) Application for Ice Formation at Three Duck Lakes (Upper). Wood indicated that this is a new permit that they did not realize was required in order to support the installation of the Plant Site Treatment Pond 1 diffuser in Three Duck Lakes (Upper) in February. Wood noted that MECP previously confirmed that the PTTW is a Category 2 permit. Wood requested guidance on the best way for IAMGOLD to provide payment for processing and noted that having the PTTW in place for 2020-12-15 would be preferable.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Environmental Permissions (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
2,848	Email	11/04/2020	SLR Consulting confirmed that the Project has no concerns regarding a request from the Ministry of the Environment, Conservation and Parks for an extension until the end of November 2020 to review of the Compliance Monitoring Program Report for the Project.	Cindy Batista (Ministry of the Environment), Sarah Van Veen (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Krista Maydew (IAMGOLD Corporation)
2,946	Email	11/04/2020	The Ministry of Natural Resources and Forestry (MNRF) informed IAMGOLD that the review of the Lakes and Rivers Improvement Act Tailings Management Facility (TMF) East Starter Dam application was completed, and the permit was prepared. MNRF provided a detailed list of the associated documentation and noted that due to the size of the attachments and duplications, two emails would be sent. 2,871	Email	11/12/2020	The Ministry of Natural Resources and Forestry (MNRF) informed IAMGOLD they will issue the 14 day notification regarding the Public Lands Act Request for Approvals to Conduct Works Related to the Replacement and Extension of a Road and Culvert Crossing of Clam Creek to Mattagami First Nation, Flying Post First Nation, the Métis Nation of Ontario and Brunswick House First Nation. In addition, MNRF noted that their contacts at Brunswick House First Nation were recently updated and indicated that they will forward the new contact information to IAMGOLD.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Braeden Connor (Wood E&IS), Krista Maydew (IAMGOLD Corporation), Mark Ruthven (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
				(Ministry of Natural Resources and Forestry)	
2,872	Email	11/12/2020	The Ministry of Natural Resources and Forestry (MNRF) provided updated contact information for Brunswick House First Nation. IAMGOLD noted that they have been following the direction provided by the Brunswick House First Nation Chief with respect to sending notifications and correspondence and that the list of contacts is fewer than the list provided by MNRF; however, IAMGOLD will update the contact information for the Lands and Resources Coordinator based on the information provided by MNRF.	Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,920	Email	11/13/2020	Following a letter sent by IAMGOLD to the Ministry of Natural Resources and Forestry (MNRF) on 2020-11-10 regarding temporary site access restrictions, MNRF noted a call would be scheduled with IAMGOLD to discuss concerns with public access, the status of surface tenure along the Chester Road, the intent of the Memorandum of Understanding and possible options for ensuring public safety.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,927	Conference Call	11/16/2020	IAMGOLD and the Ministry of Natural Resources and Forestry (MNRF) discussed priority, timelines and outstanding items for the Lakes and Rivers Improvement Act (LRIA) applications for the Tailings Management Facility, Mollie River Crossing, Mollie River Realignment and new LRIA applications that will be submitted in 2021. The Public Lands Act applications for Clam Lake Crossing and Diffuser were also discussed. In addition, MNRF noted that the Forestry Resource License (Phase 3) was issued and MNRF received the notice of potential closure of public roads for construction. It was noted that further discussion regarding the road closure is scheduled for 2020-11-17. Both parties noted that they are pleased with the collaborative approach and MNRF indicated that the	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Grant Ritchie (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			frequency of meetings can be discussed at the next meeting scheduled for 2020-12-14. The final meeting minutes were circulated on 2020-11-23.		
2,905	Letter	11/17/2020	IAMGOLD provided a letter to the Ministry of Natural Resources and Forestry (MNRF), following a call with MNRF, regarding the Road and Water Crossing Memorandum of Understanding (MOU). IAMGOLD stated this letter would serve as notice to MNRF, in accordance with terms of the MOU, that in interest of public safety, IAMGOLD will temporarily restrict access to the Project site from 2020-11-17 to 2021-02-17 along Chester Road. IAMGOLD will post temporary road signage and will provide MNRF opportunity to review permanent signage templates. A figure indicating the road closure points was included. In the email accompanying the letter, IAMGOLD stated the company has received property rights along this portion of the road and while awaiting documents to be signed and sealed, for public and worker safety, and to reduce potential work delays, the road closure would be effective as of 2020-11-18. IAMGOLD also stated notice of the temporary road closure had been posted for a week prior. 			Pond. Minnow Environmental provided meeting notes to DFO for review on 2020-11-26.		Inc.), Rebecca Dolson (Minnow Environmental Inc.)
2,936	Email	11/23/2020	Minnow Environmental provided Fisheries and Oceans Canada with the topics that they wish to discuss at the meeting scheduled for the same day, including: a discharge pipe that will be installed into Upper Three Duck Lake, the removal of the aggregate pit offsetting areas (Bagsverd Aggregate Pit and Aggregate Pit #3) from the Offsetting Plan and the removal of the Reclaim Pond. Minnow Environmental noted they would like to discuss the best course of action to account for the changes.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.)
2,929	Email	11/23/2020	IAMGOLD and the Ministry of Natural Resources and Forestry (MNRF) corresponded to finalize the meeting minutes from the 2020-11-16 meeting.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Grant Ritchie (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation)
2,930	Email	11/23/2020	The Ministry of Natural Resources and Forestry (MNRF) sent the final meeting minutes from the 2020-11-16 meeting during which IAMGOLD and MNRF discussed the priority of several applications and timelines for completion.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Grant Ritchie (Ministry of Natural Resources and Forestry), Mark Stephen (Ministry of Natural Resources and Forestry), Christine Leblanc (Ministry of Natural Resources and	Stephen Crozier (IAMGOLD Corporation)

				Forestry), Heather Pridham (Ministry of Natural Resources and Forestry)	
2,942	Email	11/24/2020	In response to correspondence from the Ministry of Natural Resources and Forestry (MNRF) on 2020-11-17, Wood acknowledged that MNRF is making an effort to conclude consultation with the Métis Nation of Ontario regarding the Application for Easement and Work Permit for the Pipeline and Diffuser at Three Duck Lakes (Upper). In the meantime, Wood requested that MNRF provide any technical comments that require a response.	Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Braeden Connor (Wood E&IS), Krista Maydew (IAMGOLD Corporation), Mark Ruthven (Wood E&IS)
2,943	Email	11/25/2020	The Ministry of Natural Resources and Forestry (MNRF) informed Wood that the notifications regarding the work permit and easement application for the pipeline and diffuser at Three Duck Lakes (Upper) were sent to Mattagami First Nation (MFN), Flying Post First Nation (FPFN), Brunswick House First Nation (BHFN) and the Métis Nation of Ontario (MNO). MNRF noted that they requested comments from MFN and FPFN by 2020-12-01 and from BHFN and MNO by 2020-12-17. MNRF indicated they will provide comments received on 2020-12-18 unless concerns are raised which can be addressed immediately. MNRF noted that the only response to date was from MFN reiterating that they had no concerns. In addition, MNRF indicated that the lead on the application review will respond to Wood's question from 2020-11-24 regarding outstanding technical items to be addressed.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Braeden Connor (Wood E&IS), Krista Maydew (IAMGOLD Corporation), Mark Ruthven (Wood E&IS)
2,932	Email	11/25/2020	Transport Canada (TC) confirmed that the photographs showing the placement of authorized works for construction for the removal of the existing causeway road located on Clam Lake do not clearly show the required cautionary buoys marking the temporary works. TC attached the approval which outlines the conditions and requested that SLR Consulting provide compliant photos.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
2,925	Site Visit	11/25/2020	IAMGOLD and the Ministry of the Environment, Conservation and Parks (MNRF) met at the Project site to discuss the role of MECP's inspector. Minnow and Wood provided presentations on the Construction Phase Monitoring Requirements for Receiving Surface Water and Groundwater and MECP provided clarity on the Environmental Compliance Approval (ECA) for the construction phase. MECP noted that they do not require discussion on any of the Permits to Take Water or the ECA for Air and Noise.	Steven Momy (Ministry of the Environment, Conservation and Parks), Steven McAvoy (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Kim Connors (Minnow Environmental Inc.), Mike Gunsinger (Golder Associates), Zahir Jina (SLR Consulting (Canada) Ltd.), Linda Lattner (Wood E&IS), Michel Payeur (IAMGOLD Corporation), Brett McLeod (Wood E&IS), David Simms (Wood E&IS), Tyrell Worrall (Minnow Environmental Inc.), Caleb Vandenberg (Wood E&IS), Loralei Premo (Wood E&IS), Dave Jones (Wood E&IS)
3,056	Letter	11/25/2020	The Ministry of Energy, Northern Development and Mines provided IAMGOLD with a letter, dated 2020-11-25, confirming the amendment to the Project Closure Plan was filed according to the Mining Act, R.S.O. 1990, Chapter M14. The Closure Plan amendment addressed Plant Site and Haul/Access Roads; Overburden Stockpile, North and South Sedimentation Pond Dams; and the Tailings Management Facility.	Clara Lauziere (Ministry of Northern Development and Mines), Carroll Leith (Ministry of the Environment, Conservation and Parks), Brandi Mogge (Fisheries and Oceans Canada), Owen Rigg (Ministry of Energy, Northern Development and Mines), Mike Mazzetti (Ministry of Natural Resources and Forestry), Brian McMahon (Ministry of Energy,	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation)

				Northern Development and Mines), Ray Marshall (Ministry of Transportation), Nardia Ali (Environment and Climate Change Canada), Unknown Unknown (Fisheries and Oceans Canada), Dan McDonell (Environment and Climate Change Canada), Julie Boudreau (Health Canada), Nardia Ali (Environment and Climate Change Canada), Nardia Ali (Environment and Climate Change Canada), Harsim Kalsi (Ministry of Labour)	
2,971	Email	11/26/2020	IAMGOLD forwarded a letter to the Ministry of the Environment, Conservation and Parks (MECP) which was provided to IAMGOLD by Wahgoshig First Nation (WFN), dated 2020-11-17, requesting their community be removed from the Project mailing list. IAMGOLD asked MECP to confirm if there are any procedural activities MECP must undertake prior to IAMGOLD honouring the request of the community given that WFN is included in the list of "Aboriginal Communities that were notified of the Undertaking during the Environmental Assessment".	Cindy Batista (Ministry of the Environment)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
3,048	Email	11/26/2020	Minnow Environmental provided Fisheries and Oceans Canada (DFO) with notes from the 2020-11-23 meeting to discuss changes to the Project which will lead to changes in the current Fisheries Act Authorization (FAA) for the Project. Minnow Environmental requested DFO review the meeting notes for any misunderstandings or omissions.	Brandi Mogge (Fisheries and Oceans Canada), Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Rebecca Dolson

ROC	Event Type	Date	Event Summary	Participants	Team
					(Minnow Environmental Inc.)
2,956	Email	11/27/2020	The Ministry of Natural Resources and Forestry (MNRF) informed Wood that the comment period for the Public Lands Act Request for Approvals to Conduct Works Related to the Replacement and Extension of a Road and Culvert Crossing of Clam Creek closed on 2020-11-26 and no comments were received from the Indigenous communities that were notified. MNRF indicated they would be in touch the following week regarding issuance of the work permit.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Braeden Connor (Wood E&IS), Krista Maydew (IAMGOLD Corporation), Mark Ruthven (Wood E&IS)
3,050	Email	11/27/2020	Fisheries and Oceans Canada (DFO) thanked Minnow Environmental for providing a summary of the 2020-11-23 meeting regarding potential changes required to the Fisheries Act Authorization (FAA) for the Project. DFO stated that to initiate the process for making changes to the Fisheries Act Authorization for the Project, IAMGOLD will need to apply for an authorization amendment and include a draft of the proposal for the offsetting changes. DFO noted they may need to consult with potentially impacted Indigenous communities on the changes. DFO noted that to prevent overlap on this engagement, it would be beneficial for DFO to be included in any meetings IAMGOLD has with the communities.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Kim Connors (Minnow Environmental Inc.), Rebecca Dolson (Minnow Environmental Inc.)
2,933	Phone Call	11/27/2020	SLR Consulting left a phone message for Transport Canada noting that they are working with the site team to acquire appropriate photographs to confirm the placement of authorized works for construction for the removal of the existing causeway road located on Clam Lake that show the required cautionary buoys marking the temporary works as requested on 2020-11-25.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,958	Email	11/30/2020	The Ministry of Natural Resources and Forestry provided the signed work permit and Schedule D work permit conditions for Works Related to the Replacement and Extension of a Road and Culvert Crossing of Clam Creek.	LeeAnn Lepage (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Melissa Nakashima (IAMGOLD Corporation),

ROC	Event Type	Date	Event Summary	Participants	Team
					Mark Ruthven (Wood E&IS)
3,051	Email	12/01/2020	IAMGOLD provided the Ministry of the Environment, Conservation and Parks (MECP) with an update regarding laboratory delays affecting the delivery of two submissions for the Environmental Compliance Act due to be submitted to MECP by 2020-12-31. IAMGOLD provided information about the delays and proposed options to move the work forward. IAMGOLD suggested that upon MECP's review of the options a call be organized to discuss next steps.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS), Steve Walker (Wood E&IS)
3,055	Email	12/01/2020	Wood requested confirmation from the Ministry of the Environment, Conservation and Parks (MECP) they were able to download and access the Environmental Compliance Approval (ECA) Operations document. Wood also inquired about the progress on the Permit to Take Water (PTTW) for ice formation on Three Duck Lakes (Upper) to facilitate installation of the diffuser in February 2021. On the same date, MECP confirmed receipt of the ECA document and that it was shared with their technical reviewers. MECP also stated they will check on the status of the PTTW application, the associated timeline and provide feedback.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
3,057	Courier	12/01/2020	SLR Consulting, on behalf of IAMGOLD, provided the Ministry of Energy, Northern Development and Mines (ENDM) with hard copy submissions of the Project Closure Plan amendment pages via courier to the ENDM offices located in Greater Sudbury and South Porcupine. ENDM thanked SLR Consulting for the update.	Owen Rigg (Ministry of Energy, Northern Development and Mines), Brian McMahon (Ministry of Energy, Northern Development and Mines)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Fiona Christiansen (SLR Consulting (Canada) Ltd.)
2,964	Phone Call	12/03/2020	SLR Consulting left a message for Transport Canada (TC) noting that they wish to discuss TCs 2020-11-25 email regarding the photographs of cautionary buoys marking the temporary works on Clam Lake.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,966	Phone Call	12/04/2020	SLR Consulting and Transport Canada (TC) discussed the required cautionary buoys marking the temporary works at Clam Lake. TC acknowledged the difficulty of installing buoys during frozen conditions	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
			and noted that the buoys should have been installed when the sediment curtain was placed. TC requested that weather and logistical issues be communicated ahead of construction so that TC can provide written approval. TC indicated that they would note the weather challenges and give IAMGOLD a “pass” for the non-compliance. TC requested notice ahead of construction for current and future Works. In addition, TC acknowledged the difficulty in sourcing buoys in Ontario which meet the Private Buoy Regulation. TC indicated that they would remove this condition for Works which are intended to proceed in frozen conditions (such as the upcoming Plant Pond #1 discharge pipelines and diffuser) and will work with IAMGOLD in open water conditions to find suitable alternatives that meet the spirit of the regulation until compliance-grade buoys can be sourced.		
2,993	Email	12/04/2020	IAMGOLD provided responses to Gogama regarding their comments / questions on the draft Socio-economic Management and Monitoring Plan (SEMMP) provided on 2020-11-03. IAMGOLD noted they will update the SEMMP document once Gogama confirms that the responses address their comments and questions fully. The comments and responses recorded in ROC 2,855.	Daniel Mantha (Gogama Chamber of Commerce), Paul Veronneau (Gogama Area Citizens Committee), Christine Bedard (Gogama Local Services Board), Gerry Talbot (Individual - Gogama), Rick Duguay (Individual - Gogama)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,967	Email	12/04/2020	SLR Consulting summarized the details of a phone call with Transport Canada (TC) earlier that day regarding cautionary buoys at Clam Lake. SLR Consulting noted that they were unable to install cautionary buoys during construction due to frozen conditions and thanked TC for their understanding in this matter. SLR Consulting noted that going forward, they will communicate with TC prior to construction regarding weather or logistical issues related to conditions of approval. SLR Consulting also thanked TC for acknowledging the difficulty in sourcing appropriate buoys to meet the Private Buoy Regulation in Ontario. SLR Consulting noted that Works related to NPP File No. 2020-402271 are now complete.	Courtney Bice (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Stephan Theben (SLR Consulting (Canada) Ltd.), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,973	Email	12/04/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a document that outlined the proposed next steps for the	Tuovi Haapakoski (Ministry of Natural	David Brown (IAMGOLD Corporation), Debbie Dyck

			potential Neville Landfill expansion. IAMGOLD noted that they are seeking feedback from MNRF to align a path forward. IAMGOLD inquired if they should submit a series of questions to MNRF in writing or arrange a conference call to discuss the matter.	Resources and Forestry), Derek Farrer (Ministry of Natural Resources and Forestry)	(Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Sheila Daniel (Wood E&IS)
2,974	Email	12/07/2020	The Ministry of Natural Resources and Forestry (MNRF) responded to IAMGOLD's 2020-12-04 email regarding the next steps for the proposed Neville Landfill expansion. MNRF stated they would address questions from IAMGOLD provided in writing and a conference call could be arranged to discuss further.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Derek Farrer (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Sheila Daniel (Wood E&IS)
2,997	Email	12/07/2020	IAMGOLD informed the Ministry of Natural Resources and Forestry (MNRF) that they had spoken with a Bait Harvester and Bear Management Area licence holder. IAMGOLD requested a discussion that week with MNRF regarding bait harvest information.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
2,968	Email	12/07/2020	Following a discussion on 2020-12-04, Transport Canada indicated that SLR Consulting must provide photographs demonstrating that the temporary works and the causeway have been removed from the waterway, as per the conditions of approval, before the works at Clam Lake can be considered closed.	Courtney Bice (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Stephan Theben (SLR Consulting (Canada) Ltd.), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
2,969	Email	12/08/2020	SLR Consulting provided Transport Canada (TC) with photographs of the causeway removal located on Clam Lake and waterway re-connection. SLR Consulting noted that the banks have been stabilized and that the works are complete. TC requested that photographs be provided once temporary works have been fully removed from the water and noted that this would be acceptable in the spring. In addition, TC requested another photograph of the waterway which better illustrates the causeway removal.	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
2,970	Email	12/08/2020	SLR Consulting provided Transport Canada (TC) with photographs confirming the completion of construction on Three Duck Lake. SLR Consulting indicated that the photographs show the causeway removal and waterway re-connection. TC noted that as per the approval, TC requires photographs showing that there are no temporary works in the waterbody and the removed causeway. TC requested SLR Consulting inform them if it is not possible to provide these until the Spring.	Courtney Bice (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Stephan Theben (SLR Consulting (Canada) Ltd.), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
2,975	Email	12/08/2020	Wood requested an update on timing for the Permit to Take Water (PTTW) application for Ice Formation at Three Duck Lake (Upper) from the Ministry of the Environment, Conservation and Parks (MECP). MECP confirmed that they saw no technical obstacles in reaching the timeline of early January 2021. Wood indicated that if the PTTW could be advanced by late December 2020 it would be helpful. MECP then requested that Wood confirm if notifications to Indigenous communities regarding the application had occurred.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Danielle Beausoleil (Ministry of the Environment, Conservation and Parks)	David Simms (Wood E&IS)
3,070	Phone Call	12/08/2020	SLR Consulting and Transport Canada (TC) discussed the photographs illustrating the causeway and temporary works removal at Clam Lake and Three Duck Lakes. TC noted that the photograph shows temporary works still in the water at Clam Lake and that the angle of the photo does not indicate the full breadth of the causeway removal. Regarding Three Duck Lakes, TC noted that the photographs show temporary works still in the water. SLR Consulting noted that the temporary works are now frozen,	Courtney Bice (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)

ROC	Event Type	Date	Event Summary	Participants	Team
			and it was agreed by both parties that the works will remain in the water until Spring due to safety concerns. TC indicated that the files will remain in the system and SLR Consulting agreed to notify TC and provide photographs when the temporary works are removed.		
3,101	Letter	12/08/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided IAMGOLD with the Permit to Take Water for Construction Dewatering and associated cover letter, both dated 2020-12-08, and stated these would be the only official copies. MECP also indicated there would not be provision of any hardcopy by mail. MECP noted the permit expires 2023-12-07 and requested IAMGOLD confirm receipt of the Cover Letter and Permit. Additionally, MECP provided IAMGOLD with the Ground Water Review PDF for Côté Lake and Open Pit Area. IAMGOLD confirmed receipt of the documents on 2020-12-10.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks), Joseph Tyance (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Danielle Beausoleil (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Simms (Wood E&IS)
2,999	Letter	12/09/2020	Wood provided a notification letter dated 2020-12-01 to Environment and Climate Change Canada (ECCC) as per sections 9(a)(b)(c) and 10(1)(b) of the Metal and Diamond Mining Effluent Regulations. Wood indicated that there would be five (5) planned new final effluent discharge points at the Project site. Wood described the discharge points and noted that some will only be active during the Construction phase, while others will be active through the Construction and Operations phases. Wood indicated that the earliest discharge could potentially occur on 2021-03-01. In addition, Wood provided maps and figures of the Project site and discharge points. Wood requested that ECCC confirm receipt of the notification.	Unknown Individual (Environment and Climate Change Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)

ROC	Event Type	Date	Event Summary	Participants	Team
2,977	Letter	12/09/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided IAMGOLD with the Permit to Take Water from Three Duck Lake (Upper). MECP noted that the permit expires on 2020-04-15 and requested that IAMGOLD confirm receipt.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Todd Kondrat (Ministry of the Environment, Conservation and Parks), Ed Snucins (Ministry of the Environment, Conservation and Parks), Shannon Heggie (Ministry of the Environment, Conservation and Parks), Danielle Beausoleil (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Simms (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,976	Email	12/09/2020	IAMGOLD provided the Ministry of the Environment, Conservation and Parks (MECP) with the requested email records dated 2020-11-09, notifying all Indigenous communities identified by the Province in the Project conditions of approval that the Permit to Take Water application for Ice Formation at Three Duck Lake (Upper) was submitted to MECP. IAMGOLD noted that they have not received any comments or concerns related to the application.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Danielle Beausoleil (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), David Simms (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
2,998	Email	12/09/2020	Following a meeting request on 2020-12-07, IAMGOLD informed the Ministry of Natural Resources and Forestry (MNRF) they are seeking information regarding what bait and fur harvesters report annually and if that information can be shared. IAMGOLD noted that this information would be helpful in understanding Project impacts. MNRF indicated that they were researching this and that the meeting was scheduled in order to discuss the request.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
				Natural Resources and Forestry)	
3,068	Email	12/10/2020	The Ministry of Natural Resources and Forestry (MNRF) confirmed that baitfish harvest annual reports are considered proprietary business records belonging to the business owner and this information would have to be provided by a baitfish harvester. IAMGOLD acknowledged receipt of the information from MNRF and noted that it is good to know that there is a requirement for harvesters to track such information.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
3,100	Email	12/10/2020	The Gogama Socio-economic Management and Monitoring Plan (SEMMP) committee confirmed their comments on the draft SEMMP were addressed in the updated version of the SEMMP and provided additional information to support the implementation of the SEMMP.	Daniel Mantha (Gogama Chamber of Commerce), Christine Bedard (Gogama Local Services Board), Rick Duguay (Individual - Gogama), Gerry Talbot (Gogama Chamber of Commerce), Paul Veronneau (Gogama Local Roads Board)	David Brown (IAMGOLD Corporation), Christian Naponse (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
3,074	Email	12/10/2020	The Ministry of Natural Resources and Forestry (MNRF) provided IAMGOLD with a copy of the landowner agreement for trappers. MNRF also indicated that the provincial Bear Wise coordinator noted that there is no training planned for February.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
3,391	Conference Call	12/10/2020	IAMGOLD met with the Ministry of Natural Resources and Forestry (MNRF) to discuss bait harvest licence areas which are overlapped by the Project. MNRF confirmed that bait harvesters are required to submit annual reports to MNRF related to harvesting activities and are required to keep log books detailing dates, locations and quantities harvested. MNRF also noted that bait harvesters are encouraged to use their entire	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Barbara Burkhardt (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)

ROC	Event Type	Date	Event Summary	Participants	Team
			township and should not focus on a specific water body for harvest activities. MNRF noted that IAMGOLD is not obligated to compensate licenced land users whose activities are affected by the development of the Project. IAMGOLD provided an update on discussions with trappers, bait harvesters and bear management area licence holders. MNRF recommended that Landowner-Trapper Agreement form is signed and put on file.		
3,104	Email	12/11/2020	IAMGOLD responded to the Gogama Socio-economic Management and Monitoring Plan (SEMMP) committee thanking them for providing their comments on the draft SEMMP and noted that comments would be addressed in the final version of the SEMMP. IAMGOLD also noted that they will reissue the SEMMP as a final document.	Gilles Veronneau (Gogama Local Services Board), Daniel Mantha (Gogama Chamber of Commerce), Gerry Talbot (Gogama Chamber of Commerce), Paul Veronneau (Gogama Local Roads Board)	David Brown (IAMGOLD Corporation), Krista Maydew (IAMGOLD Corporation)
3,105	Email	12/14/2020	IAMGOLD provided the Ministry of the Environment, Conservation and Parks with the September and October monthly Environmental Compliance Approval (ECA) reports for ECA 5281-BSLJM7 Condition 8(5) – Fish Relocation. IAMGOLD stated the November 2020 report was also being generated and would be submitted in December 2020.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	David Brown (IAMGOLD Corporation), Michel Payeur (IAMGOLD Corporation), Loralei Premo (Wood E&IS)
3,062	Email	12/14/2020	Wood, on behalf of IAMGOLD, provided the Ministry of Natural Resources and Forestry (MNRF) with the completed table, as requested by MNRF on 2020-11-05, summarizing the Project's status of land tenure as part of the location approval for the Mollie River Realignment application. Wood provided a PDF document with the noted tracked changes, a second PDF version with accepted track changes, and a third file in a Word format for use by MNRF to provide any additional feedback.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Andre Dufresne (IAMGOLD Corporation)

3,078	Email	12/14/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry (MNRF) with a document outlining the questions regarding the next steps for the proposed Neville Landfill expansion and noted a future follow-up discussion could be scheduled at MNRF's convenience.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Derek Farrer (Ministry of Natural Resources and Forestry)	David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), Sheila Daniel (Wood E&IS)
3,069	Letter	12/14/2020	IAMGOLD received a letter from Fisheries and Oceans Canada (DFO) regarding the infilling of North Beaver Pond and related to Fisheries Act Authorization 20-HCAA-00766. DFO indicated that they received a report of an occurrence on 2020-09-28 in which material was placed in a waterbody prior to fish rescue. DFO noted the requirements of the Fisheries Act in relation to the occurrence, specifically the Duty to Notify and the Duty to take Corrective Measures. DFO indicated that the incident has been documented and will form part of IAMGOLD's compliance history. In addition, DFO indicated their understanding that IAMGOLD has taken actions to reduce potential fish mortality including stabilization of the site using appropriate erosion and sediment control measures following the recommendations of a qualified environmental professional and working with a qualified environmental professional to conduct a fish rescue with a level of effort to effectively mitigate the death of fish by stranding or infilling. This includes the safe relocation of fish to the locations specified in the memo provided by Minnow Environmental on 2020-10-26.	Terina Hancock (Fisheries and Oceans Canada), Laura Phalen (Fisheries and Oceans Canada), Adrienne McLean (Fisheries and Oceans Canada), William Glass (Fisheries and Oceans Canada)	Stephen Crozier (IAMGOLD Corporation), Andy Radler (Wood plc)
3,103	Email	12/15/2020	On 2020-12-14 Wood, on behalf of IAMGOLD, requested Environment and Climate Change Canada (ECCC) confirm the receipt of the Notification filed for the Project pursuant to Sections 9(a)(b)(c) and 10(1)(b) of the Metal and Diamond Mining Effluent Regulations (MDMER) for five (5) new final effluent discharge points at the Project. It was noted that some of these discharge points will be active only for the Construction Phase of the Project, while others will be required through the period of Construction and during the Operations Phase. ECCC responded on 2020-12-15 and confirmed receipt of the application on 2020-12-09 and noted further instructions would be forthcoming.	Shawn Michajluk (Environment Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Zahir Jina (SLR Consulting (Canada) Ltd.), David Simms (Wood E&IS)

3,063	Email	12/15/2020	Wood provided the Ministry of Natural Resources and Forestry (MNRF) with an updated table summarizing the status of land tenure required as part of the location approval for the Mollie River Realignment application (TM2019-0327) on 2020-12-14. Wood also asked if MNRF requires any additional information to progress the approval. MNRF responded requesting the relevant patent and lease documents identified in the table, and noted that as the pending tenure comes online, IAMGOLD is requested to provide those documents to MNRF as well. MNRF noted that IAMGOLD anticipates no change in water level on Clam Lake, Three Duck Lakes (Upper) and Chester Lake. Lastly MNRF noted that flooding rights may be a moot point if IAMGOLD acquires surface rights along the shorelines of the subject water bodies. MNRF stated they would review this with their internal team as well as the Ministry of Energy, Northern Development and Mines and provide feedback to IAMGOLD if additional information was required from IAMGOLD related to flood elevations.	Tuovi Haapakoski (Ministry of Natural Resources and Forestry), Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry), Kelly Russell (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Andre Dufresne (IAMGOLD Corporation)
3,067	Email	12/15/2020	Transport Canada confirmed that IAMGOLD's application for Major Works Approval for Construction Phase Outfall and Diffuser was successfully submitted.	unknown unknown (Transport Canada)	Zahir Jina (SLR Consulting (Canada) Ltd.)
3,060	Letter	12/15/2020	Wood, on behalf of IAMGOLD, provided the Ministry of the Environment, Conservation and Parks with a letter of support from Mattagami First Nation dated 2020-12-15 for the Project's Environmental Compliance Approval application for Industrial Sewage Works for the Operations Phase. MECP thanked IAMGOLD for providing the letter of support and directed that the letter is to be included in the application package when submitted.	Steven McAvoy (Ministry of the Environment, Conservation and Parks), Eugene Macchione (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
3,071	Email	12/16/2020	Following correspondence on 2020-12-08, SLR Consulting provided Transport Canada (TC) with an additional photograph of the causeway removal at Clam Lake taken from a different vantage point. SLR Consulting also noted that as the surface waters are frozen, temporary works will be removed in the Spring and follow-up will occur with TC once the temporary works are removed.	Courtney Bice (Transport Canada)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Stephan Theben (SLR Consulting (Canada) Ltd.), Alina Shams (IAMGOLD

					Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.)
3,107	Email	12/17/2020	The Ministry of the Environment, Conservation and Parks (MECP) provided IAMGOLD with comments based on their review of the Project Compliance Monitoring Program Report and apologized for the delay in providing the feedback. MECP also confirmed that the comments from the Environmental Assessment Branch were addressed. MECP requested IAMGOLD to contact MECP to discuss the comments.	Cindy Batista (Ministry of the Environment)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Alina Shams (IAMGOLD Corporation), Zahir Jina (SLR Consulting (Canada) Ltd.), Krista Maydew (IAMGOLD Corporation)
3,080	Email	12/18/2020	Following a letter received that same day regarding the Notice of Material Change #3 for Quarry Pond Dams at the Project site, Wood informed the Ministry of Energy, Northern Development and Mines that SLR Consultants are amending the Project Closure Plan and will provide a digital submission in the coming days.	Rob Schryburt (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Graham Janson (Ministry of Natural Resources and Forestry), Haibo Chen (Ministry of Energy, Northern Development and Mines)	Debbie Dyck (Wood E&IS)
3,075	Email	12/18/2020	Wood, on behalf of IAMGOLD provided the Ministry of the Environment, Conservation and Parks (MECP) with the Plant Site Dam #1 Seepage Contingency and Mitigation Plan as required by the Environmental Compliance Approval (6287-BRLHB2) Condition 11(4). Wood requested that MECP confirm receipt of the Plan.	Steven Momy (Ministry of the Environment, Conservation and Parks), Jean Guindon (Ministry of the Environment, Conservation and Parks)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), David Simms (Wood E&IS)
3,059	Email	12/18/2020	IAMGOLD asked the Ministry of Natural Resources and Forestry (MNRF) to provide an update on the timeline for the approval of the Plan Pond #1 Diffuser application as IAMGOLD noted the comment period for the	Tuovi Haapakoski (Ministry of Natural Resources and Forestry),	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD

			application ended 2020-12-17 and, to their knowledge, no comments had been provided by the Indigenous communities to MNRF. IAMGOLD stated a formal approval was requested as the Project team was planning to commence work on the installation of the diffuser pipeline in early to mid-January 2021.	Andrea Ellis Nsiah (Ministry of Natural Resources and Forestry), LeeAnn Lepage (Ministry of Natural Resources and Forestry), Mike Mazzetti (Ministry of Natural Resources and Forestry)	Corporation), Debbie Dyck (Wood E&IS), Krista Maydew (IAMGOLD Corporation)
3,079	Letter	12/18/2020	The Ministry of Energy, Northern Development and Mines (ENDM) informed Wood that ENDM reviewed the Notice of Material Change #3 for Quarry Pond Dams at the Project site submitted on 2020-10-16. ENDM indicated that the proposed structures are considered to be off-line and are not subject to approvals under the Ministry of Natural Resources and Forestry Lakes and Rivers Improvement Act. ENDM noted that IAMGOLD must provide an as-built report within 60 days of the completion of construction as detailed in the Closure Plan Requirements and Best Practices for Tailings Dams and Other Containment Structures. ENDM outlined the requirements of this report in the letter provided.	Rob Schryburt (Ministry of Natural Resources and Forestry), Owen Rigg (Ministry of Energy, Northern Development and Mines), Graham Janson (Ministry of Natural Resources and Forestry), Haibo Chen (Ministry of Energy, Northern Development and Mines)	Debbie Dyck (Wood E&IS)
3,081	Email	12/21/2020	The Ministry of the Environment, Conservation and Parks (MECP) informed IAMGOLD that they acknowledge that Wahgoshig First Nation no longer wishes to receive Project notifications. MECP recommended that IAMGOLD update the Indigenous Consultation Plan as required by condition 9 of the Notice of Approval and that IAMGOLD remove Wahgoshig First Nation from their consultation list.	Cindy Batista (Ministry of the Environment), Kiran Anwar (Ministry of the Environment, Conservation and Parks), Solange Desautels (Ministry of the Environment, Conservation and Parks)	Krista Maydew (IAMGOLD Corporation)
3,108	Email	12/22/2020	IAMGOLD provided the Ministry of Natural Resources and Forestry with a signed copy of the Schedule D for the Work Permit Condition Plant Pond #1 Diffuser (TM2020-0425-AP001) for the installation of water discharge pipelines and diffuser for the Project.	LeeAnn Lepage (Ministry of Natural Resources and Forestry)	Stephen Crozier (IAMGOLD Corporation), David Brown (IAMGOLD Corporation), Debbie Dyck (Wood E&IS), Krista
