

## ACKNOWLEDGEMENTS

The Application for an Environmental Assessment Certificate/Environmental Impact Statement (Application/EIS) for the Red Mountain Underground Gold Project (the Project) represents the culmination of more than three years of engineering and environmental studies that began in 2014 and are still ongoing.

Under the direction of IDM Mining Ltd. (IDM), Falkirk Resource Consultants Ltd. led the preparation of the Application/EIS with contributions from a team of consultants. IDM wishes to thank and acknowledge the contribution of the following consultants to the Application/EIS:

- BC Stats
- Borealis Environmental Consulting
- Brownhill Consulting Services Ltd.
- Catana Consulting Ltd.
- Core6 Environmental Ltd.
- Ecologic Environmental Consulting
- Environmental Dynamics Inc. (EDI)
- Falkirk Resource Consultants Ltd.
- FPB Management Services Inc.
- Greenwood Environmental Inc.
- Hatfield Consulting
- IDM Mining Ltd.
- JDS Energy & Mining Inc.
- Jennifer Turner
- Knight Piésold Ltd.
- Northlink Consultants Limited Partnerships
- Palmer Environmental Consulting Group Inc.
- SNC Lavalin Inc.
- SRK Consulting (Canada) Inc.
- Terra Archaeology Limited
- WSP Canada

The British Columbia Environmental Assessment Office and the Canadian Environmental Assessment Agency organized and coordinated an environmental assessment technical working group to participate in the review of the Project. IDM wishes to acknowledge the efforts and contributions of working group members during the Pre-Application stage of the environmental assessment, including, but not limited to, reviewing and commenting on various drafts of the Application Information Requirements and participating and providing input during working group meetings.

IDM also wishes to acknowledge and thank the following groups for their contribution during the Pre-Application stage and looks forward to working with these groups during the Application Review stage.
