Subject: BP Scotian Basin EIS

Derek,

I am pleased to be able to submit the Environmental Impact Statement for the BP Scotian Basin Project.

As requested, we have prepared an “unlocked” electronic version of the EIS and associated files and they have been uploaded to an ftp site for your download. The site includes the following:

- 1. EIS Folder, including:**
 - a. Compiled EIS
 - b. 6 individual component EIS files for better manageability of the files

- 2. EIS Appendices Folder, including:**
 - a. Compiled EIS Appendices
 - b. Individual component appendices for better manageability of the files

- 3. EIS Summary Folder, including:**
 - a. English summary document
 - b. French summary document

The FTP site can be accessed using the following logon information. The links provided must be opened in windows explorer, not internet explorer. Please note that the FTP site will be active for a limited time only (expires on the 14th June). Could you please confirm by email when you have been able to download the files.

<sensitive information removed>

I will come around now to your office to deliver the two paper copies of the document as requested.

I trust that this is all that is required to complete the conformance review of the EIS against the Final Guidelines. Please do contact us if you have any questions or if there are any problems.

Many thanks
Kate

Kate Pickard
