

## **Appendix A.4a**

Summary of Public and Stakeholder Engagement as  
Completed for the Updated 2021 Beaver Dam Mine EIS

The following table summarizes the main stakeholder and public engagement activities conducted by Atlantic Mining NS Inc. (AMNS) for this Project to date since commencement of the federal environmental impact statement (EIS) process in December 2015. This includes the organization engaged (community group, regulatory agency), the date, means of engagement and a summary of key issues if any and topics discussed. AMNS will continue its engagement over the life of the Project.

**Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021)**

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Government – Federal	Canadian Environmental Assessment Agency (CEAA)	January 22, 2016	Meeting	Discussed Final Guidelines and process for federal and provincial EIS as well as planned regulatory workshop.	Understanding the Federal/Provincial EIS process.	Regulatory workshop booked for May 2016	Complete		
Committee	Community Liaison Committee (CLC): Musquodoboit Harbour Middle Musquodoboit Millbrook First Nation Mooseland Pleasant Harbour Sheet Harbour - resigned Sipekne'katik First Nation Upper Musquodoboit	February 25, 2016	Meeting	Updated CLC members on MRC Project, including Beaver Dam Mine Project ongoing EA and planned open houses in spring 2016		Open house information sessions booked for May 18 and 19, 2016.	Complete		
Government – Federal/Provincial	CEAA/ NSE EA Branch	April 05, 2016	Meeting	Planning for regulatory workshop and update on Project EA, including baseline data collection and engagement.					
Communities	Public notices	April / May 2016	Advertisements	Advertisements in local community (Town Crier, Eastern Shore Cooperator, Guysborough Journal) and postings in community boards in nearby communities to advertise open houses and update community on MRC Project, including Beaver Dam EA.	Project announcement.	Dates article in each news paper/journal	Complete		
Committee	CLC	May 05, 2016	Meeting	Review of planned construction at Touquoy and Beaver Dam EA process plus overview of community open houses.					
Government – Federal/Provincial	CEAA / NSE EA Branch	May 13, 2016	Workshop	Half-day workshop for regulators on the Beaver Dam Mine Project including review of baseline data collection and key potential interactions with the environment.	Adequate baseline data and development of potential interactions with the environment.		Complete		
Town or Urban Community?	Middle Musquodoboit	May 18, 2016	Open House	Public open house from 3-8 P.M held at Natural Resources Education Centre with information panels and one-on-one discussions; comments focused on employment opportunities and potential effects, including effects on wetlands and fish habitat (61 attendees).	Employment opportunities, potential environmental effects specifically to the wetlands and fish habitat.	Public open house held at Natural Resources Education Centre from 3 to 8 P.M on May 18, 2016.	Complete		
Town or Urban Community?	Sheet Harbour	May 19, 2016	Open House	Public open house from 3-8 P.M held at Sheet Harbour Lions Club with information panels and one-on-one discussions; comments focused on employment opportunities and potential effects, including accidents and malfunctions, loss of habitat and trucking of ore (33 attendees).	Employment opportunities, potential environmental/habitat loss, social and cultural effects, potential accidents/malfunctions.	Public open house held at Sheet Harbour Lions Club from 3 to 8 P.M on May 19, 2016.	Complete		
Government - Provincial	Transportation Infrastructure Renewal	June 02, 2016	Meeting	Discussion on road network including Beaver Dam proposed haul routes and potential alternative of crossing Hwy 224					
This is a company from an indigenous community –I have left just incase	Mi'kmaw Conservation Group (MCG)	July 12, 2016	Call	Review of opportunities for environmental monitoring including capacity building with MCG staff for MRC Project					
Town or Urban Community?	Sheet Harbour Chamber of Commerce	September 7, 2016	Presentation	Overview of MRC Project, including Beaver Dam for members and invited guests, including discussion of economic opportunities, potential environmental effects, and Beaver Dam EA process	Economic opportunities, potential environmental effects, and the EA process.		Complete		

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Committee	CLC	October 29, 2016	Meeting	CLC meeting and site tour at Touquoy Gold Project site in Moose River, including update on MRC Project including the Beaver Dam EA process; members agreed to focus on Beaver Dam meeting and inviting local community groups as guests.					
Government – Federal/Provincial	CEAA/ NSE EA Branch	November 01, 2016	Meeting	Update to regulators of EIS development and engagement plus proposed alternative of haul route from Beaver Dam to avoid homes and Beaver Lake; need for information to supplement Project Description.		Meeting held at November 1, 2016 to discuss the Project change in direction from EA to EIS	Complete		
Town or Urban Community?	Mooseland Community	November 18, 2016	Meeting	Community meeting organized with local RCMP to focus on concern with traffic on Mooseland Road; however, update also provided on MRC Project including Beaver Dam.					
Indigenous Communities Government – Federal/Provincial Urban Communities	Federal and provincial regulators, KMKNO and Millbrook and Sipekne'katik First Nations	November 29, 2016	Site Tour	Site tour of Beaver Dam mine site, haul route and proposed changes to Touquoy site with federal and provincial regulators and staff of KMKNO and Millbrook and Sipekne'katik First Nations.					
Committee	CLC and invited guests	December 03, 2016	Meeting	Meeting with CLC members and invited guests from Eastern Shore Forestry Watch Association and Nova Scotia Salmon Association to focus on the Beaver Dam Mine Project, including presentations from EA Study Team and round table discussion; issues raised included watercourses, fish habitat, water quality, groundwater levels, traffic, recreation, and contingency planning.	Watercourses, fish habitat, water quality, groundwater levels, traffic, recreation, and contingency planning.	Meeting held at on December 3, 2016	Complete		
Town or Urban Community?	Municipality of the District of Saint Mary's	January 04, 2017	Presentation	Presentation to Warden and Councillors on Atlantic Gold's project development in NS, including Beaver Dam Mine site and upcoming release of EIS					
Organization	Eastern Shore Forestry Watch	February 15, 2017	Email	Update on Beaver Dam EIS submission, overall MRC Project update and offer to meet and/or provide more information on Beaver Dam and Touquoy Gold Mine (date being planned to meet as per follow up correspondence).					
Organization	Nova Scotia Salmon Association	February 15, 2017	Email	Update on Beaver Dam EIS submission, overall MRC Project update and offer to meet and/or provide more information and approach to sharing data (date being planned to meet as per follow up correspondence).					
This is a company from an indigenous community –I have left just in case	Mi'kmaw Conservation Group (MCG)	March 23, 2017	Call	Initial discussion of opportunities with Touquoy, Beaver Dam and other potential projects for environmental monitoring.					
Committee	CLC	April 01, 2017	Meeting	CLC meeting in Moose River, including update on MRC Project including the Beaver Dam EA process, agreement to minor edits to the CLC Terms of Reference, discussion of cyanide transpiration, employment, and engagement activities; comment received from Millbrook member re: request for information on contingency planning and reclamation as per the prior Chief and Council Meeting in Nov 2016.					
Committee	CLC and guest	June 24, 2017	Meeting	Provided update on Beaver Dam EIS submission and a presentation on cyanide by Cyanco.					
Organization	Nova Scotia Salmon Association	July 26, 2017	Presentation	Presentation by NSSA (Edmund Halfyard and Lewis Hinks) regarding their Liming Projects on the West River Sheet Harbour.					
Committee	CLC	January 13, 2018	Meeting	Update and discussion on CEAA (now called IAAC) EA status and Information requests.					

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Organization	Nova Scotia Salmon Federation	January 01, 2018	Meeting	Meeting to discuss and review the Beaver Dam Mine Project with Edmund Halfyard and Lewis Hinks.					
Committee	CLC	April 07, 2018	Meeting	Discussed water source for drilling operations for Beaver Dam and road construction related issues.					
Landowner	Prest Brothers Ltd	April 27, 2018	Phone call	Phone call to Mark Smith of Prest Brothers - left message.					
Landowner	Prest Brothers Ltd.	April 30, 2018	Phone call	Landowners discussions about Beaver Dam project.					
Town or Urban Community?	Community Bulletin	May 15, 2018	Newsletter	Newsletter to subscribers about Atlantic Gold projects, consultation opportunities and general information.					
Landowner	Property Owner meeting - Deborah Marlborough	May 16, 2018	Meeting	Site visit to property owner near proposed haul road.					
Landowner	Property owners email	May 23, 2018	Email	To Deborah Marlborough to provide Beaver Dam background information, haul road map, and link to Beaver Dam EIS.					
Company	Property Owner letter - Musquodoboit Lumber Ltd	June 7, 2018	Letter	Letter to Musquodoboit Lumber Ltd, a property owner near the Beaver Dam Project (Haul) to provide information on the Project, providing high level overview and providing sign up location for Atlantic Gold's Community Bulletin.					
Landowner	Property Owners letter - MacDonald	June 20, 2018	Letter	Letter to Eve MacDonald, a property owner informing her of the project, providing high level overview and providing sign up location for Atlantic Gold's Community Bulletin.					
Landowner	Property Owner Letter - Spiers	June 20, 2018	Letter	Letter to Ronald Spiers, a property owner near the Beaver Dam Project (haul road) informing him of the project, providing high level overview and providing sign up location for Atlantic Gold's Community Bulletin.					
Landowner	Property Owner letter - MacLeod	June 20, 2018	Letter	Letter to Ashley MacLeod, a property owner near the Beaver Dam Project (haul road) informing him of the project, providing high level overview and providing sign up location for Atlantic Gold's Community Bulletin.					
Landowner	Property Owner letter - Blakeney	June 20, 2018	Letter	Letter to Ward Winston Blakeney, a property owner near the Beaver Dam Project (haul road) informing him of the project, providing high level overview and providing sign up location for Atlantic Gold's Community Bulletin.					
Landowner	Property Owner letter - Hobb	June 20, 2018	Letter	Letter to Winston Hobb, a property owner near the Beaver Dam Project (haul road) informing him of the project, providing high level overview and providing sign up location for Atlantic Gold's Community Bulletin.					
Landowner	Property Owner letter - Raymond	June 20, 2018	Letter	Letter to Carolyn and Raymond, property owners near the Beaver Dam Project (haul road) informing him of the project, providing high level overview and providing sign up location for Atlantic Gold's Community Bulletin.					
Landowner	Property owner meeting – Marlborough/Hobb	June 26, 2018	Meeting	Meeting with 2 property owners, Deborah Marlborough and Winston Hobb to discuss potential impacts on their properties and potential mitigation strategies.					
Committee	CLC and guests	July 07, 2018	Meeting	Discuss Beaver Dam project and current groundwater monitoring well program and received a presentation on MMER.					
Landowner	Property owner letter - Prest Brothers	July 21, 2018	Letter	Letter to Prest Brothers, property owners near the Beaver Dam Project (haul road) informing him of the project, providing high level overview and providing sign up location for Atlantic Gold's Community Bulletin.					

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Landowner	Property owner call - Prest Brothers	August 01, 2018	Phone call	Discussion of property issues and to arrange a time to meet.					
General Public	Community Bulletin	August 04, 2018	Newsletter	Grammatic revisions to the July 31, 2018 newsletter.					
Landowner	Property Owner meeting - Ronald Speirs	August 15, 2018	Meeting	Meeting to discuss property owner issues and review Project.					
Landowner	Property owner meetings - Prest Brothers	August 16, 2018	Meeting	Meeting to discuss property owner issues and Review Project.					
Organization	Nova Scotia Salmon Federation	August 22, 2018	Email	Offer to meet on groundwater and surface modeling, work completed and results to address the Beaver Dam IRs responses.				Offer to meeting to review data in advance of submission to CEAA	
Company	Northern Pulp	September 09, 2018	Meeting	Provide an overview of Project and review land requirements.					
Company	Northern Pulp	September 13, 2018	Email	Summary of meeting on September 12, 2018.					
Company	Northern Pulp	October 09, 2018	Email	Follow up with Northern Pulp on meeting in September.					
Committee	CLC	October 13, 2018	Meeting	Update on Beaver Dam Project. Formal motion for Touquoy CLC terms of reference to include the Beaver Dam Project.					
General Public	Community Bulletin	October 15, 2018	Newsletter	Newsletter to subscribers about Atlantic Gold projects, consultation opportunities and general information.	N/A	N/A	N/A	AMNS to issue a quarterly newsletter to general public	Newsletters issued and AMNS is ramping up to a quarterly newsletter schedule
Organization	Sheet Harbour Chamber of Commerce	October 19, 2018	Meeting	Provide a general update on Atlantic Gold projects, answer questions and offer a presentation to the membership of the Chamber in 2019.	Economic impact and opportunities Atlantic Gold Operation.	Presentation on economic impacts of Atlantic Gold operations.	Ongoing	Presentation and additional information economic impact	Ongoing
Organization	Nova Scotia Works	December 10, 2018	Meeting	Discuss employment related opportunities and employment programs.	Connecting employment opportunities to those seeking employment.	AMNS HR Director to speak with staff at Nova Scotia Works.	Complete	Ongoing communication occur	Ongoing
Landowner	Deborah Marlborough	June 18, 2019	Email	Confirm potable water source and provide update on project.	None	None			
Landowner	Karen and Frank Lloy	July 05 2019	Calls and emails	Seeking permission to test well water.	Impacts of mine on their vacation property, particularly noise and dust.	Meeting to review project and testing of well water will occur.	Complete	They will receive a copy of the water test. Ongoing communication is required.	Ongoing
Landowner	Karen and Frank Lloy	July 08, 2019	Email	Information sharing with Lloys.	Information sharing with Lloys regarding issues of concern. Arrange a specific time for water testing.	None	Complete	Complete water test	Complete
Landowner	Garry Parker	July 15, 2019	Text	Status of well on the land	None	None	N/A	N/A	N/A
Landowner	Karen and Frank Lloy	July 17, 2019	Email	Confirmation of time to visit property for well testing and meeting to review project information.					
Landowner	Karen and Frank Lloy	July 22, 2019	Meeting	Review of noise and traffic information, took water sample.	Noise and dust impacts	Provide detailed modeling results on air and noise when available.	Complete	Ongoing communication	
Organization	Nova Scotia Salmon Federation	August 23, 2019	Email	Invitation to meet to review updated technical conclusions from the predictive modeling and effects assessments for water quantity, quality and fish and fish habitat.	N/A	Meet to discuss information.	Complete		
Landowner	Frank and Karen Lloy	August 26, 2019	Email	Provide copy of water test results to Lloyds.	N/A	N/A			

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Landowner	Frank and Karen Lloy	September 15, 2019	Email	The Lloys provided a copy of a historical water testing from 2017.					
Organization	Nova Scotia Salmon Federation	September 16, 2019	Email	Delay meeting until the most updated modeling is completed.					
Organization	Nova Scotia Salmon Federation	September 25, 2019	Meeting	NSSA provide overview of its activities of the NSSA near proposed Beaver Dam Mine site. AMNS provided an overview of the Beaver Dam Project.	Impacts on trout and first order streams. NSSA is concerned about Salmon in the Killag. The West River is the flagship project of the NSSA and fits into a broader recovery strategy for salmon.	AMNS will consider additional monitoring points, offsetting opportunities, provide information on the project boundary, flow station locations and water quality testing stations to NSSA. AMNS will share a copy of the water withdrawal permit for 2018. Share water quality and flow raw data to NSSA.	Complete	AMNS will review location of infrastructure to reduce impact on NSSA project.	Complete
Organization	Mooseland and Area Community Association	January 21, 2020	Email	Community investment opportunities and the haul road.	N/A	Set up a meeting time.	Complete		
Organization	Mooseland and Area Community Association	January 24, 2020	Phone Call	Request for AMNS to present information to the community about the plans for the haul road and hold a community meeting. Concerns about a loss of recreational land access.	Lack of access along the haul road for recreational land use and lack of communication with the Mooseland Community about the project.	Meeting with a committee of MACA.	Complete	Provide additional information on the project. Consider access regarding recreational land uses along the haul road.	
Organization	IAAC	February 26, 2020	Meeting	Update IAAC on Round 2 IR submission progress and format.		Provide DFO with offsetting plan for review prior to submission of Round 2 IR response package. Confirm settling pond design questions, provide a stakeholder place for IAAC review and feedback.	Complete	Additional stakeholder engagement will occur	Underway.
Organization	Mooseland and Area Community Association	March 02, 2020	Email	Rescheduling of meeting with MACA.		Set a date for meeting.	Complete		
Organization	Mooseland and Area Community Association	March 12, 2020	Email	Rescheduling of meeting with MACA.		Set a date for meeting.	Complete		
Landowners	Frank and Karen Lloy	May 08, 2020	Email	Request for any new information on the mine project and how it might impact their property.					
Landowners	Frank and Karen Lloy	May 12, 2020	Email	Response to Lloys indicated they will be receiving a letter shortly.	Impacts on their vacation property.	Letter with summary of most recent technical conclusions.	Complete		
Landowner	Carolyn Smith and Raymond Smith	June 26, 2020	Letter	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project.					
Landowner	Debbie Marlborough	June 26, 2020	Letter	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project.				Offer to meet on letter contents	Complete
Landowner	Anthony Hobbs	June 26 <sup>th</sup> , 2020	Letter	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project.					
Landowner	Frank and Karen Lloy	June 26, 2020	Letter	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project.				Offer meet on letter contents	Complete
Landowner	Garry Parker	June 26, 2020	Letter	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project.				Offer to meet on letter contents	Complete
Organization	Mooseland and Area Community Association	June 26, 2020	Email	Reschedule meeting with MACA.					
Organization	Mooseland and Area Community Association	June 28, 2020	Email	Response from MACA for meeting date.					

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Organization	Mooseland and Area Community Association	July 02, 2020	Email	Reschedule meeting with MACA.					
Landowners	Deborah Marlborough	July 05, 2020	Email	Acknowledged receipt of email and indicated that a meeting is not required unless there are plans to block driveway.	No concerns	None			
Organization	Sheet Harbour ATV Club	July 07, 2020	Email	Offer to meeting and summary of most recent technical conclusions regarding air, noise, light, and timeline for project					
Landowner	Meagan MacLeod	July 07, 2020	Letter	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project					
Landowner	Ward Winston Blakeney	July 07, 2020	Letter	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project					
Landowner	William Hyland	July 07, 2020	Letter	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project					
Organization	PUMA ATV Club	July 07, 2020	Email	Request to meet and provide update on EA and response from Club thanking for the offer to meet. Will respond in August 2020 once club membership has met.				Set meeting time in August.	Complete
Organization	Mooseland and Area Community Association	July 07, 2020	Email and phone	Discussion of agenda of upcoming meeting.					
Local Councillor	David Hendsbee	July 15, 2020	Email	Discussion of community investments in Mooseland.					
Organization	Mooseland and Area Community Association	July 16, 2020	Meeting	Discussion of the impacts of the haul road on recreational users, concerns about communications with the community, the impact on Mooseland Rd of existing Touquoy truck traffic, and opportunities for community investments.	<ul style="list-style-type: none"> <li>AMNS is not communicating Beaver Dam related information to the Mooseland community.</li> <li>Restricted access by AMNS of the haul road will impede recreational land uses in the area and cause safety issues for ATVs and snowmobiles.</li> <li>Hunting near the haul road will not be permitted or restricted.</li> <li>Marilyn Prest would no longer be able to access her property.</li> <li>Local people will have no input into the Operational Plan for the haul road.</li> </ul>	<ul style="list-style-type: none"> <li>Plan for a Open house for community members.</li> <li>Provide clarity to recreational land users on how access will be provided along the haul road and how crossings will occur.</li> <li>Follow up directly with Marilyn Prest regarding access.</li> <li>Follow up meeting to discuss community investments.</li> <li>Explore complaints about mud on Mooseland Road from AMNS truck traffic.</li> </ul>	All actions complete except for the meeting to follow up on community investments	The concerns would be passed on to senior management for its consideration.	Improved communication with Mooseland community is required and additional engagement must occur to address concerns.
Organization	Mooseland and Area Community Association	July 29, 2020	Email	Thanks for July 16 <sup>th</sup> meeting and set meeting time for community investment meeting in September.				Commitment to have a meeting on Community Investments.	
Organization	Mooseland and Area Community Association	July 30, 2020	Email	Acknowledgement of July 29, 2020 email. MACA to consult with its membership and will set a date in September.					
Organization	Nova Scotia Salmon Association	August 07, 2020	Email	Provided current infrastructure update for proposed Beaver Dam Mine Site and responded to request by NSSA if the Organic Material stockpile can be relocated. Provided data report on water quality and quantity for Beaver Dam site. Offer to meet in advance of additional collection of additional baseline data to support EEM program for MDMER. Offer to share any collected data or receive input in the scope of the program.					
Organization	Mooseland and Area Community Association	August 17, 2020	Email	Request to meet in follow up to the July 16 <sup>th</sup> meeting with MACA.					
Organization	PUMA ATV Club	August 19, 2020	Email	Discussion of upcoming meeting date.					

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Landowner	Jennifer Taylor	August 20, 2020	Email	Requested information community consultation progress and options for participation, proposed timeline of project commencement for the Haul Road to Beaver Dam, questions on impact of proposal on public roads, concerns about impact on pristine flora and fauna and endangered species, hauling times, noise impacts.	• Concerns about noise, impacts on public roads, biophysical, species at risk.				
Landowner	Jennifer Taylor	August 31, 2020	Email	Acknowledgement of email and commitment to have someone follow up.					
Organization	Mooseland and Area Community Association	September 08, 2020	Phone	Request on if AMNS will hold a community meeting regarding Beaver Dam community concerns.	• Request for information from community.	To confirm if a community meeting will be held.	Complete		Meeting was scheduled but cancelled due to COVID-19 restrictions.
Organization	Mooseland and Area Community Association	September 18, 2020	Email	Follow up from August 17 <sup>th</sup> , 2020 email to find an acceptable meeting date.					
Landowner	Karen and Frank Lloy	September 18, 2020	Email	Emails to arrange a meeting time.					
Organization	Nova Scotia Salmon Association	September 22, 2020	Meeting	Provided an update on current infrastructure for proposed Beaver Dam Mine Site, Environmental Effects Monitoring for MDMER, input on EEM and fisheries authorization and offset for the proposed Beaver Dam Mine site.	<ul style="list-style-type: none"> <li>• Concerned about effluent from organic stockpiles.</li> <li>• Drawdown resulting from pit construction, loss of catchment area.</li> <li>• Opportunities to enhance fish habitat in the pit and how to ensure long-term water quality goals.</li> <li>• Concerns about capturing species at risks due to low populations in the area.</li> <li>• Opportunities to expand baseline sampling further into Killag.</li> </ul>	<ul style="list-style-type: none"> <li>AMNS to assess possible use of lime to treat effluent from stockpiles</li> <li>•AMNS to present an updated water balance that will review changes to water inflows during construction, operation and closure.</li> <li>•AMNS to explore water quality and fish habitat at closure.</li> <li>•NSSA to provide data on presence and timing of fish movements.</li> <li>•Add additional sampling locations and sharing sampled water quality in the Tent Lake area.</li> <li>•Review of fish data to address concerns of NSSA regarding sampling.</li> <li>•NSSA to share sampling data, information fish movement and technical reports.</li> <li>•Continued discussion on fish offsetting</li> </ul>			
Organization	Mooseland and Area Community Association	September 22, 2020	Email	Commitment to meeting on community investments.					
Landowners	Jennifer Taylor	September 23, 2020	Email	Letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project.					
Landowners	Jennifer Taylor, Barb Taylor and Andy Feener	September 23, 2020	Email	Response to September 23 email expressing concern about the negative impact on the regional caused by the proposed project. Statement that there is a "complete disregard for the community, the environment, land, people and animals." Concerns about the haul road use, vehicle safety and recreational vehicle usage near to mining traffic.	Negative impacts on community, recreational users, road safety, environmental and habitat impacts by the mine and the amount of details provided on the haul road.	Agreed to meet to review information and better understand concerns.	Ongoing	Offer to meet.	
Landowners	Frank and Karen Lloy	September 23, 2020	Email	Introduction of V. Chisholm and arrange time to meet via video conference.					
Leaseholder	John Dickson	September 23, 2020	Phone call	Provided update on Beaver Dam haul road and discussed access requirements to his property.				Contact when access and safety plan is drafted for review by leaseholder.	Not started

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Organization	Icelandic Memorial Society of NS	September 25, 2020	Email	Introduction of V Chisholm and C. Fuller and request to meet to provide update on Beaver Dam and provide opportunity for the Society to ask questions.					
Organization	Mooseland and Area Community Association	September 28, 2020	Email	Confirm meeting for October 13 <sup>th</sup> and set agenda. MACA request for a community meeting.					
Landowner	Deborah Marlborough	September 28, 2020	Text	Confirm meeting of October 14 <sup>th</sup> , 2020.		Meet on October 14 <sup>th</sup> , 2020	Complete		
Landowner	Karen and Frank Lloy	September 28, 2020	Email	Provided updates on truck and dust.	Concerns about impacts on property value if the mine proceeds, traffic impacts, dust, impact on fish, lakes, and creeks. Concerned that their future plans for property will not be able to occur due to the presence of the mine.	Continued communication as the project proceeds.	Ongoing	Offer to talk with their son as he has plans for the property.	Ongoing.
Organization	Eastern Shore Wildlife Association	September 30, 2020	Email	Contact to confirm who is the appropriate contact at the ESWA to receive an update on the update and letter providing summary of most recent technical conclusions regarding air, noise, light, and timeline for project.					
Organization	PUMA ATV Club	September 30, 2020	Email	Confirm meeting time.					
Landowner	Jennifer Taylor	September 30, 2020	Email	Confirm on-line meeting time of 7.00 PM on September 30 <sup>th</sup> . Meet cancelled due to conflicts but new meeting to be rescheduled.		Reschedule meeting time.			
Organization	Icelandic Memorial Society of NS	October 2, 2020	Email	Discussion of opportunities to support the Iceland Memorial Society of NS.					
Organization	Iceland Memorial Society of NS	October 6, 2020	Email and call	Clarify intent of upcoming meeting, which is provide an update on the Beaver Dam Mine project and to explore partnership opportunities.					
Landowner	Jennifer Taylor, Randy Feener, Kevin Stoney	October 6, 2020	Email	Follow up email to September 30 <sup>th</sup> email to set a meeting time.					
Landowner	Jennifer Taylor	October 8, 2020	Email	Follow up to September 6 email with request for a phone call to coordinate a meeting time with Ferry Lake landowners.					
Organization	PUMA ATV Club, Lake Charlotte ATV Club, ATV Association of NS (ATVANS)	October 13, 2020	Meeting	Provided information haul road and a general overview of the project. The Clubs want to ensure that the trail network is maintained, and connectivity is ensured. Questions about crossing the Tangier river. AMNS asked what the best way is to communicate with ATVers who are not members of the provincial or local clubs. ATV clubs expressed interest in working with AMNS on trail related projects.	<ul style="list-style-type: none"> <li>Maintenance and continued access of existing trail connectivity for ATVers and snowmobilers.</li> <li>Safety of recreational users.</li> </ul>	<ul style="list-style-type: none"> <li>AMNS to consider approaches to maintain connectivity of trail system and report back options to stakeholders.</li> </ul>	Complete	Trail connectivity issue to be resolved.	Ongoing
Organization	PUMA ATV Club, Lake Charlotte ATV Club, ATV Association of NS (ATVANS)	October 14, 2020	Email	Thank you for meeting and recap of action items from the meeting. Provided attendees with community relation email and phone number and offered to sign them up for community bulletin.					
Organization	Nova Scotia Salmon Association; Atlantic Salmon Federation	October 15, 2020	Email	Provided the presentation on EEM from the September 9 meeting with the NSSA and the meeting notes.				Establish a date for a follow up meeting.	Ongoing

Question regarding who the lead for trail construction in the area would be.		<ul style="list-style-type: none"> <li>Clarify who is the lead group for future trail construction</li> </ul>	Complete	For future trail construction, the Sheet Harbour ATV Club will take the lead.	Work with Sheet Harbour ATV Club regarding trails in the Beaver Dam area.
Organization	PUMA ATV Club, Lake Charlotte ATV Club, Sheet Harbour ATV and Snowmobile Club and ATV Association of NS (ATVANS)	December 16, 2020	Email	Thank for attending the meeting and review of meeting. Question regarding who would be the lead for trail construction in the area.		<ul style="list-style-type: none"> <li>Clarify who is the lead group for future trail construction</li> </ul>	Complete	For future trail construction, the Sheet Harbour ATV Club will take the lead.	Work with Sheet Harbour ATV Club regarding trails in the Beaver Dam area.

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Organization	PUMA ATV Club	December 16, 2020	Email	Suggestion for underpasses for ATV Crossings.		•AMNS to consider working with DTIR, when appropriate, to consider underpasses for ATV routes	Complete		
Organization	PUMA ATV Club	December 16, 2020	Email	Suggestion for underpasses for ATV Crossings.		•AMNS to consider working with DTIR, when appropriate, to consider underpasses for ATV routes	Complete		
Landowner	Deepwood Estates	December 17, 2020	Email	Provided map showing potential bypass roads for the Haul Road.					
Landowner	Deepwood Estates	December 17, 2020	Email	Provided map showing potential bypass roads for the Haul Road.					
Landowner	Krista Gillis	December 18, 2020	Email	Request for information from K. Gillis regarding documentation she has regarding moose sightings in the local area. Ms. Gillis provide pictures for AMNS review.	•Concerns about impacts of haul road on moose and moose habitat	•Receive the information and consider it within the context of the EIS	Complete		
Landowner	Krista Gillis	December 18, 2020	Email	Request for information from K. Gillis regarding documentation she has regarding moose sightings in the local area. Ms. Gillis provide pictures for AMNS review.	•Concerns about impacts of haul road on moose and moose habitat	•Receive the information and consider it within the context of the EIS	Complete		
Landowner	Harry Casey	December 21, 2020	Email	Request that H. Kelly provide information about haul road to another owner of a camp. Mr. Casey doesn't have a phone number or email but does see him and will let him know.					
Landowner	Harry Casey	December 21, 2020	Email	Request that H. Kelly provide information about haul road to another owner of a camp. Mr. Casey doesn't have a phone number or email but does see him and will let him know.					
Landowner	Harry Casey	December 29, 2020	Email	Mr. Kelly was going to provide a map showing common fishing locations. Email was in follow up to see if this map was ready.					
Landowner	Harry Casey	December 29, 2020	Email	Mr. Kelly was going to provide a map showing common fishing locations. Email was in follow up to see if this map was ready.					
Landowner	Anna Wynn	January 14, 2021	Email	Follow up to see to see if she wanted any further information on the Beaver Dam mine project					
Property Owner	Krista Gillis	January 13, 2021	Email	Provided photos of water with sediment expressing concern	*sediment in water and water quality	Community Member to contact contractor to discuss issue	Complete		
Property Owners	Frank and Karen Lloy	January 14, 2021	Email	Update on EIS progress, information on truck traffic and information on refined life of mine estimates					Offered to meet to provide additional information and answer question. No meeting was requested.
Property Owners	Anna Wynn	January 14, 2021	Email	Follow up on December 14, 2020 email					This email was in follow up to communication on December 9 <sup>th</sup> , 2020.
Property Owners	Krista Gillis and Mitchell Glawson	January 17, 2021	Email	Additional concerns about sediments relating to clay extraction for Touquoy.	Sediment in brook and contractor concerns	Investigate complaint and report back	Complete		Improve contractor performance.
Property Owners	Terry Wynn	January 18, 2021	Phone Call	Questions about haul road access. Provided information to Mr. Wynn on timing of BD project. He provided details on his recreational use of the area.	Recreational access.	None	Complete	None	Recreational Use is important to this stakeholder and bypass roads will address his access issues.
Property Owners	Frank and Karen Lloy	January 18, 2021	Email	Thanks for the update provided in January 14, 2021 email	None		Complete		

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Property Owners	Krista Gillis	January 20, 2021	Phone Call	Concern about sedimentation in brook	Sedimentation in brook	Contacted contractor to investigate incident, reviewed erosion control measures, corrective action taken and water sampled taken. Sediment and erosion control plan was reviewed Offer a site visit to review corrective measures and potential additional mitigation	Complete		Update Mitchell Glawson on information that proponent provided to K. Gillis. Email sent to Mitchell on January 20, 2021
Property Owners	Mitchell Glawson	January 20, 2021	Email	Update on clay borrow sediment and erosion control and offer to update by phone at a later time	Sedimentation on brook				
Property Owners	Krista Gillis and Mitchell Glawson	January 21, 2021	Email	Offer to meet at site of concern referenced in January 17 2021 email	Sedimentation in brook		Complete	Meeting on January 27 <sup>th</sup> , 2021	
Property Owners	Krista Gillis and Mitchell Glawson	January 22, 2021	Email	Confirm meeting on site for January 27 <sup>th</sup> .	Sedimentation in brook				
Property Owner	Krista Gillis	January 24, 2021	Email	Question regarding location of meeting on January 27, 2021					
Property Owners	Krista Gillis and Mitchell Glawson	January 25, 2021	Email	Confirmation of location of meeting on January 27, 2021					
Property Owner	Mitchell Glawson and Krista Gillis	January 27, 2021	Meeting	Date rock history and location; tour of clay borrow site; discussion of sediment control activities and possible improvements	Date Rock	Locate date rock and try to avoid it during haul road construction			Avoid date rock during haul road construction. Coordinates of rock secured and provided to detailed design team.
Organization	Mooseland and Area Community Association	January 27, 2021	Email	Discussion regarding installation of digital radar signs in Mooseland and if MACA is supportive of the installation.	None	Discuss best locations for signs	Complete.		MACA responded on March 10, 2021 supporting sign installation.
Property Owners	Mitchell Glawson	January 28, 2021	Phone call	Review of the previous day's meeting and question haul road construction timing and if the work had been awarded	Haul road construction award	Answer question regarding the status of the haul road construction tendering and award	Complete		Information provided to stakeholder on January 29, 2021
Organization	Mooseland and Area Community Association	January 28, 2021	Email	Confirmed receipt of email regarding digital radar signs and MACA will discuss it at an upcoming meeting	None	Await feedback from MACA	Complete		MACA responded on March 10, 2021 supporting sign installation.
Property Owners	Mitchell Glawson	January 29, 2021	Email	Haul road design tender information provided.	Status of construction	No further follow up required	Complete		
Property Owners	Krista Gillis and Mitchell Glawson	February 1, 2021	Email	Sedimentation control in advance of a predicted rain	Sedimentation	Proponent to monitor clay borrow site and respond to email from Stakeholder. Response sent on February , 2021 indicating the site is being prepped for the predicted rain and that Proponent operational team will monitor the situation.	Complete		
Property Owners	Krista Gillis	February 3, 2021	Email	Concern about sedimentation on brook after a rainfall	Sedimentation	Investigate and respond	Complete		
Property Owners	Krista Gillis and Mitchell Glawson	February 3, 2021	Email	Acknowledged email of February 3 and provided information that Proponent staff completed inspections on February 1 and February 2. Additional inspection is slated for February 3.	Sedimentation	Operational staff to report back to stakeholder.	Complete		
Property Owner	Darren LeSaga	February 4, 2021	Phone call and email	Discussed bypass routes and the Beaver Dam Mine Project. Comments on the bypass route was requested from stakeholder. Plain language summary was provided. Stakeholder provided information his recreational usage, history of the camp.	Recreational land access; impacts on hunting and water.	Provide Plain Language Summary and proposed bypass road location (provided in email on February 4, 2021)	Complete		Consider how to maintain access to his recreational property/

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Property Owner	Marilyn Prest	February 4, 2021	Phone call	Called to schedule a meeting with Marilyn Prest to discuss access to her recreational property	Recreational property access	Meeting scheduled	Complete		Meet with stakeholder and consider how to maintain access to recreational property
Member of an Organization	ATVANS	February 8, 2021	Email	Discussion of ATV trail maintenance and operation requirements	None	None			
Property Owners	Judith and Richard MacInnis	February 9, 2021	Letter	Introduction to the project and overview of main conclusions to date	None	Offer to meet to discuss if stakeholder desires.	Complete		No response from stakeholder
Member of an Organization	Nova Scotia Salmon Association	February 9, 2021	Phone call	Request by NSSA to plow road to Lime Doser		Proponent plowed access road to lime doser on February 10, 2021.	Complete		
Property Owner	Harry Casey	February 9, 2021	Maps Delivered	Stakeholder provided 2 maps showing the locations where recreational fishing activities occur	Stakeholder wants access to these locations maintained	Review map and assess if proposed bypass roads accommodate continued access	Complete		
Property Owner	Marilyn Prest and Dan Prest	February 10, 2021	Meeting	Provided overview of project. Discuss access to her recreational lands and concerns related to potential interactions with haul truck. Information on noise, speeding, potential for litter along haul road and if the unpaved portion of the haul road will be paved.	Speeding, noise, road maintenance, litter and access to recreational land	More detail on Mooseland Road safety will be considered; AMNS will consider noise barrier if required; AMNS is attempting to install radar signs in community to assist with speeding	Issues considered in EIS	Provide information directly to stakeholder on these issues	EIS considers information by stakeholder. Information has not been directly provided to stakeholder but will be during next engagement phase.
Member of Organization	Nova Scotia Salmon Association	February 10, 2021	Email	Confirming that Proponent will plow access to doser site on February 10, 2021	None		Complete		
Member of Organization	Nova Scotia Salmon Association	February 10, 2021	Email	Update saying that contractor can not plow access until February 11. Acknowledgement from Stakeholder that they appreciate the assistance and that the delay is acceptable.					
Member of an Organization	Millbrook First Nation	February 12, 2021	Phone call and meeting	Regular meetings to discuss project and information	None				
Property owner	Darren Lasaga	February 17, 2021	Email	Follow up on email of February 4, 2021 to see if stakeholder had any questions. Response from Stakeholder indicating that main concern is continued access to camping and other hunting, fishing and trapping areas.	None				
Member of Organization	Millbrook First Nations	February 19, 2021	Meeting	Regularly weekly meetings. See details in Indigenous section					
Member of an Organization	Greater Halifax Partnership	February 26, 2021	Email	Proponent seeking information on economic development strategies and data from GHP					
Property Owners	Harry Case	March 2, 2021	Email	Confirmation of receipt of maps	None	Consider information in EIS			
Organization	Nova Scotia Salmon Association	March 3, 2021	Letter	Request for Clarification on NSSA's current and future programs	None	Request to meeting to discuss	Ongoing		
Property Owner	Mitchell Glawson	March 5, 2021	Email	Stakeholder confirming interest in sitting on CLC	None	CLC to consider inclusion of stakeholder on CLC.			
Organization	Mooseland and Area Community Association	March 10, 2021	Email	Confirmed support for installation and asked to have input into the location.	None	Coordinate with MACA and NSTIR on sign location. Awaiting NSTIR approval for sign installation	Ongoing		Work with community and NSTIR on sign installation.
Organization	Mooseland and Area Community Association	March 15, 2021	Email	Request to meet with MACA to validate conclusions and data gathered during previous MACA engagements.	None	Meet with MACA to validate engagement data gathered to date	Complete. Validate meeting occurred on March 26, 2021		
Organization	ATVANS and Sheet Harbour ATV Club	March 15, 2021	Email	Request to meet to validate conclusions and data gather during previous engagements with ATV clubs.	None	Meet with ATV clubs to validate data gathered to date.	Meeting to occur in May, 2021		

Table A.4a-1: Summary of Stakeholder and Public Engagement as Completed for the Beaver Dam Mine Project to Date (2021) (continued)

Public Stakeholders	Name	Date	Communication Type	Key Issues (Topic Discussed, Issue Raised, Concern? Information Request?)	Key Concerns	Resolution (Follow-up/Action)	Status	Commitments/ Take-aways	Commitments/ Take-aways Resolutions/Status
Landowners	Krista Gillis and Mitchell Glawson	March 15, 2021	Email	Request to meet to validate conclusions and data gathered during previous engagements	None	Meet with stakeholders to validate data gathered to date.	Complete. Meeting occurred on March 26, 2021		
Organization	Mooseland and Area Community Association	March 26, 2021	Meeting	Validated the conclusions from the previous engagements with MACA, provided an overview of other engagement conclusions, provided information on grievance process; confirmed that parking occurs at the entrance to the Scott Paper road, reviewed truck traffic number and explained why there is no variation in predicted truck traffic; questions about future haul road maintenance; confirmed that an open house will be held once the EIS is submitted. General support for bypass road was expressed.	Haul road maintenance; concerns about road safety at the entrance to the haul road	Hau road entrance will be examined closely during detailed design. Proponent will explore and provide detail on haul road maintenance; Open House with the community will be scheduled	Ongoing		
Property Owners	Krista Gillis, Darcy Glawson, Mitchell Glawson	March 26, 2021	Meeting	Validated the conclusions of the previous engagements with Glawson/Gillis family. General support for bypass road was expressed.	Request for streetlights in Mooseland, concerned about the use of engine breaks,	Hold open house to provide overview of EIS	To be scheduled		
Property owner	Krista Gillis	March 27, 2021	Email	Invitation to attend Beaver Dam CLC on June 12, 2021					
Property Owner	Gary Smith	April 9, 2021	Phone	Concerns about location of bypass road	Location of bypass road	Meeting to discuss issue	Meeting held on		
Property Owners	Prest Brothers Ltd	April 14, 2021	Meeting	Discussed bypass road, and potential noise and dust concerns.	Location of bypass roads and impact on stakeholder lands, particularly related to noise and dust	Proponent to respond with additional information	Ongoing		
Property Owners	Krista Gillis and Mitchell Glawson	April 15, 2021	Email	Questions about the number of crossing for haul road to allow continued access to recreational areas.	Continued access to recreational areas	Proponent to finalize location of a haul road crossings	Ongoing		
Property Owners	Krista Glawson	April 20, 2021	Email	Provided pictures of parking on Mooseland Road near the entrance to the Haul Road	Traffic Safety on Haul Road	Consider design solutions to improve road safety at the entrance of the haul road	Ongoing		
Property owners	Mitchell Glawson	April 20, 2021	Email	Pictures of recreational boating and uses in the area of Mooseland					
Organization	Eastern Shore Forest Watch Association	April 23, 2021	Email	Provided up to stakeholder on EIS submission and offered to meet once submission occurred. Stakeholder is prepared to meet and hold a two-way conversation on proposed plans.	Quality of public participation plan	Hold discussions with stakeholder to prepare a mutually agreed upon agenda for meeting.	Ongoing		
Organization	Nova Scotia Transportation and Active Transportation	May 3, 2021	Email	Request to install speed display devices on Mooseland Road		Follow up with department to gain approval for sign installation	Ongoing
