Dear President Velshi:

Re. Scope of the Environmental Assessment of Global First Power's proposed Micro-Modular Reactor at Chalk River, Ontario

I, Donna Mendelsohn, endorse the submission by CELA and Dr Ramana which evidences the importance of this issue and the need for thorough and detailed scoping details at this stage of the EA process. However, due to COVID-19 related circumstances and restrictions, I am unable to provide more detailed comments in such short time. Therefore, I request an extension of this comment period and a suspension of decision-making for this EA.

Donna Mendelsohn,
