

Participant Comment Card

Opportunity for public participation

The Impact Assessment Agency of Canada (the Agency) is a federal body accountable to the Minister of Environment and Climate Change that delivers high quality impact assessments which contribute to informed decision-making on major projects in support of sustainable development.

The Agency is conducting an impact assessment process for this project and would like to hear comments from the public on the documents specified within this worksheet.

How to submit comments

You may submit this form once completed in person during this session. Alternatively, comments can also be submitted using the **'Submit a comment'** feature on the Agency's website: www.canada.ca/ciar

Insert Project Name: _____

Tailored Impact Statement Guidelines

This document will provide direction and requirements for the proponent in preparing an Impact Statement. Please consider the following points to assist you in providing feedback, as it will inform the development of this document.

Question 1: Think about how the project may affect your community, either positively or adversely in areas of health, social, economic and environmental conditions and identify any that are important to you.

Write your response below:

Question 2: Identify any locations of particular importance to you related to where changes may occur to health, social, economic and environmental conditions.

Write your response below:

Question 3: The assessment could incorporate specific knowledge (history, environment, social, economic, etc.) that your community may feel is relevant. What sources of community knowledge would be relevant to the assessment?

Write your response below:

Public Participation Plan

This document outlines objectives for public engagement, how participants wish to participate, and describes all engagement opportunities within each phase of the impact assessment process. Please consider the following points to assist you in providing feedback, as it will inform the development of this document.

Question 1: Provide information on how you want to participate in the impact assessment process. Examples of tools for meaningful engagement include, but are not limited to:

- Pre-scheduled WebEx presentations for the public
- Open houses to discuss project and its potential effects, and to seek comments from the public
- Public notices
- Public comment periods
- Social media updates (e.g. the Agency's Twitter feed)
- Internet website notice(s)
- Viewing centers
- Print copies of key documents at viewing centres
- Question and Answer sessions
- Direct mailing and/or email distributions
- Agency handouts

Write your response below:

Question 2: Identify any challenges facing you or your community that may prevent people from accessing public participation opportunities regarding this project, for example language, economic, technical or other factors

Write your response below:
