

DRAFT

Progress Report: Notice of Commencement of Provincial Environmental Assessment

October 2022

Statement of Qualifications and Limitations: AECOM

The attached Report (the "Report") has been prepared by AECOM Canada Ltd. ("AECOM") for the benefit of the Client ("Client") in accordance with the agreement between AECOM and Client, including the scope of work detailed therein (the "Agreement").

The information, data, recommendations and conclusions contained in the Report (collectively, the "Information"):

- is subject to the scope, schedule, and other constraints and limitations in the Agreement and the qualifications contained in the Report (the "Limitations");
- represents AECOM's professional judgement in light of the Limitations and industry standards for the preparation of similar reports;
- may be based on information provided to AECOM which has not been independently verified;
- has not been updated since the date of issuance of the Report and its accuracy is limited to the time period and circumstances in which it was collected, processed, made or issued;
- must be read as a whole and sections thereof should not be read out of such context;
- was prepared for the specific purposes described in the Report and the Agreement; and
- in the case of subsurface, environmental or geotechnical conditions, may be based on limited testing and on the assumption that such conditions are uniform and not variable either geographically or over time.

AECOM shall be entitled to rely upon the accuracy and completeness of information that was provided to it and has no obligation to update such information. AECOM accepts no responsibility for any events or circumstances that may have occurred since the date on which the Report was prepared and, in the case of subsurface, environmental or geotechnical conditions, is not responsible for any variability in such conditions, geographically or over time.

AECOM agrees that the Report represents its professional judgement as described above and that the Information has been prepared for the specific purpose and use described in the Report and the Agreement, but AECOM makes no other representations, or any guarantees or warranties whatsoever, whether express or implied, with respect to the Report, the Information or any part thereof.

Without in any way limiting the generality of the foregoing, any estimates or opinions regarding probable construction costs or construction schedule provided by AECOM represent AECOM's professional judgement in light of its experience and the knowledge and information available to it at the time of preparation. Since AECOM has no control over market or economic conditions, prices for construction labour, equipment or materials or bidding procedures, AECOM, its directors, officers and employees are not able to, nor do they, make any representations, warranties or guarantees whatsoever, whether express or implied, with respect to such estimates or opinions, or their variance from actual construction costs or schedules, and accept no responsibility for any loss or damage arising therefrom or in any way related thereto. Persons relying on such estimates or opinions do so at their own risk.

Except (1) as agreed to in writing by AECOM and Client; (2) as required by-law; or (3) to the extent used by governmental reviewing agencies for the purpose of obtaining permits or approvals, the Report and the Information may be used and relied upon only by Client.

AECOM accepts no responsibility, and denies any liability whatsoever, to parties other than Client who may obtain access to the Report or the Information for any injury, loss or damage suffered by such parties arising from their use of, reliance upon, or decisions or actions based on the Report or any of the Information ("improper use of the Report"), except to the extent those parties have obtained the prior written consent of AECOM to use and rely upon the Report and the Information. Any injury, loss or damages arising from improper use of the Report shall be borne by the party making such use.

This Statement of Qualifications and Limitations is attached to and forms part of the Report and any use of the Report is subject to the terms hereof.

1. Introduction

1.1 Background

The Terms of Reference (ToR) for the Marten Falls First Nation (MFFN) Community Access Road (CAR or the Project) was approved with amendments on October 8, 2021 and the Notice of Commencement (NoC) of the provincial Environmental Assessment (EA) for the Project was posted on October 29, 2021. As part of the ToR Notice of Approval, Ontario's Minister of the Environment, Conservation and Parks (MECP) included an amendment requiring additional consultation reporting at key EA milestones. Visit <https://www.ontario.ca/page/marten-falls-community-access-road-project> to read the details on the Notice of Approval. The ToR Notice of Approval is also included in **Appendix A**.

As required by the Minister of MECP, the development of progress reports on consultation activities associated with each of the following EA milestones are required to support Indigenous communities to provide meaningful input during the development of the EA:

- NoC of Provincial EA (referred to as NoC of EA);
- Effects Assessment Methods; and
- Identification of Preferred Alternatives.

Each progress report is required to:

- Be organized by each Indigenous community;
- Contain a consultation log and summary that tracks consultation activities, information shared by the MFFN CAR Project Team with Indigenous communities, any community input and MFFN CAR Project Team's responses to such input for the EA milestone; and
- Contain a discussion of how any input and information provided by the Indigenous communities have informed the development of the EA milestone.

The progress reports are to be shared with MECP, with community-specific sections shared with each individual Indigenous community before MFFN can move to the next milestone of the EA / IA. If questions or concerns are raised by MECP or an Indigenous community, the MFFN CAR Project Team will make revisions to the progress reports, if necessary, and encourage opportunities to meet in-person or virtually to discuss with the interested community.

This report is the first progress report for the NoC of EA, and pertains to activities related to both the EA and IA processes. The time period begins the day the NoC was issued (October 29, 2021) and ends after the Public Information Centre #3 for the EA / Impact Statement (IS) phase (PIC #3) which took place on June 30, 2022. The NoC of EA milestone is expected to extend past June 30, 2022, however, due to the time to develop this report, any information missed during this phase will be included in the next progress report for the Effects Assessment Methods which is expected to begin in winter 2022.

The final progress reports will be appended, along with any relevant updates, to the Record of Consultation and Engagement submitted with the draft and final EA / IS.

This progress report provides a detailed account of all communication exchanged with the MFFN CAR Project Team and neighbouring Indigenous communities from October 29, 2021 to June 30, 2022 as part of the NoC of EA

milestone. Note that government agencies and interested persons¹ are not included in progress reports, however, their sections will be included in the Record of Consultation and Engagement for the draft and final EA / IS. **Section 1.5** includes details about the neighbouring Indigenous communities.

The first section of this progress report provides an overview of the Project and outline of the approach to consultation and engagement, the second section describes the consultation and engagement activities undertaken during this time period, and the third section summarizes activities and discussions that occurred with the MFFN CAR Project Team and neighbouring Indigenous communities..

1.2 About the Progress Report

This progress report provides an overview of consultation and engagement carried out between the NoC of EA and after PIC #3 (October 29, 2021 to June 30, 2022). In accordance with the MECP Code of Practice, the progress report has been prepared to:

- Identify Indigenous communities consulted and engaged during this time period and describe how they were identified (confidential information will not be provided);
- Describe the consultation and engagement activities that took place including methods, schedule of events, notification that was given about the activity and materials used;
- Describe how interested Indigenous communities were identified and how they were consulted;
- Summarize clearly and accurately the comments made by all Indigenous communities;
- Describe the Proponent's response and how concerns were considered in the NoC of EA milestone or will be considered and / or addressed in the EA / IS;
- Describe any outstanding concerns; and
- Include appendix reference to minutes of any meetings held and written comments received.

Logistical correspondence (e.g., scheduling a meeting) has not been included in the appendices but has been tracked separately. The only instance when logistical correspondence has been included as an appendix is when a meeting was not scheduled or was postponed; this information is included to show level of effort.

1.3 Approach

As outlined in the Consultation and Engagement Plan to Support the EA / IS (Appendix B of the ToR), the NoC of EA milestone was focused on the following activities and request for targeted input:

Planned Activities for Indigenous communities:

- Circulate Notice of Commencement
- Update MFFN website
- Distribute letter(s) to Chief and Councils, related to setting up meetings, responding to concerns expressed, the IK Program, the Community Co-ordinator Program or other topics, as needed
- Engage Project-specific Community Co-ordinators, as appropriate
- Hold discussions / meetings with interested Chiefs and Councils and / or Indigenous communities

1. *Interested persons is used to describe individuals and groups (e.g., associations, non-government organizations, industry and academia) who could have an interest in the Project, including but not limited to communities in the region, those with commercial interests (e.g., forestry, trappers, outfitters, other mineral tenure holders in the area) and recreational users or those with recreational interest (e.g., campers, hunters and environmental groups).*

- Encourage and host in-person or virtual meetings (based on Indigenous communities' preferences) to provide information on the Project and discuss concerns and / or Aboriginal and Treaty Rights and Interests (ATRI)
- Respond in a timely and transparent manner to Indigenous communities with questions and / or concerns
- Update newsletters / E-Blasts and emails
- Update social media
- Follow-up with communication to confirm information was received and the material(s) provided were understood

Targeted Input (request information to determine and identify):

- Level of interest in Project
- Level of interest in meeting / discussions with Chiefs and Councils and / or Indigenous communities
- Level of interest in meeting to discuss ATRI and the IK Program, in a confidential manner
- How Indigenous communities would like to be kept informed during the EA / IA processes
- Level of interest in creating Indigenous community-specific Consultation and Engagement Plan(s) as they relate to the EA / IS

The following additional activities and request for targeted input took place during the NoC of EA milestone, including:

– **PIC #3: EA / IS Phase #1 Introduction**

An in-person PIC (with supporting virtual materials) was added to the NoC of EA milestone and took place on Monday June 27, 2022 in Thunder Bay and on Wednesday, June 29, 2022 in Geraldton. Indigenous community members were invited to attend for the first hour of each meeting and stay for the remainder of the event; the public was invited to join during the second hour of the event. PIC #3 provided information on: an overview to the Project; updates since the ToR; the EA / IA process; study areas, including specific updates made to reflect potential sources of aggregate material and input received from Indigenous communities; preliminary results of field studies and information on upcoming field studies; IK and ATRI; how Indigenous communities have been involved to-date and plans for future consultation and engagement, including the Community Co-ordinator Program; feedback heard to-date and how it is being considered; ongoing and future consultation and engagement opportunities and next steps. PIC #3 content, including opportunities for feedback, was also provided to MFFN members at an in-community meeting on June 28, 2022; feedback provided is included in MFFN's section in **Section 3**. More details about the summary of consultation and engagement for PIC #3 are provided in **Section 1.7**.

– **ATRI and Indigenous Knowledge (IK) Program**

An important part of the assessment process is collecting IK and information on Indigenous land and resource use to help understand baseline (existing) conditions, predict the potential effects of the Project, and determine appropriate mitigation and monitoring measures. The IK Program was developed with the aim to collect IK relevant to the Project and information on Indigenous land and resource use in the vicinity of the Project area. The IK Program strives to collaborate with interested Indigenous communities and to discuss how relevant information will become part of the assessment processes and Project planning and design. During this reporting time period, an update on the Project IK Program with an updated schedule and timeline was distributed to Indigenous communities. Ongoing follow-up regarding the IK Program also took place.

- **Field Studies and Education, Consultation and Engagement on Valued Components**
Several field programs took place during the NoC of EA milestone. To help Indigenous communities better understand the field studies related to valued components, Discussion Guides were distributed with plain language information about what the Project is studying, why it is important and questions to solicit feedback before the studies take place. Educational videos on valued components were also shared online.
- **Raising Awareness**
Several activities were completed related to raising awareness on the Project and encouraging opportunities to meet with the MFFN CAR Project Team. Monthly electronic newsletters were distributed (referred to as E-Blasts) and always included a section seeking those interested to reach out and schedule a meeting with the MFFN CAR Project Team, a public social media account was created, the private MFFN members only Facebook account was used to share information and promote upcoming events and an article was featured in the Matawa Messenger newsletter.

Efforts have also been made to initiate discussions to schedule key informant interviews and hold discussions / meetings that consider applicable and relevant subgroups (e.g., women, youth, elders).

1.4 Project Notifications and Information Releases

A formal notice and invitation to PIC #3 was published on the Project website (www.martenfallsaccessroad.ca/documents/#notices) on June 13, 2022 in English, Cree, French, Ojibway and Oji-Cree and distributed in print, online and on the radio via multiple outlets, as outlined below.

Copies of the formal notice, in each language, are provided in **Appendix A7**.

- CFNO Radio, 91-5 CKPR and Rock94 Radio: June 13-26, 2022

The electronic Project mailing list (anyone who opts-in to receive Project emails) also received the notice on June 13, 2022, which includes the following groups:

- MFFN Chief, Council members and community members
- MFFN CAR Project Team
- Indigenous community key contacts (as requested by Indigenous communities), e.g., Chief and Council members, consultants and / or band office contacts
- Tribal Councils, Provincial Territorial Organizations and Métis Nation
- Indigenous Peoples (i.e., Indigenous community members who opted in and are not identified as key contacts)
- Businesses
- Tourism operators
- Community and interest groups and non-governmental organizations
- Forest management companies
- Mining claim holders
- Unaffiliated members of the public
- Emergency medical services and law enforcement
- Political parties and their contacts
- Neighbouring projects and their key contacts
- Government Review Team (GRT)
- Non-GRT government representatives

In addition to PIC #3 notifications, the Project website (www.martenfallsaccessroad.ca) was periodically updated with Project information including all relevant Project notices (e.g., NoC of EA, Discussion Guides, videos, monthly E-Blasts) and other Project-related materials such as mapping. More details are included in **Section 2** below.

1.5 Summary of Indigenous Community and Organization Consultation

The MECP issued a letter on December 19, 2018 with a list of the neighbouring Indigenous communities to be consulted and engaged on the basis that they have (or may have) constitutionally protected ATRI that may be adversely affected by the Project and / or who may be interested in the Project. This list is included in Table 1-1.

Mishkeegogamang First Nation was added to the list of neighbouring Indigenous communities to be consulted on the Project based on the Agency's 'Preliminary List of Indigenous Communities for Proponent Engagement on the Marten Falls Access Road'. Therefore 23 Indigenous communities were identified for engagement. Although Mishkeegogamang First Nation has not yet expressed interest in the Project, they are being provided information in conjunction with the neighbouring Indigenous communities who might be affected by or have an interest in the Project.

Table 1-1: Identified Indigenous Communities, including their Provincial Territorial Organizations and / or Tribal Council Affiliations

Tribal Council Affiliation	Community or Organization
Matawa First Nations Management (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Marten Falls First Nation (Proponent and potentially affected Indigenous community) ■ Aroland First Nation ■ Constance Lake First Nation ■ Eabametoong First Nation (Fort Hope) ■ Ginoogaming First Nation ■ Neskantaga First Nation ■ Nibinamik First Nation ■ Webequie First Nation
Matawa First Nation and the Union of Ontario Indians (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Long Lake #58 First Nation**
Mushkegowuk Council (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Attawapiskat First Nation ■ Fort Albany First Nation ■ Kashechewan First Nation
Shibogama First Nations Council (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Kasabonika Lake First Nation* ■ Kingfisher Lake First Nation* ■ Wapekeka First Nation* ■ Wawakapewin First Nation** ■ Wunnumin Lake First Nation
Independent First Nations Alliance	<ul style="list-style-type: none"> ■ Kitchenuhmaykoosib Inninuwug First Nation
Independent First Nations (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Mishkeegogamang First Nation*** ■ Weenusk First Nation
Nokiiwin Tribal Council	<ul style="list-style-type: none"> ■ Animbiigoo Zaagi'igan Anishinaabek First Nation (AZA)*
Métis Nation of Ontario (MNO)	<ul style="list-style-type: none"> ■ Métis Nation of Ontario (MNO), Region 2**
Independent Métis Nation	<ul style="list-style-type: none"> ■ Red Sky Métis Independent Nation (RSMIN)* *

Notes: * Indigenous communities or organizations identified by MECP who should be consulted on the basis that they may be interested in the Project.

** MECP indicated in a letter to MFFN that Long Lake #58 First Nation was moved from interest-based to rights-based.

*** On September 9, 2019, the Agency identified Mishkeegogamang First Nation in the Preliminary List of Indigenous Groups for Proponent Engagement on the Marten Falls Community Access Road Project

♦ Indicates communities identified by MECP but not on the Agency's Indigenous Engagement and Partnership Plan

As of June 30, 2022, 17 of these communities have expressed an interest in the Project, including meeting to understand more. Those communities MFFN has met with during the NoC of EA milestone are indicated with an asterisk below (*):

- | | |
|--|---|
| <ul style="list-style-type: none"> Marten Falls First Nation*; Aroland First Nation; Attawapiskat First Nation; Constance Lake First Nation*; Eabametoong First Nation (Fort Hope); Fort Albany First Nation; Ginoogaming First Nation; Kasabonika Lake First Nation; Kashechewan First Nation; | <ul style="list-style-type: none"> Kingfisher Lake First Nation; Long Lake #58 First Nation; Neskantaga First Nation; Nibinamik First Nation; Webequie First Nation; RSMIN; AZA; and Kitchenuhmaykoosib Inninuwug First Nation. |
|--|---|

The remaining six communities have expressed interest in receiving Project materials and may contact MFFN if they would like to meet in the future. MFFN continues outreach on an ongoing basis to these communities; providing the same milestone information (e.g., Discussion Guides, monthly E-Blasts, notifications, field notices) offered to each of the 23 Indigenous communities being engaged. These communities include:

Wunnumin Lake First Nation;
Wapekeka First Nation;
Wawakapewin First Nation;

Weenusk First Nation;
Mishkeegogamang First Nation; and
Métis Nation of Ontario, Region 2.

Those Tribal Councils, Nations and Alliances listed in the table above, as well as the Chiefs of Ontario and Union of Ontario Indians, have been identified as potentially interested in the Project, and have been provided with information and options to meet with MFFN throughout the EA / IA. Mushkegowuk Tribal Council and Métis Nation of Ontario (MNO) both held virtual meetings with MFFN during this reporting time period.

MFFN is currently consulting and engaging with Indigenous communities identified by the MECP and the Agency (detailed in **Section 1.5**) and will continue to do so throughout the EA / IA, as per the level of interest expressed by each community. MFFN, as the Proponent, will also work with communities to collect IK to incorporate into the EA / IS regarding traditional land and resource use and cultural practices.

All 23 identified Indigenous communities have been contacted regularly by the MFFN CAR Project Team with conversations ranging from: follow-up on the NoC of EA, field study / valued component (e.g., educational videos); information and surveys (via Discussion Guides); regular Project email updates, including monthly E-Blasts; in-person outreach (via telephone and email); the IK Program; Community Co-ordinator Program; PIC #3; and offers to meet (e.g., Chief and Council meetings followed by meetings with the broader community). Comments, issues and questions received from Indigenous communities that can be shared publicly are included in **Section 3**.

Outreach efforts and correspondence with the Indigenous communities continued regarding their interest in the Project and the potential to meet / discuss the Project. Due to the continuation of the COVID-19 pandemic in 2021 and 2022, a hybrid of teleconference and in-person meetings with Indigenous communities were continued to be offered.

In summary, the MFFN CAR Project Team has provided / offered many opportunities to consult and engage the identified Indigenous communities, including (with specific details in the Consultation Snapshot table in **Section 2**:

- Distributed NoC of EA;
- Completed follow-up phone calls and emails to confirm receipt of notifications and other distributed materials;
- Circulated Project updates, including nine E-Blasts;
- Sent emails and phone calls to confirm interest in being consulted on the Project (for communities that had not yet expressed interest);
- Held conference calls / in-person meetings with community representatives and / or community meetings with four Indigenous communities, Provincial Territorial Organizations and Tribal Councils;
- Distributed field study discussion guides (including surveys for feedback) and field notices regarding specific programs;
- Distributed 2021 Highlights Letter, noting challenges faced during 2021 due to COVID-19, States-of-Emergencies and regional and localized forest fires, a link to the December E-Blast including a snapshot of work completed in 2021, requesting a meeting for the EA / IA and requested preferences for receiving information;
- Circulated IK Program update, including updated schedule;

- Completed follow-up via phone calls and emails regarding E-Blast contents, field programs and corresponding Discussion Guides, Community Co-ordinator Program, IK Program;
- Offered to meet
- Circulated Community Co-ordinator Program letter offering to hire members of specific Indigenous communities as Project-specific Community Co-ordinators. A description of the role was provided and offer to setup a meeting to discuss further;
- Distributed Notice of PIC #3 Introduction of EA / IS;
- Held PIC #3 in Thunder Bay and Geraldton, along with an in-community MFFN meeting, and online version of the PIC #3;
- Distributed plain language videos showcasing different valued components and supporting content in Field Study Discussion Guide and Notices; and
- Held meetings with MFFN Chief and Council and broader community.

Specific Indigenous communities were also offered funding through the Community Co-ordinator Program—these communities have been most engaged and active on the Project or have indicated interest in engaging on the Project and requiring financial support. In addition, MFFN members were also offered employment opportunities as Field Study Support Staff to assist with field programs. Between October 29, 2021 and June 30, 2022, 29 Field Study Support Staff opportunities were filled by eight (8) MFFN community members.

1.6 Summary of Input and Information Received and EA Milestone Development

The following **Table 1-2** describes a high-level summary of input and information received during this reporting time period and how this information has informed the EA milestone development or will inform the EA. While there was some specific feedback received that has directly informed the EA milestone development / EA, the majority of feedback was broad with limited specific details (therefore requiring on-going follow-up and additional details from source commenters) or were more general interests or concerns. The MFFN CAR Project Team will continue to follow-up and seek additional details.

Table 1-2: Summary of Input and Information Received and EA / Milestone Development

Input and Information Provided by Indigenous Communities	How the Development of the EA Milestone or EA Has Been or May Be Informed
<p>Specific Feedback Provided on Environmental Existing Conditions</p> <ul style="list-style-type: none"> ■ Specific feedback was provided on the bird field program, including birds observed and comments on their habitats ■ Specific feedback was provided on the wolverine field program ■ Confidential information regarding the Albany River was provided and is considered as IK ■ Caribou were identified in the District of Kenora ■ Request to participate in field studies 	<ul style="list-style-type: none"> ■ Birds and comments on their habitats were noted for the bird field program. ■ One site of the wolverine hair snag was changed based on feedback provided ■ The EA has been informed by confidential information regarding the Albany River and details are being kept confidential ■ The general identification of caribou location(s) has been noted ■ Members of Aroland First Nation were invited to participate in the Groundwater and Geochemistry field program, including a flyover and planning for subsequent drilling program (outside of this reporting time period); any feedback provided during the flyover will be considered as part of the EA
<p>Concerns Related to Environmental Existing Conditions; Additional Details Required</p> <ul style="list-style-type: none"> ■ It was noted that a spawning area could be relocated if it would be disrupted by the Project ■ Concern was expressed for watersheds ■ Concern was expressed regarding caribou migration and impacts to gathering rights ■ Concern was expressed related to salting on the road and impacts to nearby rivers 	<ul style="list-style-type: none"> ■ Relocating spawning areas has not yet been determined due to insufficient details provided. On-going follow-up is taking place to receive additional information to help identify the spawning area ■ More specific details are required related to concerns for watersheds. As part of the alternative selection, effects to Natural Environment will be taken into consideration. ■ More specific details are required related to concerns for caribou migration and impacts to gathering rights. ■ The concern regarding salting and nearby rivers has been noted and maintenance of the Community Access Road, including usage of salt, will be one of the indicators for the evaluation
<p>Interests Related to Environmental Existing Conditions; Additional Details Required</p> <ul style="list-style-type: none"> ■ Several communities indicated interest in different topics related to existing conditions without providing specific feedback or comments. Some examples include receiving field study results when they become available for caribou 	<ul style="list-style-type: none"> ■ Interest in topics has been noted for each community. The MFFN CAR Project Team continues to distribute Discussion Guides related to field studies, educational videos and is planning upcoming webinars on valued components. Early observations and methods for field studies completed to-date were provided at PIC #3 and will be expanded as more information becomes available. Meetings will continue to be offered based on specific topics of interest to solicit additional feedback and issues
<p>Route Alignment</p> <ul style="list-style-type: none"> ■ A variety of comments were provided on the route alignment near MFFN, including: river and ice levels can be high near MFFN and there are locations where the bank is eroding and could affect the road; intense rain could damage the road and impact streams due to erosion; safety concerns were raised regarding truck activities (including dust, noise, low visibility and speeding) north of the airport and children who play in the same area; and concerns regarding how the Community Access Road may interfere with MFFN community activities (e.g., gathering firewood, social events) 	<ul style="list-style-type: none"> ■ Concerns related to the route alignment closer to MFFN have been noted and will be considered as part of the EA. As part of the EA, the evaluation will identify the preferred route for the Community Access Road, temporary infrastructure and aggregate sources with the least potential for negative effects, greatest opportunity for mitigating negative effects and greatest benefits to the community. Safety will be considered as part of the technical considerations and issues such as water level and erosion will also be considered as part of technical considerations and examined under Natural Environment.

Input and Information Provided by Indigenous Communities	How the Development of the EA Milestone or EA Has Been or May Be Informed
<p>Cumulative Effects, Road Projects and Regional Assessment</p> <ul style="list-style-type: none"> Some communities expressed concerns regarding cumulative effects / impacts in the Project area, including the scope of the EA, impacts from all three road projects (the Community Access Road, Webequie Supply Road and Northern Road Link), the Regional Assessment and a moratorium on the Ring of Fire activities. 	<ul style="list-style-type: none"> Some of the comments received were directed to government agencies (e.g., NDMNRF, MECP, the Agency) to respond to as they were outside of the scope of the Community Access Road Project. In terms of cumulative effects, if specific details are provided they will be considered as part of the EA; the EA will predict cumulative effects of the preferred alternative with the effects of past, present and reasonably foreseeable projects. Cumulative effects assessment methods will be shared during the Identifications of Preferred alternatives milestone.
<p>Impacts from COVID-19</p> <ul style="list-style-type: none"> Some communities expressed inability to effectively engage with their community members due to the COVID-19 pandemic. 	<ul style="list-style-type: none"> The MFFN CAR Project Team continues to work with each Indigenous community's preference in how they would like to be consulted and engaged, whether virtually or in-person and in light of the COVID-19 pandemic or other crises. Custom consultation plans and protocols were also offered and will be followed up on with communities who expressed interest.
<p>Timeline Extensions</p> <ul style="list-style-type: none"> Some communities requested extended Project timelines, both on the provincial and federal processes. 	<ul style="list-style-type: none"> Questions regarding timeline extensions will continue to be responded to, seeking to understand the needs of each community. A request for an IS extension is being planned and will be formally requested outside of this reporting time period. Communities will continue to be kept informed on timelines.
<p>Request for Funding</p> <ul style="list-style-type: none"> Some communities expressed need for provincial participant funding to participate in consultation and engagement activities. There has also been ongoing coordination to onboard communities to the IK Program and Community Coordinator Program, with funding provided by the MFFN CAR Project Team. 	<ul style="list-style-type: none"> While participant funding is issued by the province and not the MFFN CAR Project Team, requests were shared with the province to respond to. Additional funding for Indigenous communities include participation in the IK Program and Community Coordinator Program. The MFFN CAR Project Team has followed up with Indigenous communities via phone and email throughout this milestone regarding funding opportunities.

A detailed record of the efforts made to consult and engage with each of the 23 Indigenous communities and correspondence received from the communities from October 29, 2021 to June 30, 2022 is provided in **Section 3**. The following sections summarize key consultation activities and issues received through consultation and engagement activities during this time period.

The following sections provide an overview of consultation and engagement that has occurred with Indigenous communities, Provincial and Territorial Organizations and Tribal Councils. **Appendix A** of this report includes copies of Project distributions sent to Indigenous communities and others including monthly E-Blasts, educational videos, Field Notices and Field Study Discussion Guides. **Appendix B** of this report includes copies of distributions to Indigenous communities including, presentations, meeting summaries, if applicable. This overview and appendix materials are provided to Indigenous communities for their review before moving into the next milestone, Effects Assessment Methods.

2. Consultation Snapshot

The table below provides an overview of consultation and engagement activities during the NoC of EA. Issues received through consultation and engagement activities during this milestone are included in **Section 3**.

Table 2-1: Consultation Snapshot – From October 29, 2021 to June 30, 2022

Project Phase: NoC of EA			
Activity	Audience		
	Indigenous Communities	Interested Persons	Agencies & Government Bodies
NoC			
■ Distribution of EA NoC (October 29, 2021).	✓	✓	✓
■ NoC Advertisement (October 29 to November 12, 2021).	✓	✓	✓
Public Information Centre #3 (PIC #3)			
– PIC #3 Notice distributed (June 13)	✓	✓	✓
– PIC #3 in Thunder Bay (June 27)	✓	✓	✓
– PIC #3 in Geraldton (June 29)	✓	✓	✓
Individual Project Meetings			
■ Follow-up letters, emails, and phone calls to Indigenous communities regarding the Project.	✓		
■ Hosted in-person and virtual meetings with: – MFFN community (in-person November 16 to 17, 2021) – MFFN community (virtual February 2, 2022) – MFFN community (in-person June 28, 2022; PIC #3 materials)	✓		
■ Presented to the Mushkegowuk Council AGM (in-person, November 24, 2021)	✓		
■ Teleconference with Métis Nation of Ontario (MNO) to discuss the IK Program (February 4, 2022). <i>Note: Also captured under the IK Program section below</i>	✓		
■ Teleconference with Constance Lake First Nation (April 21, 2022). <i>Note: Also captured under the IK Program and Community Co-ordinator section below</i>	✓		
■ Teleconference presentation to Mushkegowuk Tribal Council's Terrestrial Working Group (May 18, 2022)	✓	✓	
Other Notices / Newsletters			
■ 2021 Highlights Letter distributed to Indigenous communities via email (December 15, 2021 – 2021)	✓		
■ Phone calls to Indigenous communities to follow-up on the December E-Blast, Winter Discussion Guide and field notice (December 16 to 17, 2021)	✓		
■ Circulated Monthly Project Update Email Blast (referred to as E-Blast) – October 2021 (November 3, 2021) – November 2021 (November 30 201) – December 2021 (December 15, 2021) – January 2022 (January 31, 2022) – February / March 2022 (March 15, 2022) – April 2022 (April 29, 2022) – May 2022 (May 27, 2022) – June 2022 (June 24, 2022)	✓	✓	✓

Activity	Audience		
	Indigenous Communities	Interested Persons	Agencies & Government Bodies
<ul style="list-style-type: none"> ■ Circulated Field Study Notices & Discussion Guides: <ul style="list-style-type: none"> – Winter Field Program Notice and Discussion Guide (December 10, 2021) – Furbearer Ground Track Survey Update (January 19, 2022) – Bird Aerial Surveys Update (February 4, 2022) – Wolverine Den Surveys Notice (February 14, 2022) – Wolverine Hair Snag Program and Bird Autonomous Recording Unit Update (March 3, 2022) – Wolverine Den Survey Update (March 9, 2022) – Early Spring Notice (March 29, 2022) – Terrain and Soils Notice (May 11, 2022) – Surface Water, Fish and Fish Habitat Notice (May 30, 2022) – Vegetation Field Notice (June 10, 2022) 	✓	✓	✓
■ Matawa Messenger newsletter feature (June 2022)	✓	✓	✓
Indigenous Knowledge (IK) Program			
■ Circulated an update on the MFFN CAR IK Program which included an updated schedule and timeline for Indigenous communities to share IK (January 21 to 24, 2022)	✓		
■ Teleconference with Métis Nation of Ontario (MNO) to discuss the IK Program (February 4, 2022)	✓		
■ Teleconference with Constance Lake First Nation to discuss the IK Program (and Community Co-ordinator Program) (April 21, 2022)	✓		
Community Co-ordinator Program			
■ Distribution of letter introducing the Community Co-ordinator Program to 13 neighbouring Indigenous communities including job posting (March 17, 2022)	✓		
■ Teleconference with Constance Lake First Nation to discuss the Community Co-ordinator Program (and the IK Program) (April 21, 2022)	✓		
■ Ongoing outreach to 13 Indigenous communities to address questions and discuss details of the Community Co-ordinator Program (April – May, 2022)	✓		

3. Consultation and Engagement with Indigenous Communities, Provincial and Territorial Organizations and Tribal Councils

3.1 Consultation and Engagement with Indigenous Communities

To summarize overall engagement with each Indigenous community, the following analytics were performed:

The **Level of Engagement Effort and Response** bar graph reflects the efforts taken by the MFFN CAR Project Team to engage Indigenous communities and the level of response received. Communications channels considered include **email correspondence** (outgoing & incoming), **phone correspondence** (outgoing & incoming), and **meetings offered in comparison to meetings scheduled**, by any means of communication.

- **Email Correspondence** reflects all personalized emails sent between the MFFN CAR Project Team and Indigenous communities.
 - **Outgoing Email Correspondence** reflects all personalized emails sent from the MFFN CAR Project Team to a specific Indigenous community; mass communications sent to all communities by the MFFN CAR Project Team are not considered in this calculation.
 - **Incoming Email Correspondence** includes emails received from an Indigenous community directly to MFFN CAR Project Team; emails that only confirm receipt of an outgoing email or emails where the MFFN CAR Project Team are copied but not directly mentioned are not included.
- **Phone Correspondence** reflects all call attempts between the MFFN CAR Project Team and an Indigenous community.
 - **Outgoing Phone Calls** reflect all phone calls made by the MFFN CAR Project Team to an Indigenous community. **Answered Phone Calls** includes those calls that were answered immediately by the intended recipient or were returned at a later time when the contact was available.
 - **Incoming Phone Calls** reflect instances where Indigenous communities contacted MFFN CAR Project Team without a previous outgoing phone call.
- **Meetings Offered vs. Held** reflects the efforts taken by the MFFN CAR Project Team to schedule a meeting in comparison to the number of meetings achieved between the Indigenous community and the MFFN CAR Project Team.

3.1.22 Métis Nation of Ontario (MNO), Region 2 (Greenstone Council)

Community Profile	
Location:	226 South May Street, Thunder Bay, ON P7E 1B4
Tribal Council:	Thunder Bay Métis Nation, MNO Superior North Shore Métis Council
Treaty:	N/A
Project Team Lead:	Jodi Miles

Communication Distribution

Summary of Participation During Reporting Period	
Date of Last Outgoing Communication from MFFN CAR Project Team (Email or Phone)	June 22, 2022
Date of Last Incoming Communication from Community (Email or Phone)	March 30, 2022
Participating in IK Program: Not offered	Status of IK Sharing Agreement: N/A
	Status of IK Funding Agreement: N/A
	IK information provided: N/A

Summary of Participation During Reporting Period

Participating in Community Coordinator Program: Not Offered	N/A
Commented during The ToR	Commented on Draft ToR: No
	Commented on Final ToR: No

Key Consultation and Engagement Activities Undertaken During EA / IA (October 29, 2021 – June 30, 2022)

Date	Consultation and Engagement Activity
Oct 29, 2021	EA NoC distributed via email.
Nov 02, 2021	EA NoC distributed via mail (hard copy).
Nov 03, 2021	October 2021 MFFN CAR E-Blast distributed via email.
Nov 30, 2021	November 2021 MFFN CAR E-Blast distributed via email.
Dec 10, 2021	Winter Field Programs Discussion Guide and Notice distributed via email.
Dec 15, 2021	December 2021 MFFN CAR E-Blast & 2021 Highlights Letter distributed via email.
Dec 17, 2021	Phone calls to follow-up on the December E-Blast, Winter Field Programs Notice and Discussion Guide.
Jan 19, 2022	Furbearer Ground Track Survey update distributed via email.
Jan 21, 2022	Circulated a MFFN CAR IK Program update including updated schedule.
Jan 31, 2022	January 2022 MFFN CAR E-Blast distributed via email.
Feb 04, 2022	Ungulate Aerial Surveys update distributed via email.
Feb 14, 2022	Wolverine Den Surveys Field Study Notice and Winter Field Programs update distributed via email.
Mar 03, 2022	Wolverine Hair Snag and Bird ARU update distributed via email.
Mar 09, 2022	Wolverine Den Surveys update distributed via email.
Mar 15, 2022	February / March 2022 MFFN CAR E-Blast distributed via email.
Mar 28, 2022	Follow up call and email to confirm receipt of the February / March E-Blast including the Bird and Spring Discussion Guides and Project update video.
Mar 29, 2022	Early Spring Field Notice and Winter program updates distributed via email.
Apr 29, 2022	April 2022 MFFN CAR E-Blast distributed via email.
May 11, 2022	Terrain and Soils Field Notice distributed via email.
May 27, 2022	May 2022 MFFN CAR E-Blast distributed via email.
May 30, 2022	Surface Water, Fish and Fish Habitat Field Notice distributed via email.
Jun 10, 2022	Vegetation Field Notice distributed via email.
Jun 13, 2022	Notice for PIC #3 distributed via email.
Jun 20 and 22, 2022	Email and phone call invitations for PIC #3.
Jun 24, 2022	June 2022 E-Blast distributed via email.
Jun 30, 2022	PIC #3 materials and online feedback form distributed via email.

Summary of Feedback Received and Response / Action – Métis Nation of Ontario (MNO), Region 2 (Greenstone Council)					
Item #	Topic / Issue Raised	Specific Issue / Comment Raised	Communication Channel	Response / Action	Addressed through the NoC EA Milestone and / or in the EA / IS
1.	■ Consultation Methods	■ Issue—Feedback: No feedback received during October 29, 2021 – June 30, 2022 reporting period.	■ N/A	■ N/A	■ Opportunities to provide feedback will continue throughout the EA / IA.

Consultation and Engagement Log– Métis Nation of Ontario (MNO), Region 2 (Greenstone Council)							
Communication Date	Method of Engagement	Incoming	Outgoing	Contact Name	Contact Title	Project Team	Summary
Oct 29, 2021	Email		X	■ Nicholas Richard	■ Consultation Assessment Advisor	■ MFFN CAR Project Team	■ The MFFN CAR Project Team issued the NoC for the provincial EA to MNO - Region 2 on October 29, 2021. The email included the English NoC as an attachment and noted that the NoC is available in English, French, Ojibway, Oji-Cree and Cree on the MFFN CAR Project website.
Oct 29, 2021	Email		X	■ William Gordon	■ President	■ MFFN CAR Project Team	■ The MFFN CAR Project Team issued the NoC for the provincial EA to MNO Greenstone Council on October 29, 2021. The email included the English NoC as an attachment and noted that the NoC is available in English, French, Ojibway, Oji-Cree and Cree on the MFFN CAR Project website.
Nov 02, 2021	Email		X	■ Nicholas Richard	■ Consultation Assessment Advisor	■ MFFN CAR Project Team	■ The MFFN CAR Project Team mailed the NoC for the provincial EA to MNO - Region 2 and included the English Ojibway, Oji-Cree and Cree versions.
Nov 02, 2021	Email		X	■ William Gordon	■ President	■ MFFN CAR Project Team	■ The MFFN CAR Project Team mailed the NoC for the provincial EA to MNO - Greenstone Council and included the English Ojibway, Oji-Cree and Cree versions.

Feb 04, 2022	Email		X	■ William Gordon	■ President	■ MFFN CAR Project Team	■ The MFFN CAR Project Team followed up from the Winter Field Notice with confirmed dates for the winter ungulate aerial field program taking place from February 7 to 14, 2022. A field notice with more information was attached.
Feb 14, 2022	Email		X	■ Nicholas Richard	■ Consultation Assessment Advisor	■ MFFN CAR Project Team	■ The MFFN CAR Project Team distributed an update for winter programs. The first update included a Field Notice for Wolverine Den Surveys taking place in advance of tree clearing activities for the upcoming Groundwater and Geochemistry field program, and noted that the Groundwater and Geochemistry Program was delayed and is expected to start after the Wolverine Den Surveys. The second update was that the Ungulate Aerial Survey was delayed due to needing optimal snow conditions. The third update was that the second round of Furbearer Ground Track Surveys are expected to start later in February. Links to videos about wolverines, groundwater, ungulates and furbearers were included, along with a link to the website for notices. Notices for the Groundwater and Geochemistry Program, Wolverine Den Surveys and Combined Winter Field Programs were attached.

Good afternoon Nick,

I hope this email finds you well. I would like to take this opportunity to introduce Minen Uraih (cc'ed here). Minen will be your point of contact for the MFFN CAR Project moving forward. Please reach out to her with any comments or questions.

Kind regards,

Jessica

New Contact Information for MFFN CAR Project

Miles, Jodi [redacted] Tue, Mar 1, 2022 at 5:21 PM

To: [redacted]

Bcc [redacted]

Hello Nicholas,

My name is Jodi Miles and I am contacting you regarding the Marten Falls Community Access Road (MFFN CAR) Project. I would like to introduce myself and let you know that I am your primary contact for the MFFN CAR Project.

At this time the MFFN CAR Project is currently in the environmental assessment (EA) phase and we are working to collect important baseline information as part of our Field Study Programs and our Indigenous Knowledge (IK) Program. You will see us send notifications and information about these programs as well as monthly updates from the MFFN CAR Project webmail [redacted]

Should you have questions or would like to meet with us please do not hesitate to let me know and I would be happy to follow up with you or coordinate a time to meet. You can reach me at [redacted] or [redacted]

Please don't hesitate to reach out if you have any questions, comments or feedback for us!

Sincerely,

Jodi Miles

Follow up on MFFN CAR update phone call

Miles, Jodi <[redacted]>

Mon, Mar 28, 2022 at 5:25 PM

To: [redacted]
Bcc: [redacted]

Dear Nicholas,

I hope all is well. I called today to follow up about some of the updates for the MFFN CAR project. I wanted to send along a follow up email to highlight some important items:

- **Monthly Project Update Emails** (e-Blasts, sent March 15, 2022)
 - There is a new Project Update Video and did you see the Survey? Completing a survey by March 31, 2022 enters you into an opportunity to win one of five \$50 gift cards.
- **Bird and Spring Discussion Guides**
 - Please let us know if you or your advisors would like to provide any input or if there are questions regarding the Bird and Spring Discussion Guide questions.

We would also be happy to meet with you and other members of your team to discuss these items as well.

Sincerely,

Jodi Miles
On behalf of the MFFN CAR Project Team

Miles, Jodi [redacted]

Join us at the Public Information Centre #3 for the Community Access Road

Miles, Jodi [redacted]
To: Nicholas Richard [redacted]
Bcc: [redacted]

Wed, Jun 22, 2022 at 9:25 AM

Good morning Nicholas,

I'm following up on a phone call made Monday afternoon about the Marten Falls First Nation Community Access Road's third Public Information Centre (PIC) for the Project on June 27th and June 29th. I hope MNO Region 2 members are interested in joining us.

The PIC will be an opportunity to learn more about where we are at in the Community Access Road Project, what's happened since the last PIC and what's coming up. There will also be time to meet Project Team members to discuss the Community Access Road and share your feedback, ideas and values.

When and Where:

Monday, June 27, 2022

Victoria Inn Hotel and Convention Centre
Room: Regency A
555 Arthur Street West
Thunder Bay, Ontario
5:00 p.m.* – 8:00 p.m.

Wednesday, June 29, 2022

Geraldton Community Centre
200 Wardrope Avenue
Geraldton, Ontario
4:00 p.m.* – 7:00 p.m.

**Indigenous community members are invited to join for the first hour of each meeting and the public is invited to join beginning one hour following.*

You will find attached a poster that can be shared with your community members via email or printed off and posted. The notice for the Public Information Centre in English, Ojibway, Oji-Cree, Cree and French is available [on our website](#).

If you are unable to attend the Public Information Centre in person, all meeting materials will be posted on the project website.

Please reach out if you have any questions.

Sincerely,

Jodi Miles,
On behalf of the MFFN CAR Project Team

Good morning William,

I'm following up on a phone call made Monday afternoon about the Marten Falls First Nation Community Access Road's third Public Information Centre (PIC) for the Project on June 27th and June 29th. I hope MNO members are interested in joining us.

The PIC will be an opportunity to learn more about where we are at in the Community Access Road Project, what's happened since the last PIC and what's coming up. There will also be time to meet Project Team members to discuss the Community Access Road and share your feedback, ideas and values.

When and Where:

Monday, June 27, 2022

Victoria Inn Hotel and Convention Centre

Room: Regency A

555 Arthur Street West

Thunder Bay, Ontario

5:00 p.m.* – 8:00 p.m.

Wednesday, June 29, 2022

Geraldton Community Centre

200 Wardrope Avenue

Geraldton, Ontario

4:00 p.m.* – 7:00 p.m.

**Indigenous community members are invited to join for the first hour of each meeting and the public is invited to join beginning one hour following.*

You will find attached a poster that can be shared with your community members via email or printed off and posted. The notice for the Public Information Centre in English, Ojibway, Oji-Cree, Cree and French is available [on our website](#).

If you are unable to attend the Public Information Centre in person, all meeting materials will be posted on the project website.

I also wanted to follow up to ask if you received my email about MNO's migratory bird and moose surveys. My team expressed interest in seeing the results of these surveys, if MNO is able to share them with us, so I wanted to check in to see if that might be a possibility. Let me know!

Please reach out if you have any questions.

Sincerely,

Jodi Miles,
On behalf of the MFFN CAR Project Team

DRAFT

Progress Report 2: Effects Assessment Methods Milestone

November 2023

Statement of Qualifications and Limitations: AECOM

The attached Report (the "Report") has been prepared by AECOM Canada Ltd. ("AECOM") for the benefit of the Client ("Client") in accordance with the agreement between AECOM and Client, including the scope of work detailed therein (the "Agreement").

The information, data, recommendations and conclusions contained in the Report (collectively, the "Information"):

- is subject to the scope, schedule, and other constraints and limitations in the Agreement and the qualifications contained in the Report (the "Limitations");
- represents AECOM's professional judgement in light of the Limitations and industry standards for the preparation of similar reports;
- may be based on information provided to AECOM which has not been independently verified;
- has not been updated since the date of issuance of the Report and its accuracy is limited to the time period and circumstances in which it was collected, processed, made or issued;
- must be read as a whole and sections thereof should not be read out of such context;
- was prepared for the specific purposes described in the Report and the Agreement; and
- in the case of subsurface, environmental or geotechnical conditions, may be based on limited testing and on the assumption that such conditions are uniform and not variable either geographically or over time.

AECOM shall be entitled to rely upon the accuracy and completeness of information that was provided to it and has no obligation to update such information. AECOM accepts no responsibility for any events or circumstances that may have occurred since the date on which the Report was prepared and, in the case of subsurface, environmental or geotechnical conditions, is not responsible for any variability in such conditions, geographically or over time.

AECOM agrees that the Report represents its professional judgement as described above and that the Information has been prepared for the specific purpose and use described in the Report and the Agreement, but AECOM makes no other representations, or any guarantees or warranties whatsoever, whether express or implied, with respect to the Report, the Information or any part thereof.

Without in any way limiting the generality of the foregoing, any estimates or opinions regarding probable construction costs or construction schedule provided by AECOM represent AECOM's professional judgement in light of its experience and the knowledge and information available to it at the time of preparation. Since AECOM has no control over market or economic conditions, prices for construction labour, equipment or materials or bidding procedures, AECOM, its directors, officers and employees are not able to, nor do they, make any representations, warranties or guarantees whatsoever, whether express or implied, with respect to such estimates or opinions, or their variance from actual construction costs or schedules, and accept no responsibility for any loss or damage arising therefrom or in any way related thereto. Persons relying on such estimates or opinions do so at their own risk.

Except (1) as agreed to in writing by AECOM and Client; (2) as required by-law; or (3) to the extent used by governmental reviewing agencies for the purpose of obtaining permits or approvals, the Report and the Information may be used and relied upon only by Client.

AECOM accepts no responsibility, and denies any liability whatsoever, to parties other than Client who may obtain access to the Report or the Information for any injury, loss or damage suffered by such parties arising from their use of, reliance upon, or decisions or actions based on the Report or any of the Information ("improper use of the Report"), except to the extent those parties have obtained the prior written consent of AECOM to use and rely upon the Report and the Information. Any injury, loss or damages arising from improper use of the Report shall be borne by the party making such use.

This Statement of Qualifications and Limitations is attached to and forms part of the Report and any use of the Report is subject to the terms hereof.

1. Introduction

1.1 Background

The Terms of Reference (ToR) for the Marten Falls First Nation (MFFN) Community Access Road (CAR or the Project) was approved with amendments on October 8, 2021 and the Notice of Commencement (NoC) of the provincial Environmental Assessment (EA) for the Project was posted on October 29, 2021. As part of the ToR Notice of Approval, Ontario's Minister of the Environment, Conservation and Parks (MECP) included an amendment requiring additional consultation reporting at key EA milestones. Visit <https://www.ontario.ca/page/marten-falls-community-access-road-project> to read the details on the Notice of Approval.

As required by the Minister of MECP, the development of progress reports on consultation activities associated with each of the following EA milestones are required to support Indigenous communities to provide meaningful input during the development of the EA:

- Notice of Commencement (NoC) of Provincial EA (referred to as NoC of EA);
 - Introduction of the Project.
- Effects Assessment Methods; and
 - Development of Effects Assessment methodology, as well as review by regulators.
 - Presentation of Effects Assessment methodology at PICs .
- Identification of Preferred Alternatives.
 - Development of valued component metrics tables and evaluation of information
 - Development of preliminary preferred alternative
 - Validation of information with Marten Falls First Nation Chief and Council and community members.
 - Confirmation of the preferred alternative.

Each progress report is required to:

- Be organized by each Indigenous community;
- Contain a consultation log and summary that tracks consultation activities, information shared by the MFFN CAR Project Team with Indigenous communities, any community input and MFFN CAR Project Team's responses to such input for the EA milestone; and
- Contain a discussion of how any input and information provided by the Indigenous communities have informed the development of the EA milestone.

The progress reports are to be shared with MECP, with community-specific sections shared with each individual Indigenous community before MFFN can move to the next milestone of the EA / IA. If questions or concerns are raised by MECP or an Indigenous community, the MFFN CAR Project Team will make revisions to the progress reports, if necessary, and encourage opportunities to meet in-person or virtually to discuss with the interested community.

This report is the second progress report and pertains to activities related to both the EA and IA processes. The time period begins the day after the first progress report concluded July 1, 2022 and ends May 31, 2023. The Effects Assessment Methods milestone is expected to extend past May 31, 2023 , however, due to the time to develop this report, any information missed during this phase will be included in the next progress report for Identification of Preferred Alternatives which is expected to begin in fall 2023.

The final progress reports will be appended, along with any relevant updates, to the Record of Consultation and Engagement submitted with the draft and final EA / IS.

This progress report provides a detailed account of all communication exchanged with the MFFN CAR Project Team and neighbouring Indigenous communities from July 1, 2022, to May 31, 2023 as part of the Effects Assessment Methods milestone. Note that government agencies and interested persons¹ are not included in progress reports, however, their sections will be included in the Record of Consultation and Engagement for the draft and final EA / IS. **Section 1.5** includes details about the neighbouring Indigenous communities.

The first section of this progress report provides an overview of the Project and outline of the approach to consultation and engagement, the second section describes the consultation and engagement activities undertaken during this time period, and the third section summarizes activities and discussions that occurred with the MFFN CAR Project Team and neighbouring Indigenous communities.

1.2 About the Progress Report

This progress report provides an overview of consultation and engagement carried out between the NoC of EA and after PIC #3 (July 1, 2022 to May 31, 2023). In accordance with the MECP Code of Practice, the progress report has been prepared to:

- Identify Indigenous communities consulted and engaged during this time period and describe how they were identified (confidential information will not be provided);
- Describe the consultation and engagement activities that took place including methods, schedule of events, notification that was given about the activity and materials used;
- Describe how interested Indigenous communities were identified and how they were consulted;
- Summarize clearly and accurately the comments made by all Indigenous communities;
- Describe the Proponent's response and how concerns were considered in the NoC of EA milestone or will be considered and / or addressed in the EA / IS;
- Describe any outstanding concerns; and
- Include appendix reference to minutes of any meetings held and written comments received.

Logistical correspondence (e.g., scheduling a meeting) has not been included in the appendices but has been tracked separately. The only instance when logistical correspondence has been included as an appendix is when a meeting was not scheduled or was postponed; this information is included to show level of effort.

1.3 Approach

As outlined in the Consultation and Engagement Plan to Support the EA / IS (Appendix B of the ToR), the Effects Assessment Methods milestone was focused on the following activities and request for targeted input:

- **Planned Activities for Indigenous communities:**
 - Circulate Notice of Public Information Centres (PIC)
 - Engagement of Community Consultation Co-ordinators, as appropriate and by expressed community interest

1. *Interested persons is used to describe individuals and groups (e.g., associations, non-government organizations, industry and academia) who could have an interest in the Project, including but not limited to communities in the region, those with commercial interests (e.g., forestry, trappers, outfitters, other mineral tenure holders in the area) and recreational users or those with recreational interest (e.g., campers, hunters and environmental groups).*

- Hold Indigenous leadership and community discussions / meetings, considering applicable and relevant subgroups (e.g., women, youth, elders)
- Additional PICs (in-person / or virtual)
- Plain language Project updates (translated, as required)
- Key informant interviews
- Website update
- Newsletter and email update(s)
- Social media update(s)
- Follow-up communication to confirm information was received and the material(s) provided were understood

■ **Targeted Input (request information to determine and identify):**

- Indigenous community values and topics of interest
- Potential effects and impact management measures to be considered
- Impacts of Project on Aboriginal or Treaty Rights and potential impact management measures to avoid, mitigate and off-set the impact(s)
- Seek confirmation whether input and feedback provided during the previous milestone was captured appropriately

The following additional activities and request for targeted input took place during the Effects Assessment Methods milestone, including:

■ **PIC #4: EA / IS Phase #1 Introduction**

An in-person PIC (with supporting virtual materials) for the Effects Assessment Methods Milestone took place on Wednesday December 7, 2022 in Thunder Bay and on Thursday, December 8, 2022 in Geraldton. Indigenous community members were invited to attend for the first hour of each meeting and stay for the remainder of the event; the public was invited to join during the second hour of the event.

PIC #4 provided information on: an overview to the Project; updates since PIC #3; existing conditions results for completed studies, assessment of impacts and comparison of route alternatives; preliminary results of field studies and information on upcoming field studies; IK and ATRI; effects assessment; achieving the next major milestone: process for identifying the preferred route and how route alternatives will be assessed, recommended and a preferred route chosen.

PIC #4 content, including opportunities for feedback, was also provided to MFFN members at an in-community meeting on November 2, 2022; feedback provided is included in MFFN's section in **Section 3**. More details about the summary of consultation and engagement for PIC #4 are provided in **Section 1.7**.

■ **Aboriginal Treaty Rights and Interests (ATRI) and Indigenous Knowledge (IK) Program**

An important part of the assessment process is collecting IK and information on Indigenous land and resource use to help understand baseline (existing) conditions, predict the potential effects of the Project, and determine appropriate mitigation and monitoring measures. The IK Program was developed with the aim to collect IK relevant to the Project and information on Indigenous land and resource use in the vicinity of the Project area. The IK Program strives to collaborate with interested Indigenous communities and to discuss how relevant information will become part of the assessment processes and Project planning and design. During this reporting time period, an update on the Project IK Program with an updated schedule and timeline was distributed to Indigenous communities. Ongoing follow-up regarding the IK Program also took place.

An ATRI Forum was held in Thunder Bay on February 8 and 9, 2023, with the Province offering to fund 2-3 participants from each Indigenous community to attend the event in person. The forum provided a private

and inclusive space for representatives of Indigenous communities to meet with representatives from the Province and the Project Teams for the Marten Falls First Nation Community Access Road, Northern Road Link and Webequie Supply Road.

■ **Field Studies and Education, Consultation and Engagement on Valued Components**

Several field programs took place during the NoC of EA milestone. To help Indigenous communities better understand the field studies related to valued components, Discussion Guides were distributed with plain language information about what the Project is studying, why it is important and questions to solicit feedback before the studies take place. Educational videos and webinars on valued components were also shared online.

■ **Raising Awareness**

Several activities were completed related to raising awareness on the Project and encouraging opportunities to meet with the MFFN CAR Project Team. Monthly electronic newsletters were distributed (referred to as E-Blasts) and always included a section seeking those interested to reach out and schedule a meeting with the MFFN CAR Project Team, a public social media account was created and the private MFFN members only Facebook account was used to share information and promote upcoming events.

1.4 Project Notifications and Information Releases

A formal notice and invitation to PIC #4 was published on the Project website (www.martenfallsaccessroad.ca/documents/#notices) on November 22, 2022 in English, Cree, French, Ojibway and Oji-Cree and distributed in print, online and on the radio via multiple outlets, as outlined below.

Copies of the formal notice, in each language, are provided in **Appendix A7**.

■ **Print Advertisements:**

- The Chronicle Journal: November 22, 2022
- Geraldton Times Star: November 23, 30 and December 7, 2022
- Thunder Bay Source: November 24 and December 1, 2022

■ **Online Advertisements**

- MFFN All Season Community Access Road Project Website (www.martenfallsaccessroad.ca/documents/#notices): November 22, 2022
- MFFN CAR Facebook page: November 23, December 1, 5, 6, 7 and 8, 2022
- MFFN members only Facebook page: December 1, 6, 7 and 8, 2022
- Greenstone Community Calendar: November 23, 2022
- Northern Ontario Business: November 22, 2022
- NWO NewsWatch: November 22, 2022
- SN NewsWatch: November 22, 2022
- Thunder Bay News Watch: November 23 – December 9, 2022
- Windspeaker: November 29 – December 9, 2022

■ **Radio Advertisements**

- Wawatay Radio: three times per day on November 29, 30, December 1, 2, 5, 6, and 7, 2022 (in English, Ojibway, and Oji-cree)
- CFNO Radio, 91-5 CKPR and Rock94 Radio: November 28 – December 9, 2022

The electronic Project mailing list (anyone who opts-in to receive Project emails) also received the notice on November 22, 2022, which includes the following groups:

- MFFN Chief, Council members and community members
- MFFN CAR Project Team
- Indigenous community key contacts (as requested by Indigenous communities), e.g., Chief and Council members, consultants and / or band office contacts
- Tribal Councils, Provincial Territorial Organizations and Métis Nation
- Indigenous Peoples (i.e., Indigenous community members who opted in and are not identified as key contacts)
- Businesses
- Tourism operators
- Community and interest groups and non-governmental organizations
- Forest management companies
- Mining claim holders
- Unaffiliated members of the public
- Emergency medical services and law enforcement
- Political parties and their contacts
- Neighbouring projects and their key contacts
- Government Review Team (GRT)
- Non-GRT government representatives

In addition to PIC #4 notifications, the Project website (www.martenfallsaccessroad.ca) was periodically updated with Project information including all relevant Project notices (e.g., NoC of EA, Discussion Guides, videos, monthly E-Blasts) and other Project-related materials such as mapping. More details are included in **Section 2** below.

1.5 Summary of Indigenous Community and Organization Consultation

As outlined in Milestone Progress Report #1, 23 Indigenous communities were identified for engagement. This list is included in Table 1-1.

Table 1-1: Identified Indigenous Communities, including their Provincial Territorial Organizations and / or Tribal Council Affiliations

Tribal Council Affiliation	Community or Organization
Matawa First Nations Management (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Marten Falls First Nation (Proponent and potentially affected Indigenous community)* + ■ Aroland First Nation* + ■ Constance Lake First Nation* + ■ Eabametoong First Nation (Fort Hope)* + ■ Ginoogaming First Nation* + ■ Neskantaga First Nation* + ■ Nibinamik First Nation* + ■ Webequie First Nation* +
Matawa First Nation and the Union of Ontario Indians (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Long Lake #58 First Nation* +
Mushkegowuk Council (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Attawapiskat First Nation* + ■ Fort Albany First Nation* + ■ Kashechewan First Nation*

Tribal Council Affiliation	Community or Organization
Shibogama First Nations Council (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Kasabonika Lake First Nation* + ■ Kingfisher Lake First Nation ■ Wapekeka First Nation ■ Wawakapewin First Nation ■ Wunnumin Lake First Nation
Independent First Nations Alliance	<ul style="list-style-type: none"> ■ Kitchenuhmaykoosib Inninuwug First Nation
Independent First Nations (Nishnawbe Aski Nation)	<ul style="list-style-type: none"> ■ Mishkeegogamang First Nation ■ Weenusk First Nation +
Nokiiwin Tribal Council	<ul style="list-style-type: none"> ■ Animiigoo Zaagi'igan Anishinaabek First Nation (AZA)
Métis Nation of Ontario (MNO)	<ul style="list-style-type: none"> ■ Métis Nation of Ontario (MNO), Region 2
Independent Métis Nation	<ul style="list-style-type: none"> ■ Red Sky Métis Independent Nation (RSMIN)

Notes: + Indicates Indigenous communities or organizations who are participating in the Indigenous Knowledge Program.

* Indicates Indigenous communities or organization that have been invited to participate in the Community Coordinator Program.

As of May 31, 2023, the Project has received communication from 18 of these communities and MNO. Those communities MFFN has met with during Effects Assessment Methods milestone are indicated with an asterisk (*) below:

- Marten Falls First Nation*;
- Aroland First Nation;
- Attawapiskat First Nation;
- Constance Lake First Nation*;
- Eabametoong First Nation (Fort Hope)*;
- Fort Albany First Nation;
- Ginoogaming First Nation*;
- Kasabonika Lake First Nation;
- Kashechewan First Nation;
- Kingfisher Lake First Nation;
- Long Lake #58 First Nation*;
- Metis Nation of Ontario*;
- Neskantaga First Nation;
- Nibinamik First Nation;
- Webequie First Nation;
- Weenusk First Nation
- RSMIN;
- AZA; and
- Kitchenuhmaykoosib Inninuwug First Nation.

The remaining five communities have not communicated with MFFN between July 1, 2022 and May 31, 2023. MFFN remains available to meet with these communities in the future and continues outreach on an ongoing basis; providing the same milestone information (e.g., Discussion Guides, monthly E-Blasts, notifications, field notices) offered to all of the 23 Indigenous communities being engaged. These communities include:

- Wunnumin Lake First Nation;
- Wapekeka First Nation;
- Wawakapewin First Nation;
- Mishkeegogamang First Nation; and
- Métis Nation of Ontario, Region 2.

Those Tribal Councils, Nations and Alliances listed in the table above, as well as the Chiefs of Ontario and Union of Ontario Indians, have been identified as potentially interested in the Project, and have been provided with information and MFFN remains available to meet, throughout the EA / IA process.

MFFN is currently consulting and engaging with Indigenous communities identified by the MECP and the Agency and will continue to do so throughout the EA / IA, as per the level of interest expressed by each community. MFFN, as the Proponent, will also continue to work with communities to collect IK to incorporate into the EA / IS regarding traditional land and resource use and cultural practices.

To help achieve an appropriate level of consultation and engagement related to the Project, (i.e., frequency and depth of consultation and engagement), the list of communities being engaged was considered against the following:

- Expressed interest (to-date) in the proposed MFFN Community Access Road, including applying to Ministry of Mines and the Agency for capacity funding, participation in the Indigenous Knowledge program or participation in the Community Coordinator program;
- Aboriginal or Treaty Rights, including any rights that neighbouring Indigenous communities themselves have identified, may be adversely affected by the Project;
- Geographical distance or proximity to the study area;
- Situated downstream of the Project and with a potential to experience effects to water courses as a result of the Project;
- Traditional and / or current land use within the study area or of lands potentially affected by the Project;
- Potential for effects on the environmental, health and social and economic conditions of neighbouring Indigenous communities; and,
- Provided comments on the EA / IA processes.

MFFN has adjusted the approach to engaging each indigenous community based on this criteria, but understands the list may evolve as new information becomes available and more neighbouring Indigenous communities engage in the consultation and engagement opportunities provided.

All 23 identified Indigenous communities have been contacted regularly by the MFFN CAR Project Team with conversations ranging from: field study / valued component (e.g., educational videos and webinars); information and surveys; regular Project email updates, including monthly E-Blasts; in-person outreach (via telephone and email); the IK Program; Community Co-ordinator Program; PIC #4; invitation to the ATRI Forum, and offers to meet (e.g., Chief and Council meetings followed by meetings with the broader community). Comments, issues and questions received from Indigenous communities that can be shared publicly are included in **Section 3**.

In summary, the MFFN CAR Project Team has provided / offered many opportunities to consult and engage the identified Indigenous communities, including (with specific details in the Consultation Snapshot table in **Section 2**):

- Distributed Draft interim Record of Consultation and Engagement (RoCE) and Milestone #1 Progress Report, which include community-specific chapters individually provided to the respective indigenous community via email;
- Completed follow-up phone calls and emails to confirm receipt of notifications and other distributed materials;
- Circulated Project updates, including 10 E-Blasts;
- Sent emails and phone calls to confirm interest in being consulted on the Project (for communities that had not yet expressed interest);
- Held conference calls / in-person meetings with community representatives and / or community meetings with Indigenous communities;
- Distributed field notices and updates regarding specific programs;
- Circulated IK Program update, including updated schedule;
- Completed follow-up via phone calls and emails regarding E-Blast contents, field programs and corresponding Discussion Guides, Community Co-ordinator Program, IK Program and ATRI forum;
- Offered to meet;

- Circulated Community Co-ordinator Program letter offering to hire members of specific Indigenous communities as Project-specific Community Co-ordinators. A description of the role was provided and offer to setup a meeting to discuss further;
- Distributed Notice of PIC #4 Introduction of EA / IS;
- Held PIC #4 in Thunder Bay and Geraldton, along with an in-community MFFN meeting, and online version of the PIC #4;
- Distributed three plain language videos showcasing different valued components and supporting content in Field Study Discussion Guide and Notices;
- Held meetings with MFFN Chief and Council and broader community;
- Hosted a Valued Components Webinar Series; and
- Held the ATRI Forum in person.

Specific Indigenous communities were also offered funding through the Community Co-ordinator Program—these communities have been most engaged and active on the Project or have indicated interest in engaging on the Project and requiring financial support. In addition, MFFN and Aroland First Nation members were also offered employment opportunities as Field Study Support Staff to assist with field programs. Between July 1, 2022, and May 31, 2023, 31 Field Study Support Staff opportunities were filled by ten (10) MFFN community members.

1.6 Summary of Input and Information Received and EA Milestone Development

The following **Table 1-2** describes a high-level summary of input and information received during this reporting time period and how this information has informed the EA milestone development or will inform the EA. While there was some specific feedback received that has directly informed the EA milestone development / EA, the majority of feedback was broad with limited specific details (therefore requiring on-going follow-up and additional details from source commenters) or were more general interests or concerns. The MFFN CAR Project Team will continue to follow-up and seek additional details.

Table 1-2: Summary of Input and Information Received and EA / Milestone Development

Input and Information Provided by Indigenous Communities	How the Development of the EA Milestone or EA has been or may be Informed
<p>Specific Feedback Provided on Environmental Existing Conditions</p> <ul style="list-style-type: none"> ■ Specific feedback was provided on the bird field program, including birds observed and comments on their habitats. ■ Specific feedback was provided on the wolverine field program. ■ Confidential information regarding the Albany River was provided and is considered as IK. ■ Caribou were identified in the District of Kenora (between points I and H of the MFFN CAR route). ■ Request to participate in field studies. ■ Feedback on footprint was provided, specifically on aggregates. 	<ul style="list-style-type: none"> ■ Birds and comments on their habitats were noted for the bird field program. ■ One site of the wolverine hair snag was changed based on feedback provided. ■ The EA has been informed by confidential information regarding the Albany River and details are being kept confidential. ■ The general identification of caribou location(s) has been noted. ■ Members of Aroland First Nation were invited to participate in the Groundwater and Geochemistry field program, including a flyover and planning for subsequent drilling program (outside of this reporting time period); any feedback provided during the flyover will be considered as part of the EA. ■ Footprint comments were recorded to be considered in the route selection.

Input and Information Provided by Indigenous Communities	How the Development of the EA Milestone or EA has been or may be Informed
<p>Concerns Related to Environmental Existing Conditions; Additional Details Required</p> <ul style="list-style-type: none"> ■ It was noted that a spawning area could be relocated if it would be disrupted by the Project ■ Concern was expressed for watersheds ■ Concern was expressed regarding caribou migration and impacts to gathering rights ■ Concern was expressed related to salting on the road and impacts to nearby rivers ■ Alternative 1 of Segment FG was identified as a sensitive and a very precious area. ■ It was noted that the Projet should not impede fish passage. 	<ul style="list-style-type: none"> ■ Relocating spawning areas has not yet been determined due to insufficient details provided. On-going follow-up is taking place to receive additional information to help identify the spawning area. ■ More specific details are required related to concerns for watersheds. As part of the alternative selection, effects to Natural Environment will be taken into consideration. ■ More specific details are required related to concerns for caribou migration and impacts to gathering rights. ■ The concern regarding salting and nearby rivers has been noted and maintenance of the Community Access Road, including usage of salt, will be one of the indicators for the evaluation. ■ Comment on Alternative 1 of Segment FG was noted and will be considered in the route selection. ■ Comment on fish passage will be considered when developing mitigation measures.
<p>Interests Related to Environmental Existing Conditions; Additional Details Required</p> <ul style="list-style-type: none"> ■ Several communities indicated interest in different topics related to existing conditions without providing specific feedback or comments. Some examples include receiving field study results when they become available for caribou 	<ul style="list-style-type: none"> ■ Interest in topics has been noted for each community. The MFFN CAR Project Team continues to distribute Discussion Guides related to field studies, educational videos and is planning upcoming webinars on valued components. Early observations and methods for field studies completed to-date were provided at PIC #3 and will be expanded as more information becomes available. Meetings will continue to be offered based on specific topics of interest to solicit additional feedback and issues.
<p>Route Alignment</p> <ul style="list-style-type: none"> ■ A variety of comments were provided on the route alignment near MFFN, including: river and ice levels can be high near MFFN and there are locations where the bank is eroding and could affect the road; intense rain could damage the road and impact streams due to erosion; safety concerns were raised regarding truck activities (including dust, noise, low visibility and speeding) north of the airport and children who play in the same area; and concerns regarding how the Community Access Road may interfere with MFFN community activities (e.g., gathering firewood, social events) 	<ul style="list-style-type: none"> ■ Concerns related to the route alignment closer to MFFN have been noted and will be considered as part of the EA. As part of the EA, the evaluation will identify the preferred route for the Community Access Road, temporary infrastructure and aggregate sources with the least potential for negative effects, greatest opportunity for mitigating negative effects and greatest benefits to the community. Safety will be considered as part of the technical considerations and issues such as water level and erosion will also be considered as part of technical considerations and examined under Natural Environment.
<p>Cumulative Effects, Road Projects and Regional Assessment</p> <ul style="list-style-type: none"> ■ Some communities expressed concerns regarding cumulative effects / impacts in the Project area, including the scope of the EA, impacts from all three road projects (the Community Access Road, Webequie Supply Road and Northern Road Link), the Regional Assessment and a moratorium on the Ring of Fire activities. 	<ul style="list-style-type: none"> ■ Some of the comments received were directed to government agencies (e.g., NDMNRF, MECP, the Agency) to respond to as they were outside of the scope of the Community Access Road Project. In terms of cumulative effects, if specific details are provided they will be considered as part of the EA; the EA will predict cumulative effects of the preferred alternative with the effects of past, present and reasonably foreseeable projects. Cumulative effects assessment methods will be shared during the Identification of Preferred Alternatives milestone.
<p>Impacts from COVID-19</p> <ul style="list-style-type: none"> ■ Some communities expressed inability to effectively engage with their community members due to the COVID-19 pandemic. 	<ul style="list-style-type: none"> ■ The MFFN CAR Project Team continues to work with each Indigenous community's preference in how they would like to be consulted and engaged, whether virtually or in-person and in light of the COVID-19 pandemic or other crises. Custom consultation plans and protocols were also offered and will be followed up on with communities who expressed interest.
<p>Timeline Extensions</p> <ul style="list-style-type: none"> ■ Some communities requested extended Project timelines, for both the provincial and federal processes. 	<ul style="list-style-type: none"> ■ On November 4, 2022, a request for an IS extension was submitted, and was granted on January 13, 2023. On November 25, 2022, the MFFN CAR Project Team advised

Input and Information Provided by Indigenous Communities	How the Development of the EA Milestone or EA has been or may be Informed
	communities of the IS Extension Request. Communities were advised of the IS timeline extension approval on January 13, 2023 by IAAC.
<p>Request for Funding</p> <ul style="list-style-type: none"> Some communities expressed need for provincial participant funding to participate in consultation and engagement activities. There has also been ongoing coordination to onboard communities to the IK Program and Community Coordinator Program, with funding provided by the MFFN CAR Project Team. 	<ul style="list-style-type: none"> While participant funding is issued by the Province and not the MFFN CAR Project Team, requests were shared with the province to respond to. Additional funding for Indigenous communities include participation in the IK Program and Community Coordinator Program. The MFFN CAR Project Team has followed up with Indigenous communities via phone and email throughout this milestone regarding funding opportunities.

Section 2 provides an overview of consultation and engagement activities during the Effects Assessment Methods Milestone.

A detailed record of the efforts made to consult and engage with each of the 24 Indigenous communities and communication received from the communities from July 1, 2022 to May 31, 2023 is provided in **Section 3**. The following sections summarize key consultation activities and issues received through consultation and engagement activities during this time period. The report for each community also includes discussion of how any input and information provided by the Indigenous communities have informed the development of the EA milestone.

Appendix A of this report includes copies of Project distributions sent to Indigenous communities and others including monthly E-Blasts, Field Notices and Field Study Discussion Guides. **Appendix B** of this report includes copies of distributions to Indigenous communities including, presentations, meeting summaries, if applicable. This overview and appendix materials are provided to Indigenous communities for their review before moving into the next milestone, Identification of Preferred Alternatives.

2. Consultation Snapshot

The table below provides an overview of consultation and engagement activities during the Effects Assessment Methods Milestone. Issues received through consultation and engagement activities during this milestone are included in **Section 3**.

Table 2-1: Consultation Snapshot – From October 29, 2021 to May 31, 2023

Items in black occurred during the NoC of EA Milestone between October 29, 2021 to June 30, 2022. Items in blue occurred during the Effects Assessment Methods Milestone from July 1, 2022 to May 31, 2023.

■ Ongoing planning for MFFN in-community meeting in October	✓		
■ Ongoing planning for PIC #5 in Thunder Bay and Geraldton in October	✓	✓	✓

3. Consultation and Engagement with Indigenous Communities, Provincial and Territorial Organizations and Tribal Councils

3.1 Consultation and Engagement with Indigenous Communities

To summarize overall engagement with each Indigenous community, the following analytics were performed:

The **Level of Engagement Effort and Response** bar graph reflects the efforts taken by the MFFN CAR Project Team to engage Indigenous communities and the level of response received. Communications channels considered include **email correspondence** (outgoing & incoming), **phone correspondence** (outgoing & incoming), and **meetings offered in comparison to meetings scheduled**, by any means of communication.

- **Email Correspondence** reflects all personalized emails sent between the MFFN CAR Project Team and Indigenous communities.
 - **Outgoing Email Correspondence** reflects all personalized emails sent from the MFFN CAR Project Team to a specific Indigenous community; mass communications sent to all communities by the MFFN CAR Project Team are not considered in this calculation.
 - **Incoming Email Correspondence** includes emails received from an Indigenous community directly to MFFN CAR Project Team; emails that only confirm receipt of an outgoing email or emails where the MFFN CAR Project Team are copied but not directly mentioned are not included.
- **Phone Correspondence** reflects all call attempts between the MFFN CAR Project Team and an Indigenous community.
 - **Outgoing Phone Calls** reflect all phone calls made by the MFFN CAR Project Team to an Indigenous community. **Answered Phone Calls** includes those calls that were answered immediately by the intended recipient or were returned at a later time when the contact was available.
 - **Incoming Phone Calls** reflect instances where Indigenous communities contacted MFFN CAR Project Team without a previous outgoing phone call.
- **Meetings Offered vs. Held** reflects the efforts taken by the MFFN CAR Project Team to schedule a meeting in comparison to the number of meetings achieved between the Indigenous community and the MFFN CAR Project Team.

3.1.22 Métis Nation of Ontario (MNO), Region 2 (Greenstone Council)

Community Profile	
Location:	226 South May Street, Thunder Bay, ON P7E 1B4
Tribal Council:	Thunder Bay Métis Nation, MNO Superior North Shore Métis Council
Treaty:	N/A
Project Team Lead:	Jodi Miles

Summary of Participation During Reporting Period	
Date of Last Outgoing Communication from MFFN CAR Project Team or Consultant (Email or Phone)	May 30, 2023 (Email)
Date of Last Incoming Communication from Community (Email or Phone)	March 28, 2023 (Email)
Participating in IK Program:	Status of IK Sharing Agreement: Not offered
	Status of IK Funding Agreement: Not offered
	IK information provided: No
Participating in Community Coordinator Program	Not Offered

Key Consultation and Engagement Activities Undertaken During the Reporting Period

Date	Consultation and Engagement Activity
Jul 14, 2022	The feedback form deadline for PIC #3 was extended and the PIC #3 materials were reshared.
Jul 26, 2022	July 2022 MFFN CAR E-Blast distributed via email.
Jul 26, 2022	July 2022 MFFN CAR E-Blast distributed via email.
Jul 28, 2022	Phone call and email made to request participation in Engagement Questionnaire
Jul 29, 2022	Groundwater and Geochemistry Field Notice distributed via email.
Jul 29, 2022	Groundwater and Geochemistry Field Notice distributed via email.
Aug 18, 2022	An IK Program Update on the Proposed ATRI Study Areas Memo and ATRI Shapefiles were distributed via email.
Aug 19, 2022	August 2022 MFFN CAR E-Blast distributed via email.
Aug 19, 2022	August 2022 MFFN CAR E-Blast distributed via email.
Sep 16, 2022	Field programs update distributed via email.
Sep 20, 2022	Phone call and email to follow up about Engagement Questionnaire
Sep 29, 2022	September 2022 MFFN CAR E-Blast distributed via email.
Nov 02, 2022	October 2022 MFFN CAR E-Blast distributed via email.
Nov 10, 2022	Webinar Series notice distributed via email.
Nov 15, 2022	Follow up phone call and email to discuss Project updates.
Nov 22, 2022	Notice for PIC #4 distributed via email.
Nov 25, 2022	November 2022 MFFN CAR E-Blast distributed via email.
Nov 28 - 29, 2023	Phone call and email outreach about project updates.
Dec 01, 2022	Winter / Spring 2023 Field Notice distributed via email.
Dec 06, 2022	Draft Interim RoCE and Milestone #1 Progress Report distributed via email for review.
Dec 07, 2022	Reminder for PIC #4 distributed via email.
Dec 14, 2022	PIC #4 materials and online feedback form distributed via email.
Dec 20, 2022	December 2022 MFFN CAR E-Blast distributed via email.
Dec 20, 2022	Save the date for the ATRI Forum and Cultural Heritage Workshop distributed via email.
Jan 6, 2023	Phone call follow-up to Interim RoCE and Milestone #1 Progress Report.
Jan 10, 2023	Reminder for the Archaeology and Cultural Heritage Webinar distributed via email.
Jan 13, 2023	Invitation to ATRI Forum was distributed.
Jan 17, 2023	Reminder for the Vegetation and Physiography Webinar distributed via email.
Jan 17, 2023	Reminder for the Vegetation and Physiography Webinar distributed via email.
Jan 27, 2023	Follow-up to furbearer winter tracking field program notice distributed via email.
Jan 30, 2023	January 2023 MFFN CAR E-Blast distributed via email.
Feb 01, 2023	Reminder for the ATRI Forum distributed via email.
Feb 03, 2023	Archaeology Assessment Reports for Stage 1 and Stage 2 distributed via email.
Feb 08 and 09, 2023	Representative from MNO attended ATRI Forum #1.
Feb 15, 2023	Follow-up on ungulate aerial survey notice distributed via email.
Feb 21, 2023	Reminder for the Socio-Economic Studies Part I Webinar distributed via email.

Key Consultation and Engagement Activities Undertaken During the Reporting Period

Date	Consultation and Engagement Activity
Feb 28, 2023	February 2023 MFFN CAR E-Blast distributed via email.
Mar 09, 2023	Field Programs updates distributed via email.
Mar 14, 2023	Reminder for the Groundwater and Geochemistry Webinar distributed via email.
Mar 21, 2023	Reminder for the Birds Webinar distributed via email.
Mar 22, 2023	Sent an email regarding the IK Program timeline. An update letter was attached with more information.
Mar 28, 2023	Email to follow up on the Stage 1 and 2 Archaeology Reports.
Mar 28, 2023	Phone and email to follow up on the Archaeology reports.
Mar 28, 2023	Phone call and email to follow up on the Archaeology reports.
Mar 28, 2023	Reminder for the Reptiles, Amphibians, Insects and Bats Webinar distributed via email.
Apr 04, 2023	March 2023 MFFN CAR E-Blast distributed via email.
Apr 21, 2023	Spring 2023 Field Notice distributed via email.
Apr 28, 2023	April 2023 MFFN CAR E-Blast distributed via email.
May 30 - 31, 2023	Phone call and email to follow up on the IK Program timeline and update letter.

Summary of Feedback Received and Response / Action – Métis Nation of Ontario (MNO), Region 2 (Greenstone Council)

Topic / Issue Raised	Specific Issue / Comment Raised	Communication Channel	Response / Action	Addressed in the EA / IA
Consultation Methods	■ No issues during July 1, 2022 – May 31, 2023 reporting period.	■ N/A	■ N/A	■ Opportunities to provide feedback will continue throughout the EA / IA.

						Camera Check and Caribou Mortality Investigation. It was noted that updates were made to the ATRI study areas and a link to more information was provided. The IK Program is still including communities who would like to participate and listed contacts and a link to more information.
August 19, 2022	Email		x	■ William Gordon (President)	■ MFFN CAR Project Team	■ The MFFN CAR Project Team emailed the August E-Blast to MNO, Greenstone Council. The E-Blast included information and a link to Lakehead University's Indigenous Access Programs. Field study updates for the Bird Autonomous Recording Unit Program and a caribou mortality investigation were provided along with dates for the following upcoming programs: Surface Water and Fish and Fish Habitat, Groundwater and Geochemistry, Fall Aerial Waterfowl Migration, Physiography and Terrains, Ungulates Remote Camera Check and Caribou Mortality Investigation. It was noted that updates were made to the ATRI study areas and a link to more information was provided. The IK Program is still including communities who would like to participate and listed contacts and a link to more information.
September 16, 2022	Email		x	■ Nicholas Richard (Consultation Assessment Advisor)	■ MFFN CAR Project Team	■ The MFFN CAR Project Team emailed a field programs update to MNO, Region 2. The email noted that there may be an increase in helicopters in the area and field crews accessing sites. The following programs will be completed this fall: Aerial Waterfowl Migration Survey (September 27 – 29, 2022), Physiography and Terrain Surveys (September 26 – October 8, 2022), Groundwater and Geochemistry Program (ongoing until November 10, 2022), Ungulates Remote Camera Check (October 21 – 28, 2022) and Caribou Mortality Investigation (if needed). Links were provided to field notices for Groundwater and Geochemistry, Physiography and Terrain, and Aerial Waterfowl Migration. Field programs will continue in 2023, with more updates to follow. Links were provided for Discussion Guides where knowledge can be shared in relation to the field programs.

						and Geraldton. A webinar series on valued components was also included, along with a note about the Project's plans to submit a 3.5 year extension request for the IS to the Agency. It was mentioned that the Agency will be notifying Indigenous communities and the public about the request and will provide an opportunity to review and comment. Field study updates were also mentioned, including the Groundwater and Geochemistry Monitoring Testing and Sampling Program being extended to December 2022 and being the last running field study in 2022. The Furbearer Aerial / Ground Track Surveys will occur between January to February 2023, the Wolverine Hair Snag Surveys will be set up before February 15, 2023 and consist of six day trips every month to re-bait the stations through May 2023, and the Ungulate Aerial Winter Surveys will occur in January or February 2023 for two weeks. Links were provided for the field study notices and discussion guides. A new video was released about Cumulative Effects and the link was included. There was also an offer to meet to discuss any questions or comments.

Fri, Jul 29, 2022 at 9:31 AM

Good morning Nicholas,

Thank you for taking the time to talk with me yesterday, it was great to have the chance to connect with you over the phone.

To summarize our conversation, I asked how MNO Region 2 likes to share and communicate information, and you shared that you mostly provide email updates from the Regional Consultation Committee and also hold virtual and in-person meetings. You shared that most community meetings have been virtual lately, but that you recently had an in-person meeting with 10-25 people in attendance. When asked about how the MFFN Community Access Road Project Team should communicate with MNO Region 2 if they are unable to attend face-to-face meetings, you said that virtual meetings, such as Zoom meetings, work best. Finally, I shared some potential webinar topics with you and asked whether MNO Region 2 would be interested in participating with webinars corresponding with each topic. You shared that MNO Region 2 would be interested in all of the topics, which included:

- Aboriginal and Treaty Rights and Interests
- Surface Water (e.g., rivers, lakes)
- Groundwater (e.g., wells, aquifers)
- Fish and Fish Habitat
- Wildlife (e.g., moose, caribou, birds) and their habitats
- Air and Climate Change (e.g., greenhouse gases)
- Noise (e.g., vibrations and noise from construction)
- Human Health and Community Safety
- Socio Community
- Economics
- Land & Resource Use
- Archaeology and Cultural Heritage
- Visual Aesthetics
- Peatlands / Wetlands / Vegetation
- Earth Sciences (e.g., rocks and soils)

I also told you I would share an online questionnaire that we are using to understand the topics of most interest to MNO Region 2, gather input on the best ways to keep your community informed, and gather your insights, feedback and perspectives throughout the Environmental Assessment and Impact Statement planning processes for the Community Access Road. [The link to the questionnaire can be found here.](#)

We are asking that the questionnaire be filled out by **August 12, 2022**. If you would like help filling out the survey I would be happy to assist over the phone.

Thank you again for taking the time to answer my questions yesterday, it is greatly appreciated. Please let me know if you have any questions or concerns.

Jodi Miles,
 On behalf of the Marten Falls Community Access Road Project Team

Fri, Jul 29, 2022 at 10:40 AM

Good morning William,

I hope all is well with you and your community.

I am emailing to inform you about a questionnaire our team put together to help us understand the topics of most interest to MNO Greenstone Council, gather input on the best ways to keep your community informed, and gather your insights, feedback and perspectives throughout the Environmental Assessment and Impact Statement planning processes for the Community Access Road.

We were wondering if you would be able to fill out this short survey, which [can be found here](#) and must be completed by **August 12, 2022**. If you would like assistance with filling out the survey, I am also happy to help over the phone. Your responses would be greatly appreciated!

Thank you,

Jodi Miles,
On behalf of the Marten Falls Community Access Road project team

MFFN CAR Engagement Questionnaire and Field Program Follow Up

Miles, Jodi [REDACTED]
To: William Gordon [REDACTED]

Tue, Sep 20, 2022 at 4:49 PM

Good afternoon President Gordon,

I'm emailing you today to touch base about our Engagement Questionnaire and upcoming fall field programs.

I wanted to check in to see if you have had the chance to fill out our Engagement Questionnaire, which we circulated in July. Though the deadline for this questionnaire has passed, you are welcome to still fill it out if you have not yet had the chance.

Our Project Team also sent out information about current and upcoming fall field programs in an email on September 19, 2022. I wanted to check in to see if you have had the chance to review this information, and if you had any questions or concerns.

Let me know if you have any questions about the Engagement Questionnaire, the upcoming field programs, or any other aspects of the MFFN CAR Project.

Thank you,

Jodi Miles

MFFN CAR Project Updates

Miles, Jodi [redacted] Tue, Nov 15, 2022 at 4:15 PM
 To: Nicholas Richard [redacted]
 Cc: [redacted]
 Bcc: info@martenfallsaccessroad.ca, Qasim Saddique [redacted] Jennifer Bruin [redacted]

Good Afternoon Nicholas,

I am following up on the voicemail I left for you today to share some updates about the MFFN Community Access Road project.

At this time, I would like to highlight some important information and updates:

Public Information Centre # 4

Public Information Centre (PIC) #4 will be held in Geraldton and Thunder Bay in early December. Dates and more formal notice will be shared soon. Please join us for updates and information on our upcoming Effects Assessment Methods Milestone, including Field studies from the past year and the draft methods on how the route alternatives will be assessed and recommended.

Valued Components Webinars/Videos

The MFFN CAR Project will be starting a webinar series on what we are studying (“valued components”). The first webinar is on November 15 at 4 p.m. EST and the topic will be Animals and Wildlife including moose, caribou and animals with fur. Please visit <https://www.martenfallsaccessroad.ca/get-involved/> to pre-register and find the access link. Recordings will also be available.

Impact Statement Extension

In the October 2022 E-Blast, we shared that the MFFN CAR Project is subject to a federal Impact Assessment, which requires an Impact Statement within 3 years of the Notice of Commencement of the Impact Assessment. The MFFN CAR Project is requesting a 3.5-year extension, which would shift the dates from February 24, 2023 to July 24, 2026. The Impact Assessment Agency of Canada will be notifying Indigenous communities and the public about this extension request and will provide an opportunity to review the request and provide comments.

Aboriginal and Treaty Rights and Interests

There will be an upcoming workshop on Aboriginal and Treaty Rights and Interests in early 2023. Stay tuned for more details.

Sincerely,
Jodi Miles
On behalf of the MFFN CAR Project Team

MFFN CAR - Public Information Centre #4 and Webinar Series

Miles, Jodi [REDACTED]
To: William Gordon [REDACTED]
Bcc: info@martenfallsaccessroad.ca

Mon, Nov 28, 2022 at 4:07 PM

Good Afternoon President Gordon,

I hope all is well. I gave you a call today but was unable to reach you, so I am sending this follow up email.

We have a few updates about the Marten Falls First Nation Community Access Road Project (MFFN CAR):

Public Information Centre #4

The MFFN CAR Project Team is hosting its fourth Public Information Centre (PIC) on December 7th in Thunder Bay and December 8th in Geraldton. A Notice for the PIC is available at the link below, in English, Ojibway, Oji-Cree, Cree and French versions. Please feel welcome to share this notice with others you think may be interested.

<https://www.martenfallsaccessroad.ca/get-involved/#pic4>

Wednesday, December 7, 2022
Best Western Plus Nor'Wester Hotel & Conference Centre
2nd Floor (Room: Pointe Du Meuron)
2080 Hwy 61
Thunder Bay, Ontario
5:00* – 8:00 p.m.

Thursday, December 8, 2022
Geraldton Community Centre
200 Wardrope Avenue
Geraldton, Ontario
4:00* – 7:00 p.m.

Valued Components Webinars/Videos

The MFFN CAR Project has started a web series on what we are studying ("valued components"). The next webinar is on Tuesday November 29 at 4 p.m. on Surface Water, Fish and Fish Habitat. Please visit the link below to pre-register and find the access link to the webinar. If you missed the first webinar on Animals and Wildlife (including moose, caribou and animals with fur) the recording is available here: <https://vimeo.com/showcase/mffn-webinars>. <http://www.martenfallsaccessroad.ca/get-involved/>

Should you have any questions or concerns, or would like to discuss anything related to the MFFN CAR Project, please reach out to the contact information below.

Sincerely,
Jodi Miles

ABORIGINAL AND/OR TREATY RIGHTS AND INTERESTS

WEBEQUIE SUPPLY ROAD (WSR) • MARTEN FALLS FIRST NATION COMMUNITY ACCESS ROAD (MFFN CAR) • NORTHERN ROAD LINK (NRL)

YOU ARE INVITED!

2-DAY ABORIGINAL AND/OR TREATY RIGHTS AND INTERESTS FORUM

HOSTED BY THE PROVINCE OF ONTARIO

Thunder Bay

Victoria Inn Hotel and Convention Centre
555 Arthur Street West

February, 8 & 9
2023

Webequie First Nation and Marten Falls First Nation encourage you to participate in a 2-day forum focused on discussing potential impacts to northern Indigenous communities' Aboriginal and/or Treaty Rights and Interests as they relate to the following Projects:

Webequie Supply Road (WSR) • Northern Road Link (NRL)
Marten Falls First Nation Community Access Road (MFFN CAR)

Participant Funding

The Province of Ontario will fund up to 3 representatives from your community to attend, including travel, accommodation and meals. All questions about funding or the coordination of funding should be directed to the Province of Ontario at ea.participant.fund@ontario.ca.

Additional community representatives are welcome to attend.

Purpose

The Purpose of this Forum is to create a respectful, culturally-sensitive, and collaborative space to develop an understanding of Aboriginal and/or Treaty Rights and Interests in any of the Project areas (WSR, MFFN CAR, and NRL) as your Aboriginal and/or Treaty Rights and Interests and Interests may be impacted by these Projects. *Please note the purpose of this event is to discuss Aboriginal and/or Treaty Rights and Interests and not to collect Indigenous Knowledge.*

Who Should Attend from your Community

Representatives who are knowledgeable about and comfortable speaking to the Rights and Interests of your community in any of the Project areas are encouraged to attend.

RSVP to ea.participant.fund@ontario.ca by January 27th
(note that you can still attend without an RSVP)

Good Afternoon,

Happy New Year!

On behalf of the Marten Falls First Nation Community Access Road Project, please find attached an invitation for an upcoming Aboriginal and/or Treaty Rights and Interests Forum that is being held in Thunder Bay on February 8 & 9, 2023. Information on participant funding and how to RSVP is included in the invitation. Additional contact information is also included in the invitation.

We look forward to seeing you there.

ABORIGINAL AND/OR TREATY RIGHTS AND INTERESTS

WEBEQUIE SUPPLY ROAD (WSR) • MARTEN FALLS FIRST NATION COMMUNITY ACCESS ROAD (MFFN CAR) • NORTHERN ROAD LINK (NRL)

YOU ARE INVITED!

2-DAY ABORIGINAL AND/OR TREATY RIGHTS AND INTERESTS FORUM

HOSTED BY THE PROVINCE OF ONTARIO

Thunder Bay

Victoria Inn Hotel and Convention Centre
555 Arthur Street West

February, 8 & 9
2023

Webequie First Nation and Marten Falls First Nation encourage you to participate in a 2-day forum focused on discussing potential impacts to northern Indigenous communities' Aboriginal and/or Treaty Rights and Interests as they relate to the following Projects:

Webequie Supply Road (WSR) • Northern Road Link (NRL)
Marten Falls First Nation Community Access Road (MFFN CAR)

Participant Funding

The Province of Ontario will fund up to 3 representatives from your community to attend, including travel, accommodation and meals. All questions about funding or the coordination of funding should be directed to the Province of Ontario at ea.participant.fund@ontario.ca.

Additional community representatives are welcome to attend.

Purpose

The Purpose of this Forum is to create a respectful, culturally-sensitive, and collaborative space to develop an understanding of Aboriginal and/or Treaty Rights and Interests in any of the Project areas (WSR, MFFN CAR, and NRL) as your Aboriginal and/or Treaty Rights and Interests and Interests may be impacted by these Projects. *Please note the purpose of this event is to discuss Aboriginal and/or Treaty Rights and Interests and not to collect Indigenous Knowledge.*

Who Should Attend from your Community

Representatives who are knowledgeable about and comfortable speaking to the Rights and Interests of your community in any of the Project areas are encouraged to attend.

RSVP to ea.participant.fund@ontario.ca by January 27th
(note that you can still attend without an RSVP)

MARTEN FALLS FIRST NATION
COMMUNITY ACCESS ROAD

Ontario

ABORIGINAL AND/OR TREATY RIGHTS AND INTERESTS

WEBEQUIE SUPPLY ROAD (WSR) • MARTEN FALLS FIRST NATION COMMUNITY ACCESS ROAD (MFFN CAR) • NORTHERN ROAD LINK (NRL)

Good morning William and Nicholas,

I hope you are both well. I am emailing you to inquire about a potential update to our key contact list for MNO Greenstone Council. Our team received Fran Koning's contact information at our December PIC meeting, and we are unsure whether or not they should be considered a key contact. If you could let us know whether you would like Fran to be added to our master contact list, that would be great!

Thank you,

Jodi Miles,

MFFN CAR Archaeology Reports Follow-up

Miles, Jodi [redacted]
To: Nicholas Richard [redacted]
Bcc: MFFN Community Access Road Project Team [redacted]

Tue, Mar 28, 2023 at 4:36 PM

Hi Nick,

I hope this email finds you well and that you are enjoying the first few days of spring! I am sending this email to follow up on the voicemail I left earlier today.

In my voicemail, I mentioned the two Archaeology Reports, which were distributed to MNO Region 2 on February 3, 2023. These reports include:

- The Stage 1 Archaeological Assessment report, which documents the archaeological and land use history, to determine whether there is potential for archaeological sites in the proposed area of impact. The report also looks at the potential effects of the Community Access Road on cultural heritage.
- The Stage 2 Archaeological Assessment report, which takes a closer look at areas identified as retaining archaeological potential in the Stage 1 report.

Both reports are available for download here: [redacted]

We were wondering if MNO Region 2 is planning to provide comments or feedback about these reports? If so, a 60-day review period was provided, which makes the deadline for comment March 31, 2023. However, if MNO Region 2 needs more time to review the documents, just let us know how much longer you need!

Thank you,

Jodi Miles, on behalf of the MFFN CAR Project Team

Good afternoon William,

I hope this email finds you well and that you are enjoying the first few days of spring! I am emailing you to follow up about the two Archaeology Reports, which were distributed to MNO Greenstone Council on February 3, 2023. These reports include:

- The Stage 1 Archaeological Assessment report, which documents the archaeological and land use history, to determine whether there is potential for archaeological sites in the proposed area of impact. The report also looks at the potential effects of the Community Access Road on cultural heritage.
- The Stage 2 Archaeological Assessment report, which takes a closer look at areas identified as retaining archaeological potential in the Stage 1 report.

Both reports are available for download here: [redacted]

We were wondering if MNO Greenstone Council is planning to provide comments or feedback about these reports? If so, a 60-day review period was provided, which makes the deadline for comment March 31, 2023. However, if you need more time to review the documents, just let us know how much longer you need!

Also, I'm sure I've asked before, but is there a phone number you would like to provide us in order to receive these updates by phone? We have a phone number for you on file, but it says it is not in service when we try to call it. Let us know!

Thank you,

Jodi Miles, on behalf of the MFFN CAR Project Team

MFFN CAR Key Contact Inquiry

Miles, Jodi [redacted]
To: Nicholas Richard [redacted]

Tue, Mar 28, 2023 at 3:36 PM

Hi Nick,

Thank you for confirming this! It looks like Erin is already on our key contact list and should be receiving communications from one of our other consultants, Lauren. I will confirm that Lauren has been including Erin in communications and if not, she will include her in all communications from now on.

Thanks again,

Jodi

MFFN CAR: Upcoming Indigenous Knowledge Milestone

Miles, Jodi [redacted]
To: Nicholas Richard <[redacted]>
Cc: [redacted] Kyla Zielbauer [redacted]
Bcc: MFFN Community Access Road Project Team [redacted]

Wed, May 31, 2023 at 10:14 AM

Good morning Nick,

I hope all is well with you. I wanted to send an email to follow up on the voicemail I left for you yesterday regarding the upcoming milestone for our IK Program.

We are aiming to create an existing conditions report that meaningfully includes Indigenous Knowledge, and can be considered in the selection of the preferred route for the Community Access Road this fall. In order to ensure the inclusion of this information, communities are encouraged to share Indigenous Knowledge and information on Indigenous Land and Resource Use with the MFFN CAR Project Team by **June 30, 2023**. Please let me know if we can expect to hear from MNO, Region 2 before this milestone, or if you have any questions or concerns.

If there is anything else you would like to discuss, please do not hesitate to reach out!

Thanks,

Jodi Miles

Hello Jodi,

Fran does not need to be added to the master contact list as a key contact. Please continue using the contacts that have been used thus far and I would like to request that Erin Reimer is added to the contact list as she has taken on a larger role for the MFFN CAR here at the MNO.

She can be reached at [REDACTED]

Thank you!

Nick
