INSPECTION SUMMARY

Project Name: Cedar LNG Project

Proponent Name: Cedar LNG Partners LP

Inspection Date: March 27, 2025

Project Description:

Cedar LNG Partners LP is proposing to construct and operate a floating liquefied natural gas (LNG) processing facility and marine export terminal near Kitimat, British Columbia. The proposed project would process and liquefy natural gas to produce approximately 3 million tonnes of LNG per year and include storage capacity for up to 250,000 cubic metres of LNG. The proposed project would have a lifespan of at least 25 years.
