

November 20, 2019 - Indigenous Services Canada has determined that the proposed Cowessess 10 MW Solar Project is not likely to cause significant adverse environmental effects.

The determination was based on a consideration of the following factors:

- Impacts on rights of Indigenous peoples;
- Indigenous knowledge;
- Community knowledge;
- Comments received from the public; and,
- Mitigation measures.

Indigenous Services Canada is satisfied that the carrying out of the project is not likely to cause significant adverse environmental effects.
