Dear Allisson Lefebvre,

**RE: Tent Mountain Mine Redevelopment Project: Detailed Project Description Timeline  
Suspension Request**

On December 29, 2021, the Impact Assessment Agency of Canada (the Agency) issued the Summary of Issues (SOI) for Montem Resources Alberta Operations Ltd.'s (Montem) Tent Mountain Mine Redevelopment Project. In the cover letter, the Agency notes that pursuant to subsection 15(1) of the Impact Assessment Act, Montem must provide the Agency with a Detailed Project Description (DPD) that sets out how it intends to address the issues outlined in the SOI and include the information described in the Information and Management of Time Limits Regulations. The Agency requested the DPD be provided by January 29, 2022.

Montem will need time beyond January 29, 2022 to prepare the DPD. We are requesting the Agency suspend the time limit until the required information is provided.

Regards,
