

Enclosure 1: Summary of Information on Potential for Impacts on Animbiigoo Zaagi'igan Anishinaabek First Nation from the Northern Road Link Project

This **draft** document was prepared by the Impact Assessment Agency of Canada (the Agency) to set out the Agency's preliminary understanding of the **potential** for impacts on Animbiigoo Zaagi'igan Anishinaabek, due to the Northern Road Link Project (the Project). The Agency is seeking to learn about direct impacts the Project could have on the exercise of Animbiigoo Zaagi'igan Anishinaabek's Aboriginal and Treaty rights. There are prompting questions in this document, which the Agency hopes could guide your input to the Agency. The Tailored Impact Statement Guidelines for the Project will identify the valued components that the Proponent will be required to study during the preparation of its Impact Statement.

As additional information about impacts of the Project that are specific to Animbiigoo Zaagi'igan Anishinaabek are shared with the Agency throughout the impact assessment process, this document will be updated, and will inform the Proponent's studies and the impact assessment.

The Proposed Project

Marten Falls First Nation and Webequie First Nation (the Proponent) is proposing the construction and operation, including maintenance, of an all-season multi-use public highway approximately 117 km to 164 km in length. The highway would connect the proposed Webequie Supply Road to the proposed Marten Falls Community Access Road. The highway would become part of a future all-season road network connecting mineral development activities in the Ring of Fire area to the provincial highway network system at or near Nakina, Ontario.

- b) Summary of the information available to the Agency on the potential for impacts to the exercise of Animbiigoo Zaagi'igan Anishinaabek's rights, resulting from any change to the environment due to the Project:

Potential impacts to physical and cultural heritage

Seeking to Learn More

If there are any cultural sites of importance that could be impacted, the Agency requests that you kindly share as much detail about these sites, including their approximate locations, to assist the Agency with understanding the potential for impacts on Animbiigoo Zaagi'igan Anishinaabek. These sites can be identified using buffers to protect Indigenous Knowledge.

If there are specific cultural practices near the Project that would be impacted, the Agency is interested to learn more. For example, if there are areas near the Project that are used to pass on teachings to youth or are used for ceremonies, the Agency would be able to understand more clearly the potential impacts to your community.

Potential impacts to the current use of lands and resources for traditional purposes

- Potential impacts on the ability of Animbiigoo Zaagi'igan Anishinaabek members to exercise their rights, and practice traditional activities.
 - For example, Animbiigoo Zaagi'igan Anishinaabek has identified concerns that traditionally used areas will be accessible by the public all year-round, which could impact the community members' ability to practice and exercise rights.

Seeking to Learn More

If there are specific fishing, trapping or hunting sites used by Animbiigoo Zaagi'igan Anishinaabek that potentially could be impacted by the Project (including by increased access), the Agency would like more information about the locations of these sites. For example, if there are trap line areas near or where the Project is proposed to be located, the Agency should be informed for assessing the impacts to the exercise of rights by Animbiigoo Zaagi'igan Anishinaabek.

The Agency would like to know of any wildlife species important to Animbiigoo Zaagi'igan Anishinaabek.

Potential impacts to any structure, site, or thing that is of historical, archeological, paleontological, or architectural significance

- Potential loss of cultural sites.

Seeking to Learn More

The Agency kindly requests that Animbiigoo Zaagi'igan Anishinaabek shares any areas on a map that contain important historical structures or symbols, or potential archeological sites, of which the Proponent should be made aware to minimize potential impacts. These areas can be identified using buffers to protect Indigenous Knowledge. For example, potential impacts to sites of cultural importance or that may contain historical artifacts, within the Project footprint.

- c) Summary of the information available to the Agency on any potential changes to the health, social, or economic conditions of Animbiigoo Zaagi'igan Anishinaabek due to the Project:

Potential changes to health, social or economic conditions

Seeking to Learn More

If Animbiigoo Zaagi'igan Anishinaabek is aware of potential changes to health, social, or economic conditions of your community, the Agency would be interested to learn more about these concerns.

FOR ACTION: The Agency is seeking by **July 21, 2023**, your validation of the information set out above and any additional information about impacts the Project may have on Animbiigoo Zaagi'igan Anishinaabek. Additional detail about the nature and extent of potential impacts to Animbiigoo Zaagi'igan Anishinaabek or the exercise of rights by Animbiigoo Zaagi'igan Anishinaabek may refine our understanding of the potential impacts of the Project, and allow the Agency to adjust its consultation approach, where necessary. Please provide your comments to the Agency by either using the **Submit a comment** button on the Canadian Impact Assessment Registry Internet site¹ or sending an email to *NorthernRoad-RouteDuNord@iaac-aeic.gc.ca*.

In addition, the Agency would like to meet with your community to discuss the information set out above to understand better, how your community may be impacted by the Project.

The Agency encourages Animbiigoo Zaagi'igan Anishinaabek to share information with the Proponent to inform the development of the Proponent's Impact Statement.
