Subject: **Black Bear Power Plant Initial Project Description**
Agency Reference No. 88747
Request for Temporary Time Limit Suspension

Dear Minister,

Kiwetinohk Energy Corp. (KEC) received the Summary of Issues document from the Impact Assessment Agency of Canada (the Agency) on August 23, 2024. The Agency indicated the response to the Summary of Issues is to be provided by September 12, 2024.

Upon review of the Summary of Issues, KEC has determined that more time is needed to adequately address the issues. KEC is requesting a suspension of the time limit and are proposing a new targeted response date of October 10, 2024.

Thank you for your consideration and KEC looks forward to hearing from you.

Sincerely,
Kiwetinohk Energy Corp.
